Foreword

This remuneration policy and compensation report (the "Report") has been prepared in accordance with the provisions of Article 123-ter of Legislative Decree No 58/1998 as subsequently amended (the "Consolidated Law on Finance"), Article 84-quater and Annex 3A, Schedule 7-bis of CONSOB Regulation No 11971/1999, as subsequently amended (the "Issuers' Regulations"). In compliance with the regulations and in line with the values of transparency and responsibility which have always been pursued by Servizi Italia Group, the Company intends to ensure appropriate information on the strategies and processes adopted for the definition and implementation of the Remuneration Policy.

The Report was prepared by the Human Resources Director of Servizi Italia S.p.A., and - after examination by the Governance Committee - was approved by the Board of Directors at its meeting on 14 March 2022. The Report consists of two sections:

- Section I, which describes the remuneration policy for members of the Board of Directors, executives with strategic responsibilities and members of the Board of Statutory Auditors for the financial years 2021-2023 approved by the Shareholders' Meeting on 20 April 2021 (the "Policy" or the "Remuneration Policy"), as well as the procedures used for its adoption and implementation.

Specifically, the Policy:

- i) sets out how it contributes to the corporate strategy, the pursuit of the Company's long-term interests and sustainability, and is determined taking into account the remuneration and working conditions of the Company's employees;
- ii) defines the various remuneration components that may be recognized and establishes the criteria for the recognition of variable remuneration based on financial and non-financial performance objectives, linked to the corporate strategy for the improvement of economic value performance and the management of sustainability issues contained in the Consolidated Non-Financial Statement pursuant to Legislative Decree No 254/2016;
- iii) specifies the elements of the Remuneration Policy from which an exception may be made under exceptional circumstances, and the procedural conditions under which, without prejudice to the provisions on related party transactions, the exception may be applied.

In compliance with the provisions of art. 123-ter, paragraph 3-bis of the Consolidated Law on Finance, the duration of the Remuneration Policy is equal to three financial years, 2021-2023, in line with the term in office of the Board of Directors appointed by the Shareholders' Meeting of 20 April 2021, which approved the Policy in a binding and favourable manner.

The Policy takes effect from the aforementioned date of approval by the Shareholders' Meeting and will in any case be valid and effective until the Shareholders' Meeting approves changes to it and/or a new remuneration policy submitted by the Board of Directors.

The Remuneration and Compensation Policy will remain available on the Company's website for 10 years after its publication and, after this period, the personal data contained in Section II of the report will no longer be accessible.

The 2021-2023 Remuneration Policy is published, illustrating in this Section I the updated information on the Company's *governance* following the renewal of the Board of Directors approved by the Shareholders' Meeting on 20 April 2021. It is recalled that, as specified in the ministerial report accompanying Legislative Decree no. 49/2019 (amending art.123-ter of the Consolidated Law on Finance) and reaffirmed by the Supervisory Authority, the changes to the remuneration policy to be submitted to a new vote by the Shareholders' Meeting are different from formal or merely editorial ones and must concern aspects of the content of the policy itself, a representation of which was provided in the previously approved policy or the introduction of new elements that make the previously approved policy no longer representative of the remuneration policy actually in place. It should be noted that, since no changes have been made to the substantial contents of the Remuneration Policy approved by the Shareholders' Meeting on 20 April 2021,

the Policy illustrated in Section I is not submitted for approval by the Shareholders' Meeting called for 20 April 2022 (first call) and 21 April 2022 (second call).

- Section II illustrates the remuneration paid during the 2021 financial year, for any reason and in any form, by the Company and the Group companies, to the Directors, Executives with Strategic Responsibilities and members of the Board of Statutory Auditors, providing a representation of each of the items that make up their remuneration. Pursuant to Article 84-quater, paragraph 4, of the Issuers' Regulation, Section II also provides, in specific tables, data on the shareholdings held - in the Company and in its subsidiaries - by Directors, Statutory Auditors and Executives with Strategic Responsibilities, as well as by spouses who are not legally separated and minor children, directly or through subsidiaries, trust companies or third parties, as resulting from the shareholders' register, from communications received and from other information acquired from the Directors, Statutory Auditors and Executives with Strategic Responsibilities.

Pursuant to art. 123-ter, paragraph 6, of the Consolidated Law on Finance, the Shareholders' Meeting will be called to resolve, for or against, the second section of the Report envisaged by art. 123-ter, paragraph 4, of the Consolidated Law on Finance; this resolution will not be binding pursuant to art. 123-ter, paragraph 6, of the Consolidated Law on Finance.

It should be noted that the approval by the Shareholders' Meeting of the Remuneration Policy as illustrated in Section I of this document and its consistent application by the administrative body are grounds for exclusion from the application of the Regulation for Transactions with Related Parties adopted by the Company, pursuant to Article 7 thereof and in compliance with the provisions of art. 13 of Consob Regulation no. 17221/10 as subsequently amended and integrated, at the conditions therein indicated. The provisions of the TRP Rules adopted by the Company will be fully applied in any case of derogation from the remuneration Policy, subject to the conditions laid down in paragraph 7 of Section I below.

1.1 Process for defining and approving the Remuneration Policy

The Remuneration Policy, understood as the set of principles and tools aimed at defining the compensation package for Directors, Executives with strategic responsibilities and - without prejudice to the provisions of Article 2402 of the Civil Code - Auditors, involves the bodies listed below:

1) Shareholders' Meeting

With regard to remuneration, the Shareholders' Meeting:

- pursuant to articles 2364, paragraph 1, no. 3, and 2389, paragraph 3, of the Italian Civil Code and section 17.10 of the Articles of Association, determines the remuneration of the Board of Directors as a whole;
- pursuant to article 2364, paragraph 1, no. 3 of the Italian Civil Code, determines the annual remuneration due to the Statutory Auditors for the entire period of their office;
- approves the Remuneration Policy defined by the Board of Directors (on the proposal of the pertinent committee), as illustrated in the first section of the Report on Remuneration Policy and Compensation Paid; the resolution is binding pursuant to Article 123-ter, par. 3-ter of the Consolidated Law on Finance;
- expresses a non-binding vote on the second section of the Remuneration Policy and Compensation Report pursuant to Article 123-ter, par. 6, of the Consolidated Law on Finance;
- resolves on any remuneration plans based on shares or other financial instruments intended for directors, employees and collaborators, including executives with strategic responsibilities, pursuant to Article 114-bis of the Consolidated Law on Finance.

2) Board of Directors

As regards remuneration, the Board:

- sets up an internal committee with responsibility in the area of remuneration, of which at least one member must have adequate knowledge and experience in financial matters or remuneration policies, to be assessed by the Board at the time of appointment;
- resolves on the allocation of the remuneration determined by the Shareholders' Meeting for the Board of Directors and determines the remuneration of the Directors holding special offices (including the members of the Committees established within the Board and of the Vice-Chairmen), on the proposal of the committee with responsibility on remuneration, subject to the opinion of the Board of Statutory Auditors, pursuant to Art. 2389, par. 3 of the Italian Civil Code, Section 17.11 of the Articles of Association and in compliance with the principles established by the regulations in force on a case-by-case basis; the proposal regarding the remuneration of Directors who are also members of the Governance Committee is formulated by an independent Director (or, failing this, by a non-executive Director) who is not part of any Board committees;
- defines, on the proposal of the committee with responsibility on remuneration, the Policy on the remuneration of Directors, Executive with strategic responsibilities and - without prejudice to the provisions of Article 2402 of the Italian Civil Code - Statutory Auditors, in compliance with the legislation applicable from time to time, submits it to the Shareholders' Meeting for approval pursuant to Article 123-ter of the Consolidated Law on Finance and oversees its implementation;
- with the support of the Governance Committee operating as the Remuneration Committee, approves the Remuneration Policy and Compensation Report pursuant to Art. 123-ter of the Consolidated Law on Finance and Art. 84-*quater* of the Issuers' Regulations, drawn up by the Human Resources Director, and submits it to the Shareholders' Meeting;
- prepares any remuneration plans based on shares or other financial instruments for directors, employees and collaborators, including executives with strategic responsibilities, submits them to the

Shareholders' Meeting for approval pursuant to Art. 114-bis of the Consolidated Law on Finance and oversees their implementation.

3) Governance and Related Parties Committee

In accordance with Recommendation 25 of the Corporate Governance Code, regarding matters related to remuneration the Committee:

- assists the Board of Directors in drawing up the policy for the remuneration of Directors, Auditors (without prejudice to the provisions of Article 2402 of the Civil Code) and Executives with strategic responsibilities;
- submit proposals or express opinions on the remuneration of Executive Directors and other Directors holding special offices, as well as on setting performance objectives related to the variable component of such remuneration; the proposal concerning the remuneration of Directors who are also members of the Remuneration Committee shall be formulated by an independent Director (or, failing this, by a non-executive Director) who is not a member of any of the Committees;
- monitors the concrete application of the policy for the remuneration of Directors, Statutory Auditors and Executives with strategic responsibilities as well as the decisions adopted by the Board on remuneration and verifies, in particular, the effective achievement of performance objectives, making use in the latter with regards to information provided by the delegated body and Human Resources Director;
- periodically assesses the adequacy and overall consistency of the remuneration policy for Directors, Statutory Auditors and Executives with strategic responsibilities, in this regard using the information provided by the delegated body and Human Resources Director;
- examines in advance the Remuneration Policy and Compensation Report to be made available to the public with a view to the annual general meeting for the approval of the financial statements;
- within the scope of its responsibilities, it drafts, submits to the Board of Directors and monitors the application of incentive systems for the management (including any remuneration plans based on financial instruments), understood as instruments aiming to attract and motivate resources of an adequate level and experience, developing a sense of belonging and ensuring a constant orientation towards the creation of value over time.
- may also provide support to the delegated body and Director of Human Resources with regard to the enhancement of managerial resources, recruitment of talented resources and the promotion of initiatives with universities in this field;
- evaluates the criteria adopted for the remuneration of executives with strategic responsibilities and supervises their application on the basis of the information provided by the delegated body and Human Resources Director.
- performs the additional functions entrusted to the same by the remuneration policy in force from time to time and/or by the Board of Directors.

