1 PROFILE OF THE ISSUER

1.1 PRELIMINARY REMARKS

Moncler S.p.A. (**Moncler** or the **Company**) is a joint stock company with shares listed on the main market (currently known as Euronext Milan, **Euronext Milan**) of Borsa Italiana S.p.A. (**Borsa Italiana**) since 16 December 2013. Moncler is part of the FTSE-MIB index of Borsa Italiana as of 24 March 2014. At the date of this Report the market capitalization of the Company is equal to Euro 13.4 billion.

During the first quarter of 2021, Moncler's acquisition of the entire share capital of Stone Island (the **Stone Island Transaction**), announced in December 2020, was finalized. In 2021, therefore, Moncler and Stone Island have started a new path, through which the Group, while maintaining the identities of its strongly independent brands, intends to pool its entrepreneurial and managerial cultures in addition to its business knowledge and technical know-how to strengthen its competitiveness and enhance its great growth potential, while also sharing its sustainability culture.

1.2 CORPORATE GOVERNANCE SYSTEM

For Moncler, the corporate governance system plays a key role in the transparent and responsible running of business operations of the Group. It contributes significantly to the creation of sustainable medium and long-term value both for Shareholders and stakeholders, in keeping with the best practices of corporate social responsibility applicable in all countries in which the Group operates.

The corporate governance system complies with the principles set forth in the Corporate Governance Code and with the regulatory provisions governing Italian listed companies to whom Moncler complies. It is based on four pillars:

- (i) the pivotal role of administrative and control bodies;
- (ii) the effectiveness and transparency of management decisions;
- (iii) the careful and diligent monitoring of related-party transactions and handling of privileged information;
- (iv) the set of values defined, recognised, shared, and established in both the code of ethics of Moncler (the **Code of Ethics**) and company policies.

Moncler has adopted the traditional management and control system pursuant to Art. 2380-*bis* et seq. of the Italian Civil Code, under which the Board of Directors is entrusted with the management of the business and the Board of Statutory Auditors with the control and supervision functions.

Moncler's governance system guarantees a constant dialogue between the management and the Shareholders, detailed as follows:

- a) the **Shareholders' Meeting** is a corporate body with exclusively deliberative functions whose powers are limited by law to the most important decisions of the Company's life;
- b) the **Board of Directors** is the corporate body to which the direction and management of the Company and the Group is devolved. In addition to the powers assigned to it by law and the Bylaws, the Board of Directors has exclusive jurisdiction over the most important decisions from an economic and strategic point of view, as well as those that are functional to the exercise of monitoring and business direction activities. The Board of Directors gives high priority to the Group's leadership role in order to pursue sustainable growth and consistent value creation in the medium to long term for the Company. Within the Board of Directors, the Nomination and Remuneration Committee and the Control, Risks and Sustainability Committee have been set up, both

with propositional and consultative functions in line with the recommendations of the Corporate Governance Code, as well as the Related Parties Committee in accordance with applicable laws and regulations and the procedure adopted by the Company;

- c) the **Board of Statutory Auditors** oversees, among other things, (i) compliance with the law and the Bylaws, as well as compliance with the principles of proper management; (ii) to the extent of its competence, the adequacy of the Company's organisational structure, the internal control system and the administrative and accounting system, as well as the reliability of the latter in correctly representing managing events; (iii) the procedures for the concrete implementation of the corporate governance rules laid down in the codes of conduct to which the Company adheres; (iv) the effectiveness of the internal audit and risk management system, the auditing of the accounts, the independence of the statutory auditor;
- d) the **Auditing Firm** carries out the statutory audit. The auditing firm is appointed in accordance with the Bylaws by the Shareholders' Meeting on the proposal of the Board of Statutory Auditors. The external auditor carries out its activities independently and autonomously and is therefore not the representative of the majority or minority Shareholders. The statutory audit for the nine-year period 2022-2030 is entrusted to the auditing firm Deloitte&Touche S.p.A. (**Deloitte**).

In addition, as part of the Internal Control and Risk Management System adopted by Moncler, a **Supervisory Body** has been set up to oversee the effectiveness and adequacy of Moncler's internal mechanisms and controls and the organisational and management model pursuant to and for the purposes of Decree 231 (the **231 Model**) adopted by the Company, reporting on its implementation. In addition to the Supervisory Board, an important role within Internal Control and Risk Management System is played by, among others, the Compliance Function (which operates as a II level control function) as well as the Internal Audit Function (which operates as a III level control function), the Director in charge of Internal Control and Risk Management System, the Control, Risk and Sustainability Committee and the Board of Statutory Auditors.

As parent company, Moncler is responsible for the direction of strategy for the Company and the Group and performs management and coordination activities within the meaning of Art. 2497 and subsequent of the Italian Civil Code by setting out medium-long term strategies in terms of (i) economic and financial results, (ii) business and investment targets and (iii) selling and marketing policies.

The values established by Moncler's Code of Ethics require all employees to ensure that the Group's activities are carried out in accordance with the applicable law, regulations and internal procedure' provisions, within a framework of fair competition, with honesty, integrity and propriety and with respect for the legitimate interests of Shareholders, employees, customers, suppliers, commercial and financial partners and the societies of the countries in which the Moncler Group is present.

Moreover, Moncler developed and adopted an anti-corruption model that provides, among other things, for the regulatory review of corruption offences in the countries in which the Company operates, identifying the areas and business processes most at risk of corruption. More specifically, an anti-corruption policy was therefore implemented by each company of the Moncler Group, regulating the responsibilities for monitoring regulatory changes, risk controls, training, audit activities, management, and the reporting of any cases of non-compliance.

The Company does not qualify as a "SME" (small and medium-sized enterprise) pursuant to Art. 1, comma 1, letter *w-quarter.1*) of the Consolidated Law on Finance and Art. 2 of the Issuers' Regulation.

The Company qualifies as "large company" pursuant to the Corporate Governance Code.

1.3 SUSTAINABILITY

Pursuant to the Corporate Governance Code, it is the duty of the Board of Directors to guide the Company by pursuing its sustainable success; an objective that is realized in the creating long-term value for the benefit of shareholders, taking into account the interests of other relevant stakeholders of the Company.

Moncler's way of operating is oriented towards the creation of sustainable value for all its stakeholders. Several rating companies have expressed a positive assessment of the Company's sustainability performance.

In 2021 Moncler, for the third year in a row, was confirmed in the Dow Jones Sustainability (DJSI) World and Europe indexes, obtaining, in the S&P Global Corporate Sustainability Assessment², the highest score (89/100) in the Textiles, Apparel & Luxury Goods sector, together with the Gold Award.

During the course of the Financial Year, Moncler took part for the first time in the CDP³ Climate Change questionnaire. The Group received an A- score for its transparency and actions to mitigate risks related to climate change. In addition, Moncler was also recognized as a Supplier Engagement Leader.

Also in 2021, Moncler obtained an A rating from MSCI ESG Research⁴, which provides sustainability ratings of international listed companies and certain private companies by assessing them based on their exposure to sector-specific ESG risks and their ability to manage those risks compared to companies in the same industry.

In 2022, Moncler was also awarded the Industry Top-Rated Badge as well as the Regional Top Rated badge by Sustainalytics, a leading ESG and Corporate Governance research and rating company that supports investors in developing and implementing responsible investment strategies.

With regard to the remuneration policies, the annual incentive plan (MBO) provides for strong correlation with ESG (*Environmental, Social and Governance*) issues, through the use of a KPI linked to achievement of the annual objectives of the 2020-2025 Strategic Sustainability Plan; the medium-long term incentive plan (in the form of the share-based incentive plan called the "2022 Performance Shares Plan") also provides for this correlation through an ESG KPI linked to the following objectives:

- a) Climate Change: carbon neutrality of Group offices worldwide achieved through 100% energy from renewable sources, 90% low emission company fleet vehicles and offset of non-avoidable residual emissions;
- b) Circular Economy: 25% of the nylon used in the 2024 collections is sustainable;
- c) Diversity, Equity & Inclusion: obtaining Equal Pay certification for the Moncler headquarters.

In addition, a further objective is planned that reflects the achievement of a high score for the Group's sustainability performance by one of the leading ESG rating agencies including S&P Global, CDP, MSCI or Sustainalytics.

Each year the Moncler Group reports on its performance and sustainability objectives in the Non-Financial Statement. In 2021, the Group presented its Strategic Sustainability Plan, which targets five strategic directions: fight against climate change, circular economy, responsible procurement, attention to diversities and support to the local communities.

² S&P Global is one of the world's leading rating, benchmarking and analysis firms in terms of economic, social and environmental responsibility.

³ CDP is a not-for-profit organization that operates the leading environmental reporting platform that rates companies on completeness of information, risk awareness and management, and best practices implemented, such as setting ambitious and meaningful goals, in their climate change management, rating them on a scale which ranges from A to E.

⁴ MSCI ESG Research provides in-depth research, evaluation and analysis of business practices related to environmental, social and governance issues in order to provide institutional investors with insights to identify risks and opportunities that traditional investment analysis methodologies may not reveal. The rating scale ranges from AAA (leading) to CCC (laggard).

The Non-Financial Statement for the Financial Year is available on the Company's website www.monclergroup.com in the "Sustainability/Documents" Section.

2 INFORMATION ON OWNERSHIP STRUCTURES

A) CAPITAL STRUCTURE

The share capital results as subscribed and paid-in for Euro 54,736,558.00, consisting of 273,682,790 ordinary shares without nominal value.

The shareholding structure of Moncler at the date of this Report is composed as follows:

The Shareholders' Meeting of June 11, 2020 approved the adoption of the incentive and loyalty plan named "2020 Performance Shares Plan" (the **2020 Performance Shares Plan**) and has granted to the Directors, pursuant to Art. 2443 of the Italian Civil Code, the power to increase the share capital in service of the implementation of such Plan, free of charge, up to a maximum of Euro 400,000, through the issuance of a maximum of 2,000,000 new ordinary shares.

The aforementioned Plan is addressed to Executive Directors, Key-managers, employees and collaborators, including external consultants, of Moncler and its subsidiaries for the purposes of Art. 93 of the Consolidated Law on Finance. The 2020 Performance Share Plan has a three-year vesting period and provides for the free assignment of the so-called Moncler Rights, which entitle the holder, if certain performance targets are achieved, to the assignment of one free share for each right assigned. The documentation relating to the 2020 Performance Shares Plan is available on the Company's website www.monclergroup.com, under Section "Governance/Remuneration", together with the information document prepared pursuant to Art. 84-*bis* of the Issuers' Regulation, in which the most relevant terms of said Plan are disclosed.

B) RESTRICTIONS ON THE TRANSFER OF SECURITIES

The By-laws do not provide for any restrictions on the free transfer of the Shares nor limits on the ownership of such, nor are there any consent clauses for purchasing shareholding in Moncler's share capital pursuant to law or the Bylaws.

It should be noted that the Rivetti Shareholders Agreement and the Venezia Agreement (each as defined in the following Paragraph under letter g) "Shareholders' Agreements") entered into on 23 February 2021 as part of the transaction for the acquisition by Moncler of the entire share capital of SPW provide for lock-up obligations through which Moncler, the Rivetti Shareholders and Venezia intended to establish limits on the disposal of the newly issued

Moncler shares resulting from the capital increase in the period immediately following their subscription, for the purpose of stabilizing the security.

With respect to the content of these obligations and for all the relevant details, reference should be made to the following Paragraph under letter g) "Shareholders' Agreements" and to the essential information of such Agreements, as per Art. 130 of the Issuers' Regulations, published on the Company's website www.monclergroup.com, in the Section "Governance/Documents and procedures".

C) SIGNIFICANT DIRECT AND INDIRECT HOLDINGS

Significant direct or indirect holdings in Moncler's share capital are stated in **Table 1** in the appendix, which has been prepared on the basis of the notifications received by the Company pursuant to Art. 120 of the Consolidated Law on Finance up to the date of this Report.

D) SECURITIES WITH ANY SPECIAL RIGHTS

With the exception of the matters indicated below, no shares granting special control rights have been issued, nor are there any holders of special powers pursuant to the law or Bylaws currently in force.

E) EMPLOYEE SHARE SCHEMES: MECHANISM FOR THE EXERCISE OF VOTING RIGHTS

At the date of the present Report, the Company adopted the remuneration plans for Directors and employees of the Group described in the Remuneration Report, as well as the disclosure document prepared pursuant to Art. 114-*bis* of the Consolidated Law on Finance and Art. 84-*bis* of the Issuers' Regulations, available on the Company website www.monclergroup.com under Sections "Governance/Remuneration" and "Governance/Shareholders' Meeting".

These plans do not provide for the allocation of voting rights to parties other than the relative beneficiaries, nor particular mechanisms for the exercise of the voting right.

F) RESTRICTIONS ON VOTING RIGHTS

There are no restrictions on voting rights.

G) SHAREHOLDERS' AGREEMENTS

As of the date of this Report, the following agreements, entered into as part of the Stone Island Transaction completed on 31 March 2021 (the **Stone Island Transaction**), are in place:

1. the sale and purchase agreement (the **Rivetti Shareholders Agreement**) between Moncler and Rivetex S.r.l. (**Rivetex**), a company that can be traced back to Carlo Rivetti (**CR**) and certain members of the Rivetti family (together with Rivetex, the **Rivetti Shareholders**);
2. the sale and purchase agreement (the **Venezio Agreement** and, together with the Rivetti Shareholders Agreement, the **SPW Sale and Purchase Agreements**) between Moncler and Venezia Investments Pte. Ltd;
3. the investment agreement and shareholders' agreement (the **Investment Agreement**) between Ruffini Partecipazioni Holding S.r.l. (**RPH**), Remo Ruffini (**RR**), the Rivetti Shareholders, CR and Venezia.

SPW Sale and Purchase Agreements

On 23 February 2021:

- (a) Moncler, on one side, and the Rivetti Shareholders, on the other side, entered into, in accordance with the framework agreement entered into by the same parties on 6 December 2020 (which terminated the date the Rivetti Shareholders Agreement was entered into) the Rivetti Shareholders Agreement, which provides for the purchase by Moncler of the entire shareholding in SPW held (at that time) by the Rivetti Shareholders, equal to 70% of the share capital of Stone Island;
- (b) Moncler, on one side, and Venezia, on the other side, entered into the Venezia Agreement, which provides for the purchase by Moncler of the entire shareholding in SPW held (at that time) by Venezia, equal to 30% of the share capital of Stone Island.

The SPW Sale and Purchase Agreements provide that, as part of the closing of the Stone Island Transaction, the Rivetti Shareholders and Venezia (with reference to the Rivetti Shareholders Agreement only, subject to the fulfilment of the conditions precedent related to the obtaining of antitrust authorizations and the approval by the Shareholders' Meeting of Moncler of a capital increase reserved to the Rivetti Shareholders and Venezia pursuant to Art. 2441, Paragraph 5, of the Italian Civil Code, as well as, with reference to the Venezia Agreement only, subject to the closing of the acquisition by Moncler of the shareholding held by the Rivetti Shareholders in Moncler) re-invest in newly issued shares of Moncler an amount equal to 50% of the entire consideration provided for the sale to Moncler of their shareholding in SPW.

On 25 March 2021, the Extraordinary Shareholders' Meeting of Moncler approved the capital increase reserved to the Rivetti Shareholders and Venezia. On March 31, 2021, the closing of the Stone Island Transaction was completed, resulting in the transfer of newly issued shares of Moncler to the Rivetti Shareholders, for a total amount of 15,330,166 shares (the **Rivetti Shareholders Moncler Shares**) and to Venezia, for a total amount of 4,599,050 shares (the **Venezio Moncler Shares** and together with the Rivetti Shareholders Moncler Shares, the **Newly Issued Moncler Shares**).

Also on March 31, 2021, following the contribution of newly issued shares reserved for Rivetti Shareholders by some members of the Rivetti family in companies entirely-owned by them, the following companies adhered to the lock-up obligation provided for in the Rivetti Shareholders Agreement: MARS S.r.l. (whose share capital is wholly owned by Mattia Rivetti Riccardi), GIN S.r.l. (whose share capital is wholly owned by Ginevra Alexandra Shapiro), PIT S.r.l. (whose share capital is wholly owned by Pietro Brando Shapiro) and Lefevi S.r.l. (whose capital is wholly owned by Alessandro Gilberti).

On 23 April 2021, the Venezia Moncler Shares were contributed to Double R (formerly Ruffini Partecipazioni S.r.l. (**DR**), indirectly controlled by Remo Ruffini through RPH, which adhered to the lock-up clause provided for therein.

The SPW Sale and Purchase Agreements provide for certain limits on the disposal of the Rivetti Shareholders Moncler Shares and of the Venezia Moncler Shares, respectively, in the period immediately following their subscription, for the purpose of stabilizing the stock. Specifically, the Rivetti Shareholders Moncler Shares and the Venezia Moncler Shares are subject to a lock-up period of 12 months from the Closing Date, it being understood that, on expiry of this period, this lock-up applies for a further period of 6 months (and therefore until the expiry of the 18th month from the Closing Date), limited to 50% of the aforementioned shares. Any transfer of Moncler shares up to the amount of those already held on the Closing Date is not subject to lock-up and therefore the lock-up applies only to transfers in excess of the shares already held.

The essential information concerning the SPW Sale and Purchase Agreements has been published, pursuant to Art. 130 of the Issuers' Regulations, on the Company's website www.monclergroup.com, Section "Governance/Documents and procedure".

The Investment Agreement

Also on 23 February 2021, RPH, RR (for certain specific provisions), as one party, the Rivetti Shareholders, CR (for certain specific provisions), as the second party, and Venezia, as the third party, entered into the Investment Agreement in order to define certain elements preparatory to the closing of the Stone Island Transaction and to regulate, subject to the closing of the Stone Island Transaction and the consequent transfer in favour of the Rivetti Shareholders and Venezia of, respectively, the Rivetti Shareholders Moncler Shares and of the Venezia Moncler Shares, the terms and conditions:

- (a) of the contribution in DR of (i) the Venezia Moncler Shares by Venezia and (ii) the Rivetti Shareholders Moncler Shares by the Rivetti Shareholders by means of a newly incorporated company dedicated exclusively to this purpose (**NewCo**);
- (b) the regime applicable to the Newly Issued Moncler Shares until their contribution to DR; and
- (c) of the relationships between RPH, Venezia and NewCo (Venezia and NewCo, the **Minority Shareholders**) as shareholders of DR.

The shareholders' agreements contained in the Investment Agreement are attributable to a voting syndicate and an agreement that sets limits on the transfer of financial instruments, which are relevant pursuant to Art. 122, Paragraph 1 and Paragraph 5, letters a) and b) of the Consolidated Law on Finance.

Accelerated bookbuilding

Since, as a result of the subscription of the Newly Issued Moncler Shares, DR and RR would have held a total interest in Moncler greater than the 25% threshold, RPH, Venezia and the Rivetti Shareholders agreed that in the period between 23 February 2021 and the expiration of the twelfth month following the assignment of the Newly Issued Moncler Shares, DR would proceed to sell 8,200,000 Moncler shares so that the total interest held in Moncler by RR, RPH, the Rivetti Shareholders and Venezia would be reduced to below the 25% threshold. The Sell Down was completed on March 10, 2021 with the sale of 8,200,000 Moncler shares to institutional investors through an accelerated bookbuilding procedure (with a settlement date of 12 March 2021).

Standstill

In addition, RPH and RR, as one party, Venezia, as another party, and each of the Rivetti Shareholders and CR, as a third party, (directly or indirectly – and therefore, with regard to the S Shareholders and CR, also through Newco S – and whether acting alone or in concert with another person) have undertaken to:

- (a) not to purchase, nor cause any other person acting in concert to purchase Moncler shares and/or financial instruments of Moncler; and
- (b) not to enter into any contract, agreement or understanding (binding or non-binding) or to perform any other act as a result of which a party may acquire or is bound to acquire a direct or indirect interest in Moncler shares and/or in financial instruments of Moncler.

These standstill commitments are relevant if, and to the extent that, the occurrence of the events above has the effect of triggering the obligation to promote a mandatory takeover bid for Moncler shares.

