

PLAN FOR THE PARTIAL NON-PROPORTIONAL DEMERGER OF

ENEL GREEN POWER S.P.A.

(also referred to hereinafter as EGP or the Demerged Company)

IN FAVOR OF ENEL S.P.A.

(also referred to hereinafter as Enel or the Beneficiary Company)

drafted pursuant to arts. 2506 et seq. of the Italian Civil Code

WHEREAS

- Enel S.p.A. ("Enel") is a company organized and existing under Italian law whose shares are listed on the electronic stock exchange of Borsa Italiana S.p.A. (*mercato telematico azionario* or "MTA"), having as its corporate purpose the acquisition and management of shareholdings and interests in Italian or foreign companies and enterprises, as well as the performance, in favor of its subsidiary companies and enterprises, of strategic guidance and coordination functions with regard to such companies' industrial structures and business operations;

- Enel, through its subsidiaries or companies in which it holds equity stakes, operates in particular in the energy sector, engaging in activities that are directly or indirectly related to such sector;

- Enel is currently the controlling shareholder of Enel Green

Power S.p.A. ("Enel Green Power" or "EGP"), in which company it holds, as of the date of this demerger plan (the "Demerger Plan"), a shareholding totaling approximately 68.29% of its share capital, and exercises over EGP guidance and coordination activities within the meaning set forth in arts. 2497 *et seq.* of the Italian Civil Code;

- EGP is a company organized and existing under Italian law with shares listed in Italy on the MTA, and admitted to listing in Spain through the Spanish electronic trading system called *Sistema de Interconexión Bursátil "SIBE"* (on the stock markets of Madrid, Barcelona, Bilbao and Valencia), and operates in the renewable energies sector;

- in order to achieve the industrial objectives illustrated in the directors' reports prepared by Enel and by EGP pursuant to art. 2501-*quinquies* of the Italian Civil Code, as cited in art. 2506-*ter*, paragraph 1, of the Italian Civil Code - to which reference is made with regard to the reasons underlying the demerger, an illustration and justification of the Demerger Plan from a legal and economic standpoint, with particular regard to the exchange ratio and criteria for its determination - the above-mentioned boards of directors propose the partial, non-proportional demerger of EGP in favor of Enel, in accordance with art. 2506-*bis*, paragraph

4, of the Italian Civil Code (the "Demerger"), as described below in this Demerger Plan;

- as a result of the Demerger and as of the Date of Effect of the Demerger (as defined below), *inter alia*, EGP will be delisted from both the Italian market and the Spanish markets;

- Enel and Enel Green Power, as of the date of this Demerger Plan, are allowed to take part in the Demerger since they are not subject to liquidation or insolvency proceedings;

- the Demerger Plan will be filed, for both of the participating companies, for registration in the companies register of Rome pursuant to article 2501-ter, paragraph 3, of the Italian Civil Code, cited in article 2506-bis, paragraph 5, of the Italian Civil Code, and registered in the same;

- the Demerger Plan, the financial statements drafted pursuant to art. 2501-*quater* of the Italian Civil Code, the reports by the boards of directors drafted pursuant to art. 2501-*quinquies* of the Italian Civil Code, the expert's report drafted pursuant to article 2501-*sexies* of the Italian Civil Code, as well as the financial statements for the three years 2014, 2013 and 2012 of both companies taking part in the Demerger will be filed with their respective registered offices and published on the websites www.enelgreenpower.com and www.enel.com, in accordance with

article 2501-*septies* of the Italian Civil Code cited in article 2506-*ter*, paragraph 5, of the Italian Civil Code, as well as on the authorized storage mechanism called "NIS-Storage" (www.emarketstorage.com);

- in addition, in accordance with the provisions of art. 2506-*ter*, paragraph 2, of the Italian Civil Code, an appraisal/estimate report on the Set of Assets Demerged (as defined below) will be drafted by an independent expert, and will be filed with the companies register of Rome and/or published through filing at the registered offices of the companies taking part in the Demerger, as well as on the websites www.enelgreenpower.com and www.enel.com during the 30 days preceding the shareholders' meetings called to approve this Demerger Plan and, lastly, filed with the authorized storage mechanism called "NIS-Storage" (www.emarketstorage.com);

- the two companies taking part in the Demerger have not issued convertible debt instruments or other equity instruments, or other financial instruments convertible into shares.

IN CONSIDERATION OF THE FOREGOING

The Boards of Directors of Enel and Enel Green Power, both of which met on 17 November 2015, have prepared, in accordance with art. 2506-*bis* and art. 2501-*ter* of the Italian Civil Code, the Demerger

Plan, which envisages the partial Demerger of EGP in favor of its controlling shareholder/parent company Enel, with the issuance in exchange and non-proportional allotment to the shareholders of the Demerged Company of newly issued shares in the beneficiary Enel.