4) Board of Statutory Auditors

With regard to remuneration, the Board of Statutory Auditors, in accordance with the provisions of Article 2389, paragraph 3 of the Italian Civil Code and Section 17.11 of the Articles of Association, expresses its opinion on the proposals for the remuneration of Executive Directors, and more generally, of Directors holding special offices within the framework of the overall determination made by the Shareholders' Meeting, verifying the consistency of such proposals with the Remuneration Policy.

5) **Delegated body (Executive Committee)**

With regard to remuneration, the delegated body:

- is responsible for correctly implementing the Remuneration Policy;
- is responsible for identifying the participants in the ABS Plan, in the LTI Cash Plan and, in general, in any short- and medium/long-term incentive plan adopted by the Company, and assists the Committee in drawing them up;
- assists the Committee in drawing up proposals on the setting of performance targets to which to link the payment of variable components for their remuneration;
- provides the Committee with all useful information so that the latter can assess the adequacy and monitor the concrete application of the Remuneration Policy, with particular regard to the remuneration of Executives with strategic responsibilities.

6) **Human Resources Director**

With regard to remuneration, the Human Resources Director is jointly responsible for the correct implementation of the remuneration policy.

1.2 **Responsibilities, composition and functioning of the Governance and Related Parties Committee**

Responsibilities

Servizi Italia has set up a committee with responsibilities for remuneration, endowed with corporate governance tools in line with market practice, the provisions of the Consolidated Law on Finance and the Corporate Governance Code.

In addition to what stated in paragraph 1.1, the committee has the following consultative and proposal-making functions vis-à-vis the Board of Directors:

with regard to appointments

- a) it assists the Board of Directors in the self-assessment activities of the administrative body and its Committees;
- b) it assists the Board of Directors in defining the optimal composition of the Board and its Committees and in defining and updating the Board of Directors' diversity policy;
- c) it assists the Board of Directors in identifying candidates for the office of Director in the event of co-optation;
- d) it assists the Board of Directors in preparing, updating and implementing any plan for the succession of executive Directors;

in matters relating to control and risks, it assists the Board of Directors in evaluations and decisions relating to the Internal Control and Risk Management System and in the approval of periodic financial and non-financial reports. In particular:

- a) it supports and issues opinions to the Board of Directors in identifying and updating the principles and indications contained in the guidelines of the Internal Control and Risk Management System (the Risk Policy adopted by the Company);
- b) it supports and issues opinions to the Board of Directors regarding the assessment of the adequacy of the Internal Control and Risk Management System with respect to the characteristics of the business and the risk profile assumed, as well as its effectiveness, with the aim of ensuring that the main business risks are correctly identified and adequately managed. In this regard, it reports to the Board of Directors at least on a half-yearly basis, as a rule on the occasion of (or prior to) the Board meetings held for the

approval of the annual and half-yearly financial reports, on the activities carried out, as well as on the adequacy and effectiveness of the Internal Control and Risk Management System;

- c) after consulting the Manager in charge of drawing up the corporate accounting documents, the Independent Auditors and the Board of Statutory Auditors, it assesses the correct use of accounting standards and their uniformity with regard to the preparation of the consolidated financial statements;
- d) it assesses the correctness of the process of preparing the periodic financial and non-financial information, so that it correctly represents the business model, the strategies of the Company, the impact of its activities and the performance achieved; and it acknowledges the information provided by the delegated body and the Manager in charge of drawing up the corporate accounting documents concerning the suitability of the periodic financial information;
- e) it examines the content of periodic non-financial information relevant to the Internal Control and Risk Management System and supports the Board of Directors in describing, in the context of the annual report on corporate governance and ownership structure, the main features of the Internal Control and Risk Management System and the methods of coordination between the various parties involved in the Internal Control and Risk Management System;
- f) it expresses opinions on specific aspects relating to the identification of the main corporate risks and supports the assessments and decisions of the Board of Directors relating to the management of risks deriving from prejudicial facts of which the latter has become aware;
- g) it supports and issues opinions to the Board of Directors concerning the appointment and revocation of the Head of Internal Audit, the definition of his remuneration in line with company policies, and the verification that he has adequate resources to carry out his responsibilities;
- h) it supports and issues opinions to the Board of Directors in approving the work plan prepared by the Head of Internal Audit;
- i) it examines the periodic reports and those of particular importance prepared by the Internal Audit department;
- j) it monitors the autonomy, adequacy, effectiveness and efficiency of the Internal Audit function;
- k) it may entrust the Internal Audit function with the task of carrying out checks on specific operational areas, simultaneously notifying the Chairman of the Board of Statutory Auditors;
- l) it supports the Board of Directors in assessing the results set out by the auditor in the letter of suggestions, if any, and in the supplementary report addressed to the Board of Statutory Auditors;
- m) it discusses with the Manager in charge of preparing the company's financial reports the results of control activities relating to the corporate risks associated with the activities for which the Manager in charge of preparing the company's financial reports is responsible, as well as the implementation of internal procedures involving the Manager in charge of preparing the company's financial reports;
- n) it carries out any additional task assigned by the Board of Directors.

on transactions with related parties

- a) it carries out the tasks that, in compliance with the regulations in force from time to time, are attributed to it pursuant to the Regulations for transactions with related parties adopted by the Company in relation to both transactions of lesser importance and - given the qualification as a "small company" of Servizi Italia and as long as the Company qualifies as such - for transactions of greater significance with related parties.

Composition

Servizi Italia had established an Appointment and Remuneration Committee, in office until the Shareholders' Meeting of 20 April 2021. Subsequently, the Board of Directors appointed by the Shareholders' Meeting on 20 April 2021 established, on the same date, the Governance and Related Parties Committee, with preliminary, propositional and consultative functions on the subject of appointments, remuneration, control and risks and transactions with related parties.

Until 20 April 2021, the CNR was made up of three independent Directors: Chiara Mio (Chair), Romina Guglielmetti and Antonio Aristide Mastrangelo. The CG established after the renewal of the administrative body will remain in office for the entire duration of the Board of Directors (i.e. until the Shareholders' Meeting called for the approval of the financial statements at 31 December 2023) and is made up of the following three independent Directors: Anna Maria Fellegara (Chairwoman), Antonio Aristide Mastrangelo and Benedetta Pinna.

The meetings of the CNR and of the CG were coordinated by the respective Chair, the respective meetings were regularly minuted and the respective Chair reported on it to the first possible meeting of the Board of Directors.

The Chairman of the Board of Statutory Auditors has always attended the meetings of the CNR, while all the members of the Board of Statutory Auditors have always attended the meetings of the CG.

At least one member of the CNR and of the CG has knowledge and experience in financial matters or in relation to remuneration policies deemed adequate by the Board at the time of appointment.

Operation and management of conflicts of interest

None of the Directors attends meetings of the CG at which proposals are made regarding their own remuneration, as provided for by the regulations of the same CG.

The Company's Human Resources Director participates in the works of the CG.

In order to carry out the tasks assigned to it, the Committee may use the support of both internal employees and external professionals. Where the Committee uses the services of a consultant, in order to obtain information on market practices with regard to remuneration policies, it shall first check that the consultant is not in a situation that would compromise his or her independence of judgement.

The members of the Committee have access to the information and corporate functions necessary for the performance of their duties, with the assistance of the Director of Human Resources.

For information on the main activities carried out by the CNR and the CG in 2021, the number of meetings of the Committee and their duration, refer to the Report on Corporate Governance and Ownership Structure for the financial year 2021.

It should also be noted that the Remuneration Policy provides that the proposal concerning the remuneration of Directors who are also members of the CNR and CG to be made by an independent Director (or, failing this, by a non-executive Director) who is not a member of any of the Board Committees.

2. Guiding principles and aims of the Remuneration Policy

The Company generally defines and applies a Remuneration Policy aimed at attracting, motivating and retaining resources possessing the professional qualities required to profitably pursue the objectives of the Group and the business, as well as the competitiveness and sustainability of the business activities carried out by the Company and the Group in the long term.