Transfer of Moncler shares

The Investment Agreement contains certain provision on the transfer of interests in Moncler. In particular, in the event of transfer of Moncler shares owned by DR, the following alternatives will apply:

- (a) in the event that the total number of Moncler shares subject to the transfer represents

a stake of no more than 5% of Moncler's subscribed and paid-up share capital, each Minority Shareholder (the **Incremental Minority Shareholder**) shall be entitled to request that RPH transfers to the Incremental Minority Shareholder(s) a stake in DR (the **Incremental Shareholding**) such that, following such transfer of the Incremental Shareholding, the number of Moncler shares indirectly held by the Incremental Minority Shareholder(s) through DR remains unchanged with respect to the situation prior to the Transfer of the Moncler shares; in the event that any Incremental Minority Shareholder sends the notice, RPH is required to sell to such Incremental Minority Shareholder, who will purchase a share of DR's share capital determined on the basis of a formula provided for in the Investment Agreement;

- (b) in the event that the total number of Moncler shares subject to the Transfer of Moncler shares (possibly cumulated with previous Transfers of Moncler shares) represents an interest of more than 5% of the share capital subscribed and paid-up of Moncler, this situation will constitute a material circumstance for the activation of a special right of withdrawal in favor of each Minority Shareholder. In this case, it is expressly provided in the Investment Agreement that: (i) the number of Moncler shares that the relevant Minority Shareholder will be entitled to receive in the event of withdrawal will be calculated without taking into account the effect of the transfer of relevant Moncler shares; and (ii) the net proceeds earned by DR from the transfer of Moncler shares will not be distributed in favor of the withdrawing Minority Shareholder.

Governance of Moncler

The Investment Agreement regulates, among other things, certain aspects concerning the governance of Moncler:

- (a) firstly, pursuant to the Investment Agreement, RPH and Venezia agreed to have DR (i) attend Moncler Shareholders' Meeting of March 25, 2021 and vote in favour of the proposal to change the number of members of the Board from 11 to 12 and (ii) and vote in favour of the proposal to appoint CR as a new member of the Board at the Moncler Shareholders' Meeting of 22 April 2021;
- (b) secondly, the Investment Agreement provides that as of the first renewal of the Board in office as of the date of this Report, DR shall exercise its voting rights so that the Board is composed of 12 members, at least 4 of which are independent, and present and vote a list of 12 members, of which one candidate is designated by NewCo in the person of CR, 1 candidate is designated by mutual agreement by NewCo and RPH, one candidate belonging to the less represented gender is designated by Venezia and all remaining candidates are designated by DR on the exclusive instructions of RPH.

Lastly, as already mentioned, on 31 March 2021 the Stone Island Transaction was perfected and on the same date RPH and RR, on one side, and Venezia, on the other side, agreed to postpone the termination date of the shareholders' agreement in force between them (the **RPH-Venezio Agreement**) (aimed at regulating the relationships between RPH and Venezia as shareholders of DR) to the date of contribution of the Venezia Moncler Shares to DR. On April 23, 2021, the Shareholders' Meeting of DR resolved a capital increase reserved to Venezia to be paid by means of contribution of the Venezia Moncler Shares to DR, with consequent execution of the aforementioned contribution; therefore, as of 23 April 2021, this RPH-Venezio Agreement ceased to have any effect.

The essential information concerning the shareholders' agreements contained in the Investment Agreement has been published, pursuant to Art. 130 of the Issuers' Regulations, on the Company's website www.monclergroup.com, Section "Governance/Documents and procedure".

H) CHANGE OF CONTROL CLAUSES AND PROVISIONS ON PUBLIC TENDER OFFERS IN THE BYLAWS

Moncler and its subsidiaries Industries S.p.A. (**Industries**) and Stone Island are parties within their ordinary activity, of certain agreements for commercial lease and joint venture, which provide for, as customary negotiation practice for similar agreements, clauses which, if applied, may grant to each party the right to solve or amend such agreements in case of a change of control of such parties.

The Bylaws do not derogate from the application of the passivity rule within the meaning of Art. 104 Paragraphs 1 and 1-*bis* of the Consolidated Law on Finance and do not prescribe the application of the neutralisation rules contemplated by Art. 104-*bis*, Paragraphs 2 and 3 of the Consolidated Law on Finance.

I) DELEGATED POWERS TO INCREASE SHARE CAPITAL AND AUTHORISATIONS TO PURCHASE TREASURY SHARES

Delegated Powers to increase the share capital

The Company's Extraordinary Shareholders' Meeting of 11 June 2020 approved to grant the power to the Directors for 5 years to proceed with increase of the share capital to support the implementation of incentive and loyalty plan called "2020 Performance Shares Plan" for a maximum amount of Euro 400,000 with the issue of up to 2,000,000 new ordinary shares with no indication of nominal value, having the same characteristics of the ones into circulation, regular dividend rights, at an issuance price equal to the accounting par value of the Moncler shares at the execution date of the granting of the power, through the assignment of the corresponding share of profits and/or reserves of profits as resulting in the last financial statements from time to time approved pursuant to Art. 2349 of the Italian Civil Code, at the terms, with the modalities and, at the conditions provided under the same plan.

Please note that pursuant to Art. 7 of the Bylaws, the Company may issue equity financial instruments, but the Shareholders' Meeting did not grant any power to the Board of Directors.

Purchase and disposition of treasury shares

On 22 April 2021, the Ordinary Shareholders' Meeting revoked, for the part not implemented, the authorization to purchase and dispose of the Company's ordinary shares granted by resolution of the Shareholders' Meeting on June 11, 2020 and, at the same time, resolved to authorize the purchase of the Company's treasury shares, on one or more occasions, for a period not exceeding 18 months, in accordance with the terms and conditions set out in detail in the Shareholders' Meeting resolution.

On 3 March 2022, the Company announced the launch, as of 4 March 2022, of a buy-back program up to a maximum of no. 1,000,000 ordinary shares (representing 0.4% of the share capital), without nominal value, for a maximum consideration of Euro 56 million, in execution of the aforementioned shareholders' resolution of 22 April 2021, pursuant to Art.s 2357, 2357-ter of the Italian Civil Code.

The program is aimed at purchasing Moncler treasury shares to be used to service compensation and share allocation plans in favor of employees, Directors and consultants of Moncler and its subsidiaries, in compliance with the parameters and criteria prescribed by MAR, Delegated Regulation (EU) 1052/2016 and CONSOB Regulation no. 11971/1999, as well as in accordance with the parameters (including daily purchase prices and volumes) and the terms and conditions resolved by the Ordinary Shareholders' Meeting of 22 April 2021 already disclosed.

At the date of the Report, the programme was still in progress. At the same date, the Company held 4,552,699 treasury shares, equal to 1.6% of the share capital.

J) MANAGEMENT AND COORDINATION (PURSUANT TO ART. 2497 ET SEQ. OF THE ITALIAN CIVIL CODE)

The Company, controlled de facto indirectly by Remo Ruffini, by means of the company Ruffini Partecipazioni Holding S.r.l. (RPH), a company incorporated under the laws of Italy, whose corporate capital is held 100% by Remo Ruffini and Double R, company incorporated under the laws of Italy, indirectly controlled by Remo Ruffini through RPH, is not subject to management and coordination, according to the evaluation of the relevant requirements by the Board of Directors' meeting held on February 26, 2018. The Company is also the holding of the Moncler Group.

The assumption of Art. 2497-*sexies* of the Italian Civil Code does not apply (and shall, therefore, be considered as superseded) in light of the fact that RPH carries out activities as holding of participations and financial investments; RPH does not carry out management and coordination activities *vis-à-vis* Moncler or its participated companies.

In particular, the Board of Directors has deemed that no management and coordination activity is carried out by RPH in light of the following:

- (i) RPH does not draft nor approves industrial, financial, strategic plans and does not approve the budget relating to Moncler;
- (ii) RPH does not infer in the definition of commercial or market strategies of Moncler;
- (iii) RPH does not issue any directive or instruction to Moncler or its controlled companies in relation to financial or credit matters, or in relation to its counterparty or any extraordinary transaction;
- (iv) RPH is not required to provide its prior consent in relation to investment transactions of Moncler or its controlled companies;
- (v) Moncler has never adopted and does not apply the policy, the regulations or the structuring imposed or recommended by RPH.

As discussed in Paragraph 1 of the Report above, the Company exercises management and coordination, pursuant to Art. 2497 and subsequent of the Italian Civil Code, over the Italian companies belonging to the Moncler Group and its direct and indirect subsidiaries by setting out their medium-long term strategies in terms of economic and financial results, business and investment targets and selling and marketing policies.

More generally, as the parent the Company directs corporate and Group strategies, is the owner of the Moncler brand, for which it determines the Moncler Group's brand management policies, and establishes the Group's activities with respect to communication and marketing strategies, starting with the presentation of new collections and going through to retail and wholesale sales activities.

In conclusion, it is hereby stated that:

- (i) the information required by Art. 123-bis, Paragraph 1(i) of the Consolidated Law on Finance regarding "*agreements between the company and the directors (...) which provide for an indemnity in the event of resignation or dismissal without just cause or if their employment relationship ceases as the result of a public tender offer*" can be found in the report on remuneration policy and fees paid prepared and published pursuant to art. 123-ter of the Consolidated Law on Finance;
- (ii) the information required by Art. 123-bis, Paragraph 1(l) of the Consolidated Law on Finance regarding "*the rules applicable to the appointment and replacement of directors (...) as well as amendments to the Bylaws, if different from the legislative and regulatory rules applicable by way of supplement*" is described in Paragraph 4.1 of this Report on the Board of Directors.

3 COMPLIANCE

Moncler adhered to the Corporate Governance Code, in force at the date of the Report and applicable as of 1 January 2021, which is accessible to the public on the website of the Corporate Governance Committee on the page:

<https://www.borsaitaliana.it/comitato-corporate-governance/codice/2020.pdf>

In this Report - based on the principle of "*comply or explain*" which underlies the Corporate Governance Code – reference is made to any and all recommendations the Company (up to date) has deemed not yet to comply with, either wholly or partially.

Neither the Company nor its subsidiaries are subject to non-Italian laws which might affect Moncler's corporate governance structure.

4 BOARD OF DIRECTORS

4.1 ROLE OF THE BOARD OF DIRECTORS

Moncler's Board of Directors plays a key role in strategic guidance, which is not limited to defining the Company's strategic plans and organisational structures and its values and standards, but is characterised by its constant commitment to ensuring the creation of long-term value and pursuing sustainable success:

- (i) promoting sustainable growth in the medium to long term that takes into account the social and environmental aspects that impact on its business, through an adequate control and risk management system, including sustainability risks;
- (ii) ensuring maximum transparency towards the market and investors; and
- (iii) paying particular attention to significant changes in business prospects, as well as to risk situations to which the Company is exposed.

The Board of Directors is also responsible for verifying the adequacy of the organisational, administrative and accounting structure, the suitability of the controls necessary to monitor the performance of the Company and the Group, as well as all the tasks defined by applicable laws and regulations.

The Board of Directors defines the corporate governance system that is most functional to the performance of the Company's business and the pursuit of its strategies, within the limits of the provisions of law, regulations and By-laws applicable to the Company. If necessary, it assesses and promotes the appropriate amendments to the corporate governance system, presenting them to the Shareholders' Meeting when necessary.

The Board of Directors also promotes, in the most appropriate forms, the dialogue between the Company and its Shareholders and other relevant stakeholders. For further information on Moncler's policy on dialogue with shareholders, please refer to Paragraph 12.1 of the Report.

4.2 APPOINTMENT AND REPLACEMENT

The appointment and replacement of directors are governed by current legislation, as transposed and supplemented, within the limits permitted, by the Bylaws.

Art. 13 of the Bylaws provides that the Company shall be, the Company is managed by a Board of Directors consisting of a minimum of 9 and a maximum of 15 members. The Shareholders Meeting sets the number within the above limits before appointing this body. Directors are appointed for a term of three financial years, or for a different period which in any case may not exceed three financial years, that is established on appointment, and may be re-elected.

Directors must hold the requirements established by the law, by the Bylaws and by any other applicable provisions in order to hold office as Director, including the provisions set forth in

the Corporate Governance Code.

The provisions of the Bylaws which govern the composition and appointment of the Board of Directors enable the requirements of the law as per Artt. 147-*ter et seq.* of the Consolidated Law on Finance and the relative implementation regulations to be met, as summarised in the following.

More specifically, Art. 13.3 of the Bylaws establishes that in compliance with the rules in effect from time to time pertaining to gender balance, Directors shall be appointed by the Shareholders' Meeting on the basis of lists submitted by Shareholders in compliance with the legal and regulatory provisions in effect from time to time, on which candidates, no more than 15 in number and possessing the requisites provided for by the legal and regulatory provisions and by the Corporate Governance Code in effect from time to time, are to be listed with an assigned sequential number.

Art. 13 of the By-laws provides that the lists that include a number of candidates equal to or higher than three must be composed of candidates belonging to both genders, in compliance with the pro tempore regulations in force concerning the balance between genders.

As for the gender balance, it is worth noting that Law no. 120 dated 12 July 2011 (the **Law 120/2011**) introduced the obligation for listed companies to reserve at least one third of the positions of Directors for the less represented gender of the appointed Directors. The Board of Directors of the Company in charge at the date of this Report, appointed by the Shareholders' Meeting on April 16, 2019, is compliant with the discipline provided by the Law 120/2011 and to the recommendations of the Corporate Governance Code, regarding the balance between genders, since a proportion of at least one third of the directors elected has been reserved to the less represented gender.

On January 1, 2020, Law no. 60 dated 27 December 2019 (the **Law 160/2019**) came into force, which provided for a different quota reserved for the least represented gender, equal to at least two-fifths, and established that this criterion shall apply for six consecutive terms, this distribution criterion, pursuant to the provisions of the new Art. 144-*undecies.1* of the Issuers' Regulations, as amended by CONSOB through resolution no. 21359 of 13 May 2020, shall apply on the basis of the rounding up criterion.

Therefore, as of the next renewal of the Board of Directors, scheduled for the Shareholders' Meeting convened for 21 April 2022, the least represented gender must obtain no longer one third but at least two fifths of the elected directors, by rounding up, and this allocation criterion will apply for six consecutive mandates; consequently, at least 5 members of the Board of Directors shall represent the less represented gender (in the event the Board of Directors is composed of 11 members).

The majority of Directors must meet the independence requirements established by the law or regulatory provisions and by the Corporate Governance Code. Each list must indicate which candidates hold the independence requirements established by the law or regulatory provisions in effect from time to time. The lists must be lodged at the Company's registered office and published in accordance with current laws and regulations.

Each shareholder may submit, or participate in the submission of, one and only list and each candidate may be presented in only one list, under penalty of ineligibility.

Pursuant to Art. 13.3 of the Bylaws, lists may be submitted by Shareholders that, alone or together with others, own shares representing at least 2.5% of the capital or such different percentage of participation in the share capital as established by the legal and regulatory provisions in effect from time to time. In this respect, the participation threshold has been recently established by Consob for Moncler pursuant to Art. 144-*septies*, Paragraph 1, of the Issuers' Regulation by way of Resolution no. 60 of 28 January 2022 is 0.5%.

By the deadlines set by the legal and regulatory provisions in force from time to time, declarations are to be filed along with each list wherein the individual candidates accept their candidacies and declare, under their own responsibility, that no cause of ineligibility or incompatibility exists and that they possess the requisites prescribed by the laws and

regulations in effect for the respective positions.

Together with the declarations, *curriculum vitae* are to be filed relating to each candidate's personal and professional characteristics, indicating the candidate's potential suitability to be classified as independent, within the meaning of the legal and regulatory provisions in effect and the codes of behaviour relating to corporate governance that may have been adopted by the Company.

Lists for which the aforesaid provisions have not been complied with are to be deemed not to have been submitted. Directors who have been appointed are to inform the Board of Directors without delay of the loss of the requisites of independence, as well as of any supervening causes of ineligibility or incompatibility.

Each person entitled to vote may vote for only one list.

When the voting ends, the candidates from the two lists which received the greatest number of votes shall be elected, using the following criteria:

- a) directors equal in number to the total number of members to be elected, less one, shall be drawn from the list which received a majority of the votes cast, in the sequential order in which they are included on that list;
- b) the remaining Director shall be drawn from the list receiving the second greatest number of votes at the Shareholders' Meeting ("minority list") that is not linked in any way, even indirectly, to those who submitted or voted for the list which came first in terms of number of votes.

In the event of a tied vote for lists a new vote shall be taken by the entire Shareholders' Meeting, with those candidates being elected who obtain a simple majority of the votes.

If, when the voting ends, a sufficient number of Directors has not been elected holding the requisites of independence provided for by the legal and regulatory provisions in effect, the candidate not holding such requisites who was elected last in sequential order from the list which received the greatest number of votes shall be excluded and replaced by the subsequent candidate having the requisites of independence drawn from the same list as the candidate excluded. Such procedure, if necessary, shall be repeated until the number of independent directors to be elected is completed. If, in addition, the candidates elected under the procedures indicated above do not ensure a composition of the Board of Directors that conforms to the gender balance regulations in effect from time to time, the candidate of the more represented gender elected last in sequential order from the list which received the greatest number of votes shall be replaced by the first candidate of the less well represented gender not elected of the same list in sequential order.

This substitution procedure is followed until a Board of Directors composition is ensured that conforms to the gender balance rules in effect from time to time. Finally, if said procedure does not ensure the result just indicated, the replacement shall be made by a resolution passed by the Shareholders' Meeting by a relative majority, after candidacies by persons belonging to the less well represented gender have been submitted.

In the event a single list is submitted, the directors shall be drawn from the list submitted, provided that it has been approved by simple majority vote. If the directors thereby elected do not correspond in number to that of the members of the Board determined by the Shareholders' Meeting or in the event that no list was submitted or in the event that the list submitted does not permit the appointment of independent directors in compliance with the legal and regulatory provisions in effect, the Shareholders' Meeting shall pass resolutions with the statutory majorities; all of which without prejudice to compliance with the gender balance regulations in effect from time to time.

The list voting procedure applies only in case of the appointment of the entire Board of Directors. If during the course of the year one or more directors should come to leave office, the procedures of Art. 2386 of the Italian Civil Code are to be followed. If one or more of the Directors leaving office were drawn from a list also containing the names of candidates not

elected, the substitution shall be made through the appointment, in sequential order, of persons drawn from the list to which the departing director belonged and who are still eligible and disposed to accept the position or, in the absence or unavailability of such candidates on the list, by the appointment of another candidate indicated by the directors drawn from the list to which the departing director belonged. In any event, directors leaving office are to be replaced while assuring the presence of the necessary number of directors holding the requisites of independence established by law and in compliance with the gender balance regulations in effect from time to time.

The Bylaws do not prescribe independent requirements in addition to those required by applicable law and regulations and by the Corporate Governance Code, nor any integrity requirements other than those required by applicable law and regulations. The Bylaws do not contain any professional requirements for holding a position as Director.

The Bylaws do not contain any provision pursuant to which the exiting Board of Directors has the power to submit a list of candidates.

The Company is not required to comply with any other provisions regarding the composition of the Board of Directors in addition to those established by the Italian Civil Cod, the Consolidated Law on Finance and the Corporate Governance Code.

4.3 COMPOSITION

The Ordinary Shareholders' Meeting of 16 April 2019 appointed the Board of Directors currently in office, consisting of 11 members, until approval of the financial statements for the Financial Year.

The Board of Directors was appointed on the basis of the following two lists of candidates:

- (i) a list of 11 candidates submitted by shareholder Ruffini Partecipazioni S.r.l. (now Double R S.r.l.) also on behalf of ECIP M SA. (the **List 1**); and
- (ii) a list of 2 candidates submitted by a group of asset management companies and institutional investors (the **List 2**).

List 1 was the most voted (with 81.571% of the share capital represented), while List 2 was voted by 16.492% of the share capital represented. Therefore, on the basis of the provisions of the Bylaws relating to the list voting mechanism in force, 10 Directors were appointed from List 1 and the first candidate from List 2.

The Ordinary Shareholders' Meeting of 22 April 2021, in the context of the Stone Island Transaction, re-determined the number of members of the Board of Directors at 12 members and appointed Carlo Rivetti as an additional Director of the Company, who will remain in office until the Shareholders' Meeting called to approve the financial statements for the Year (*i.e.*, the Shareholders' Meeting called for 21 April 2022).

