Press Release

New contracts signed in 4Q 2021 for an overall amount in excess of € 200 million

Rome, 11 January 2022 – Salcef Group S.p.A. informs that during 4Q 2021 it has been awarded contracts for an overall amount of 202 million euros for construction, maintenance, renewal and electrification activities on railway and metro lines and for the supply of railway machines.

In particular, on 22 December 2021 the contract between the Temporary Business Grouping (RTI) - led by the subsidiary Salcef S.p.A. - and IRICAV DUE consortium for the civil works and track works on the first functional lot, which concerns the Verona-Bivio di Vicenza section of the high-speed-high-capacity Verona-Padua railway line, was signed. The project, worth an overall amount of 194.8 million euros and funded with the financial resources made available by the National Recovery and Resilience Plan, will be executed between March 2022 and March 2026. Group's share of the contract is 147.8 million euros.

Moreover, Salcef S.p.A has been awarded a tender from Atac S.p.A. Azienda per la mobilità, Rome's municipal utility for public transport services, for track renewal on the Anagnina-Ottaviano section of the metro line A. The project, whose value is approximately 26.9 million euros, includes executive design activities.

These contracts, together with the other smaller ones, will be included in the Backlog at 31 December 2021.

Valeriano Salciccia, Chief Executive Officer of Salcef Group, commented:

"The commercial performance of the last quarter of 2021 confirms the interest in the integrated solutions offered by Salcef Group. Moreover, the two main contracts mentioned strengthen the Group's positioning in the High Speed segment - with projects already completed on the Bologna - Florence, Turin - Milan and Padua - Mestre for more than 340 km of new lines, as well as the ongoing activities on the Naples - Bari - and in the urban transportation segment - in which important domestic and international projects on the metro lines in Rome, Cagliari and Riyadh have been completed.

This press release is available on the Salcef Group website <https://www.salcef.com> in the *Investor Relations/Price Sensitive Press Releases* section.

The Salcef Group has been operating for over 70 years in the development and innovation of sustainable mobility infrastructures. It is a global player in the maintenance, renewal, construction and electrification of railway and urban transport infrastructure, as well as in the construction and sale of railway machines and the production of reinforced concrete structures. Maintenance and renewal of railway and urban infrastructure form the core business and account for 71% of volumes. Established in 1949, Salcef has been controlled by the Salciccia family since 1975 and it is currently led by brothers Gilberto and Valeriano Salciccia, in the roles of Chairman and Chief Executive Officer respectively. The Group has 6 Operative Business Units and is present on 4 continents. It employs more than 1,400 highly specialized resources and in 2020 recorded revenues for 340 million euro. The Salcef Group is based in Italy and since October 2021 is listed on the STAR segment of the Euronext Milan market of the Italian Stock Exchange (Borsa Italiana: SCF; Reuters: SCFG.MI; Bloomberg: SCF:IM).