The main objectives of the Policy are:

- to involve and incentivize the Directors and Management, whose activities are considered of fundamental importance for achieving the Group's objectives and corporate strategy, and align their interests to the pursuit of the priority objective of creating medium/long term value for shareholders, also having regard to the interests of other stakeholders relevant to the Company;
- to certify the Company's willingness to share the increase in value with the Group's highest professional figures;
- to foster the loyalty of the Group's key resources, encouraging them to stay within the Group;
- support the implementation of the multi-year business plan approved by the Board of Directors and the corporate strategies of the Company and Servizi Italia Group, taking into account the working conditions and welfare of employees;
- attracting people with specific skills and professional qualities within the company, thus fostering successful management and the competitiveness and sustainability of the activities carried out by the Company and/or the Group over the long term;
- to motivate remunerative growth according to comparative market parameters (basket of companies comparable to Servizi Italia S.p.A. by sector and size used as a market benchmark);
- to structure for Executives a remuneration system consisting of a Fixed Monetary Component and an additional variable monetary component correlated to the achievement of specific short and medium/long term strategic objectives.

2.1 Relevance of employees' remuneration and working conditions in determining the Remuneration Policy.

The Remuneration Policy is made up of tools and logic, applied to the entire company population, aimed at attracting, motivating and retaining people with the professional qualities necessary to contribute to defining the Company's growth strategy and the strengthening of the long-term interests and sustainability of Servizi Italia.

Aware that the sustainable success of the Company and the Group is closely linked to the satisfaction and growth of the people who work there, the Company recognizes that one of the priority objectives to be pursued in order to generate long-term value is the wellbeing of employees, understood not only as a guarantee of adequate health and safety conditions in the workplace, but also as professional fulfilment (also thanks to training and development policies spread at various company levels) and the possibility of reconciling professional and personal life in a balanced manner.

The Remuneration Policy is based on the principles of fairness, equal opportunities, meritocracy and competitiveness in relation to the market. The definition of the remuneration of the corporate population takes into consideration specific criteria, including comparisons with the external market and the company's internal equity, the characteristics of assigned roles and the responsibilities, as well as the distinctive skills of people, with a view to maximum objectivity, in order to avoid any form of discrimination or unjustified unbalanced situations.

The growth and exploitation of people, protection of health and safety in the workplace, creation of a collaborative, loyal and synergistic corporate climate and a positive and organized work environment that offers everyone equal opportunities on the basis of merit for organisational roles, the development of professional and managerial skills are the essential components of the Company's work in pursuing the sustainable success of the Company and the Group.

Servizi Italia, with its ongoing commitment to maintaining SA8000 certification, respects the dignity of each individual and offers equal opportunities at all stages and in all aspects of the employment relationship, avoiding any form of discrimination which may arise from differences in sex, age, state of health, nationality, political or religious opinion.

Attention to people also includes careful management of welfare, committing to guaranteeing employees fair wages that allow their families to enjoy well-being and social serenity, while also encouraging initiatives or non-monetary benefits aimed at improving the general well-being of all employees.

Depending on the classification of resources, the Human Resources Department formulates remuneration proposals as follows:

1. for blue collar workers, it takes into account the minimum rates laid down in the relevant CCNL. Increases in the remuneration component may occur, in addition to the application of the relevant CCNL, for salary reviews as well as for payments of Result Bonuses (variable component) upon achievement of targets set in the existing second-level union agreements. The Company maintains a 'FlexBenefit' corporate welfare platform, which allows employees to voluntarily convert the variable remuneration rate linked to the result benefits into flexible benefits;
2. for white collars, middle managers and executives (including those with strategic responsibilities), it takes into account the minimum pay scales provided for by the relevant CCNL; it also assesses the positioning of the remuneration package with internal benchmark analyses (average remuneration by professional profile, by Department/Area of employment, by contractual classification, etc.) and external benchmark analyses (sector averages, market remuneration analyses provided by companies specializing in this area, etc.). The analysis uses the market as a reference by considering a basket of comparable companies by business sector, size data (in terms of turnover and number of employees), type/characteristics and role weight (defined by an analysis of job description, purpose and responsibility of roles within the Group), in order to render the comparison uniform between different companies.

The Remuneration Policy is based on the following principles:

- a) the Fixed Monetary Component, variable monetary component for remuneration and any benefits are adequately balanced according to the Company's strategic objectives and risk management policy, taking into account the sector in which it operates and the characteristics of the business activity actually carried out, in line with the objective of promoting long-term value creation for all Shareholders and sustainable growth;
- b) the Fixed Monetary Component for remuneration (generally determined taking into account professional specialization, the complexity of organisational roles covered and related responsibilities, the market remuneration level) is set to a sufficient extent to remunerate the performance of Executive Directors and Managers with Strategic Responsibilities in the event that the variable component is not paid due to the failure to achieve the performance objectives set by the Board of Directors;
- c) the variable monetary component, achievable against the achievement of predefined economic/financial and non-financial (quantitative and/or qualitative) corporate objectives, is designed to significantly remunerate results that exceed targets, decreasing in value when the latter are not achieved. It is paid within maximum limits. The variable component of remuneration is divided into a short-term component (MBO or ABS Plan) and a long-term component (LTI Cash Plan). The latter, in terms of relevance, is much higher than the former and provides for an appropriate vesting period, as it is linked to the achievement of long-term objectives. The duration of the vesting period is consistent with the nature of the business operations and related risk profiles. Among the non-financial objectives to which the payment of a portion of variable remuneration is to be linked, the Remuneration Policy also includes objectives tied to sustainable working conditions and standards (with particular regard, among other things, to initiatives aimed at implementing the protection of the health and safety of workers and improving the well-being of employees and the corporate climate, as well as training programs aimed at developing the technical and professional skills of employees and promoting stability and retention);
- d) allowances, if applicable, relating to the assumption of non-competition undertakings;
- e) any remuneration, for the office of director in another company in which Servizi Italia holds an interest (where the obligation to report to Servizi Italia is not included);
- f) non-monetary benefits, depending on the role, most of which are provided for by the National Collective Labour Agreements, as applied and recognized by corporate practices identified in specific regulations

approved by the Board of Directors, in compliance with the principles of sobriety, cost containment and proportionality with respect to the aims pursued.

The definition of the Policy is the result of a clear and transparent process, in which the Human Resources Director, the Committee and the Board of Directors play a central role.

As explained, the Policy defines the principles and guidelines that the Board of Directors and delegated body must follow when defining the remuneration of:

- members of the Board of Directors and, in particular, of the Directors holding special offices;
- Executives with strategic responsibilities;
- *Senior Managers, Middle Managers, special and key figures.*

At the proposal of the Committee, the Board of Directors adopts the criteria for the implementation of the Policy and any amendments where applicable.

The remuneration of Senior Managers and Middle Managers, i.e. special and key figures, is approved by the delegated body (CEO or Executive Committee), in agreement with the Human Resources Director.

At least once a year, the Human Resources Director shall report to the Committee on compliance with the Policy and the related application criteria.

2.2 Description of the Remuneration Policy

The Board of Directors may propose to the Shareholders' Meeting the adoption of incentive mechanisms through compensation plans based on financial instruments. The relevant legislation will apply to these mechanisms. At the date of this Report, the Company has no incentive plans in place based on financial instruments.

The Committee and the Board of Directors, where required with the assistance of independent firms specialising in executive compensation, analyse the positioning, composition and, more generally, the competitiveness of the remuneration of directors holding special offices, executives with strategic responsibilities and senior managers, on the basis of methodological approaches that allow for an assessment of the complexity of such roles from an organisational standpoint, specific delegated powers, and the impact on each individual's final business results.

The Board of Directors

The Shareholders' Meeting held on 20 April 2018 confirmed the number of members of the Board of Directors as 11, appointing the Board of Directors for the three-year period 2018-2020, i.e. until approval of the Financial Statements as at 31 December 2020.

Subsequently, the Shareholders' Meeting held on 20 April 2021 approved the establishment of a Board of Directors made up of seven members in office for the 2021-2023 three-year period, i.e. up to the Shareholders' Meeting called to approve the financial statements at 31 December 2023.

The Directors in office at the date of approval of this Report are indicated in the table below:

(*) Members of the Executive Committee

(1) Member of the Governance and Related Parties Committee

(2) Lead Independent Director

For the duration of their term of office, the members of the Board of Directors, pursuant to art. 17.10 of the Articles of Association, are entitled to a remuneration determined by the Shareholders' Meeting in overall terms at the time of their appointment, pursuant to art. 2389, para. III, of the Italian Civil Code. The expiring Board of Directors normally refrains from formulating specific proposals in this regard and invites the Shareholders' Meeting that has on its agenda the appointment of the Board of Directors to resolve on the matter, on the basis of the proposals that may be made by the Shareholders within the context of the lists presented and/or during the Shareholders' Meeting.

As regards the executive directors or directors holding special offices, this compensation may also consist of a fixed part and a variable part, the latter commensurate with the achievement of certain objectives.

The Shareholders' Meeting held on 20 April 2018 resolved to grant the Board of Directors, in overall terms for each year of office (2018-2019-2020), a gross annual emolument of a maximum of Euro 1,315 thousand, comprising a fixed annual part of Euro 915 thousand and a maximum annual variable part of Euro 400 thousand, the latter to be paid to the delegated body and measured upon achievement of certain objectives set out in the Annual ABS Plan and the LTI Cash Plan, also resolving on an indemnity for termination of office as CEO.