The current members of the Board of Directors are as follows:

Remo Ruffini – Remo Ruffini is the Chairman and Chief Executive Officer of Moncler S.p.A. He lives with his family between Milan and Como, his town of origin, where he was born on August 27, 1961. In 2003 Ruffini took over the helm of Moncler, the legendary Franco-Italian brand which specialized in producing down feather products, undertaking an international relaunch on a grand scale. With his love of challenges and a talent for overall vision, Ruffini left his hallmark on the Monestier-de-Clermont brand with an integrated strategy that combined the entrepreneurial, market related aspects with a multifaceted creative sensitivity which was constantly evolving. His global down jacket strategy marked the international success of Moncler and proved to be an outstanding reinvention of a brand which was floated on the Milan stock exchange just one decade later, in December 2013. On November 9th, 2017 Remo Ruffini has been named Entrepreneur of the Year 2017 for Italy at the XXI Edition of the EY award event held in Milan. On February 20th, 2018 Moncler presented in Milan the Moncler Genius project, resulting from Remo Ruffini’s vision which initiates a new chapter for the Brand. Different creative approaches, and therefore collections, redefine the Brand’s dialectics in the digital era, able to establish a constant dialogue with the consumer. In June 2018, Remo Ruffini has been named “*Cavaliere del Lavoro*” or “Knight of Labour”. In May 2019, Remo Ruffini was awarded the prestigious “Guido Carli” award in a ceremony at Palazzo Madama, in the Senate Chamber in Rome. Since its establishment in August 2019, Remo Ruffini has been a member of the Fashion Pact Steering Committee. On 7 December 2019, Remo Ruffini was awarded Business Leader at the British Fashion Awards 2019 at the Royal Albert Hall in London. On 28 May 2021, Remo Ruffini received the Rosa Camuna Business, Solidarity and Commitment Award, instituted by the Lombardy Regional Council.

Carlo Rivetti - Born in 1956, with a degree in Economics at the Luigi Bocconi University of Milan, Carlo Rivetti is Chairman and Creative Director of Stone Island. His family is one of the entrepreneurial dynasties that have made the Italian textile manufacturing industry great. The Rivettis, in fact, have played a fundamental role since the second half of the 19th century in the Biella wool district. Almost a century later, Silvio, Carlo's father, together with his brothers, introduced in Italy, after a trip to the United States, clothing made to theoretical measurements. A true revolution that led to incredible success and the unstoppable growth of the family business, the Gruppo Finanziario Tessile (GFT). At the end of the 70's, an intuition of Marco Rivetti, Carlo's cousin, launched the GFT in the international prêt-à-porter. At the beginning of the 80's, GFT decided to expand into the world of casual fashion and in 1983 bought a stake equal to 50% of the share capital, and after a few years the entire share capital, of C.P. Company. In this way the Sportswear Division of the group was born, led by Carlo Rivetti, who became its Managing Director. From this branch of activity come important and successful projects, from the consolidation of the C.P. Company brand, to Boneville, Taverniti and Stone Island, founded in 1982. A few years later, in 1993, Carlo Rivetti, together with his sister Cristina, left the GFT and took over the Ravarino activities. He renamed the company Sportswear Company S.p.A. In 2010, Rivetti decided to concentrate all the resources and the immense company know-how on Stone Island and sold the C.P. Company brand. Carlo Rivetti has been Professor of Marketing for Industrial Design and Men's Fashion Project at Politecnico di Milano and Chairman of the Tremelloni Library of Textile and Fashion. He has held various institutional positions: he has been a member of the board of directors of

Pitti Immagine, a member of the board of directors and advisor in charge of promotion and industrialization for Smi-Ati, the Federation of Italian Textile and Fashion Enterprises, and a member of the board of directors as coordinator of foreign trade activities for Altagama. He was a founding member of the ADI Foundation, Association for Industrial Design, and a member of the scientific committee of IED ModaLab.

Since the end of the Financial Year, no member of the Board of Directors has left office nor have there been any changes in the composition of the Board of Directors.

Criteria and diversity policies

As of the renewal of Moncler's management bodies, the composition of the Board of Directors of the Company ensures an adequate level of diversity, not only in terms of gender composition of the Board, but also in terms of age, education and professional experience.

The Company already enforces diversity criteria, regarding gender as well, in the composition of the Board of Directors, in accordance with the priority objective of ensuring adequate skills and the professionalism of its members.

As for the gender diversity, it should be noted that Law 120/2011 required that at least one third of the Directors elected be reserved to the less represented gender. The composition of the Board of Directors in charge at the date of this Report, appointed by the Shareholders' Meeting on 16 April 2019, is compliant with the discipline provided by the Law 120/2011 and to the recommendations of the Corporate Governance Code, regarding the balance between genders, since a proportion of at least one third of the directors elected has been reserved to the less represented gender.

On January 1, 2020, Law no. 60 dated December 27, 2019 came into force, which provided for a different quota reserved for the least represented gender, equal to at least two-fifths, and established that this criterion shall apply for six consecutive terms, this distribution criterion, pursuant to the provisions of the new Art. 144-undecies.1 of the Issuers' Regulations, as amended by CONSOB through resolution no. 21359 of May 13, 2020, shall apply on the basis of the rounding up criterion. Therefore, as of the next renewal (and, therefore, with regard to the Board that will be appointed by the Shareholders' Meeting called for April 21, 2022), the lesser represented gender must be reserved for the aforementioned quota.

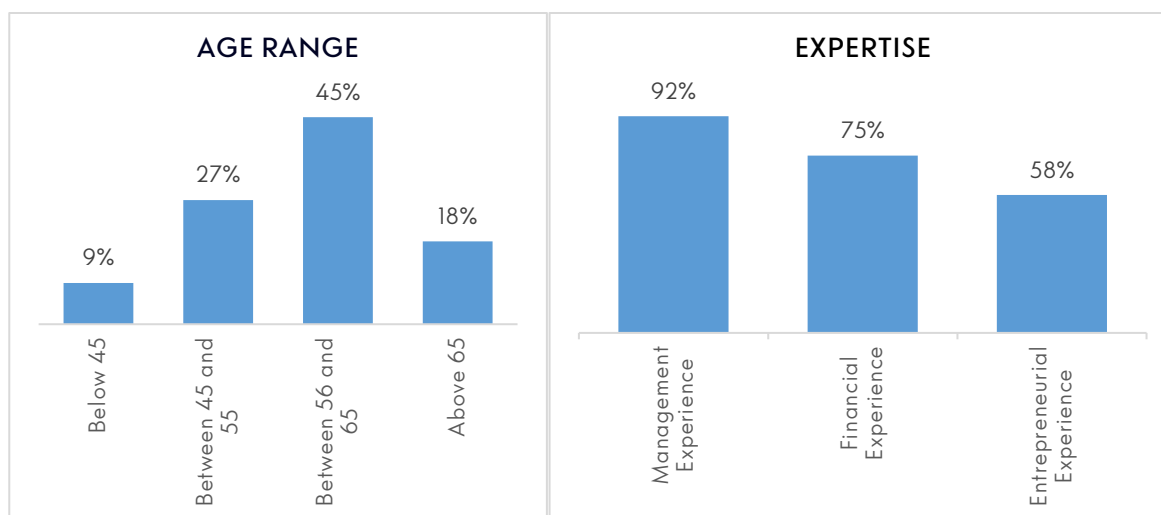

The Bylaws already provide rules for the composition of lists and supplementary voting mechanisms aimed at ensuring the presence on the Board of Directors of the minimum number of members belonging to the least represented gender, in accordance with the applicable legislation.

Specifically, under Art. 13.3 of the Bylaws, the lists containing a number of candidates that are equal to or more than three must consist of candidates belonging to both genders, in compliance with the pro tempore regulations in force concerning gender balance.

With respect to the diversity characteristics other than gender (such as, by way of example, age, education and professional experience), it is noted that:

- (i) the Board is composed of three Executive Directors and nine Non-Executive Directors, of which eight are Independent Directors;
- (ii) the average age is comprised between 30 and 50 years for 8% of the members, between 51 and 60 years for 59% of the members and over 65 years for 33% of the members;
- (iii) the diversity of the professional profiles and educational experiences of the Directors (as described above) provides to the Board the necessary and adequate competencies to manage the Company.

The Diversity Policy

With respect to the Board in office as at the date of this Report, the policy concerning diversity in the composition of the Board of Directors and of the Board of Statutory Auditors (the **Diversity Policy**) – which was previously submitted to the examination of the Nomination and Remuneration Committee on 4 October 2018 and subsequently approved by the Board of Directors in the meeting held on 18 December 2018 – has been applied pursuant to Art. 123-*bis*, Paragraph 2, letter d-*bis* of the Italian Consolidated Law on Finance and in compliance with the recommendations on diversity of the Corporate Governance Code.

In light of the renewal of the members of the Board of Directors that will be resolved by the Shareholders' Meeting called for 21 April 2022, the Board of Directors in office as at the date of this Report carried out an analysis and evaluation of the current composition of its corporate bodies focusing:

- (i) on their compliance with legislative and regulatory requirements, with the requirements of the Bylaws, as well as with the recommendations of the Corporate Governance Code; and
- (ii) on the diversity profiles considered significant and beneficial for the purposes of the abovementioned bodies' composition, in compliance with the cornerstones on which the system of corporate governance is based and with the established values in Code of Ethics

drafting, at the outcome of the abovementioned process, some proposals for amendments to said Diversity Policy, which were firstly examined by the Nomination and Remuneration Committee during the meeting held on 24 February 2022 and subsequently approved by the Board of Directors at the meeting held on the same date.

The Diversity Policy includes the recommendation that, taking into account the outcomes of board evaluation carried out by the Board (in relation to which see Paragraph 4.3 of this Report) have been identified by the same Board as conditions to exercise their duties in the most effective manner.

The Diversity Policy pursues the Company's objective, which is in line with the stakeholders' expectations and in compliance with the cornerstones on which the corporate governance system and the values of the Code of Ethics are based, of creating the necessary conditions for its management and supervisory bodies to exercise their duties in the most effective and lawful manner, through decision-making processes that express a majority of qualified and diverse contributions. More specifically, the Company intends to pursue this objective, through 3 basic principles: (i) protection of gender equality; (ii) upholding the independence of Directors; and (iii) research on the diversity of managerial and professional skills.

As for the implementation, the Diversity Policy primarily intends to guide the submission of candidacies by the Shareholders upon renewal of the entire Board of Directors, then ensuring an adequate consideration of the benefits deriving from a balanced composition of the Board, in line with the abovementioned diversity aspects.

Moreover, the Board of Directors is vested with the responsibility of monitoring the results obtained from applying the Policy and its update, assisted by the Nomination and Remuneration Committee and, where applicable, the Board of Statutory Auditors. The diversity criteria have been considered by the Board of Directors in the context of the Board evaluation activity which, according to the recommendations of the Corporate Governance Code, shall be performed every year by the Board with respect to the functioning, the size and the composition of the Board and its Committees.

For further details on the Diversity Policy please refer to the document published on the Company's website www.monclergroup.com, under sections "Governance/Governance and ethics", "Governance/Shareholders' Meeting" and "Governance/Documents and procedures".

Diversity, Equity & Inclusion

Moncler committed to strengthening the culture of inclusion and enhancing diversity, inside and outside the company, by launching a Diversity, Equity & Inclusion (D,E&I) path. To this end, the Diversity, Equity & Inclusion Committee was established in January 2021, chaired by the Chief Corporate and Communications Officer and composed of the People & Organization, Legal Affairs, Sustainability, Marketing & Communication Functions and the Region Presidents and the Art Director of Stone Island. The Diversity, Equity & Inclusion Committee reports, at least every six months, to the Appointments and Remuneration Committee on the initiatives taken and developed during the year of reference and will be supported in its activities by external experts. The Diversity, Equity & Inclusion Committee has the objective of evaluating current internal policies and initiatives, defining a clear vision that, in coherence and synergy with the business vision, allows Moncler to achieve distinctive levels in the Diversity, Equity & Inclusion context, defining appropriate policies and guidelines, proposing adequate training plans, developing areas for improvement, launching new diversity initiatives and projects, and constantly monitoring and measuring progress, with particular attention to the peculiarities of the communities where the Group operates.

This is a process of cultural reinforcement that starts from deep roots and is reflected in the company's values such as "Bring other voices in", which represents the company's ability to live from multiplicity and find harmony in diversity, and "Keep warm", which underlines the importance of a working environment where people can express themselves freely, always feel accepted and part of a cohesive and united group and where everyone is encouraged to reach their full potential.

With regard to gender differences, women make up the majority of Moncler's workforce in all geographical areas. The presence of women is, in fact, 70% of the total workforce and 52% at management level. Women also represent 70% of employees having a permanent employment contract and 63% of employees having a temporary employment contract. The 70% of contracts transformed into permanent employment contracts in 2021 refers to women (126). The incidence of women with permanent and full-time contracts on the total permanent population was 66% in 2021.

It should also be noted that the ESG KPI of the new share incentive plan called "2022 Performance Shares Plan", which will be submitted for approval to the Shareholders' Meeting of April 21, 2022, includes, among its objectives, the achievement, for the Moncler headquarter perimeter, of the Equal Pay certification relating to pay equity between women and men. For further information, please refer to the Remuneration Report and to the information document prepared pursuant to Art. 84-*bis* of the Issuers' Regulations, in which the most relevant terms of said plan are disclosed, available on the Company's website www.monclergroup.com, under Section "Governance /Shareholders' Meeting".

The Company is also committed to employing people with disabilities. Moncler manages diversity in accordance with the rules and practices of the laws in force, and encourages Company departments to employ differently-abled people. All new hires are managed with due respect and consideration for their needs and capabilities, providing suitable workstations and adapting work hours as required. By doing so, people are protected and empowered to give their best.

At 31 December 2021, the employees with disabilities in Italy, Romania, France, Japan, and South Korea were 74. In forthcoming years, the Group is committed to taking on additional people with various levels of disability, also by collaborating with institutions specifically tasked with helping the disabled find employment.

Maximum number of offices as Directors and Statutory Auditors

In compliance with the recommendations of Art. 3 of the Corporate Governance Code, each member of the Board of Directors must take decisions with full knowledge of the facts and by autonomously pursuing the objective of creating value for the Shareholders over a medium-long term period, and undertakes to dedicate to the position held in the Company the time required to ensure that he or she diligently performs his or her functions, regardless of any positions held outside the Moncler Group, in the full knowledge of the responsibilities inherent in the position held.

For this purpose, every candidate standing for the position as Director assesses in advance, on accepting the position in the Company and regardless of the limits set by laws and regulations regarding the number of positions which may be held, his or her ability to perform the duties assigned with due attention and effectiveness, with special consideration being given to the overall commitment which may be required by any positions held outside the Moncler Group.

All members of the Board of Directors are furthermore required to promptly notify the Board should they assume any positions as director or statutory auditor in other companies, for the purpose of satisfying the disclosure requirements of applicable laws and regulations.

Within the scope of the Board Review relating to the Financial Year, performed by the Board of Directors (described in detail in the following Paragraph 7.1), the Directors expressed their own assessment and orientations on, *inter alia*, the maximum number of management and control positions that the same Directors may hold in other listed companies (even foreign), in financial, banking or insurance companies or in large companies, in compliance with the recommendations contained in the recommendations of the Corporate Governance Code. In particular, after the Board Review, it has been considered that a maximum of five offices for Executive Directors or four for Non-Executive Directors is compatible with effective performance of a directorship of the Company.

The list of offices held by the Company's Directors in other companies, including companies listed on regulated markets (including foreign markets), in financial, banking, insurance or large companies, is provided in Paragraph 4.3 of this Report.

4.4 FUNCTIONING OF THE BOARD OF DIRECTORS

Duties of the Board of Directors

The Board of Directors of Moncler is the central body in the Company's corporate governance system and has a primary role in leading and managing the whole Group. In addition to the duties with which it is charged pursuant to law and the Bylaws, the Board has exclusive jurisdiction on the most important decisions from an economic and strategic standpoint and in terms of structural effects on operations, meaning those functional to monitoring and directing the Company and the Group and creation of sustainable value in the medium-long period.

It has the power and duty to direct and manage the business, pursuing the objective of maximising the value for the Shareholders and stakeholders. To this end, the Board of Directors approves the operations required to achieve the Company's business purpose, other than decisions expressly reserved for by the law or the Bylaws to the Shareholders' Meeting.

Furthermore, the Board of Directors, in accordance with Recommendation no. 1 of the Corporate Governance Code:

- (a) examines and approves the business plan of the Company and of the Group, also on the basis of the analysis of the issues relating to the generation of long-term value;
- (b) periodically monitors the implementation of the business plan, as well as assesses the operating performance, comparing the results achieved with the ones planned;
- (c) defines the nature and level of risk compatible with the Company's strategic objectives, including in its assessments all risks that may be relevant to the Company's pursuit of sustainable success;
- (d) defines the Company's corporate governance system and the structure of the Group;
- (e) assesses the adequacy of the organisational, administrative and accounting structure of the Company and its material subsidiaries, with particular reference to the internal control and risk management system;
- (f) resolves upon the transactions of the Company and its subsidiaries that may have a material impact on the Company's strategy, profitability, assets and liabilities or financial position, establishing the general criteria for identifying material transactions;
- (g) adopts, upon proposal of the Chairman in agreement with the Managing Director, a procedure for the internal management and external disclosure of documents and information concerning the Company, with particular reference to inside information.

The Board of Directors plays a central role in defining sustainability policies and strategies, identifying short- and medium-term objectives and verifying the related results, which are also presented to the Shareholders' Meeting. With regard to these issues, the Board of Directors, with the help of the Control, Risk and Sustainability Committee, examines and approves, among other things, the Sustainability Plan and thus the strategic initiatives and objectives regarding sustainability, Moncler's portfolio of key risks, including risks associated with climate change assessed according to the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD), Moncler's remuneration policy, which provides for the integration of sustainability objectives in the remuneration system (both short- and medium/long-term) and the consequent alignment of top management remuneration with the company's sustainability strategy. In this latter regard, please refer to the Remuneration Report available on the Moncler website www.monclergroup.com, "Governance/Shareholders' Meeting" Section.

In addition to exercising the powers assigned to it by law, the Shareholders' Meeting has competence to adopt resolutions on the following matters, as per Art. 19.2 of the Bylaws:

- (a) mergers and spin-offs, in the cases provided by law;
- (b) the creation or closing of secondary offices;
- (c) an indication of which directors may represent the Company;
- (d) the reduction of share capital in the event of withdrawal by one or more shareholders;
- (e) the adaptation of the Bylaws to legal and regulatory provisions;
- (f) the transfer of the registered office within Italy.

Pursuant to Art. 17.3 of the Bylaws, the following matters cannot be the subject of delegation or power of attorney, and therefore remain within the exclusive collegial competence of the Board:

- (i) purchasing or selling companies or businesses that in aggregate represent in terms of

enterprise value, directly or indirectly, 20% or more of the Company's market capitalisation at the date on which the final contractual documentation relating to the transaction is submitted to the Board of Directors;

- (ii) assuming debt that in aggregate, directly or indirectly, exceeds Euro 250 million for an amount of more than Euro 150 million.

As regards the transactions of the Company or its subsidiaries which are of significant strategic or financial importance to the Company or have significant importance as far as its results or assets are concerned, such transactions are reserved for the exclusive competence of the Board of Directors, which applies the above-mentioned general criteria and limits.

For information regarding the powers granted to the Board of Directors with respect to (i) its composition and functioning, (ii) appointment and self-evaluation, (iii) compensation policy and (iv) internal control and risk management system, reference should be made to Paragraphs 2 4, 7, 8 and 9 of this Report, respectively.

BOD Regulation

The Board of Directors has adopted a regulation (the **BOD Regulation**) that defines the rules and procedures for the functioning of the Board in compliance with the applicable legal and regulatory provisions as well as in line with recommendation 11 of the Corporate Governance Code.

The BOD Regulation is designed to ensure compliance with the applicable provisions of law and the Articles of Association, as well as, to the maximum extent possible, with the principles and recommendations of the Code to which the Company adheres, regarding corporate governance.

The BOD Regulation defines the competences and operating procedures of the Board of Directors, as well as certain competences of the Chairman, the CEO, the Lead Independent Director and the Secretary; the BOD Regulation also establishes confidentiality obligations for Board members with respect to documents and information acquired in the performance of their duties.

