Press release

GO internet reports a constant growth and reaches 27,013 active customers, + 41.4% on 2014

GO also launches a competition for the rebranding

Gubbio, 1st July 2015 – GO internet continues to report a constant growth, in line with the trend of the last months, and reaches 27,013 active customers as of 30th June 2015, 41.4% more than the number recorded in the same period in 2014.

Moreover, after the launch of the new brand at Milan Expo 2015, GO internet presents a competition dedicated to the new corporate identity. Young artists between 18 and 29 years old are invited to submit an idea, a story, a subject, a character or a cartoon based on the new GO logo.

“GO internet is growing in a very favorable context which sees a surge in the demand for wireless solutions. Our easy, low-cost product is dedicated to a growing number of potential customers who are abandoning the old landline. We are asking young artists to illustrate our new brand. All artwork will have to be based on the new GO logo which stems from the analysis of the company’s strengths, namely wireless connectivity, no landline and an easy to use self-install GO box modem” said Flavio Ubaldi, Chief Operating Officer and Head of Sales of the Company.