This remuneration, formulated in overall terms, was distributed by the Board of Directors among the Directors, Directors holding special offices and participants in internal Board Committees, subject to the favourable opinion of the Board of Statutory Auditors and the Appointments and Remuneration Committee, in accordance with the provisions of the Italian Civil Code and the current Articles of Association. The distribution criterion adopted is as follows:

1. a fixed annual basic component which is the same for all members of the Board of Directors;
2. a fixed annual component for Directors holding special offices (e.g. Chairman, Deputy Chairman, Chief Executive Officer or Director member of the Executive Committee, the Chairperson of the Committee, Lead Independent Director, members of the Board Committees);
3. a maximum fixed variable component, for the delegated body (Chief Executive Officer or Director member of the Executive Committee), linked to the objectives defined in the ABS Plan and, as a rule, the LTI Cash Plan;
4. any social security fund and/or reimbursement of expenses for the exercise of the office of Director.

The remuneration of Directors holding special offices is established by the Board of Directors, after hearing the opinion of the Board of Statutory Auditors and the Committee, within the framework of the overall determination made by the Shareholders' Meeting pursuant to Section 17.10 of the Articles of Association.

The Shareholders' Meeting held on 20 April 2021 resolved to establish in:

- maximum Euro 595 thousand for the total gross annual fixed remuneration for the Board of Directors, to be divided by the Board, after hearing the opinion of the Board of Statutory Auditors, among the Directors, including those vested with particular offices and those participating in Board Committees;
- maximum Euro 30 thousand for the total annual gross variable remuneration for the Board of Directors, to be divided by the Board, after hearing the opinion of the Board of Statutory Auditors, among the executive Directors in accordance with the provisions of the Remuneration Policy from time to time applicable and linked to the achievement of the objectives set by the Board of Directors in accordance with the Company's applicable Annual Bonus System Plan;

- maximum Euro 60 thousand for the total gross medium/long-term remuneration for the Board of Directors, to be divided by the Board, after hearing the opinion of the Board of Statutory Auditors, among the executive Directors in accordance with the provisions of the current Remuneration Policy from time to time applicable and linked to the achievement of the objectives set by the Board of Directors in accordance with the Company's applicable Long Term Incentive Cash Plan;

The Shareholders' Meeting held on 20 April 2021 also resolved to grant the Board of Directors the power to recognize to Directors the non-monetary benefits and additional indemnities contemplated by the Remuneration Policy approved by the Shareholders' Meeting.

This remuneration, formulated in overall terms, was distributed by the Board of Directors among the Directors, Directors holding special offices and participants in internal Board Committees, subject to the favourable opinion of the Board of Statutory Auditors and of the Committee, in accordance with the provisions of the Italian Civil Code and the current Articles of Association. The distribution criterion adopted is as follows:

1. a fixed annual basic component which is the same for all members of the Board of Directors;
2. a fixed annual component for Directors holding special offices (e.g. Chairman, Deputy Chairman, Director member of the Executive Committee, Committee Chair, Lead Independent Director, Director responsible for the internal control and risk management system, members of the Board Committees);
3. a maximum fixed variable component, for the delegated body (Director member of the Executive Committee), linked to the objectives defined in the ABS Plan and in the LTI Cash Plan.
4. any social security fund and/or reimbursement of expenses for the exercise of the office of Director.

The remuneration commences on the date of appointment and is paid on a pro rata temporis basis until the date of termination of office.

With reference to the variable components assigned, contractual agreements are envisaged for which the Company may request their return, in whole or in part, where their assignment was made on the basis of data that later proved to be manifestly incorrect (so-called claw-back clause).

In compliance with recommendation 31 of the Corporate Governance Code, the Company, upon termination of office and/or the termination of the relationship with an executive Director or possibly the General Manager, shall, following the internal processes that lead to the allocation or recognition of indemnities and/or other benefits, disclose detailed information on the matter, through a press release issued to the market.

The remuneration of non-executive Directors is commensurate with the commitment required of each of them, taking into account their possible participation in the Committees, and is not linked to the economic results achieved by Servizi Italia S.p.A. (they do not participate in the ABS Plan or the LTI Cash Plan). This provision does not apply in the case of non-executive Directors who are also Executives of the Company who could be identified as participants in the ABS Plan and/or LTI Cash Plan.

It should also be noted that, for non-executive Directors belonging to the list of majority shareholders (Coopservice Soc.coop.p.A.) who are also employees of the same, there is an obligation to transfer all or part of the remuneration received to Coopservice Soc.coop.p.A. for the entire duration of the mandate.

As a general rule, the Board of Statutory Auditors is involved whenever there are cases concerning the remuneration of Directors and their severance pay, taking into account the provisions of Article 2389 of the Italian Civil Code, Section 17.11 of the Articles of Association and for the purpose of supervising the actual implementation of the corporate governance rules provided for in Article 149, paragraph 1, letter c-bis) of the Consolidated Law on Finance.

In line with best practices, a D&O (Directors & Officers) insurance policy is envisaged to cover management's third-party liability, including members of corporate bodies and Executives with strategic responsibilities, in the exercise of their functions.

Remuneration of Directors holding special offices

At the time of appointment, or at the first subsequent meeting, the Committee proposes to the Board of Directors the remuneration payable to directors holding special offices.

The remuneration of executive directors and directors holding special offices generally consists of the following elements:

1. a fixed annual component, as member of the Board of Directors;
2. an additional annual fixed component from the distinct office assigned by the Board of Directors;
3. a Fixed Monetary component for employment, if the director is also an employee of the Company;
4. short-term variable component, which can be achieved on the basis of the achievement of pre-established company objectives (ABS plan);
5. medium/long-term variable component (LTI), provided for in the LTI Cash Plan;
6. any social security fund and/or reimbursement of expenses arising from the exercise of the office of Director;
7. allowances, if applicable, relating to the assumption of non-competition undertakings;
8. any remuneration, for the office of Director in another company in which Servizi Italia holds an interest;
9. non-monetary benefits, depending on the role, most of which are provided for by the National Collective Labour Agreements applied and recognized by corporate practices provided for in specific regulations approved by the Board of Directors, in compliance with the principles of sobriety, cost containment and proportionality with respect to the aims pursued.

With reference to the variable components of the remuneration of executive directors holding special offices, it should be noted that, on an annual basis, the Committee submits proposals or expresses opinions to the Board of Directors on:

- the setting of ABS Plan targets for the relevant financial year;
- verification of the achievement of the previous year's ABS Plan objectives;
- the progress of the Director's performance with regard to the LTI Cash Plan.

The remuneration of non-executive directors holding special offices, including independent directors, is fixed and commensurate with the commitment actually required, taking into account their participation in one or more Committees.

The Remuneration Policy provides that the proposal concerning the remuneration of non-executive Directors holding distinct offices who are also members of the Committee is to be formulated by an independent Director (or, failing this, by a non-executive Director) who is not a member of any of the Committees.

General Manager and other Executives with Strategic Responsibilities

On 30 July 2020, the Company's Board of Directors, on the proposal of the Executive Committee and with the favourable opinions of the Control and Risk Committee and the Appointments and Remuneration Committee, appointed Andrea Gozzi, formerly Operations Director and an Executive with strategic responsibilities, as General Manager, in consideration of the opportunity of achieving an even more adequate and efficient management of the Company's operations, from an operational, organisational and planning standpoint, thus enhancing and strengthening his constant and profitable collaboration with the Executive Committee on the one hand, and senior management functions on the other.

Executives with strategic responsibilities are directors identified by the Board of Directors as having the power or responsibility for planning, managing and controlling the Company's and the Group's operations.

The remuneration of Executives with strategic responsibilities, with the exception of the so-called "non-monetary benefits", is generally composed of the following elements:

1. a fixed monetary component;
2. an annual variable monetary component, which can be achieved on the basis of the achievement of pre-established corporate and individual objectives provided for in the short-term incentive scheme (ABS plan for the year in question);
3. a medium/long-term variable monetary component (LTI Cash Plan);
4. allowances, if applicable, relating to the assumption of non-competition undertakings;
5. any remuneration for the office of Director in the Company and/or in another company in which Servizi Italia holds an interest (where, in relation to the subsidiaries, there is no obligation to report to Servizi Italia);
6. non-monetary benefits, depending on the role, most of which are provided for by the National Collective Labour Agreements applied and recognized by corporate practices provided for in specific regulations approved by the Board of Directors, in compliance with the principles of sobriety, cost containment and proportionality with respect to the aims pursued.

Senior Managers, Middle Managers and special/key figures

The remuneration of Senior Managers, Middle Managers and special/key figures within the organisation generally, is composed of the following elements:

1. a fixed monetary component;
2. any annual variable component that can be achieved on the basis of the achievement of pre-established corporate objectives envisaged in the short-term incentive scheme (ABS plan for the year in question), if the resource is identified as the beneficiary of the plan;
3. a possible medium/long-term variable component (LTI Cash Plan), if the resource is identified as a beneficiary of the plan;
4. any remuneration, for the office of director in another company in which Servizi Italia holds an interest;
5. allowances, if applicable, relating to the assumption of non-competition undertakings;
6. non-monetary benefits, depending on the role, most of which are provided for by the National Collective Labour Agreements applied and recognized by corporate practices provided for in specific regulations approved by the Board of Directors, in compliance with the principles of sobriety, cost containment and proportionality with respect to the aims pursued.

Remuneration of the Board of Statutory Auditors

Pursuant to Article 2402 of the Italian Civil Code, when appointing the Board of Statutory Auditors of Servizi Italia S.p.A., the Shareholders' Meeting shall determine the annual remuneration due to the Statutory Auditors for the entire duration of their office.