With reference to the role of the Board of Directors, the BOD Regulation, inter alia:

- (i) introduces among its objectives that of pursuing the social interest with a view to creating value in the long term for the benefit of shareholders, taking into account the interests of other stakeholders relevant to the Company;
- (ii) establishes certain rules relating to the organisation of Board business, providing that meetings are called by the Chairman, with documentation being sent at least three days in advance, unless specific requirements do not allow it, and that the documentation is brought to the attention of each Director and Statutory Auditor, as a rule by means of a special application managed by the Secretary of the Board, guaranteeing confidential access to Directors and Statutory Auditors.
- (iii) the co-ordination and conduct of the proceedings is overseen by the Chairman who, with the help of the Secretary, ensures that Directors are provided with an adequate flow of information in relation to the items on the agenda and any follow-up to the resolutions adopted;
- (iv) provides for the outgoing Board to be responsible for preparing the so-called guidelines to shareholders, recommended by the Corporate Governance Code, to be published in view of the renewal of the Board;
- (v) also provides that the Board shall carry out an annual self-assessment process on the composition and actual functioning of the Board and its Committees.

As regards the provisions relating to specific offices and roles, the BOD Regulation provides, inter alia, that:

- a) the Chairman of the Board, with the support of the Secretary of the Board of Directors, is responsible for the effective functioning of the Board meetings;
- b) the Lead Independent Director coordinates the independent directors and manages their meetings in the absence of the other directors.
- c) the Secretary supports the Chairman and provides impartial assistance to the Board. The Secretary is usually chosen from among persons with adequate expertise and experience in corporate law and corporate governance.

Functioning

Pursuant to the Company By-laws, meetings of the Board of Directors are convened by the Chairman, which ensures that the documentation necessary to carry out said meetings is made available to the members of the Board of Directors and of the Board of Statutory Auditors in such a way as to ensure the confidentiality of the data and information, as well as to enable the Directors, in the performance of their duties, to act in an informed manner and to express their view with awareness on the matters being resolved upon.

As far as reasonably possible, the supporting documentation is made available to the Directors and Auditors in such a way as to ensure the necessary confidentiality and well in advance of the Board meeting. In urgent cases, the documentation is made available as soon as possible.

The timeliness and completeness of pre-board information are ensured through the involvement of the competent corporate structures, which take care of and coordinate the preparation of the documentation needed from time to time for the specific matters on the agenda. In case where it is not possible to provide in advance the relevant information, the Chairman of the Board of Directors ensures that adequate and precise details are referred during the board meetings. The Secretary sends the documentation to the Directors and Statutory Auditors, arranging this with the Chairman in reasonable advance of the date of the meetings and taking suitable account of any urgency to which specific subjects may be liable. By way of practice, notice of 3 days prior to the date of the Board meeting is considered reasonable for the dispatch of information. This notice period is usually respected.

The Chairman, if it deems it appropriate and also at the request of one or more Directors, may ask the Managers of the Company and of the Group companies, which are responsible for the relevant corporate functions, to attend the Board meetings in order to provide detailed information on the items on the agenda. During the Year, the Chief Brand Officer, the Senior Director of WW Retail Business and Development and the Director of Strategic Planning, Intelligence and IR attended the Board meetings, also in order to discuss and provide the Board with the necessary in-depth analyses of: Moncler's retail business performance, the dialogue with investors and Moncler's positioning in the reference industry, as well as the Company's initiatives aimed at developing the brand. In addition, the managers of the front-line functions took part in the session dedicated to the examination of the initiatives and projects of strategic nature relating to Moncler and Stone Island, in order to provide all the necessary details and clarifications.

The WW Corporate Affairs and Compliance Director, Andrea Bonante, in his role as Secretary of the Board, appointed by Board resolution of 16 April 2019, attends all Board meetings by providing the requested in-depth a for the matters under his responsibility and is also in charge of preparing the minutes of the meetings.

Information to the Board of Directors

Pursuant to Art. 19.3 of the Bylaws and Art. 150 of the Consolidated Law on Finance and in accordance with best practice, the Managing Director reports on a timely basis to the Board of Directors and to the Board of Statutory Auditors, and in any case at board meetings, at least quarterly on its activities, the overall performance of the business and its outlook as well as on the most important economic and financial transactions and those concerning the assets

of the Company or Group, or at least the most important due to their size or nature, carried out by the Company and its subsidiaries; in particular he reports on transactions in which they have an interest, on their own behalf or on the behalf of third parties.

Board Secretary

The Board of Directors, at its first meeting following its appointment (and, therefore, on 16 April 2019) appointed Andrea Bonante, WW Corporate Affairs & Compliance Director, as Secretary. The appointment, requirements and functions of the Secretary are governed by the BOD Regulation. In particular, it is envisaged that the Secretary is appointed by the Board upon proposal of the Chairman and may also be an outsider to the Company, it being understood that this figure is usually chosen among persons with adequate expertise and experience in corporate law and corporate governance.

In line with Recommendation no. 18 of the Corporate Governance Code, the Secretary is entrusted with the task of supporting the activities of the Chairman and provides, with impartial judgement, assistance and advice to the Board of Directors on any aspect relevant to the proper functioning of the corporate governance system. In particular, the Secretary supports the Chairman so as to ensure that:

- (a) the pre-meeting information is clear, accurate and complete, and the additional information provided at meetings is adequate to enable the Directors to act in an informed manner;
- (b) the activities of the Board Committees are coordinated with the activities of the Board;
- (c) Moncler's Top Management, as well as the heads of the Company's Functions, may attend the Board meetings in order to provide the appropriate information on the items on the agenda;
- (d) all Directors may participate, after their appointment and during the Board's term of office, in specific induction activities;
- (e) the self-evaluation process is adequate and transparent.

Activities carried out during the Financial Year

During the Financial Year, 12 meetings of the Board of Directors were held (with an average duration of about two and a half hours). As of the date of this Report, 3 meetings have already been held and at least 3 additional meetings are scheduled for 2022.

More specifically, given a total attendance percentage of 94%, the attendance percentage of each member of the Board of Directors in office at the date of the Report was as follows: (i) 100% for Remo Ruffini; (ii) 100% for Marco De Benedetti; (iii) 91% for Nerio Alessandri; (iv) 100% for Roberto Eggs; (v) 83% for Gabriele Galateri di Genola; (vi) 100% for Alessandra Gritti; (vii) 83% for Virginie Morgon; (viii) 91% Diva Moriani; (ix) 75% for Stephanie Phair; (x) 100% for Guido Pianaroli; (xi) 100% for Carlo Rivetti; (xii) 100% for Luciano Santel.

During the year, the Board, among other things:

- (a) was informed about the general performance of operations, which was therefore constantly assessed and monitored by the Board, taking into account, in particular, the information received from the delegated bodies and periodically comparing the results achieved with those planned;
- (b) has examined and approved the transactions of Moncler and its subsidiaries characterized by a material strategic, economic, equity or financial importance, including the signing of agreements preparatory to the completion of the merger between Moncler and Stone Island, as well as the partial demerger of SPW in favour of Moncler, pursuant to which the Stone Island brand and the set of assets and contracts that make up the Stone Island Style and Marketing divisions have been transferred to Moncler, effective as from 30 December 30;

- (c) assessed the adequacy of the organizational, administrative and accounting structure of the Company and its subsidiaries having strategic importance, with particular reference to the internal control and risk management system of the Company. In this regard, reference is made to Paragraph 9 of this Report;
- (d) monitored the structure of the Group and the corporate governance system adopted by it. Moncler's corporate governance system is functional to the Company's needs and, for this reason, it was not deemed appropriate to draw up motivated proposals to be submitted to the Shareholders' Meeting in this respect;
- (e) has adopted a procedure for managing the dialogue between the Company and its shareholders (the Engagement Policy), a copy of which is available on the Company's website www.monclergroup.com, under the section "*Governance / Engagement*". In this regard, reference is made to Paragraph 12.1 of this Report;
- (f) formalised in the BOD Regulation the rules for the functioning of the Board itself and of the Committees, including the procedures for recording minutes of the meetings and the procedures for the management of the information reporting to the Directors, as well as the rules concerning the appointment and revocation of the Secretary, his requirements and related powers".

In compliance with the recommendations contained in Art. 1 of the Corporate Governance Code and the provisions of Art. 19.3 of the By-laws, the Managing Director has updated the Board of Directors and the Board of Statutory Auditors on the general performance of the Company during the Year. Therefore, the Board of Directors has constantly evaluated and monitored the general performance of operations, taking into account the information provided by the Managing Director and periodically comparing the results achieved with those planned on the basis of the strategic, industrial and financial plans of the Company.

In compliance with the recommendations of the Corporate Governance Code (recommendation 1, lett. c), the Board of Directors, during the Financial Year, as part of the risk monitoring activity related to the various operating areas the Company, has defined the nature and level of risk that is compatible with the strategic objectives of the Company, by including in its assessments the risks that may be significant in view of sustainability in the medium to long term of the Company's activity, including the ones related to climate change assessed according to the recommendations of the Task Force on Climate-related Financial Disclosures (TCFD).

The Board was also involved, through updates provided by the competent Functions, in monitoring the activities implemented by Moncler in response to the malware attack detected on its systems on 22 December 2021, which included, among other things, the reporting of the incident to the competent Authorities and the notifications of the personal data breach resulting from this attack to the Data Protection Authority.

The 2022 financial calendar was duly transmitted to Borsa Italiana within the terms of the law, as well as published on the Company's website.

Induction programme

During the course of the Financial Year, the Board received updates regarding, among other things, the projects started by the Group as part of the integration process between Moncler and Stone Island (and concerning, among other things, the establishment of joint ventures in certain countries where Stone Island operates through distributors), the Company's performance in terms of sustainability, the initiatives carried out for the development of Moncler brand (including the MondoGenius event held on 25 September 2021). The Board also received the appropriate in-depth information and updates with respect to the legal and regulatory framework applicable to the Group (and therefore, among other things, the implementation of the new provisions of the Corporate Governance Code). In addition, the Board took part in an induction session dedicated to the examination of initiatives and strategic projects relating to Moncler and Stone Island, in which the heads of the Functions

involved took part.

In view of the epidemiological emergency caused by Covid-19, certain induction sessions that the Company had scheduled during the year, including, among other things, a visit to Moncler's logistics hub in Castel S. Giovanni (Piacenza) have been postponed to the current year.

Induction sessions will be scheduled during the current financial year for the benefit of the new Board of Directors, which will be appointed by the Shareholders' Meeting called for 21 April 2022, in order to provide, among other things, an adequate knowledge of: the business sector in which Moncler operates, the products and organization of Moncler, the Company's dynamics and their evolution, the risk management and control system of the Company, the reference regulatory framework, the main trends that may have an impact on the current performance and the short, medium and long-term growth strategy of the Company, also taking into account sustainability issues and ESG factors.

Dialogue with shareholders

During the Year, the Board of Directors, upon proposal of the Chairman and CEO, has adopted a procedure for managing the dialogue between Moncler and its shareholders, taking into account, among other things, the recommendations of the Corporate Governance Code and engagement practices. For additional information, please refer to Paragraph 12.1 of this Report.

4.5 DELEGATED BODIES

Executive Committee

At the date of this Report no Executive Committee had been created.

4.6 OTHER EXECUTIVE DIRECTORS

There are no Executive Directors other than the Chairman and Executive Director, Remo Ruffini, and the Executive Directors Luciano Santel and Roberto Eggs.

4.7 INDEPENDENT DIRECTORS

In compliance with the recommendations contained in Recommendation no. 7 of the Corporate Governance Code and in accordance with the requirements of Art. 13.3 of the Bylaws, as described in Paragraph 4.1, eight Independent Directors are members of the Board of Directors at the date of the present Report: Nerio Alessandri, Marco De Benedetti, Gabriele Galateri di Genola, Divia Moriani, Virginie Morgon, Marco De Benedetti, Stephanie Phair and Guido Pianaroli, who are also in possession of the independence requirements prescribed by the combined provisions of Art. 147-*ter*, Paragraph 4 and Art. 148, Paragraph 3 of the Consolidated Law on Finance and Recommendation no. 7 of the Corporate Governance Code.

It should be noted that Art. 13.3 of the Company Bylaws provides that the majority of Directors must meet the independence requirements established by law and regulatory provisions, as well as the provisions of the Corporate Governance Code and, therefore, establishes a quota that is much higher than the minimum prescribed by law (2 Independent Directors in the event the Board of Directors is composed of more than 7 members) and higher than the one recommended by the Corporate Governance Code, which suggests that at least half of the members of the Board of Directors of large companies that do not have concentrated ownership, like Moncler, should be Independent. This provision was introduced following the amendment to the Bylaws approved by the Extraordinary Shareholders' Meeting convened on 25 March 2021 and aimed at reinforcing in an even more incisive manner Moncler's commitment to maintain over time a composition of the Board that recognizes an increasingly significant role and weight of Independent Directors.

At the time of their appointment, the Directors Nerio Alessandri, Marco De Benedetti, Gabriele Galateri di Genola, Alessandra Gritti, Stephanie Phair and Guido Pianaroli declared their compliance with the independence requirements provided for by the combined provisions of Artt.147-*ter*, Paragraph 4 and art. 148, Paragraph 3, of the Consolidated Law on Finance, as well as the independence requirements recommended by Recommendation no. 7 of the Corporate Governance Code, and, at the same time, they undertook to promptly notify the Board of Directors and the Board of Statutory Auditors of any changes in their requirements, including those of independence, as well as of any causes for revocation. The Board of Directors, during the meeting held on 16 April 2019, following the appointment by the Ordinary Shareholders' Meeting held on the same date, pursuant to Art. 2386, Paragraph

1, of the Italian Civil Code and Art. 13.4 of the By-laws, verified the existence of the independence of the above-mentioned Directors also on the basis of the statements issued by them for this purpose pursuant to art. 148 of the Consolidated Law on Finance, by applying, *inter alia*, all the criteria set out in the Corporate Governance Code. The Board of Statutory Auditors verified the correctness of the assessment made by the Board on the independence of the Directors, based on the criteria set out in the Corporate Governance Code.

These assessments were subsequently carried out on an annual basis, the Board of Directors renewed the request to the Directors concerned and examined any further information provided by them or brought to the Board of Directors' attention. The Board of Directors and the Board of Statutory Auditors have respectively verified the content of these declarations and the correct application of the said requirements and procedure. As part of these assessments, it was ascertained that the independence requirements of the above-mentioned Directors were maintained and that Director Virginie Morgon met them.

Lastly, the Board verified that the Directors Nerio Alessandri, Marco De Benedetti, Gabriele Galateri di Genola, Alessandra Gritti, Virginie Morgon, Stephanie Phair and Guido Pianaroli maintained the above-mentioned requirements for the Financial Year.

The Board of Statutory Auditors verified the correct application of the criteria and procedures adopted by the Board of Directors to assess the independence of its members.

Meetings of Independent Directors

During the Financial Year a meeting with only those Directors in possession of the independence requirements was held. On this occasion, the Independent Directors discussed the functioning of the Board of Directors and the management of the Company. During this meeting, proposals and considerations for the improvement of the Board's work were shared, with particular reference to the opportunity to further engage all the members of the Board on the key strategic issues. The meeting was coordinated by the Lead Independent Director, Marco De Benedetti, who reported the suggestions and proposals that emerged to the Executive Directors.

4.8 LEAD INDEPENDENT DIRECTOR

As stated in Paragraph 4.4, because of the concentration in Remo Ruffini of the positions of Chairman of the Board of Directors and Chief Executive Officer, while emphasising the centrality of the role and powers of the Board of Directors in the governance of the Company that constitute adequate counterweight to the number of appointments made in favour of Remo Ruffini, on 4 November 2013 the Board of Directors of the Company resolved on availing itself of the Lead Independent Director, in compliance with the recommendations contained in recommendation 16 of the Corporate Governance Code. On 16 April 2019, the Board of Directors appointed Marco De Benedetti as Director and Deputy Chairman of the Board of Directors, entrusting him with the following tasks recommended by recommendation 14 of the Corporate Governance Code:

- a) to be a point of reference and coordination for the needs and contributions of non-executive directors and, in particular, of the independent directors;
- b) coordinate meetings of the Independent Directors to discuss matters from time to time deemed to be of interest with respect to the functioning of the Board of Directors or the management of the Company.

The Lead Independent Director carried out his functions in the course of the Financial Year in line with the Corporate Governance Code' recommendations mentioned above and with the provisions of the Board of Directors regulation.

5 MANAGEMENT OF CORPORATE INFORMATION

The Board of Directors adopted the "*Internal procedure for the management of inside information*" (the **Inside Information Procedure**) approved by the same Board on 26 September 2013 and subsequently amended, in compliance with applicable European Union and national regulations for the prevention and repression of market abuses and public disclosures, and in accordance with the recommendations set out in the recommendations of the Corporate Governance Code in order to discipline the management and treatment of confidential information and the procedures to be observed for the external disclosure of documents and information regarding Moncler, especially in relation to inside information pursuant to Art. 7 of the Market Abuse Regulation. For the purposes of the implementation of the Inside Information Procedure, the Company takes into account the interpretive and applicable instructions contained in Consob guidelines for the management of inside information no. 1/2017 (October 2017).

On 16 March 2022, the Board of Directors approved certain amendments to the Inside Information Procedure in order to regulate the management of the so-called Relevant Information and therefore the mapping and identification of such information by the competent Functions within Moncler.

The Company also adopted the procedure on the internal dealing regulations referred to in art. 19 of the MAR, last amended on 25 July 2018 to regulate the disclosure requirements in respect of the Consob and the public related to the fulfilment by the "*relevant persons*" and "*persons closely associated to them*", identified in the Market Abuse Regulation, of transactions involving financial instruments issued by the Company.

The procedures described are available on the Company's website www.monclergroup.com in the Section "Governance/Documents and procedures" to which reference should be made for full details.

6 BOARD COMMITTEES

The Company, adhering to the best practices in the field of corporate governance adopted by listed companies and provided for by the Corporate Governance Code, established the Nomination and Remuneration Committee and the Control and Risks Committee by implementing the recommendations now contained in Artt. 3, 4, 5 and 6 of the Corporate Governance Code.

The Board of Directors of the Company, with the prior approval of the Control and Risk Committee, resolved, in line with the recommendations set out in the Corporate Governance Code, to delegate the supervision of the sustainability issues related to the activities of the Moncler Group to the Control and Risks Committee, by extending its functions, which is now called the "Control, Risk and Sustainability Committee".

Pursuant to the recommendations of the Code, internal regulation of the Nomination and Remuneration Committee and of the Control, Risks and Sustainability Committee prescribe that both committees be composed of three non-executive Directors, the majority of whom are independent, from whom the Chairman is chosen. At least one member of the Nomination and Remuneration Committee must have adequate knowledge and experience in financial and remuneration matters, while at least one member of the Control, Risks and Sustainability Committee must have adequate experience in accounting and finance or risk management.

The Related Parties Committee was also set up, made up of Directors, the majority of whom are Independent, which performs the functions provided for by the Consob RPT Regulation and the Moncler RPT Procedure.

The Chairman of each Committee provides information on the Committee meetings during the subsequent Board of Directors, and therefore on the topics to be discussed, in line with art. 3 of the Corporate Governance Code.

In order to organise their work, the Committees are supported by the Secretary appointed by the Board of Directors, who is responsible for drafting the minutes of the meetings.

Taking into account the size and organisational structure of Moncler, the Board of Directors deemed it appropriate to combine in one single Committee the functions of the Nomination Committee – as provided under Recommendation no. 19 of the Corporate Governance Code - with those of the Remuneration Committee, as provided under Recommendation no. 25 of the Code. For further information, reference should be made to Section 7 below of this Report.

In line with Recommendation no. 17 of the Corporate Governance Code, the Board determined the composition of the Committees by privileging the expertise and experience of their members and avoiding an excessive concentration of offices. As at the date of this Report, no Committees have been constituted other than those recommended by the Corporate Governance Code, with the exception of the Strategic Committee described in detail in Paragraph 16 below.

7 BOARD REVIEW AND CONTINUITY PLANS

7.1 BOARD REVIEW

In compliance with Recommendation no. 4 of the Corporate Governance Code, the Board of Directors with the support of an external advisor, carried out also an evaluation on the functioning of the Board of Directors itself, the Nominations and Remuneration Committee and the Control, Risks and Sustainability Committee, as well as on their size and composition, taking into account the professional competences, the experiences, even managerial, the gender of the members and their seniority) (the **Board Review**).

