PRESS RELEASE

CENTRALE DEL LATTE DI TORINO & C. S.P.A.: the Company from Turin continues with its exporting drive.

The company signed a five-year agreement to export UHT milk to UAE.

Centrale del Latte di Torino & C. S.p.A. - a company listed on the STAR division of Borsa Italiana, dealing in the production and sale of high-quality dairy products – signed a five-year agreement for the 2015-2019 period with a leading operator located in Dubai, specialising in organic products, to export UHT milk to the United Arab Emirates, Kuwait, Saudi Arabia and Oman.

The agreement, finalised with legal consulting provided by Studio Pirola Pennuto Zei, was announced today in London at the STAR Conference – organised by Borsa Italiana – where the company's top management met with the Italian and international financial community.

The contract refers to the exporting of three items: organic milk, partially skimmed and whole milk in the new 250 ml format. This forms part of the more extensive overseas business development programme undertaken by the Company last year, when the first milk exports began to China.

It should be remembered that in 2014 Centrale del Latte di Torino began exporting UHT milk to China, thanks to a five-year agreement (2014-2018) entered into with Nanpufood, a leading importer and distributor in China, Macao and Hong Kong, specialising in products in the food & beverage sector.

In the first nine months of 2015, the export sector totalled around € 600 thousand.