With regard to determining the remuneration of the Board of Statutory Auditors, the Board of Directors refrains from formulating specific proposals in this regard and invites the Shareholders' Meeting, in which the appointment of the Board of Statutory Auditors is on the agenda, to resolve the issue on the basis of proposals made by the shareholders themselves, within the context of the lists presented or during the above-mentioned Shareholders' Meeting.

Without prejudice to the provisions of Article 2402 of the Italian Civil Code, if the outgoing control body, in view of the formulation by the Shareholders of proposals to the Shareholders' Meeting regarding the remuneration of the auditing body, has provided the Company in due time with detailed information on the quantification of the commitment required to carry out the appointment, the Board of Directors shall provide a summary of such information in the Explanatory Report pursuant to Article 125-ter of the Consolidated Law on Finance concerning the renewal of the auditing body and in the Report on the remuneration and compensation policy.

Note that at the Shareholders' Meeting of 20 April 2020, with the renewal of the Board of Statutory Auditors for the three-year period 2020-2021-2022, the fixed annual gross remuneration of its Chairperson was set at Euro 25,000 per year, and that of the board's members at Euro 20,000 per year.

The remuneration of Statutory Auditors should be appropriate to the competence, professionalism and commitment required by the importance of the role covered and the Company's size and sector specifications. The remuneration commences on the date of appointment and is be paid on a pro rata temporis basis until the date of termination of office.

The members of the Board of Statutory Auditors are precluded from any form of variable remuneration, while recognizing a social security fund and/or reimbursement of expenses for the exercise of the office of Statutory Auditor.

In line with best practices, a D&O (Directors & Officers) insurance policy is envisaged to cover third-party liability for the management, including members of corporate bodies and Executives with strategic responsibilities, for the exercise of their functions.

Collaboration agreements and/or Directorship contracts

In order to provide for the correct organisational development of its functions, the Company may conclude collaboration or directorship contracts, governed by the rules of self-employment provided for by current legislation.

It is company practice, in the event that, due to the particular nature of the collaboration contract, it is not possible in any way to recognise a subordinate employment relationship between the Company and the collaborator (not subjecting the collaborator to the organisational, hierarchical and disciplinary power of the employer), not to recognise any further accessory benefits in both economic and social security or welfare terms, in addition to the remuneration defined for the service. For the services required and for the proper performance of the function, the employee may be assigned benefits (e.g. car, telephone, computer) recognised by company practices and identified in a special regulation approved by the Board of Directors, the operating costs of which will be borne by the company.

3. Balancing elements of the management remuneration package

In determining the remuneration and its individual components, the Board of Directors, delegated body and the Human Resources Manager take into account a balance of the Overall Remuneration consisting of a fixed monetary component and both short and medium/long-term variable monetary components, whose weight shall take into account the specific content of the powers delegated to individual beneficiaries and/or the functions and role they actually perform within the company.

Specifically, with regard to executive directors holding special offices, managers with strategic responsibilities, Senior Managers and special/key roles, the Board of Directors - with the support of the Committee - evaluates the specific office assigned and any specific powers delegated. In particular, the remuneration shall be determined on the basis of the following indicative criteria:

- the fixed monetary component tends to have an average weight of 75% of the Total Remuneration;
- the target monetary remuneration of the ABS Plan is equal to a pre-established percentage of the Fixed Monetary Component and tends to have an average weight of approximately 10% of such compensation; in general, the target monetary remuneration of the ABS Plan ranges from a minimum of 4% to a maximum of 18% of the beneficiary's Fixed Monetary Component;
- the target monetary remuneration of the LTI Cash Plan (annualised) is equal to a pre-established percentage of the Fixed Monetary Component which, with reference to the LTI Cash Plan 2021-2023, tends to have an average weight of about 15% of the said remuneration; in general, the target monetary

compensation of the medium/long term incentive plan ranges from a minimum of 20% to a maximum of 60% of the beneficiary's Fixed Monetary Component.

In addition, with regard to the beneficiaries (Executive Directors and/or Executives with strategic responsibilities and special/key functions), the Company, as anticipated, has promoted the introduction of clauses in the letters of appointment or in the ABS and LTI Cash Plans, known as "claw-back" clauses, which allow the Company to request the return, in whole or in part, of the variable remuneration components paid (or to withhold sums subject to deferral), if within a three year term from the payment of the variable remuneration component, the Company has ascertained that its allocation was made on the basis of data that subsequently turned out to be clearly erroneous or subject to malicious alteration or obtained through committing fraudulent or excessively risky conduct, serious violations of the law and/or regulations, of the Code of Ethics, of Model 231, of the Anti-Corruption Policy, of the Anti-Corruption Guidelines, of the Antitrust Code of Conduct or of the company's rules that are relevant or have an impact within the context of the employment relationship, affecting the related fiduciary basis, without prejudice, however, to any action permitted by the law to protect the interests of the Company.

For the purposes of the above, the assessment of the relevant prerequisites is delegated to the Committee and the Board of Statutory Auditors, which shall meet and deliberate collectively under the chairmanship of the most senior independent Director.

The Company has the right to offset sums that are the subject of the request for restitution against any sums that may be due for any reason to the beneficiary of the variable remuneration; in this case the set-off shall be effective, after ascertaining the relevant conditions, from the time of notification of the exercise of compensatory power by the Company to the other party; this shall be without prejudice to any other action provided for by law to protect the Company's assets and interests, including in terms of its reputation and image.

4. Criteria for variable remuneration

ABS Plan

The Company adopts as a practice an ABS Plan described in the criteria, terms and conditions in a specific regulation examined in advance by the Appointments and Remuneration Committee and approved by the Board of Directors. The regulations of the current ABS Plan were approved by the Board of Directors on 15 March 2021, with the support of the Appointments and Remuneration Committee. The purpose of the ABS Plan, which has not been substantially modified with respect to the previous one, is always to continue to support the corporate strategy, the management of sustainability issues and the improvement of short-term economic performance, promoting and spreading a culture of value creation in all strategic and operational decisions, as well as to encourage the retention of strategic management figures.

A summary description of the ABS Plan is provided below.

The beneficiaries of the incentive provided for in the ABS Plan are: Executive Directors holding special offices identified by the Board of Directors, the General Manager, Executives with strategic responsibilities, Senior Managers, Middle Managers and special/key positions, who, at the sole discretion of the Board of Directors and/or the delegated body, assisted by the Human Resources Director, hold the managerial levers required to influence the determining factors in the Company's value creation, for the annual reference period.

The system is based on a structured process of defining the objectives and the incentives linked to them, with a financial access condition (the so-called on/off condition for activating the Annual Bonus System plan) established in the Group's consolidated net result at the date of approval of the draft financial statements for the reference year, which must not be negative.

Performance Gates

The system provides for a mechanism linking it to the Group's results and in particular with the consolidated EBIT of the Group, for which an Objective Target Value and a Objective Threshold Value is foreseen, whose exceedance enables the Beneficiaries to access any bonus accrued by virtue of assigned objectives.

The Executive Directors shall abstain from voting on the definition of the Objective Threshold Value and the definition of all other threshold/target/over-performance levels of the performance indicators for the incentive system in the short term, as well as in the long term where there is an impact on their own remuneration.

The objective for the ABS plan is identified in the consolidated EBIT of the Group, which differs from the budget value and to which a target value ("Objective Target Value") is added. The Delegated Body annually proposes the target value, in accordance with the budget defined for the year of reference and approved by the Board of Directors. In particular, the performance gate curve of the bonus system envisages a Objective Target Value equal to 90.0% of the Objective Threshold Value and a maximum value equal to 110.0% of the Objective Target Value. In particular, if the ABS Objective Threshold Value is reached, the Monetary Bonus payable corresponds to 50% of the bonus accrued, while if it is not reached, no monetary bonus is paid. Exceeding the ABS Objective Target Value allows the bonus to be paid up to a maximum of 150% of the accrued monetary bonus (over performance).

In the event that the total performance achieved is between the Objective Threshold Value and the Objective Target Value, or between the Objective Target Value and the maximum Target Value (over performance) respectively, the Monetary Bonus will be calculated on a pro rata basis (using a pure linearity mechanism).

The performance gate is structured in such a way as to ensure the economic sustainability of the ABS Plan, so that the costs of the entire incentive relating to the Plan are included in the objectives of the Business Plan, where the cost of the plan is "self-financed" by the achievement of the objectives; to this end, the financial statements of the year in question will indicate the aforesaid costs for which provision is made.

The Objective Threshold Value may be modified by the Board of Directors, subject to the opinion of the Committee, in the event of profound changes in the macroeconomic and/or business scenario and in consideration of potential one-off events, both negative and positive, which may occur during the reference financial year and which are independent from the actions of the Beneficiaries. In addition, extraordinary effects, both negative and positive, will be assessed in the final balance at the sole discretion of the Board of Directors.

The Board of Directors, with the assistance of the Committee, verifies the level of achievement of the objectives at the end of the year and on the basis of performances achieved.

The system is the sum of the results of 2 sets of Performance Targets:

1. Collective performance target, which is the Objective Threshold Value and has a weight of 30%;
2. Individual performance objectives assigned according to the role held, with a weight of 70%.

There will be a maximum of 4 objectives for each Beneficiary. These are challenging objectives, linked to the creation of value for the time period in question and in view of the role held.