The activity was carried out with the support of Spencer Stuart, an independent external advisor, specialised in corporate governance and board effectiveness, which does not provide any other services to the Company, or to its subsidiaries.

The Board Review focused on the size, composition and functioning of the Board and of its Committees, having regard to the role played by the Board in defining the strategies and monitoring the management performance and the adequacy of the internal control and risk management system.

The Board Review therefore involved each Director completing questionnaire and being individually interviewed by the advisor, in order to examine the most relevant aspects that emerged from the filling in of the questionnaire and the input of the individual Directors with respect to the contribution made, also in order to collect comments and suggestions directly. The Directors made themselves available to this process in order to identify possible areas of improvement of the Board dynamics.

Being the third and last year of mandate, the Board Review process focused on:

- (a) an end-of-term balance sheet, with evidence of the interventions actually carried out and of the path of progressive improvement of the Board dynamics;
- (b) the size and composition of the Board, in order to collect the inputs and comments of the Directors in office, useful to draw up guidelines on the professional figures whose presence on the Board is deemed appropriate to be presented to the Shareholders for the appointment of the next Board.

With regard to the composition of the Board, the advisor also prepared a benchmark analysis with regard to a panel of companies belonging to the FTSEMib index.

As regards the results that emerged, the Board operates in substantial conformity with the Corporate Governance Code and the best practices, both at an Italian and international level, and the Directors, also in light of the business performance, expressed general satisfaction with the functioning of Moncler's Board of Directors and Committees.

The Directors with the longest experience on the Moncler Board highlighted the progressive growth that the Board as a whole has taken since the listing, particularly in addressing governance issues, and the results were considered very good.

The Board unanimously expressed great appreciation for the level of preparation of the management and for the effectiveness of the team dynamics, as well as for the maturity and transparency they relate to the Board.

The constructive attitude of the Directors has enabled them to contribute to the discussions within the Board and to support Moncler in a phase of growth and transformation.

During the activities carried out at the end of the three-year period, a number of areas of improvement were identified for the continuation of the term of office, which can also be taken into consideration in view of the next mandate:

- (a) in light of the renewal of the Board, continue developing structured onboarding and induction sessions for Directors, providing for sessions on strategic issues and related to the future development of the company, and, in particular, sessions on international strategies, ESG issues, digitalization and welfare policies, as well as talent management, including succession plans;
- (b) provide for wider involvement and constant sharing of strategic issues within the Board of Directors, illustrating the prior analysis and in-depth analysis work carried out by management and making the most of contributions from all the Directors;
- (c) to organize as soon as practicable (given the emergency situation) Board meetings in person, also by encouraging informal meetings, induction sessions and updates on key issues through plant visits and off-site days, which, in addition to fostering a more in-depth knowledge of the market, products and brand of Moncler, make it possible to establish cohesion and consolidate a sense of trust among the members;
- (d) make available to the Board of Directors in a timely manner the supporting documents on the items on the agenda of the scheduled meetings.

Consistent with the tasks assigned to it by the Board of Directors and in line with the recommendations of the Corporate Governance Code, the Nomination and Remuneration Committee has played a supervisory role in the process.

7.2 LEADERSHIP CONTINUITY PLAN

In accordance with the market practice, the Board of Directors elected on 20 April 2016, after an investigation made by the Nomination and Remuneration Committee, adopted on 28 February 2017 a Leadership Continuity Plan aimed at ensuring the stability of the corporate governance of the Company and the continuity of the operational management of the Group in case of early termination and/or interruption of the offices of Executive Directors, including the position of Chief Executive Officer, and of the Top Management, including Key Managers, by leveraging resources and profiles already present in the corporate structure. The plan aims to mitigate any risk connected with the above cases, in order to mitigate the negative effects of any management discontinuity.

In December 2018, the Leadership Continuity Plan was re-examined by the Board, which, following the review, after consultation with the Nomination and Remuneration Committee, approved certain amendments aimed to update such document in order to reflect the new organisational structure of both Moncler and the Group. The Board has therefore identified, for each key position, the relevant scope of responsibility, expertise, required skills, strategic targets and has carried out an assessment and weighing of the risk associated with each key position, by identifying the profiles and professional figures already present in the Group able to guarantee business continuity.

In line with Recommendations no. 19, letter e), and no. 24 of the Corporate Governance Code, the Nomination and Remuneration Committee was presented, in advance of the Board of Directors, with an update of the Leadership Continuity Plan that took into account, among other things, the organizational changes made to the Group and therefore the new roles and profiles within the Group structure. The Committee therefore carried out the appropriate assessments regarding the profiles and professional figures of the Group that were identified

in order to guarantee business continuity and ascertained the adequacy of the procedures provided for this purpose; the results of these assessments were agreed upon by the Board of Directors.

8 REMUNERATION OF DIRECTORS AND NOMINATION AND REMUNERATION COMMITTEE

8.1 REMUNERATION OF DIRECTORS

The Board of Directors, with the support of the Nomination and Remuneration Committee, evaluates with due attention the remuneration policies, according to the directives established by the Shareholders' Meeting and consistently with the principles and criteria defined in the remuneration policy, paying particular attention to the pursuit of the Company's sustainable success and the need to hire, retain and motivate people with the skills and professionalism required by the role held in the Company.

For all information on the general policy for the remuneration of Directors, reference should be made to the report on remuneration policy and fees paid prepared pursuant to Art. 123-ter of the Consolidated Law on Finance, which is available at the Company's registered office and on its website www.monclergroup.com under Sections "Governance/Remuneration" and "Governance/Shareholders' Meeting".

8.2 COMPOSITION AND FUNCTIONS OF THE COMMITTEE

The Company's has established a single nomination and remuneration committee in accordance with the provisions of Artt. 4 and 5 of the Corporate Governance Code.

The Committee's composition, meetings, objectives, tasks and activities, as described below, fully comply with the Code's recommendations.

The Committee in office as at the date of this Report will remain in charge until the approval of the financial statements for the Year (and, therefore, will cease to hold office during 2022) and is composed of the following Directors:

Diva Moriani	Non Executive Director and Independent Director – Chairman
Marco De Benedetti	Non Executive Director, Independent Director and Lead Independent Director
Alessandra Gritti	Non Executive Director and Independent Director

Duties

The Nomination and Remuneration Committee is composed by the following three Independent Directors, with the appropriate professional background and experience to perform the Committee's duties, all of which are Directors with independence requirements pursuant to the Corporate Governance Code: Diva Moriani (Independent Director and Chairman of the Nomination and Remuneration Committee), Alessandra Gritti (Independent Director) and Marco De Benedetti (Independent Director and Lead Independent Director). The Board has also assessed that the Chairman and all members of the Committee have adequate knowledge and experience in financial matters and remuneration policies.

Functioning

The Nomination and Remuneration Committee meets when convened by its Chairman,

whenever the Chairman deems it appropriate or when the Chairman of the Board of Directors, the other Executive Directors or the Chairman of the Board of Statutory Auditors so request or, in any case, at least on a half-yearly basis. The notice of call is sent to the Board of Statutory Auditors so that they can take part in the meetings (it being understood that, pursuant to the Committee's internal regulation, at least the Chairman of the Board of Statutory Auditors, or another Statutory Auditor designated by him, always takes part in the meetings).

The Chairman of the Nomination and Remuneration Committee has the authority to call the Head of the People & Organization Function of the Group, the Manager in Charge, the other members of the Board of Directors, as well as the heads of the corporate functions of the Group, as well as other subjects with reference the points on the agenda, to provide information and express proficiency evaluations, or other people whose presence may help to carry out the functions of the committee.

In order to avoid situations of conflict of interest, no Director takes part in the meetings of the Nomination and Remuneration Committee in which situations of conflict of interest may arise.

Minutes of the Committee's meetings are recorded and the related minutes are kept in chronological order by the Secretary. Since its appointment, Andrea Bonante, WW Corporate Affairs & Compliance Director, acts as Secretary of the Committee.

Activities carried out in 2021

During the Year, 3 meetings of the Nomination and Remuneration Committee were held, with an overall attendance of 100% and an average duration of approximately 2 hours and 30 minutes. The majority of the members of the Board of Statutory Auditors regularly attended the meetings. Moreover, during the first half of the year, the Chairman of the Committee actively took part in 3 meetings with investors aimed at illustrating the 2020-2021 Policy, the related developments and its rationale (in advance in view of the Shareholders' Meeting held on 22 April 2021), as well as in 7 meetings with investors aimed at deepening the issues related to the results of the meeting's vote.

During the Financial Year, the Nomination and Remuneration Committee carried out the following activities:

- (a) analysis of the Board Review process for 2020;
- (b) illustration of the new legislative and regulatory provisions on remuneration for the purposes of drafting the Report for the Financial Year and review of the related Report;
- (c) assessment of the achievement of the performance objectives of the first award cycle of the 2018-2020 Performance Shares Plan;

- (e) preliminary review of the proposed changes with respect to the objectives referred to the short-term variable remuneration (MBO 2021) resulting from Stone Island Transaction;
- (f) evaluations regarding the adequacy, overall consistency and concrete application of the Policy;
- (g) Board reporting with respect to the activities carried out during the second half of 2020;
- (h) reporting on the constitution of the Diversity and Inclusion Committee and the related activities carried out and planned;
- (i) analysis of the results of the shareholders' meeting vote on the 2021 Report;
- (j) Board reporting with respect to the activity carried out during the first half of 2021;

- (k) identification of the beneficiaries of the second award cycle (2021-2023) of the 2020 Performance Shares Plan;
- (l) review of the proposed changes with respect to the objectives referred to the short-term variable remuneration (MBO 2021) and to the medium-long term variable remuneration (LTI) as a result of the Stone Island Transaction;
- (m) review of the proposed amendment of the remuneration package of an Executive Director and of a Strategic Manager;
- (n) appointment of Spencer Stuart for the purposes of the Board Review process for the Financial Year.

Activities carried out and planned in 2022

As of the date of this Report, 3 meetings of the Committee have already been held, mainly focused on the following issues: (a) review of the results of the Board Review; (b) review of the results of the benchmarking activity carried out with the support of an independent expert; (c) assessment of the achievement of the performance objectives referred to the short-term variable remuneration (MBO) and the medium/long-term variable remuneration (LTI); (d) opinions and proposals on the structure and content of the 2022-2024 Policy and, among other things, definition of the performance targets referred to in the MBOs and in the new 2022 Performance Shares Plan (e) examination of this Report for the purposes of subsequent approval by the Board; (f) discussions regarding the procedures for the succession of Top Management.

9 INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM – CONTROL, RISK AND SUSTAINABILITY COMMITTEE

In accordance with the recommendations of Art. 7 of the Corporate Governance Code and best practice in the sector the Internal Control and Risk Management System adopted by Moncler is the set of rules, procedures and organisational structures designed to ensure, through a proper process of identification, measurement, management and monitoring of the main risks facing the Company and the company's subsidiaries, a healthy and proper management consistent with the strategic objectives of the Company.

The Internal Control and Risk Management System adopted by Moncler involves, each for its own part:

- (i) the Board of Directors, which defines the guidelines and evaluates the adequacy of the Internal Control and Risk Management System;
- (ii) the Control, Risks and Sustainability Committee with the duties described in Paragraph 9.4 below, the duty of supporting, with adequate preparatory work and proposals, the evaluations and decisions of the Board of Directors relating to the system, as well as those relating to the approval of the periodic financial reports;
- (iii) the Director in charge of the Internal Control and Risk Management System, Luciano Santel, with tasks, set out in detail in Paragraph 9.7, to identify the key business risks and implement the guidelines established by the Board of Directors;
- (iv) the Head of the Internal Audit Function, Riccardo Gregghi, who is responsible, as an independent third level control, inter alia, for verifying that the Internal Control and Risk Management System is working properly, according to the duties set out in detail in Paragraph 9.5;
- (v) the Head of the Compliance Function, Andrea Bonante, in charge, as second level control, of monitoring the correct performance of the Group's operations in compliance with the reference legal and regulatory constraints as well as with the internal procedures and values of the Code of Ethics adopted by Moncler, ensuring the

management of compliance aspects; and, in general, ensuring an adequate risk management system for the business in which the entire Group operates;

- (vi) the Board of Statutory Auditors which, also as an audit and internal control committee pursuant to Art. 19 of Legislative Decree no. 39/2010, monitors the effectiveness of the Internal Control System and Risk Management;
- (vii) Supervisory Body which oversees the effectiveness and adequacy of Moncler's internal mechanisms and controls of Moncler and the 231 Model.

Given the complexity of operations and taking into account that the assumption of risk is an inherent component of the business activity, the Board of Directors has assessed the importance of identifying and mapping the main risks and activating suitable instruments to regulate these and reduce their impact and/or the occurrence probability. In correspondence with the listing process, the Company therefore implemented for several years a process to define the model of integrated risk management based on the principles set out by the Committee of Sponsoring Organizations of the Treadway Commission - Enterprise Risk Management Integrated Framework.

Consistent with these aims the integrated model of risk governance (Risk Management) adopted by the Company has the following purposes:

- a) to spread within the company a culture of prevention and mitigation of risks in particular in the processes of strategic and operational planning and the most important business decisions;
- b) to ensure transparency on the risk profile and management strategies implemented through a structured and regular reporting to the Board of Directors and to senior management and Shareholders.

The Risk Management model of Moncler is also:

- a) extended to all types of risks potentially significant;
- b) focused on the most significant risks in terms of their ability to affect the achievement of the strategic objectives or to undermine the strategic corporate assets and Group' reputation;
- c) based on an approach, where possible, of an accurate measurement of the risk impacts on the financial results expected considered in terms of their probability of occurrence;
- d) based on quantitative risk appetite being defined for each risk area;
- e) integrated in decision-making and business process.

The Risk Management model of the Company was approved by the Board of Directors, upon the proposal of the Director in charge of the Internal Control and Risk Management System and after receiving the favourable opinion of the Control, Risks and Sustainability Committee and the Board of Statutory Auditors. This model, updated whenever necessary, sets out the Moncler guidelines to identify, oversee, and govern the areas of risk by ensuring the achievement of the strategic and operational objectives, the reliability of information not only financial) reported to the corporate bodies and the market, compliance with laws and regulations and the protection of company assets, including the intangible assets and Moncler's reputation.

The Risk Management model of Moncler, whose roles, responsibilities and timing are defined within the internal "Risk Management Process", takes into account four main categories of risk that allow management to identify the objectives, the control model, and the governance bodies:

- a) strategic risks, *i.e.*, those related to corporate strategies and which allow a competitive advantage to be gained, which are reflected in the objectives stated in the business plan;

- b) business risks, *i.e.*, those that are related to their industry and to the business model with which the Company operates to achieve the objectives of the business plan;
- c) financial risks, *i.e.*, those that are related to the macroeconomic financial and market situation;
- d) compliance risks, *i.e.*, those that are related to the infringement of binding rules or regulations defined internally.

The risks identified with the risk owners of the Functions involved, including the Presidents of the Group Regions (EMEA, APAC; Americas, Japan, Korea), can be both internal to the Group or external (that is linked to the context of the sector or market). In the first case the objective of the Risk Management model is the management of risk through specific systems of prevention, control and monitoring integrated in the business processes at an operative and managerial level, and aimed at reducing the probability and/or minimising the impact in case of occurrence. With respect to external risks, the objective of the Risk Management model is to monitor the risk itself and mitigate the impact in case of occurrence.

The Group's exposure to strategic, business, operational, compliance risks and the related mitigation actions are included in the Risk Assessment and Risk Management instruments, which are subject to the approval of the competent bodies.

The Board of Directors is responsible for coordinating and supervising the Risk Management process so that the risks assumed in the business are consistent with strategies and with the threshold of acceptable risk as defined in the risk appetite.

The Control, Risks and Sustainability Committee is responsible for assisting the Board to (i) identify and evaluate, at least annually, the main risks affecting the Company and its subsidiaries so that they are appropriately monitored and (ii) to define and update, at least annually, the mitigation plans and overall management of risks in order to maintain the level of overall risk exposure within the threshold of acceptable risk.

In this regard, it should be noted that the Company has a Risk Senior Manager for the methodological development and continuous monitoring of the corporate risk portfolio. The quantitative thresholds identified in the risk appetite are updated as necessary according to the nature and level of risk compatible with the strategic objectives, and approved by the Board of Directors after consulting the Control, Risk and Sustainability Committee.

The Director in charge of the Internal Control and Risk Management System is responsible for (i) identifying the main business risks, taking into account the characteristics of the business and operations conducted by the Company and the Group and (ii) dealing with the design, implementation and management of the Internal Control and Risk Management System constantly monitoring its adequacy and effectiveness.

With respect to the Compliance, the Group has adopted a procedure for the purpose of: (i) disclosing Moncler's definition of compliance; (ii) establishing its scope of application; (iii) establishing the general principles adopted; (iv) defining the roles and responsibilities of employees; (v) and providing guidelines based on the pillars of the Compliance Program as updated from time to time.

The activities carried out by the Compliance Function, since its establishment in 2016, have therefore aimed at strengthening the monitoring and management system for non-compliance risks, starting from the areas considered most relevant, such as, among others, antitrust, health and safety and privacy.

On 18 February 2021, the Board - with the support of all Functions and bodies in charge of the control system - assessed as adequate and effective the organisational, administrative and accounting structure and the Internal Control and Risk Management System of the Company and its subsidiaries with strategic importance, also with regard to the characteristics of the business and the risk profile assumed.

The Control, Risks and Sustainability Committee and the Board of Directors, in the respective meetings of 16 February 2021 and 18 February 2021, acquired the opinion of the Statutory

Auditors and of the Director in charge for the Internal Control and Risk Management System, with reference to the Financial Year, approved (i) the Audit Plan prepared by the Head of the Internal Audit Function and the Compliance Plan prepared by the Head of the Compliance Function.

No changes were made to the aforementioned Plans during the Financial Year as, among other things, at the date of their approval they already included, in their respective perimeters, activities relating to Stone Island (which became part of the Group as of 31 March 2021).

9.1 MAIN FEATURES OF THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM WITH REFERENCE TO THE FINANCIAL REPORTING PROCESS

The internal control system for the financial reporting process is an integral part of, and fits into the broader context of the system of, internal control and risk management. In general, the internal control system set up by the Company is intended to ensure the safeguarding of assets, in compliance with laws and regulations, the efficiency and effectiveness of business operations as well as the reliability, accuracy and timeliness of financial disclosure itself.

The internal control system for financial disclosure aims to identify and assess the events that may on occurrence threaten the credibility, accuracy, reliability and timeliness of financial information and the ability of the process for preparing the financial statements as a whole to produce financial information in accordance with the relevant accounting standards.

The design approach in the construction of the control model of the process of Financial Reporting was inspired by international standards and best practices in the sector as well as to the guidelines issued by the Committee of Sponsoring Organizations of the Treadway Commission.

The administrative and accounting procedures for the preparation of financial statements and any other financial reports are prepared under the responsibility of the Manager assigned to drawing up the corporate accounting documents, who together with the Chairman of the Board of Directors, certifies their adequacy and effective application on the issue of the Company's annual and consolidated financial statements and half-year financial statements.

a) Phases of the internal control and risk management system in relation to the financial reporting process

During the Financial Year, the Group worked in accordance with the recommendations of Law no. 262/2005, ensuring the documented and verified Financial Reporting process model through relevant checks, with regard to operational procedures concerning the administrative accounting system and the main activities of accounts closing in order to support the certification process by the Manager assigned to drawing up the corporate accounting documents.

As part of this project, analysis has been carried out, which has enabled the Company to update the perimeter of the relevant companies of the Group (based on the significance of the revenues and assets of each company on the consolidated amounts equal to 5%), in the context of which have been identified, in addition to the parent company Moncler, the subsidiaries with a strategic relevance, identified in Industries, Stone Island, Moncler USA, Moncler Shanghai, Moncler France, Moncler Japan Corporation and Moncler Korea. In addition, in the context of the above activity during the Financial Year other companies have been identified on the basis of a qualitative perimeter and taking into account specific risks (such as, by way of example, the presence of a local partner, the performance of specific activities or the management of certain significant processes in outsourcing); the company in respect of which the audit activities have been carried out is Moncler Istanbul Giyim ve Tekstil Ticaret Ltd. Sti..

