PRESS RELEASE

INTESA SANPAOLO: 2015 EU-WIDE TRANSPARENCY EXERCISE

Turin - Milan, 24 November 2015 – Intesa Sanpaolo notes the announcements made today by the European Banking Authority and the European Central Bank regarding the information of the EU-wide Transparency Exercise 2015 and fulfilment of the EBA Board of Supervisors' decision.

Background 2015 EU-wide Transparency Exercise

The Board of Supervisors of the EBA decided in its meeting of 24 of February 2015 to carry out a Transparency Exercise in 2015. In its April meeting, the Board of Supervisors agreed on the form and scope of the transparency exercise to be conducted in September-November 2015 to assure a sufficient and appropriate level of information to market participants. A testing phase was carried out with participating banks between May and July 2015 in order to design the process and templates.

The data collection relies as much as possible on the information reported to the EBA on a regular basis through the supervisory reporting framework (FINREP, COREP) and most of the templates were centrally filled by the EBA and sent afterwards for verification by banks and supervisors. Banks had the chance to correct any errors detected and to resubmit correct data through the regular COREP/FINREP reporting channels. The only exception to that process covers the templates on Sovereign Exposures and Leverage Ratio which banks had to fill-in by themselves.

Notes and definitions
(1) The exposures reported over only exposures to central, regional and local governments on immediate borrower basis, and do not include exposures to other counterparts with full or partial government quarantees
(2) The basis disclose the exposures in the "Financial assets held for trading" portfolio after offsetting the cash short positions having the same maturities.
(3) The exposures reported include the positions towards counterparts (cher than sovereign) on sovereign redit rek (i.e. COC, Financial quarantees) booked in all the accounting portfolio (on-off balance sheet). Insepactive of the denomination and or accounting classification of the positions the exposures to the term store use as a cherks for the denomination and processors to counterparts (other than sovereign) with full or partial government guarantees by central, regional and local governments the exposures to counterparts (other than sovereign) with full or partial government guarantees by central, regional and local governments

Notes and definitions
(1) The exposures reported over only exposures to central, regional and local overnments on immediate borrower basis, and do not include exposures to other counterparts with full or partial overnment quarantees
(2) The basis discose the exposures in the "Financial assets held for trading" portfolio after offsetting the cash short positions having the same maturities.
(3) The exposures reported include the positions towards counterparts (chier than sovereign) on sovereign creft risk (i.e. COS, financial quarantees) booked in all the accounting portfolio (on-off basince sheet). Inrespective of the demonination and or accounting classification of the positions the exposures to bother during the same maturities.