More specifically, consider the following:

- the collective performance target is the same for all Beneficiaries;
- the other objectives are attributed according to the organisational function and role, to be defined through a cascading type logic starting from the objectives assigned to Management, consistent with those set in the annual budget and therefore with the industrial plan. Therefore, the objectives is not only of an economic and financial nature, but also non-financial in scope and linked to the operational action of the organisational function to which the Beneficiary belongs (commercial, production, service, staff and organisational lines). Individual performance targets may, therefore, be both quantitative, i.e.

objectives of a numerical nature (absolute values, percentages and/or indicators), and qualitative (measurable through observable behaviour, for example, in the form of the following):

- i. turnover on orders;
- ii. the improvement of order marginality;
- iii. the improvement of average cost for single kg produced;
- iv. the respect of project times and quality of output;
- v. customer satisfaction, with a reduction of possible contract penalties and complaints;
- vi. sustainable working conditions and standards;
- vii. specific compliance targets;
- viii. projects/activities/commitments identified in the Group's Sustainability Plan (described within the Consolidated Non-Financial Statement as per Legislative Decree No. 254/2016) concerning relevant environmental, social and governance issues.

Each Beneficiary is entitled to receive their awarded Monetary Bonus on condition that the specific Performance Targets assigned on the basis of the role held have been achieved.

The scheme of objectives is as follows:

| Role of Beneficiaries | Condition On/Off activation Plan / Bonus payment | Collective Performance | Individual Performance |
|---|---|---|--|
| Executive Directors | <ul style="list-style-type: none"> - Consolidated non-negative Group net result at the date of approval of the draft financial statements for the year in question. - Exceeding the Objective Threshold Value | Weight 30%: <ul style="list-style-type: none"> • Objective Threshold Value | Weight 70%: <ul style="list-style-type: none"> • strategic function (60%); • ESG sustainability target (10%) |
| Executives with Strategic Responsibilities, Senior Managers and key/specialised figures within the organisation | <ul style="list-style-type: none"> - Consolidated non-negative Group net result at the date of approval of the draft financial statements for the year in question. - Exceeding the Objective Threshold Value | Weight 30%: <ul style="list-style-type: none"> • Objective Threshold Value | Weight 70%: <ul style="list-style-type: none"> • strategic function (60%); • ESG sustainability target (10%) |

Every year, the company's management promotes plenary and individual meetings with the people identified as beneficiaries, in order to illustrate the incentive system for the year in question and assign economic and qualitative targets the Company sets out to achieve.

Medium/long-term incentive system: LTI-Cash Plan

As common practice, the Company adopts an LTI-Cash Plan described in the criteria, terms and conditions in a specific regulation examined in advance by the Committee and approved by the Board of Directors. The regulations of the current LTI-Cash Plan were approved by the Board of Directors on 15 March 2021, with the support of the Appointments and Remuneration Committee. The purpose of the LTI-Cash Plan, which has not been substantially modified with respect to the previous one, is always to continue to support the corporate strategy, the management of sustainability issues and the improvement of mid/long-term economic performance, promoting and spreading a culture of value creation in all strategic and operational decisions, as well as to encourage the retention of strategic management figures.

A summary description of the LTI-Cash Plan is provided below.

The beneficiaries of the incentive provided for in the LTI-Cash Plan are: Executive Directors holding special offices identified by the Board of Directors, the General Manager, Executives with strategic responsibilities,

Senior Managers, Middle Managers and special/key positions, who, at the sole discretion of the Board of Directors and/or the delegated body, assisted by the Human Resources Director, hold the managerial levers required to influence the determining factors in the Company's value creation, for the 2021-2022-2023 reference period.

The system is based on a structured process of defining the objectives and related incentives with a financial access condition (so-called on/off condition for the activation of the LTI-Cash plan) established in the Group's consolidated net result for the financial years 2021-2022-2023, which, at the date of approval of the consolidated financial statements for the relevant financial years, is not negative (on - off pre-requisite for the activation of the Plan).

Performance Gates

The system provides for a mechanism linking it to the Group's results and in particular with the consolidated EBIT of the Group, for which an Objective Target Value and a Objective Threshold Value is foreseen, whose exceedance enables the Beneficiaries to access any bonus accrued by virtue of assigned objectives.

The Executive Directors shall abstain from voting on the definition of the Objective Threshold Value and the definition of all other threshold/target/over-performance levels of the performance indicators for the incentive system in the short term, as well as in the long term where there is an impact on their own remuneration.

The objective for the LTI Cash plan is identified in the consolidated EBIT of the Group, which differs from the industrial plan and to which a target value ("Objective Target Value") is added. The Delegated Body proposes the target value, in accordance with the industrial plan defined for the period of reference and approved by the Board of Directors. In particular, the performance gate curve of the bonus system envisages a Objective Threshold Value equal to 95.0% of the Objective Target Value ("Objective Threshold Value") and a maximum value equal to 110.0% of the Objective Target Value. In particular, if the LTI Objective Threshold Value is reached, the monetary bonus payable corresponds to 50% of the bonus accrued, while if it is not reached, no monetary bonus is paid. Exceeding the ABS Objective Target Value allows the bonus to be paid up to a maximum of 150% of the accrued monetary bonus (over performance).

In addition the accrued Monetary Bonus is influenced by:

- A. a target linked to the share value, the Total Shareholder Return (TSR), linked to the value of the Company's share price and the distributed dividends, which acts as a multiplier/demultiplier of the accrued monetary bonus;
- B. an ESG target of a non-financial nature assigned to the Beneficiary, which acts as a multiplier/demultiplier of the accrued monetary bonus. This target works as reference for non-financial targets assigned to the Beneficiaries, identified to promote the sustainable success of the Group's Sustainability Plan (described within the Consolidated Non-Financial Statement pursuant to Legislative Decree No. 254/2016) and for which policies, strategies and actions/commitments are implemented.

In the event that the total performance achieved is between the Objective Threshold Value and the Objective Target Value, or between the Objective Target Value and the maximum Target Value (over performance) respectively, the Monetary Bonus is calculated on a pro rata basis (using a pure linearity mechanism).

The performance gate is structured in such a way as to ensure the economic sustainability of the LTI-Cash Plan, whereby the costs of the entire incentive relating to the Plan are included in the objectives of the Business Plan, so that the cost of the plan is "self-financed" by the achievement of the objectives; to this end, the financial statements of the relevant financial year will indicate the aforesaid costs for which provision is made.

The Objective Threshold Value may be modified by the Board of Directors, subject to the opinion of the Committee, in the event of significant changes in the macroeconomic and/or business scenario and in consideration of potential negative or positive one-off events that may occur during the vesting period, which

are independent from the actions of the Beneficiaries. In addition, extraordinary effects, both negative and positive, will be assessed in the final balance at the sole discretion of the Board of Directors.

The company management promotes plenary and individual meetings with the people identified as beneficiaries, in order to illustrate the incentive system for the vesting period in question, and assign the economic and qualitative objectives that the Company sets out to achieve.

5. Indemnities in the event of resignation, dismissal or termination of employment

In Servizi Italia, it is common practice not to enter into agreements with Directors, Executives with strategic responsibilities and Senior Managers that regulate ex ante the economic aspects of any early termination of the relationship at the initiative of the Company or the individual (so-called parachutes).

In the event of termination of the existing relationship with the Company or Group companies, for reasons other than just cause, the orientation is to seek agreements for the termination of the relationship by mutual consent. In the presence of variable components of any remuneration package paid, the contractual agreements foresee that the Company may request their return, in whole or in part, where such variable components have been paid on the basis of data that later proved to be manifestly incorrect.

Without prejudice, in any case, to legal and/or contractual obligations, the agreements for the termination of the relationship with the Group are based on the reference benchmarks on the subject, within the limits defined by the jurisprudence and practices of the country in which the agreement is concluded.

On the termination of office and/or dissolution of the relationship with an executive Director or a General Manager, Servizi Italia shall publish detailed information regarding the internal processes relating to the allocation or recognition of indemnities and/or other benefits, in compliance with the provisions of the Corporate Governance Code, in a specific press release circulated to the market.

With regard to Directors holding special offices, to whom specific powers have been delegated and who are not linked by executive employment relationships, generally the Company does not provide for the payment of indemnities or compensation of an extraordinary nature linked to the end of their mandate.

In the event that Servizi Italia S.p.A. decides to adopt, in the interest of the Company, specific indemnities or determines to stipulate specific consulting contracts with a Director or Manager with strategic responsibilities who has ceased to hold office, such decisions shall be adopted in coherence with the strategy, the values and the medium-long term interests of the Servizi Italia Group and, in any case, shall take into account the following guiding principles:

- i) the indemnity (except, where applicable, that relating to non-competition agreements and severance pay provided for under the applicable CCNL) shall not be paid if the termination of the relationship is due to the achievement of objectively inadequate results;
- ii) any consultancy contracts shall be limited to predefined periods of time, and limited to what is strictly necessary in the interest of Servizi Italia S.p.A. in order to guarantee continuity of action within the context of the Group's efficient and effective management;
- iii) as a general rule, and save in exceptional cases, the amounts to be paid to an Executive Director or to a Manager with Strategic Responsibility (not including those relating to non-competition agreements and severance pay provided for in the applicable CCNL) may not exceed the total remuneration paid to them during the 24-month period;
- iv) In addition, contractual agreements are in place that allow the Company to request the return, in whole or in part, of variable components of remuneration paid (or to withhold sums subject to deferment), determined on the basis of data that subsequently proved to be manifestly incorrect.