With respect to said companies, financial statement items were selected together with the business processes feeding these items, arriving at a matrix of business processes/legal

entities concerning the Financial Reporting risks related with the failure to achieve the control objectives were identified, with the aim of ensuring a true and fair view of the financial information. This phase is called Risk Assessment.

In general, the objectives of control for the process of Financial Reporting are related to the typical financial statement assertions such as the existence, completeness and accuracy of accounting records, the rights and obligations and the assessment of operations and the presentation of disclosures. The control objectives were subsequently clarified and formalized, as identified within the Group's administrative and accounting processes, within a risk / control matrix (risk / control matrix). The controls are also linked to other elements that characterise the internal control environment and business organisation such as, for example, the segregation of duties, compliance with the rules of conduct and authorisation limits, the physical security of assets, the documentation and traceability of operations.

The analyses of the corporate perimeter (scoping), of the risks related to financial reporting (risk assessment) are updated periodically in order to identify major changes in the structure of the administrative and accounting processes as a result of the natural evolution of the business, the single legal entities and the organisation of the Group.

Subsequently the Company identifies the approach to be taken in the testing stage to ensure the adequacy and operation of key controls, in order to contain and/or reduce the residual risk to an acceptable level. The approach takes into account the way in which controls are carried out (manual checks, checks at an application system level and frequency of the checks themselves).

Overall, during the financial year, checks were carried out by the Internal Audit function, in coordination with the Manager assigned to the preparation of accounting documents, on all the companies indicated above, representing more than 80% of the Group's aggregate revenues and assets, respectively.

b) Role and functions involved

The control system concerning the financial reporting process is coordinated and managed by the Manager in Charge, Luciano Santel, appointed by the Board of Directors in accordance with the laws and statutory provisions in force.

The Manager in Charge avails himself of the Internal Audit Function to test the working of the control system, Managers of the parent company's Functions as well as by the legal representatives and Finance Directors of the foreign subsidiaries who, each for their area of competence, formally ensure the completeness and reliability of information flows for the purpose of preparing the financial documents, through internal certification letters sent each semester.

The Manager in Charge has direct responsibility for verifying the correct and timely execution of management tasks in administrative, accounting and financial operations, being called upon to supervise all phases of a continuous monitoring and evaluation of the risks inherent in the financial reporting process.

The Manager in charge shall periodically inform the Board of Statutory Auditors on the organisation, including its adequacy, and reliability of the accounting system and reports to the Control, Risks and Sustainability Committee and to the Board of Directors on his activities and on the effectiveness of the internal control system with regard to the risks concerning the financial statement disclosures.

As a result of the activities and controls carried out, the Manager in Charge issues the certifications required by Art. 154-*bis* of the Consolidated Law on Finance.

In particular, pursuant to:

- (i) Art. 154-*bis*, Paragraph 2 of the Consolidated Law on Finance, the acts and communications of Moncler, disclosed to the market and relating to the financial reports, including interim financial information, are accompanied by a written statement

of the Manager in Charge who certifies that these correspond to the accounting books and records;

- (ii) Art. 154-*bis*, Paragraph 5 of the Consolidated Law on Finance, the Manager in Charge and the Managing Director certify by means of a special report on the annual financial statements, the condensed half- year financial statements and the consolidated financial statements:
- a) the adequacy and effective application of administrative and accounting procedures during the period covered by the documents;
 - b) that the documents have been prepared in accordance with the international accounting standards adopted by the European Union;
 - c) that the documents correspond to the books and records;
 - d) the suitability of the documents to provide a true and fair view of the balance sheet, results and financial position of the issuer and the group of companies included in the consolidation;
 - e) that as far as the annual financial statements and the consolidated financial statements are concerned, the report on operations includes a reliable review of the performance and results of operations, as well as the situation of the issuer and the companies included in the consolidation, together with a description of the principal risks and uncertainties to which they are exposed;
 - f) that as far as the condensed half-year financial statements are concerned, the interim report on operations includes a reliable review of the information required by Paragraph 4 of Art.154-*ter* of the Consolidated Law on Finance.

9.2 DIRECTOR IN CHARGE OF INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

The Board of Directors of the Company held on 16 April 2019 appointed Mr. Luciano Santel as Executive Director and Chief Corporate & Supply Officer to be in charge of the Internal Control and Risk Management System in the implementation of the Recommendation no. 34 of the Corporate Governance Code.

The assignment of this role to a person other than the CEO is justified in view of the specific nature of Moncler's business activities, as well as the Group's organizational structure, also light of the powers granted, respectively, to the CEO, Remo Ruffini, and to the Executive Director and Chief Corporate & Supply Officer, Luciano Santel (reported in Paragraph 4.5 above).

In the implementation of the assigned functions, as described in Paragraph above, the Director responsible for the Internal Control and Risk Management System, with the support of the competent Functions:

- (a) has been responsible for identifying the business risks, taking account of the strategies and characteristics of the business of the Company and of the Group;
- (b) has implemented the guidelines defined by the Board, providing for the design, implementation and management of the internal control system and constantly monitoring its overall adequacy and effectiveness;
- (c) has been entrusted with adjusting the system of internal control to the business dynamics and the changing operating conditions within the legal and regulatory reference framework.

Luciano Santel has the power to ask the Internal Audit Function to perform checks on specific areas of operation and compliance with the internal rules and procedures in the execution of business operations, also notifying the Chairman of the Control, Risks and Sustainability

Committee, the Chairman of the Board of Statutory Auditors and head of the Compliance Function.

In carrying out his functions, the Director in charge of the Internal Control and Risk Management System promptly brings to the attention of the Control, Risks and Sustainability Committee, the Board of Directors and the Board of Statutory Auditors.

9.4 HEAD OF INTERNAL AUDIT FUNCTION

The Board of Directors of the Company held on November 9, 2015, appointed Mr. Riccardo Gregghi, as Head of the Internal Audit Function in line with the recommendations of Art. 6 of the Corporate Governance Code. On nomination, the Board of Directors determined the remuneration of the Head of the Internal Audit Function in accordance with the corporate policies responsible for giving the full economic autonomy for the discharge of the duties, within the limits of the overall annual budget allocated to the Internal Audit Function and subject to any additions and changes deemed necessary that may be inspected and approved by the Board of Directors at any time, upon proposal of the Director in charge of the Internal Control and Risk Management System, with the prior approval of the Control, Risks and Sustainability Committee and after consulting with the Board of Statutory Auditors.

The Head of the Internal Audit Function, who does not head any operational area and reports to the Board of Directors, provides, in coordination with the Compliance Function, the required information to the Director in charge of the Internal Control and Risk Management System, the Board of Statutory Auditors and the Control, Risks and Sustainability Committee.

In particular, the Head of the Internal Audit Function:

- (i) verifies that the Internal Control and Risk Management System is working properly;
- (ii) verifies, both on an on-going basis and in relation to specific needs and in compliance with international standards, the operation and the suitability of the Internal Control and Risk Management System through the audit plan prepared by the same approved by the Board of Directors and subject to the prior opinion of the Control, Risks and Sustainability Committee, based on a structured analysis and prioritisation of key risks;
- (iii) prepares periodic reports containing adequate information about their work, the way in which risk management is conducted, with respect to the defined plans for their control, as well as an evaluation of the suitability of the Internal Control and Risk Management System;
- (iv) prepares timely reports on events of major importance;
- (v) transmits these reports to the Chairmen of the Board of Statutory Auditors, the Control, Risks and Sustainability Committee and the Board of Directors and the Director in Charge of Internal Control System and Risk Management; and
- (vi) verifies, as part of the audit plan, the reliability of information systems including accounting systems.

The Head of the Internal Audit Function has direct access to all relevant information for performing his duties and where necessary has also access to the documents produced by third parties entrusted with positions of control in the Company or other subsidiaries. The Internal Audit Function carries out its activities also conducting sample checks on the processes that regulate corporate activity, extending the verification activities to all companies of the Moncler Group.

During the Financial Year, the Internal Audit Function performed and has been involved in the following activities:

- (i) activities of verification carried in accordance with the Audit Plan presented and approved by the Board of Directors on February 18, 2021, and previously examined by the Control, Risk and Sustainability Committee on December on February 16, 2021, and more precisely:
 - audit of operational assurance on material corporate processes;
 - audit of operational assurance on material compliance issues (privacy, tax, customs, labour law, anti-corruption);;
 - reputational screening and audits on counterparties and strategic suppliers, in order to prevent reputational and compliance risks and to support the operational choices made by the relevant functions;
- (ii) activities on behalf of the Manager in Charge in respect of Italian companies and material foreign companies in terms of their contribution to Group revenues and assets ;
- (iii) activities on behalf of the Supervisory Board, in accordance with Moncler's 231 Model and Industries, in particular:
 - assistance, as member of the Supervisory Board, to the training and follow-up sessions for the heads of the sensitive processes of both companies, concerning the Decree 231 and 231 Model, carried out also through individual meetings with the Group's Directors;
 - support in the receipt, management and analysis of the above- mentioned flows to the Supervisory Board;
 - support in the drafting of the Supervisory Board's audits plan;
 - performance, upon request of the Supervisory Board, of an audit on specific areas with respect to the offenses abstractly associated to the activity itself, by verifying the compliance with the protocols and the control requirements;
 - support in the drafting of the minutes of the meetings of the Supervisory Board;
 - support in risk assessment activities aimed at updating Models 231 in response to regulatory and organisational changes:
 - (i) Group Enterprise Risk Management coordination activities, carried out on behalf of the Supervisory Director of the Internal Control and Risk Management System; and
 - (ii) management of the reporting in relation to alleged wrongdoings, received by the whistleblowing process.

The Audit Plan prepared by the Internal Audit Function was approved by the Board of Directors, having consulted the Board of Statutory Auditors, in the meeting of 18 February 2021, after examination by the Control, Risk and Sustainability Committee during the meeting of 16 February 2021. During the Board meetings of 27 July 2021 and 24 February 2022, appropriate updates were provided regarding the progress of the actions provided for therein and the follow-up activities, previously shared with the Control, Risk and Sustainability Committee during the meetings of 27 July 2021 and 23 February 2022.

9.5 ORGANIZATIONAL MODEL PURSUANT TO LEGISLATIVE DECREE 231/2001

The Company's Board of Directors adopted the 231 Model under the 231 Decree, since 28 March 2014.

The 231 Model consists of two parts. The first one, of a general nature, explains the purpose, recipients and components of the preventive control system of the 231 Model itself and, always in line with the explanations found in 231 Decree, the structure, functioning and tasks of the Supervisory Body, which, pursuant to Art. 6 of 231 Decree, has the task of supervising the functioning of the 231 Model and compliance with its requirements.

The first part of the 231 Model also requires the Company's personnel to be involved in training and be provided with information on the contents of the 231 Model and the disciplinary system in the event of infringements of the provisions of the 231 Model.

On the other hand the second part of the 231 Model, of a special character, contains a description of the type of offences contemplated by 231 Decree and the relative penalties with respect to the risk of committing the above-mentioned infringements identified in the 231 Model.

The type of offences that the 231 Model intends to prevent, on the basis of the existing mapping of risks carried out with the objective of adoption and of the subsequent updates, are as follows:

- a) offences against the Public Administration;
- b) offences related to corporate law and market abuse;
- c) offences of receiving, laundering and use of money, goods or assets of illicit origin;
- d) offences in the field of health and safety at work;
- e) offences of incitement not to make statements or make mendacious statements to judicial authorities;
- f) forgery offences relating to trademarks, patents and brands;
- g) offences relating to infringement of copyright;
- h) offences regarding the employment of non-Italian nationals without a permit to stay;
- i) computer crimes and illegal data processing;
- j) environmental crimes;
- k) laundering crimes;
- l) offenses against the person;
- m) organized crime offenses;
- n) tax offences.

The 231 Model has been integrated and updated on May 4, 2018 in connection with the introduction of new criminal offences relevant for the purposes of 231 Decree in relation to the offence of illegal brokerage and exploitation of labour, and on the amendments on corruption and the introduction of the criminal offences on racism and xenophobia, and the whistleblowing regulation. Subsequently, during the Year, the 231 Model was updated with a resolution of the Board of Directors of February 18, 2021, implementing the introduction of "tax offences", "smuggling offences" and other offences introduced in 2020 of lesser and in any event reduced applicability within the Group's corporate context (e.g. "trafficking in illegal influences" and "sports fraud") into the list of offences pursuant to Legislative Decree no. 231/01. Moreover, the Company has updated the risk assessment activities carried out with respect to such crimes, against which no gaps emerged of an organizational and procedural nature or relating to the Company's internal control and risk management system.

The prescriptions contained in 231 Model are supplemented by those of the Code of Ethics, approved in its first version by the Board of Directors on January 24, 2014 and updated in its current version during the Board meeting of February 26, 2018. The Code of Ethics describes the commitments and ethical responsibilities in the conduct of business and corporate activities to which each employee and all those with whom the Company comes into contact in the course of its activities, must conform in the performance of their activities, in the belief that ethics in the conduct of business is the basis for the success of the business.

The Code of Ethics is available on the Company's web site www.monclergroup.com under section "Governance/Governance and ethics", "Governance/Shareholders' Meeting" and "Governance/Documents and procedures".

The Supervisory Board, entrusted with the task of supervising the functioning and compliance with 231 Model and the Code of Ethics, was confirmed in its composition by the Board of Directors meeting held on 16 April 2019: in light of the type of business and organizational structure of the Company, it was deemed appropriate to establish the Supervisory Board as a collegial body.

As of the date of this Report, the Supervisory Body, renewed on 16 May 2019, is composed by Lorenzo Mauro Banfi as Chairman, Carlo Alberto Marchi and Riccardo Greggi, Head of Internal Audit.

For full compliance with 231 Decree, the Supervisory Body is an entity that reports directly to the senior management of the Company and is not bound to business operations by any hierarchical structure in order to guarantee its full autonomy and independence in the discharge of its functions.

The Supervisory Board reported to the Control, Risks and Sustainability Committee on the activities carried out during the Financial Year with reports on 27 July 2021 and 23 February 2022; the Control, Risks and Sustainability Committee consequently reported to the Board of Directors on the matters illustrated by the Supervisory Board.

At the date of this Report, the Supervisory Board is composed of the standing auditor of Industries, Lorenzo Mauro Banfi as Chairman and external member, Carlo Alberto Marchi as external member and Riccardo Greggi as internal member.

9.6 AUDITING FIRM

Pursuant to Art. 13 of Italian Legislative Decree no. 39 of 27 January 2010, on 22 April 2021 the ordinary Shareholders' Meeting of the Company, on the proposal of the Board of Statutory Auditors and with effect from the approval of the financial statements as of December 31, 2021, resolved to appoint the auditing firm Deloitte to perform an audit of the annual and consolidated financial statements of the Group for the years 2022-2030, to perform a review of the consolidated half-year financial statements for that nine-year period and to ensure that the Company has kept proper accounting books and records and that its operations have been properly recognized in those books and records during that period.

9.7 MANAGER ASSIGNED TO DRAWING UP THE CORPORATE ACCOUNTING DOCUMENTS AND OTHER ROLES AND FUNCTIONS OF THE COMPANY

Mr. Luciano Santel acts as the Manager assigned to drawing up the corporate accounting documents as of 16 December 2013.

Art. 19.4 of the Bylaws provides for this officer to be appointed, subject to the mandatory opinion of the Board of Statutory Auditors, from those holding significant professional experience in accounting, finance and economics for at least 5 years.

Recalling what has already been described in Paragraph 10, in accordance with current law this manager is responsible in particular for:

- (i) setting up adequate administrative and accounting procedures for the preparation of the annual accounts and consolidated financial statements of the Company as well as any other financial documents;
- (ii) releasing written declarations which attest to the correspondence to the accounting books and records of documents and communications of the Company issued to the market including interim accounting information;
- (iii) making together with the Managing Director the declarations provided for in Art. 154-bis, Paragraph 5 of the Consolidated Law on Finance in a report drawn up in accordance with the model established by Consob regulations, annexed to the annual financial statements, to the half-year condensed financial statements and to the consolidated financial statements;
- (iv) participating in meetings of the Company's Board of Directors having as their agenda an examination of the Company's economic and financial data;
- (v) reporting forthwith to the Managing Director, to the Board of Directors, also through the Control, Risks and Sustainability Committee, any significant relevant aspects which it is believed, if not corrected, should be stated in the declarations pursuant to Art. 154-bis of the Consolidated Law on Finance;
- (vi) reporting every six months to the Board of Directors, the Control, Risks and Sustainability Committee and the Board of Statutory Auditors on the activity performed.

On his appointment, the Board granted this manager all the powers and means to perform the tasks assigned to him by current legislation and the Bylaws, including direct access to all functions, offices and information necessary for the production and testing of the accounting, financial and economic data, without any authorisation.

The Company has also set up a Compliance Function (headed by the WW Corporate Affairs & Compliance Director) reporting directly to the Chief Corporate & Supply Officer and functionally to the Board of Directors.

The Group has adopted a procedure and official whistleblowing channels, in accordance with the existing best practices at a national and international level, which will permit to internal subjects and third parties to make reports on alleged irregularities that took place in corporate management, through a confidential and reserved channel. The channel utilized consists of an IT platform managed by a specialized external company (NAVEX) which enables to receive and manage reports through a web platform or by telephone with local operators. Such system ensures the privacy and protection of the employee reporting alleged irregularities or breach of the 231 Model, in line with the privacy provisions of GDPR and other applicable privacy laws and regulations.

Moreover, Moncler adopted an anti-corruption model that provides, among other things, for the regulatory review of corruption offences in the countries in which the Company operates, identifying the areas and business processes most at risk of corruption. More specifically, an anti-corruption policy was therefore implemented by each company of the Moncler Group, regulating the responsibilities for monitoring regulatory changes, risk controls, training, audit activities, management, and the reporting of any cases of non-compliance.

At the date of this Report, the Board of Directors of the Company has not appointed any officers in charge of the internal control and risk management other than those described so far.

In order to carry out the tasks assigned, the Manager in Charge has at his disposal the financial and human resources as provided for in an annual budget, approved by the Board of Directors upon its proposal.

9.8 COORDINATION BETWEEN THE PARTIES INVOLVED IN THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

The methods of coordination between the subjects involved in the Internal Control and Risk Management System occurs at least once every six months, at the meetings of the Board of Directors and the Control, Risks and Sustainability Committee, to which all parties with control functions or in any way connected with the Internal Control and Risk Management System participate.

The meetings therefore involve the Director in charge of the Internal Control and Risk Management System as well as the Manager assigned to drawing up the corporate accounting documents, the Head of the Internal Audit Function, the Board of Statutory Auditors, the Supervisory Board, the Head of the Global Compliance Function and representatives of the auditing firm.

The Control, Risks and Sustainability Committee met on 16 February 2021 to examine, *inter alia*, the progress of the works on the Enterprise Risk Management Model presented by the Head of the Internal Audit Function, concerning, among other things, the activity of updating the risk portfolio, the focus on the Digital area and the aggregation of SPW in Moncler and the activities implemented by the Company in connection with the new Audit Plan. This meeting, attended by the Board of Statutory Auditors and the Supervisory Board, was also attended by the Manager in Charge, Luciano Santel, the Head of the Compliance Function, Andrea Bonante, the Sustainability Function, represented by Mariolina Piccinini, as well as the company KPMG S.p.A., in charge of the legal audit of the accounts until the approval of the financial statements at 31 December 2021.

The Chairman of the Committee, Mr. Marco De Benedetti, upon conclusion of the meetings held on 27 July 2021 and 15 March 2022, reported to the Board of Directors on the activities performed during the first and second semester of the Financial Year. Also the Supervisory Board attended to such meeting in order to report on the activities performed in the Financial Year.

10 INTERESTS OF DIRECTORS AND RELATED PARTY TRANSACTIONS

Under Art. 25 of the Bylaws, the Company approves the operations with related parties in accordance with applicable laws and regulations in force, the provisions of the Bylaws and the procedure adopted by Moncler in accordance to applicable law and regulations (the "RPT Procedure").

