Press release

GO internet reaches 27,510 active customers (+ 40.5%) after a year on the Stock Exchange

Gubbio, 3rd August 2015 – GO internet S.p.A. celebrates a positive year after the listing on the AIM segment of the Milan Stock Exchange (which took place on 6th August 2014) and continues to record a constant growth.

As of 31st July 2015 GO internet reaches 27,510 active customers, 40.5% more than the number registered in 2014.

“GO internet celebrates one year on the Stock Exchange with a significantly constant growth. This record is due to our competitive wireless offer and to our low-cost, easy-to-use, self-install GO box modem. The growing number of potential customers who are abandoning the old landline and the rise of a mobile-only market are also particularly positive elements,” said Flavio Ubaldi, Chief Operating Officer and Head of Sales of the Company.