The General Manager and Directors with strategic responsibilities are bound to the Company by virtue of employment contracts of indefinite duration, with the following notice periods: (i) 6 months, for seniority up to 6 years; (ii) 8 months, for seniority up to 10 years; (iii) 10 months, for seniority up to 15 years; (iv) 12 months, for seniority over 15 years. The total time limit must not exceed 12 months. A resigning manager must give notice,

the terms of which will be 1/3 of those indicated above, as provided for in the CCNL Industry Managers agreement.

6. Non-competition agreements

The Company may enter into confidentiality and non-competition agreements with its Executive Directors, Executives with strategic responsibilities, Senior Managers or with collaborators with particularly strategic professional skills. These provide for: (i) the recognition of an additional consideration in relation to the RAL/fixed remuneration component set in accordance with market practice, which, as a general rule and save in exceptional cases, does not exceed for each year of the duration of the non-competition agreement the annual RAL/fixed remuneration component recognized under the agreement; (ii) the duration and extent of the obligation arising from the agreement. The constraint refers to the reference sector in which the Group operates at the time of defining the agreement, and to the territorial/geographical extension.

The Company has entered into a confidentiality and non-competition agreement with Mr. Andrea Gozzi (General Manager) for a period of 12 months following the termination of the employment relationship (resignation of the executive or for just cause or justified subjective reason), for which the consideration corresponds to a gross annual sum of €50,000 for the entire duration of the employment relationship with the Company.

7. Waivers of the Remuneration Policy: exceptional circumstances and procedural conditions

In exceptional circumstances, a temporary derogation from the Remuneration Policy is allowed, subject to the conditions laid down in this section.

The competent bodies of Servizi Italia S.p.A. may, in particular to:

- (i) award MBO and/or LTI bonuses to Executives in excess of the thresholds provided for each type of beneficiary by the Remuneration Policy, whenever they opt for the adoption of a reasonably low Fixed Monetary Component compared to the market benchmark, as well as whenever particularly challenging performance targets are identified;
- (ii) not assign MBO and/or LTI remuneration components to individual Executives;
- (iii) assign, including ex post, to individual Executives, bonuses and one-off payments of a discretionary nature, in relation to the achievement or the manner of achieving particular objectives (other than those assigned for the payment of variable remuneration components), achieved through exceptional individual contributions, as well as to favour the acquisition and retention of resources possessing specific skills and high-level professionalism deemed necessary for the achievement of the objectives of the Servizi Italia Group;
- (iv) grant to an individual Executive Director and/or Executive with strategic responsibilities an indemnity/compensation for the termination of the directorship and/or employment relationship with the Company (not taking into account the amounts relating to non-competition agreements and the severance pay provided for in application of the applicable CCNL agreement) higher than the global remuneration paid on termination of the relationship over a period of 24 months, as well as to recognize for non-competition agreements post termination of the relationship with the Company amounts higher, for each year of duration of the non-competition agreement, than the RAL/fixed annual remuneration component paid on termination of the relationship;
- (v) recognize to an individual Executive Director and/or Executive with strategic responsibilities the maintaining of rights related to incentive plans (both MBO and LTI, whether monetary or based on financial instruments) after the termination of the relationship with the Company occurring prior to the expiry of the incentive plan's vesting period;
- (vi) waive, within the context of a settlement agreement with the person concerned, the application of claw-back mechanisms.

The exceptional circumstances in which the above exceptions are permitted are those in which an exception is necessary in order to pursue the long-term interests and sustainability of business operations of the Company

and Group, or to ensure the Company's and the Group's ability to stay in the market, and include but are not limited to the following situations:

- (i) the need to acquire and/or retain individuals possessing skills and professionalism deemed strategic for the interests and/or sustainability of the operations by the Company and/or the Servizi Italia Group;
- (ii) the need to motivate resources deemed strategic where the failure to achieve the performance targets is linked to exogenous circumstances and/or extraordinary and/or unforeseeable factors and/or in any case independent of the actions of the individual recipient of the incentive bonus;
- (iii) the need to manage a turnover of persons in strategic roles and/or positions for the interests and/or sustainability of the operations of the Company and/or the Servizi Italia Group, where the constraints contained in the approved Policy could limit the Company's ability to attract managers with the most appropriate professional skills to manage the business;
- (iv) the need to protect corporate know-how ;
- (v) interest of the Company in settling a dispute that has already arisen and/or may arise;
- (vi) significant changes in the scope of the company's operations during the validity of the Policy.

In the cases of exemption from the Remuneration Policy provided for in this section, the Company will apply the procedure and obligations provided for in the Regulation on Operations with Related Parties adopted by the Company in compliance with Consob Regulation No 17221/2010 (as amended and supplemented), including in the case of an exemption provided for in the ORP Regulation (by way of example, where the transaction qualifies as a small amount). In any case, it remains necessary to obtain the prior opinion of the Board of Statutory Auditors pursuant to Article 2389, paragraph 3 of the Italian Civil Code where the waiver concerns the remuneration of Directors holding special offices.

8. Changes in the Remuneration Policy compared to the previous financial year

The Remuneration Policy adopted for the 2021-2023 three-year period and illustrated in Section I of this Report does not present substantial changes compared to that described in the Remuneration Report published in 2021 and approved by the Shareholders' Meeting on 20 April 2021, and is in line with the regulatory changes introduced by Consob with resolution no. 21623 of 10 December 2020 implementing SHRD 2 (EU Directive 2017/828).

In compliance with the provisions of art. 123-ter, paragraph 3-bis of the Consolidated Law on Finance, the Company has made use of the option to provide for a three-year term of the Remuneration Policy.

In the opinion of the Board of Directors and of the Committee, the Policy is suitable to allow a correct definition of competitive remuneration levels and to promote internal fairness and transparency.

9. Other Information

in preparing the Policy, the Company did not use the assistance of consulting firms and/or external experts;

At the date of this Report, Servizi Italia S.p.A. had no incentive plans based on financial instruments in place pursuant to Article 114-bis of the Consolidated Law on Finance.

SECTION II

This section, by name, for the members of the administrative and control bodies and for the General Manager, and in aggregate form for the other Executives holding strategic responsibilities:

- a) provides an adequate representation of each of the items that make up their remuneration, highlighting their consistency with the Remuneration Policy for the year 2021 described in the first section of the Remuneration Report drawn up for the Shareholders' Meeting of 20 April 2021;
- b) analytically illustrates the remuneration paid during the 2021 financial year for any reason and in any form by the Company and by subsidiary or associated companies.

There are no additional Executives holding strategic responsibilities in the Company who during the year 2021 received higher total remuneration than the highest total remuneration received by the Directors and General Manager. It should also be noted that the company qualifies as a smaller company pursuant to art. 3, paragraph 1, letter f) of Consob Regulation no. 17221/10. Therefore, for additional Executives holding strategic responsibilities, information is provided in aggregate form.

It should be noted that in 2021, in addition to the General Manager Andrea Gozzi, the following qualified as Company's Executives with strategic responsibilities, even for a portion of the time: Ilaria Eugeniani, Director of Administration, Finance and Control, Angelo Minotta, Manager responsible for preparing the company's financial reports, Giovanni Manti, Organisation and Systems Director, Danilo Canovi, Purchasing Director, and Simona Campanini, Director of Human Resources.

First part

Remuneration components for financial year 2021

Details of the remuneration paid in the financial year 2021 to the members of the administrative and control bodies, to the General Manager as well as to the other Executives with strategic responsibilities are illustrated in the tables below.

Note that the Shareholders' Meeting held on 20 April 2018 resolved to grant the Board of Directors, in overall terms for each year of office, a gross annual emolument of a maximum of Euro 1,315 thousand, comprising a fixed annual part of Euro 915 thousand and a maximum annual variable part of Euro 400 thousand, the latter to be paid to the CEO and measured upon achievement of certain objectives set out in the Annual ABS Plan and the LTI Cash Plan, also resolving on an indemnity for termination of office as CEO.

This compensation, formulated in aggregate terms, was allocated by the Board of Directors on 20 April 2018 and, not exceeding the maximum amounts approved, subsequently following the change in governance and the turnover of certain Directors, allocated on 7 January 2020, 29 April 2020 and 13 May 2020, among the Directors, Directors holding special offices and participants in internal Committees, subject to the favourable opinion of the Board of Statutory Auditors and the Appointments and Remuneration Committee, in accordance with the provisions of the Civil Code and current Articles of Association.

With reference to the 2021 financial year, for the Board of Directors and the Committees in office until 20 April 2021, the distribution criterion adopted was the following:

1. an annual gross fixed basic component which is the same for all members of the Board of Directors, amounting to Euro 20,000.00;
2. an additional annual gross fixed component for the following Directors holding special offices: Chairperson Euro 70,000.00, Vice-Chairperson Euro 25,000.00, Executive Director member of the Executive Committee Euro 40,000.00 fixed component and maximum Euro 10,000.00 variable component; Committee Chairperson Euro 5,000.00, Lead Independent Director Euro 5,000.00; members of the Internal Committees Euro 20,000.00.
3. a gross variable component for each Executive Director member of the Executive Committee linked to the objectives defined in the 2020 ABS Plan.