On January 24, 2014, having obtained the favorable opinion of the Independent Directors pursuant to Art. 2391-bis of the Italian Civil Code and the Consob RPT Regulation, Moncler approved the RPT Procedure, which was most recently updated on June 14, 2022 in order to reflect the new regulations introduced by CONSOB with resolution no. 21624 of December 10, 2020 to implement Directive (EU) 2017/828 so-called "Shareholder Rights Directive 2" and which concerns, among other things, the definition of "related party", approval procedures, cases of exemption and cases of conflicts of interest.

In accordance with the Consob RPT Regulation, the RPT Procedure regulates the procedures for examining and approving transactions with related parties defined of greater importance on the basis of the criteria set out in the Consob RPT Regulation and transactions with related parties defined of minor importance, by which are meant those other than transactions of greater importance and minor transactions in accordance with the Consob RPT Regulation.

Given that, pursuant to the Consob RPT Regulation, the most important transactions with related parties are those in which the equivalent-value or assets or liabilities relevance ratio is greater than the threshold of 5%, in order to facilitate timely detection and constant monitoring, the RPT Procedure requires the Manager assigned to drawing up the corporate accounting documents (i) to periodically identify the values of the capitalisation on the basis of the data published by Borsa Italiana S.p.A. and consolidated shareholders' equity of the Group, based on the latest periodic financial accounts published, by which to calculate the indices of relevance; and (ii) to record and update the value of transactions with related parties that have a similar nature or form part of an overall plan that are carried out with the

same related party of the Company or with parties related to the latter, and the Company, subject to the application of reason for exemption specified in Art. 13 of the RPT Procedure.

Without prejudice to the information obligations provided for by law and by the RPT Procedure, related party transactions shall be approved by the competent authority on the adoption of its decision in accordance with law and the Bylaws, after acquisition of the reasoned and non-binding opinion of the Related Parties Committee consisting of at least three independent directors of Moncler on the convenience and substantial correctness of the conditions relating to the operation expressed by related parties.

10.1 RELATED PARTIES COMMITTEE

The Related Parties Committee in office as at the date of this Report will remain in charge until the approval of the financial statements for the Year (and, therefore, will cease to hold office during 2022) and is composed of the following Directors with training and professional experience suitable to fulfil the duties required by the office held:

Virginie Morgon	Non Executive Director and Independent Director – Chairman
Diva Moriani	Non Executive Director and Independent Director
Guido Pianaroli	Non Executive Director and Independent Director

The Related Parties Committee performs the functions envisaged in the Procedure, the Consob RPT Regulation and the laws and regulations in force from time to time, and in particular:

- (i) expresses its prior opinion on the approval of and on the amendments of the RPT Procedure, and on the proposals to be submitted to the Shareholders' Meeting of the Company regarding any amendments to the Bylaws identified as necessary by the Board of Directors in relation to the definition of the RPT Procedure;
- (ii) expresses its justified and binding opinion on the transactions of greater importance and expresses its justified and non-binding opinion on the transactions of lesser importance;
- (iii) timely participates in the negotiations and investigation of transactions of greater importance, by receiving a complete and updated flow of information and with the right to request information and make observations to the delegated bodies and persons engaged to conduct the negotiations or investigation; and
- (iv) supports the corporate bodies and departments responsible for the preliminary investigations to determine the related parties and related-party transactions parties pursuant to the RPT Procedure and the laws and regulations in force from time to time.

The RPT Procedure is available on the Company's website www.monclergroup.com under Section "Governance/Documents and procedures", to which reference should be made for full details.

At the date of this Report, the Board of Directors did not deem it necessary to adopt, in addition to the RPT Procedure and the reporting requirements set out in Art. 2391 Italian Civil Code, a specific procedure for the identification and management of situations where a director is the holder of an interest on his own behalf or that of a third party.

11 BOARD OF STATUTORY AUDITORS

11.1 APPOINTMENT

Under Art. 24 of the Bylaws, the regular and deputy statutory auditors are appointed by the Shareholders' Meeting in compliance with the *pro tempore* regulations currently in force concerning gender balance, on the basis of lists presented by Shareholders in accordance with the laws and regulations in force from time to time present in Art. 148 of the Consolidated Law on Finance and art. 144-*quinquies* and following of the Issuers' Regulation, in which candidates must be listed with a sequential number and must be in a number not exceeding the members of the body to be elected. Each list must be composed of two sections: one for the appointment of regular statutory auditors and one for the appointment of deputy statutory auditors. The first candidate in each section must be selected from among the auditors enlisted in the appropriate register referred to in Art. 2397 of the Italian Civil Code.

The lists that have a total number of candidates equal to or greater than three shall be made from candidates belonging to both genders, to an extent consistent with the office of Statutory Auditor and at least one third (rounded up in any case) of the current *pro tempore* regulations regarding the gender balance of both candidates for the office of Statutory Auditor and candidates for the office of Alternate Auditor.

Pursuant to Art. 24 of the Bylaws, the right to present the lists is entitled only to shareholders who, alone or together with other Shareholders, hold shares representing at least 2.5% of the share capital or of other shareholding capital established by the laws and regulations in force. The participation threshold finally determined by Consob for Moncler pursuant to Art. 144-*septies*, Paragraph 1, of the Issuers' Regulation by way of Resolution no. 60 of 28 January 2022 is 0.5%.

Each shareholder has the right to submit or participate in the presentation of only one list and each candidate may appear on only one list on penalty of ineligibility.

Along with each list, within the deadlines for submission prescribed by law, declarations in which the individual candidates accept their candidacy and attest, under their own responsibility, that there are no causes of ineligibility and incompatibility, as well as the existence of the regulatory and statutory requirements for the position, must be filed. The list that does not comply with the provisions referred to above is considered as not presented. Along with the statements, a *curriculum vitae* on the personal and professional characteristics and including the list of administration and control duties of each candidate held in other companies must be filed for each candidate.

The provisions of law and regulations in force from time to time apply for the presentation, filing and publication of the lists. Each person entitled may vote for only one list.

Statutory auditors are appointed as follows:

- (a) two regular statutory auditors and one deputy statutory auditor are elected from the list that obtained the highest number of votes, based on the sequential order in which they appear in the list;
- (b) the remaining regular statutory auditor - who will take the office of Chairman - and one deputy statutory auditor are taken from the second list that has obtained the highest number of votes and found not to be connected in any way, directly or indirectly, with those who presented or voted for the first list with the highest number of votes on the basis of the sequential order in which they appear in the list. In the event that minority lists obtain the same number of votes, the candidate of the list, regular statutory auditor and deputy statutory auditor, being the eldest shall result as elected;
- (c) in the event one list alone is submitted, the Board of Statutory Auditors is drawn entirely from this subject to having obtained the approval of a simple majority of the votes.

If the methods above do not assure the composition of the Board of Statutory Auditors, in its full number of members, in compliance with the *pro tempore* legislation regarding gender balance, in the context of the candidates for the office of regular statutory auditor from the list that obtained the highest number of votes, the necessary replacements shall be performed according to the sequential order in which candidates are listed.

If the legal and statutory requirements are not met, the statutory auditor forfeits the office. In the event of the replacement of a statutory auditor, the deputy an auditor belonging to the same list as the outgoing one takes his place or, failing that, in the event of termination of the minority member, the next candidate on the same list as the outgoing auditor or, alternatively, the first candidate from the minority list that has obtained the second highest number of votes.

It is understood that the Chair of the Board of Statutory Auditors shall remain with the minority auditor and that the composition of the Board shall comply with the regulations currently in force concerning gender balance.

When the Shareholders' Meeting is due to appoint the regular and/or deputy statutory auditors to set up the Board of Statutory Auditors, the procedures shall be as follows: if it is necessary to replace elected auditors in the majority list, the appointment shall be made by a majority vote on any list; if there is the need to replace elected auditors in the minority list, the Shareholders' Meeting replaces them on a simple majority vote, choosing where possible between the candidates on the list of which the auditor to be replaced was part, or on the minority list that has the second highest number of votes.

If the application of these procedures does not allow, for any reason, the replacement of the statutory auditors appointed by the minority, the meeting will take measures for a relative majority vote, subject to submission of nominations by shareholders who, alone or together with others, are in total holders of a number of shares with voting rights representing at least the percentage indicated above in relation to the procedure for the submission of lists; however, the results of this last vote will not take into account the votes of shareholders who, according to communications made under the current legislation, hold, directly or indirectly or jointly with other shareholders that are party to a relevant shareholders' agreement pursuant to Art. 122 of the Consolidated Law on Finance, a relative majority of the voting power which can be exercised in the Meeting, as well as shareholders that control, are controlled by or are under the common control of the same.

Replacement procedures mentioned above must in any case ensure compliance with the laws and regulations in force on gender balance. The outgoing auditors can be re-elected.

The Bylaws do not contemplate the election of more than one minority auditor.

11.2 COMPOSITION AND FUNCTIONING

Under Art. 24 of the Bylaws, the Shareholders' Meeting appoints the Board of Statutory Auditors, consisting of three regular statutory auditors and determines their remuneration. The Shareholders' Meeting also elects two deputy statutory auditors. The powers, duties and term of office of the statutory auditors shall be those established by law.

The Board of Statutory Auditors, in charge at the date of this Report, was appointed by the Shareholders' Meeting on June 11, 2020 on the basis of two lists presented on May 19, 2020 respectively, by the majority shareholder Ruffini Partecipazioni S.r.l. (now Double R S.r.l.) and by a group of asset management companies and international and national institutional investors that, at the time of the Meeting, held a total of 2.04353% of the share capital. The board remains in office until approval of the financial statements as at December 31, 2022.

The members of the Board of Statutory Auditors in office as of the date of this Report are:

Riccardo Losi	Chairman of the Board of Statutory Auditor

11.3 CRITERIA AND DIVERSITY POLICIES

As of the renewal of Moncler's management bodies, the composition of the Board of Statutory Auditors of the Company ensures an adequate level of diversity, not only in terms of gender composition of the Board, but also in terms of age, education and professional experience.

As for gender diversity, it is worth noting that Law 120/2011 introduced the obligation for listed companies to reserve at least one third of the positions of Statutory Auditors for the less represented gender. On January 1, 2020, L.160/2019 came into force, which provided for a different quota reserved to the less represented gender, equal to at least two-fifths of the elected Auditors (both standing and deputy), and established that this allocation criterion shall apply for six consecutive terms. This allocation criterion, pursuant to the provisions of the new Art. 144-*undecies*.1 of the Issuers' Regulations, as amended by CONSOB through Resolution no. 21359 of 13 May 2020, is applied on the basis of the rounding up criterion, except for Boards of three members, for which the rounding up is - as already anticipated in CONSOB Communication no. 1/2020 - down to the lower unit.

The By-laws provide rules for the composition of lists and additional voting mechanisms aimed at ensuring the presence on the Board of Statutory Auditors of the minimum number of members belonging to the least represented gender, in accordance with the law. Specifically, pursuant to Art. 24.2 of the Bylaws, lists presenting a total number of candidates equal to or greater than three must be made up of candidates belonging to both genders, in accordance with the pro tempore regulations in force regarding the balance between genders as regards both candidates for the office of Standing Auditor and candidates for the office of Deputy Auditor.

At the time of latest renewal of the Board of Statutory Auditors, resolved by the Shareholders' Meeting convened on June 11, 2020, the Shareholders' Meeting appointed two female Standing Auditors and one male Statutory Auditor, pursuant to the provisions above.

Moreover, the members of the Board of Statutory Auditors have skill sets ensuring an

adequate level of diversity, not only in terms of gender composition of the Board, but also in terms of age and educational and professional experience. In particular, all the members of the Board of Statutory Auditors have extensive experience in the field of tax and corporate consultancy, in particular in the industry and fashion sectors.

Diversity Policy

As indicated under Paragraph 4.3 of this Report, the Company adopted a policy on diversity for the composition of the Board of Directors and the Board of Statutory Auditors.

The Policy was previously submitted to the review of the Nomination and Remuneration Committee, together with the Board of Statutory Auditors, at its meeting on October 4, 2018 and was subsequently approved by the Board of Directors at its meeting on December 18, 2018, in implementation of Art. 123-*bis*, Paragraph 2, letter d-*bis* of the Italian Consolidated Law on Finance and in acceptance of the recommendations of the Corporate Governance Code on diversity and lastly updated on June 29, 2021. In view of the renewal of the members of the Board of Directors that will be resolved by the Shareholders' Meeting convened on 21 April 2022, the Board in office at the date of the Report has conducted a process of analysis and assessment of the current composition of the corporate bodies, formulating, as a result of this process, some proposals for amendments to the aforementioned Diversity Policy that were previously examined by the Nomination and Remuneration Committee at the meeting held on 24 February 2022 and subsequently approved by the Board at the meeting held on the same date.

This Policy pursues the Company's objective, which is in line with the stakeholders' expectations and in compliance with the cornerstones on which the corporate governance system and the values of the Code of Ethics are based, of creating the necessary conditions for its management and supervisory bodies to exercise their duties in the most effective and lawful manner, through decision-making processes that express a majority of qualified and diverse contributions.

The Policy applied upon renewal of the Board of Statutory Auditors which will be submitted to the Shareholders' Meeting convened on 11 June 2020.

As for the implementation, the Policy primarily intends to guide the submission of candidacies by the Shareholders upon renewal of the entire Board of Statutory Auditors, then ensuring an adequate consideration of the benefits deriving from a balanced composition of the Board, in line with the abovementioned diversity aspects.

For further details on the Policy please refer to the document published on the Company's website www.monclergroup.com, under Sections "Governance/Governance and ethics" and "Governance/Shareholders' Meeting".

All the members of the Board of Statutory Auditors meet the independence requirements provided for in Art. 148, Paragraph 3, of the Consolidated Law on Finance and, as stated in the respective resume and additional information provided in this Paragraph, the requirements of integrity and professional qualifications required by Art. 148 of the Consolidated Law on Finance and Art. 2 of the Corporate Governance Code and the implementing regulations adopted by the Decree of the Ministry of Justice no. 162/2000.

In the declaration of candidacy and acceptance of the office of auditor of the Company, all the auditors have also certified (i) that there are no grounds for their ineligibility, revocation, or incompatibility, (ii) that they meet all integrity, independence, and professionalism requirements, in compliance with law and with the bylaws, for the office of auditor of Moncler which is a listed company; (iii) that they do not hold management or control positions equal to or exceeding the limits established by law; and (iv) that they will communicate promptly to the Company and, on its behalf, the Board of Directors and the other members of the Board of Statutory Auditors, any changes to the declaration and any supervening grounds for

revocation.

The Board of Statutory Auditors verified the maintenance of the independence requirements also with respect to the Financial Year. With specific regard to the Standing Auditor Nadia Fontana, certain verifications were carried out in view of her status as a partner of a company belonging to the network of the company appointed to audit the accounts for the three-year period 2022-2030, also taking into account Nadia Fontana's intention to withdraw from the network of said auditor with effect, at the latest, by the date of approval of this Report by the Board of Directors of Moncler, considering that the financial statements for the year submitted for approval to the Shareholders' Meeting called for April 21, 2022, represent the last year of the nine-year assignment given to KPMG S.p.A., the outgoing auditor (this termination took place on 24 February 2022). The Board of Statutory Auditors, also with the support of external legal advisors, verified the matter and found that there were no provisions in the law or the articles of association that could prevent the appointment of both positions for a limited period of time. Having said this, in order to protect the independence of the members of the Board of Statutory Auditors, the Auditor Nadia Fontana shared with the Board of Statutory Auditors the opportunity to bring to the attention of shareholders, through this Report (i) the existence for a limited period (approximately two months) of an overlap between the office of auditor and that of partner of the entity of the network of the incoming auditor, which ceased with the exit from the network on 24 February 2022 and (ii) the adoption of specific safeguards, in relation to said period, to neutralise possible threats to independence (even if only potential). In this regard, Nadia Fontana, in particular, (i) exercised in writing, in December 2021, her withdrawal from the network entity of the incoming auditing firm effective as of 24 February 2022, disposing of any financial interest, concluding any business or professional activity with the aforesaid network and ceasing any reference to it prior to the date of approval of this Report (ii) it undertook to refrain from taking part in any activity or resolution of the Board of Statutory Auditors concerning the incoming auditor until the effective date of said withdrawal, just as it had already refrained from taking part in the activity connected with the tender, concluded in April 2021, aimed at selecting Moncler's new auditor starting from the 2022 financial year.

The Board of Statutory Auditors carried out a self-evaluation activity in the context of which it was examined and ascertained the suitability of the members of the Board of Statutory Auditors and the appropriate composition of the same. The results of these activity were recorded and they were promptly communicated to the Board of Directors.]

The Board of Statutory Auditors met on 17 occasions during the Financial Year and each meeting lasted an average of about 2 hours.

All the members of the Board of Statutory Auditors attended to all the 17 meetings.

For the current Financial Year, the Board of Statutory Auditors has scheduled 13 meetings, five of which have already been held.

As regards the initiatives promoted by the Chairman of the Board of Directors aimed at providing statutory auditors with adequate knowledge of the area of activity in which the Company operates, reference should be made to the matters described in Paragraph 4.4.

The remuneration of the Statutory Auditors is proportionate to the commitment required from each of them, to the importance of his/her role as well as to the size and business sector of the Company. In view of the Ordinary, 2020, which is called to resolve on the renewal of the Board of Statutory Auditors as well Shareholders' Meeting called on June 11 as on the remuneration for the whole duration of the office, pursuant to art. 2402 of the Italian Civil Code, the Board of Statutory Auditors, which was in office at that time, sent to the Company a document summarising the activities carried out during the term of office, which is useful for the assessment by the Company's Shareholders of the adequacy of the remuneration of the members of the Board of Statutory Auditors. The Company's Shareholders, who met during the meeting held on June 11, 2020, approved the proposal submitted by Ruffini Partecipazioni S.r.l. (now Double R S.r.l.) to set at Euro 60,000 gross per year the amount of the remuneration to be allocated to the Chairman of the Board of Statutory Auditors and at Euro 41,000 gross

per year the amount of the remuneration to be allocated to each Standing Auditor.

As discussed in Paragraph 10, in the performance of its duties the Board of Statutory Auditors has co-ordinated and regularly liaises with the Control, Risks and Sustainability Committee, with the Internal Audit Function, with the Compliance Function, with the Director in charge of the Internal Control and Risk Management System, and the Manager assigned to drawing up the corporate accounting documents and with the auditing firm.

The Company has not found it necessary to formalise and adopt procedures for the obligation of the statutory auditor, who on his or her own behalf or that of third parties has an interest in a specific corporate transaction, to inform promptly and thoroughly the other auditors and the Chairman of the Board of Directors about the nature, terms, origin and scope of the interest, deeming as effective and adequate, on one side, the obligations and the protections applicable to the statutory auditors in accordance with the applicable regulatory and legislative discipline of the Corporate Governance Code; on the other side, having the widest cooperation and dialogue in this regard with the statutory auditor who acts transparently and the full information of the Board.

12 RELATIONS WITH SHAREHOLDERS

Moncler has always attached the utmost importance to defining, developing and maintaining open, transparent and ongoing forms of dialogue with shareholders and the market in general, since they are beneficial to both shareholders and the Company. This dialogue enables Moncler to guarantee comprehensive information transparency and to improve its financial and non-financial results, also with a view to fostering sustainable success and the creation of value in the medium-long term. Moreover, during the Financial Year the Company carried out a significant engagement activity on corporate governance and remuneration issues with the main Proxy Advisors and institutional investors present in the Company's share capital.

12.1 ENGAGEMENT POLICY

During the financial year 2021, in line with the recommendations of the Code of Corporate Governance, the Company adopted the Engagement Policy (available on the website www.monclergroup.com, "*Governance/Engagement*" section), also taking into account the engagement policies adopted by institutional investors and asset managers.

The Engagement Policy thus formalizes the Company's approach to managing dialogue with regard to aspects concerning the involvement of the members of the Board, identifying the interlocutors, the topics to be discussed, the timing and the channels of interaction. With regard to other forms of dialogue management, the other policies, guidelines and activities already adopted by Moncler remain valid and applicable.