Subsequently, the Shareholders' Meeting held on 20 April 2021 resolved to establish in:

- maximum Euro 595 thousand for the total gross annual fixed remuneration for the Board of Directors, to be divided by the Board, after hearing the opinion of the Board of Statutory Auditors, among the Directors, including those vested with particular offices and those participating in Board Committees;
- maximum Euro 30 thousand for the total annual gross variable remuneration for the Board of Directors, to be divided by the Board, after hearing the opinion of the Board of Statutory Auditors, among the executive Directors in accordance with the provisions of the Remuneration Policy from time to time applicable and linked to the achievement of the objectives set by the Board of Directors in accordance with the Company's applicable Annual Bonus System Plan;
- maximum Euro 60 thousand for the total gross medium/long-term remuneration for the Board of Directors, to be divided by the Board, after hearing the opinion of the Board of Statutory Auditors, among the executive Directors in accordance with the provisions of the current Remuneration Policy from time to time applicable and linked to the achievement of the objectives set by the Board of Directors in accordance with the Company's applicable Long Term Incentive Cash Plan;

Furthermore, the Shareholders' Meeting held on 20 April 2021 resolved, among other thing, to grant the Board of Directors the power to recognize to Directors the non-monetary benefits and additional indemnities contemplated by the remuneration Policy approved by the Shareholders' Meeting.

With reference to the 2021 financial year, for the Board of Directors and the Committees in office starting from 20 April 2021, the distribution criterion adopted was as follows:

- a fixed annual basic component which is the same for all members of the Board of Directors of Euro 20,000;
- an additional annual gross fixed component for the following Directors vested with special offices: (i) Chairman of the Board of Directors Euro 50,000.00; (ii) Deputy Chairman of the Board of Directors Euro 25,000.00; (iii) Director in charge of the internal control and risk management system Euro 5,000.00; (iv) Director member of the Executive Committee 100,000.00 per year; (v) Director member of the Governance Committee Euro 20,000.00 per year; (vi) Chairman of the Governance Committee Euro 5,000.00 gross per year; (vii) Lead Independent Director Euro 5,000.00 per year;
- with reference to the variable remuneration of each member of the Executive Committee; (i) if not already identified as a beneficiary of variable remuneration by virtue of the role of Executive of the Company, a remuneration of a maximum of Euro 15,000.00 gross annually, in accordance with the provisions of the Remuneration Policy applicable from time to time and linked to the achievement the objectives set by the Board of Directors in accordance with the Company's applicable Annual Bonus System Plan; (ii) if not already identified as beneficiary of the variable remuneration by virtue of the role of Executive of the Company, a remuneration of a maximum of Euro 30,000.00 as a total gross variable remuneration in the medium-long term in accordance with the provisions of the Remuneration Policy from time to time applicable and linked to the achievement of the objectives set by the Board of Directors in line with the Company's applicable Long Term Incentive Cash Plan.

In line with the Remuneration Policy adopted by the Company for the year 2021, the remuneration of the General Manager and of the other Executives with strategic responsibilities for the year 2021 was composed of the following elements:

1. a fixed monetary component;
2. an annual variable monetary component, achievable on the basis of the achievement of pre-established corporate and individual targets provided for in the short-term incentive scheme (ABS plan for the year 2021);
3. *benefits (non-monetary benefits) recognized by company practices and identified in a specific regulation approved by the Board of Directors, in accordance with the principles of sobriety, cost containment and proportionality in relation to pursued objectives.*

In compliance with the Remuneration Policy approved by the Shareholders' Meeting of 20 April 2021, it is noted that the Board of Directors of 14 March 2022, with the assistance of the Committee, assessed and approved the partial payment of the monetary bonuses to Executive Directors and Executive with strategic responsibilities participating in the 2021 ABS Plan upon reaching the threshold of the 2021 ABS Plan (Group non-negative consolidated net result), the collective performance target (linked to the Group consolidated EBIT) and of certain individual performance objectives assigned (with regard to the Executive Directors and the General Manager, in addition to the reported collective performance objective, the ESG objectives identified for the year 2021 by the Sustainability Plan of the Servizi Italia Group described in the Consolidated non-financial statement pursuant to Legislative Decree no. 254/2016 and relating to the implementation at the Group's Italian and foreign subsidiaries of the Servizi Italia Compliance Program were achieved).

It should be noted that the Company avails itself of the option provided for in Annex 3A, Schedule 7-bis to the Issuers' Regulations to omit detailed information on the targets to which the payment of the variable remuneration component for Executive Directors and the General Manager is linked, since this is sensitive information and unpublished forecast data, whose disclosure could be prejudicial to the Company.

For details on the variable remuneration components of Executive Directors, the General Manager and Executives with strategic responsibilities accrued in the financial year 2021, refer to the tables in the second part of the second section of this Report.

The members of the Board of Statutory Auditors also receive an emolument, whose amount is determined by the Shareholders' Meeting at the time of their appointment. In particular, the Shareholders' Meeting of 28 April 2020, with the renewal of the Board of Statutory Auditors for the three-year period 2020-2021-2022, resolved to set the fixed annual gross remuneration of its Chairperson at Euro 25,000 per year, and that of the members at Euro 20,000 per year. In execution of the Remuneration Policy, the members of the Board of Statutory Auditors are precluded from any form of variable remuneration, while recognizing a social security fund and/or reimbursement of expenses for the exercise of the office of Statutory Auditor.

Allocation of indemnities and/or benefits for termination of office or termination of employment during the 2021 financial year, with reference to Executive Directors and the Chairman

In the 2021 financial year, no indemnities and/or benefits for the termination of office or for the termination of the employment relationship were attributed to executive directors or to the chairman of the management body.

Waivers applied to the Remuneration Policy for the year 2021

No exceptions to the 2021-2023 Remuneration Policy approved by the Shareholders' Meeting of 20 April 2021 were applied during the 2021 financial year.

Application of ex-post correction mechanisms (claw-back and/or malus)

During the 2021 financial year, no ex-post correction mechanisms were applied to the variable remuneration components recognized for previous years.

Vote cast by the Shareholders' Meeting of 20 April 2021 on the second section of the Remuneration Report

The Shareholders' Meeting held on 20 April 2021 approved by majority the second section of the Report on the Remuneration Policy and remuneration paid in the 2021 financial year with the favourable vote of 19,079,992 (nineteen million seventy nine thousand nine hundred ninety two) equal to 93.019117% of the share capital present (and equal to 59.982148% of the entire share capital); the vote against of 18,073 (eighteen thousand seventy three) shares equal to 0.08811% of the share capital present and abstentions of 1,413,839 (one million four hundred and thirteen thousand eight hundred thirty-nine) shares equal to 6.892773% of the share capital represented at the Shareholders' Meeting. The Board of Directors consequently took positive note of this favourable vote and in the 2021 financial complied with the Remuneration Policy approved by the Shareholders' Meeting of 20 April 2021.

Second part

The tabular report presented below for the information of the Shareholders' Meeting provides an overview of remuneration for the 2021 financial year.

The section below shows Tables 1 and 3B of Schedule 7-bis and Table 1 of Schedule 7-ter of Annex 3A of the Issuers' Regulations.

The information relating to Tables 2 and 3A of schedule 7-bis of Annex 3A of the Issuers' Regulations is not shown, as stock option plans for Directors and Executives with strategic responsibilities were not approved by the Shareholders' Meeting.

Table 1 of Schedule 7-ter of Annex 3A of the Issuers' Regulations required by Article 84-quater of the Issuers' Regulations contains information on the shareholdings in Servizi Italia S.p.A. and in its subsidiaries, directly or through subsidiaries, trust companies or intermediaries, by members of the administrative and control bodies and their respective spouses who are not legally separated and minor children.

Proposed resolution

Dear Shareholders,

We wish to remind you that the Shareholders' Meeting is required to vote on the "Second Section" of the Remuneration Report, which provides a representation of each of the items that make up the remuneration, by name, of the members of the administrative and control bodies and of the General Manager and in aggregate form of other Executives with strategic responsibilities.

In preparing the Report, Servizi Italia S.p.A. has taken into account the provisions of current laws and regulations and the Corporate Governance Code for listed companies to which the Company has adhered.

The following is the proposal for a resolution submitted to the Shareholders' Meeting by your Board of Directors, in compliance with the applicable legal provisions:

“The Shareholders' Meeting:

- *having regard to Articles 123-ter of Legislative Decree No 58 of 24 February 1998 and 84-quater of the Regulation adopted by CONSOB Resolution No 11971/99;*
- *having acknowledged the Remuneration Policy for the three-year period 2021-2023 approved by the Shareholders' Meeting on 20 April 2021 and made available in the first section of the Report on the Remuneration policy and remuneration paid, drawn up by the Board of Directors;*
- *having acknowledged the second section of the Remuneration and Compensation Policy Report, drawn up by the Board of Directors pursuant to Article 123-ter of Legislative Decree No 58 of 24 February 1998;*
- *that, pursuant to Article 123-ter, paragraph 6, of Legislative Decree No 58 of 24 February 1998, this resolution shall not be binding on the Board of Directors;*

RESOLVED

to express a favourable opinion on the first section of the Remuneration Report drawn up by the Board of Directors pursuant to Article 123-ter of Legislative Decree No 58 of 24 February 1998.”