The topics subject to discussion in the dialogue covered by the Engagement Policy may concern:

- (i) management performance, financial statements and periodic financial results;
- (ii) corporate strategy
- (iii) environmental, social and governance issues (so-called ESG issues);
- (iv) performance of the share and any other financial instruments issued by the Company;
- (v) operations announced or implemented by Moncler and its subsidiaries that are of material strategic, economic, equity or financial importance
- (vi) the corporate governance system
- (vii) appointment and composition of the corporate bodies, also with reference to their size, professionalism, honourability, independence and/or diversity

- (viii) remuneration policy for Directors and Strategic Managers and the dividend policy;
- (ix) buy-back programmes;
- (x) transparency and corporate communication towards the market;
- (xi) the internal control and risk management system;
- (xii) the competitive and regulatory environment;
- (xiii) transactions announced or carried out with related parties;
- (xiv) extraordinary and/or particularly significant events that have occurred and that may significantly affect Moncler's prospects or its reputation.

12.2 INVESTOR RELATOR

The Board of Directors appointed the official responsible for relations with the Shareholders and investors (Investor Relator) in the person of Ms. Paola Durante.

A special section of the Company's website www.monclergroup.com is dedicated to providing financial and corporate information for investors and called "Investor Relations" within which an e-mail address is provided for collecting and responding to requests for information made by Shareholders and investors.

The coordinates of the Head of Investor Relations are:

13 SHAREHOLDERS' MEETINGS

13.1 FUNCTIONING

The Shareholders' Meeting shall decide on all matters within its jurisdiction by law.

The resolutions, both at ordinary or extraordinary Shareholders' Meetings shall be taken by the majority required by law.

Under Art. 8 of the Bylaws, ordinary and extraordinary Shareholders' Meetings are normally held in the municipality where the Company's registered office is located, unless otherwise resolved by the Board of Directors, and provided that it is in Italy or in a country in which the Company operates, directly or through its affiliates or subsidiaries.

It should be noted that, in order to meet the organizational needs arising from the Covid-19 pandemic, Law Decree no. 18/2020 (converted with amendments by Law no. 27 of April 24, 2020 and as extended by Paragraph 1 of Art. 3, of Law Decree no. 228 of December 30, 2021, as converted with amendments by Law no. 15 of February 25, 2022), introduced temporary measures for the holding of shareholders' meetings, which are also applicable in the absence of or in derogation of the related statutory provisions. More specifically, these measures allowed: (i) the holding of the Shareholders' Meeting, even exclusively, by means of telecommunications capable of guaranteeing the identification of the participants, their participation in the meeting as well as the exercise of voting rights; (ii) the expression of the vote electronically, by post or through a specially appointed representative (iii) the possibility for listed issuers to provide - in the notice of call of the meeting - for the participation of shareholders exclusively through an appointed representative; and (iv) the holding of meetings without the need for the chairman, the secretary and the notary to be at the same

place.

In accordance with the aforementioned provisions, the Company has provided for participation in the Shareholders' Meetings of March 25, 2021 and April 22, 2021 exclusively through an appointed representative pursuant to Art. 135-undecies of the Consolidated Law on Finance.

The ordinary Shareholders' Meeting must be convened at least once a year to approve the Financial Statements, within one hundred twenty days after the close of the financial year or within one hundred and eighty days, since the Company is required to prepare consolidated annual accounts or, in any case, when it is required by the extraordinary demands on the structure and purpose of the Company.

The relevant notice of summon is made within the time prescribed by the applicable laws and regulations in force from time to time by notice published on the Company's website, as well as the manner prescribed by applicable laws and regulations in force from time to time with a notice period of not less than the minimum required by law prior to the date fixed for the Shareholders' Meeting.

Ordinary and extraordinary Shareholders' Meetings are held in a single call.

Those who may participate and intervene in the Shareholders' Meeting are those who have the right to vote and their representatives in accordance with legal rules and regulations from time to time in force.

Under Art. 10 of the Bylaws, those who are entitled to vote may be represented at the Shareholders' Meeting, in accordance with law, by proxy issued in the manner provided by law. The proxy may be notified to the Company by mail or by e-mail transmission in the manner specified in the convening notice.

The Shareholders' Meeting is chaired by the Chairman of the Board of Directors or, in his absence or impediment, by the Deputy Chairman or the Managing Director, if present; in their absence the Shareholders' Meeting elects the Chairman.

Shareholders' Meetings are governed by specific Shareholders' Meeting Regulations which were approved by the resolution of 1 October, 2013 and are effective from 16 December 2013.

The Shareholders' Meeting Regulations have been adopted in order to regulate the orderly and efficient conduct of Shareholders' Meetings and to benefit the rights of Shareholders in compliance with the applicable regulations and the recommendations found in Art. 9 of the Corporate Governance Code.

For regulating and facilitating any action undertaken by right holders, Art. 6 of the Shareholders' Meeting Regulations provides that those who have the right to vote may ask to speak on the topics under discussion only once, making comments and asking for information. In exercising their right to vote right-holders may also make proposals. In order to ensure orderly conduct of the Shareholders' Meeting, the Chairman has the right to determine, at the beginning or during the discussion of individual topics, a term for the submission of requests for intervention. The Chairman shall lay down the methods of inquiry and conduct of operations and the order of execution of the same. The Chairman, taking note of the object and relevance of individual topics under discussion as well as the number of requests to speak and any questions made by members before the Shareholders' Meeting which have not already been answered by the Company, predetermines the duration of interventions and replies – normally not more than ten minutes for interventions and five minutes for replies – in order to ensure that the Shareholders' Meeting can conclude its work in a single session.

The Shareholders' Meeting Regulations are available on the Company's website www.monclergroup.com in the section "*Governance/Documents and procedures*" to which reference should be made for any further details.

13.2 MEETINGS HELD DURING THE FINANCIAL YEAR

During the Year, two Shareholders' Meetings were held on 25 March 2021 and 22 April 2021, respectively.

The Extraordinary Shareholders' Meeting of March 25, 2021 approved the proposal to increase the share capital against payment and in divisible form, with the exclusion of option rights pursuant to Art. 2441, Paragraphs 5 and 6, of the Italian Civil Code, reserved for shareholders (at that time) of Stone Island. In particular, the Shareholders' Meeting approved the capital increase for a maximum total amount of Euro 575,000,800.2948 (of which Euro 3,066,033.2 by way of capital and Euro 571,934,767.0948 by way of share premium), through the issue of a maximum total of no. 15,330.166 new ordinary shares of the Company with the same characteristics as those in circulation at the issue date, at a subscription price of Euro 37.5078 (including share premium) per new share, to be paid also through compensation, to be reserved for subscription to Rivetex S.r.l., a company controlled by Carlo Rivetti, Mattia Rivetti Riccardi, Ginevra Alexandra Shapiro, Pietro Brando Shapiro, Alessandro Gilberti and Venezia Investments Pte Ltd. As a result of the approval of the reserved capital increase by the Extraordinary Shareholders' Meeting, the conditions precedent envisaged for the closing of Moncler's acquisition of SPW's share capital in the agreements signed as part of that transaction have been met.

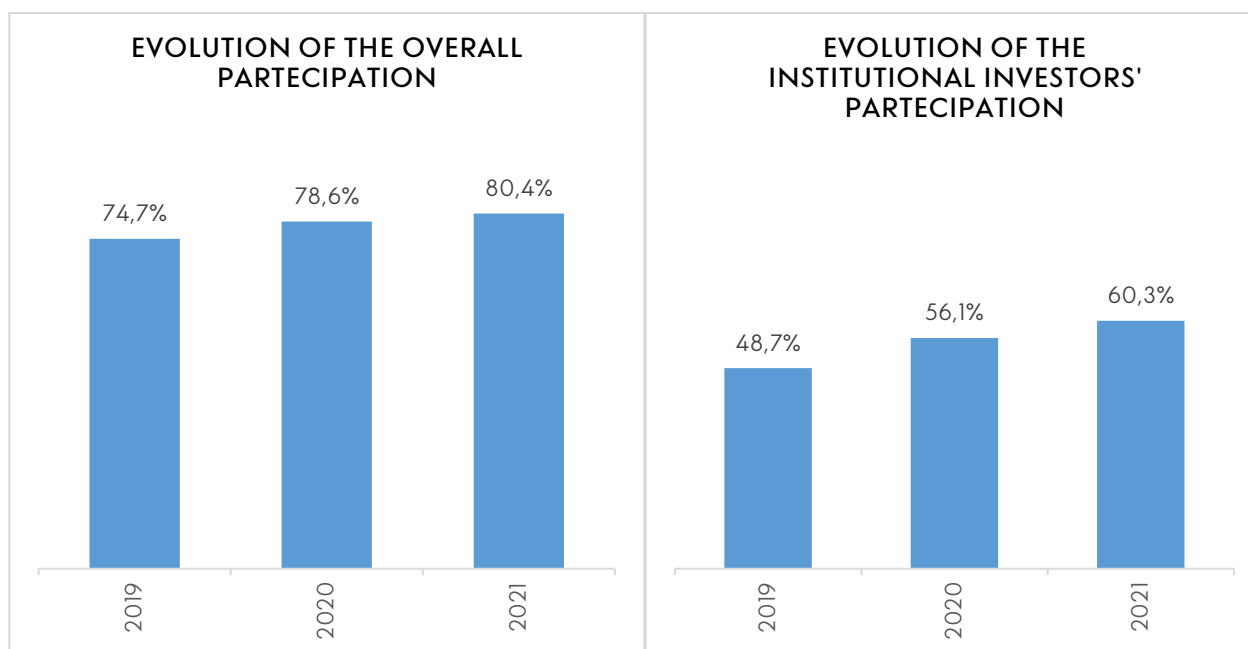

Secondly, the Extraordinary Shareholders' Meeting approved the single proposal to amend the Bylaws. Specifically, the Shareholders' Meeting approved the amendment of:

- (a) Art.s 8 and 12 in order to eliminate the constitutive and deliberative quorums required for the approval by the Extraordinary Shareholders' Meeting of certain matters with reference to the constitutive and deliberative quorums required by law;
- (b) Art. 13 in order to (i) replace the fixed number of Directors (11 or 13) with a minimum number (9) and a maximum number (15) in order to guarantee over time and according to the specific needs of the Company, greater flexibility and adaptability in the size and composition of the administrative body (ii) increase the number of Independent Directors who must now constitute the majority of the members of the Board, thus providing for a higher quota than that prescribed by law (2 Independent Directors for Boards composed of more than 7 members) and higher than that recommended by the Corporate Governance Code (which recommends that at least half of the members of the administrative body of large companies that do not have concentrated ownership like Moncler be independent).

On 22 April 2021, the Shareholders' Meeting, meeting in Ordinary Session, approved the financial statements for the year ended December 31, 2020 and the allocation of net income for the year, expressed its non-binding favorable vote on the second Section of the Remuneration Report, authorized the purchase and disposal of treasury shares, appointed Deloitte to audit the accounts for the period 2022-2030 and re-determined the number of members of the Board of Directors, appointing a new director (i.e. Carlo Rivetti, Chairman and Chief Executive Officer of Stone Island, in line with the agreements agreed as part of the Stone Island Transaction) and consequently re-determined the Directors' remuneration.

In both Meetings, the attendance took place through the representative appointed pursuant to Art. 135-undecies of the Consolidated Law on Finance, identified in Spafid S.p.A. as the Board availed itself of the faculty pursuant to Art. 106, Paragraph 4, of Law Decree no. 18 of March 17, 2020 in view of the emergency situation.

The following table shows the level of Shareholder attendance at the Shareholders' Meetings over the last three years.

The Company is part of the FTSE-MIB of Borsa Italiana as of March 24, 2014, having reached, after the listing on Euronext Milan, a market capitalization that at the date of the present Report is equal to Euro 13.4 billion.

During the Financial Year no further significant changes in the market capitalization of the Company occurred. With regard to changes in the company structure of Moncler, please refer to the previous Paragraph 2, lett. g) of this Report.

14 ADDITIONAL CORPORATE GOVERNANCE PRACTICES

The Chairman and Managing Director Remo Ruffini is assisted by a Strategic Committee composed by the Chairman and Managing Director (Chairman of the Committee) Remo Ruffini, the Executive Officer and Chief Corporate & Supply Officer Lucian Santel, the Executive Officer and Chief Business Strategy & Global Market Officer Roberto Eggs, the Operation and Supply Chain Director Francesca Bacci, the Chief Brand Officer, Gino Fisanotti, the Chairman and Managing Director of Stone Island and non-executive director of Moncler, Carlo Rivetti, and the Senior Director Retail and Business Development, Andrea Tieghi.

The Strategic Committee assists the Chairman and Managing Director in an advisory capacity, supporting him on a continuous basis in the definition and implementation of strategies and carrying out the task of linking the main strategic areas of the Company and the Group and obtaining their agreement, ensuring consistency and agreement with Moncler's founding values, namely uniqueness, exclusivity, transversality, quality and innovation. The Strategic Committee's functions include the review of the Business Plan and the Sustainability Plan and all strategic decisions including, but not limited to, the ones related to the development of the distribution network, marketing plans, investments, entry into new markets and environmental and social initiatives

15 CHANGES SINCE THE END OF THE FINANCIAL YEAR

Except for the matters referred to in Paragraph 4.3 above regarding the appointment of Carlo Rivetti as a Director of the Company, there have been no changes in the Company's corporate governance structure following the end of the Financial Year.

16 CONSIDERATIONS ON THE LETTER SENT BY THE CHAIR OF THE CORPORATE GOVERNANCE COMMITTEE ON DECEMBER 3, 2021

The Chairman of the Board of Directors drew the attention of the Board and, insofar as it falls within the competence, of the Board of Statutory Auditors, in a meeting, on the advices contained in the letter (the **Letter**) sent on December 3, 2021 by the Chair of the Corporate Governance Committee (the **Committee**, thereby lingering over the criticalities identified therein. The above recommendations have also been submitted to the Nomination and Remuneration Committee and the Control, Risks and Sustainability Committee for their relevant evaluations on the matters falling within the respective competence.

The recommendations included in the Letter take up the main innovations introduced by the Corporate Governance Code and are aimed at supporting issuers in the process of relative adherence, focusing on the following six critical areas: (i) the adequate and concise representation of the sustainable success, the methods of pursuing it and the approach in promoting dialogue with stakeholders and the content of the engagement policy; (ii) the application of the principle of proportionality in the adherence to the Corporate Governance Code; (iii) the representation of the criteria for the identification of independence; (iv) the preparation of the regulations for the Board of Directors and its committees; (v) the application of the recommendations regarding the renewal of the Board of Directors; (vi) the reporting on equal treatment and gender; and (vii) the consistency of the parameters set for variable remuneration with the strategic objectives.

First of all, the Committee, reiterating its previous recommendations on the integration of sustainability in strategies, recommends that companies should provide in their corporate governance report adequate and concise information on the methods adopted to pursue sustainable success and on the approach adopted in promoting dialogue with the relevant stakeholders. In this regard, the Committee recommends providing concise information on the content of the policy for dialogue with the generality of shareholders, without prejudice to the advisability of publishing it in full, or at least in its essential elements, on the company's website.

With reference to the new approach to proportionality envisaged by the Corporate Governance Code, the Committee suggests assessing the classification of the company with respect to the categories of the Corporate Governance Code and the simplification options that can be adopted for "not large" and/or "concentrated" companies, as well as adequately indicating the choices adopted.

With regard to the preparation of Board and Committee regulations, the Committee invited the Boards of Directors to: (i) ensure that board and committee regulations are drawn up with particular attention to the explicit establishment of the deadlines deemed appropriate for the sending of documents and the exclusion of generic confidentiality requirements as possible exemptions from compliance with these deadlines; and (ii) provide an adequate illustration in the Corporate Governance Report of the actual compliance with the notice period previously defined and, where in exceptional cases it has not been possible to comply with this deadline, explain the reasons and illustrate how adequate information has been provided to the Board.

With reference to these recommendations, reference should be made to the contents of Paragraph 4.4 of this Report.

The third critical area highlighted in the recommendations included in the Letter concerns the representation of the criteria for identifying the independence of directors. In particular, the Committee invites the administrative bodies of the issuers to provide in the corporate governance report the criteria used for the assessment of the materiality of professional, commercial or financial relationships and additional remuneration, also with reference to the Chairman of the Board of Directors, if the latter has been assessed as independent pursuant to the Code. In this regard, it should be noted that in the guidance opinion (available on the website www.monclergroup.com, Section "Governance/Shareholders' Meeting") prepared in view of the Shareholders' Meeting of 21 April 2022 which, inter alia, will appoint the new

Board, the criteria identified by the Board, following the proposal of the Nomination and Remuneration Committee, to assess the materiality of such relationships are reported.

With respect to the application of recommendations regarding the renewal of the Board of Directors, the Committee urges non-concentrated ownership companies to adequately consider the recommendations made to them with respect to the renewal of the Board of Directors. In particular, the Boards of Directors of "non-concentrated" companies are recommended to ask those who submit a list containing more than half the members to be elected to provide adequate information (in the documentation submitted for the filing of the list) on the compliance of the list with the orientation expressed by the outgoing Board and to indicate their candidate for the office of Chairman. These recommendations were implemented by the Moncler Board in the illustrative report on the appointment of the new Board published in view of the Shareholders' Meeting of 21 April 2022 (called to resolve upon, inter alia, the appointment of the new Board) available on the website www.monclergroup.com, Section "Governance/Shareholders' Meeting".

As regards the information on equal treatment and gender, the Committee invites the companies to provide adequate information in the Corporate Governance Report on the concrete identification and application of the measures aimed at promoting equal treatment and opportunities between genders within the whole corporate organisation, monitoring their concrete implementation. In this regard, in addition to referring to Paragraph 4.3 of this Report, it should be noted that the new share incentive plan called the "2022 Performance Shares Plan" that will be submitted for approval to the Shareholders' Meeting of April 21, 2022 provides for, among other things, an ESG indicator linked to three different challenges present in the 2020-2025 Strategic Sustainability Plan that include the promotion of the principles of diversity, equity and inclusion through the achievement for the Moncler headquarter perimeter of Equal Pay certification relating to pay equity between women and men. In this regard, please refer to the Remuneration Report and the information document prepared pursuant to Art. 84-bis of the Issuers' Regulations, which provides the relevant terms and conditions, available on the Company's website www.monclergroup.com, "*Governance/Shareholders' Meeting*" section.

Lastly, the Committee reiterates the advisability of improving the policies relating to the disbursement of the variable component of the remuneration of termination indemnities and recommends to adequately consider the consistency of the parameters identified for the variable remuneration with the strategic objectives of the business activity and the pursuit of sustainable success, assessing, if necessary, the provision of non-financial parameters. With particular reference to the remuneration parameters linked to the achievement of environmental and social objectives, the Committee recommends companies to ensure that these parameters are predetermined and measurable. In line with the provisions of the Corporate Governance Code, Moncler's Policy for the remuneration of executive Directors and top management provides for a balance between fixed and variable components consistent with the strategic objectives and risk management policy. In this regard, the Nomination and Remuneration Committee has the task of assisting and supporting the Board of Directors - the body responsible for defining the Group's strategic objectives - in defining the variable remuneration of executive Directors and top management. In this regard, reference should be made to the Remuneration Report (available on the website www.monclergroup.com in the "*Governance/Shareholders' Meeting*" and "*Governance/Remuneration*" sections) in which, among other things, clear indications were provided regarding the identification of the weight of the variable component as well as the appropriate information on the medium/long-term performance objectives that also include parameters of a non-financial nature.

*** This column contains the number of offices as Director or Statutory Auditor held by the relevant Director in other listed companies on regulated markets, both in Italy and abroad, financial corporations, banks, insurance companies or companies significant in size. (N.B. for completeness, the column "Other offices" also includes the offices held by each Director within commercial companies regardless of their size). The Report on Corporate Governance contains the full indication of their offices.

(*) This column contains the attendance of each Director to the meetings of the BoD and of the committees respectively (i.e., no. of presences / no. of meetings held during the actual term of office of the relevant Director; e.g., 6/8; 8/8, etc.).

(**) This column contains the indication of the role held by each Director in the committee: "C": chair; "M": member.

Carlo Rivetti was appointed Director on 22 April 2021 and therefore reference was made to the number of meetings held after his appointment.

Marco De Benedetti chaired as independent member the meeting of the Committee for Related Parties Transactions concerning the merger of Stone Island and Moncler (qualifying as a transaction of greater importance) for the purposes of the adoption by the Committee of the necessary decisions relating to this transaction.