BY-LAWS OF THE DEMERGED COMPANY AND THE BENEFICIARY COMPANY

A. Demerged company:

Attached to this Demerger Plan as schedule A are the by-laws of the Demerged Company in force as of the date of the Demerger Plan, and the By-laws of the same Demerged Company in the version reflecting the amendments deriving from the Demerger - related to, among other things, the share capital and number of shares, and the amendment of clauses no longer applicable following the delisting (in particular those related to the delisting set forth in new art. 8 related to the shareholders' domicile, as well as those set forth in the following articles renumbered 9, 10, 11, 12 and 13 related to the Shareholders' Meeting, 14, 15, 16, 20 and 23 related to the Board of Directors, 25 related to the Board of Statutory Auditors, 26 related to the dividend advances and 30 related to general provisions) - and that will enter into force as of the Date of Effect of the Demerger (as defined below), attached as schedule B, which schedules constitute an integral and substantive part hereof.

B. Beneficiary Company:

Attached to this Demerger Plan are the by-laws of the Beneficiary Company in force as of the date of this Demerger Plan as schedule C and the By-laws of the same Beneficiary Company which reflects the amendments deriving from the Demerger - related to the capital and the number of shares referred to in art. 5.1 - and that will enter into force on the Date of Effect of the Demerger, attached as schedule D, which schedules constitute an integral and substantive part hereof.

It should be noted that numerical expressions certifying the changes in capital and in the number of shares comprising the same deriving from the Demerger, as set forth in the Beneficiary Company's by-laws that will enter into force on the Date of Effect of the Demerger, attached hereto as schedule D, will be specified in their final amount in the deed of Demerger, in accordance with the principles and criteria described in point 4 below of this Demerger Plan; to this end, the Shareholders' Meetings of the Beneficiary Company will grant a specific mandate to its board of directors to define, on the occasion of the deed of Demerger, the amounts of capital and number of shares comprising the same.

(3)

BALANCE SHEET ELEMENTS TO BE ASSIGNED TO THE BENEFICIARY COMPANY

The Demerger will be approved on the basis of the financial statements of EGP and Enel as of 30 September 2015, approved - pursuant to and for purposes of art. 2501-*quater* of the Italian Civil Code cited in art. 2506-*ter*, paragraph 1, of the Italian Civil Code - by the meetings of the Boards of Directors of the Demerged Company and the Beneficiary Company held on 17 November 2015 and attached hereto, respectively, as schedules E and F.

The Demerger will give rise to the assignment of almost all of EGP's foreign shareholdings/subsidiaries and financial assets (the "Set of Assets Demerged") in favor of Enel, while EGP will keep its Italian assets and the remaining foreign shareholdings.

In particular, the balance sheet elements and related legal relationships which, as a result of the Demerger, will be assigned to the Beneficiary are the following:

- 1) totalitarian shareholding in the company organized and existing under Dutch law, Enel Green Power International BV;
- 2) short-term financial receivable owed by the company Enel Green Power North America Ltd. in connection with a financial restructuring transaction concluded in 2014; the exchange rate risk related to such financial receivable is hedged through a currency forward contract;
- 3) legal relationships related to the long-term credit line with

Enel Green Power International BV;

4) legal relationships with the 6 employees pertaining to the business unit comprising the Set of Assets Demerged and the consequent asset-side and liability-side balance sheet items referring to the same;

5) guarantees granted by Enel Green Power in the interest of Enel Green Power International BV and its subsidiaries related to the hedging of a number of commitments undertaken.

The detailed description of the asset-side and liability-side balance sheet elements and related legal relationships comprising the Set of Assets Demerged which will remain assigned to the Beneficiary Company as a result of the Demerger is set forth in schedule G and in its sub-schedules and in the respective notes setting forth details and comments, which constitute an integral and substantive part of this Demerger Plan.

In any case, where the assignment of assets, liabilities, rights or obligations is not discernible from the Demerger Plan, such elements shall be deemed assigned to the Beneficiary Company where the same pertain to the Set of Assets Demerged.

It should be further noted that any windfall assets or contingent liabilities that may arise after the Date of Effect of the Demerger shall remain, respectively, for the benefit of or borne by the

Beneficiary Company provided that they pertain to the Set of Assets Demerged.

The composition of Enel Green Power's net shareholders' equity for accounting purposes existing following the Demerger will be that set forth in the Table (called the "Composition of the Demerged Company's net shareholders' equity, *ante* and *post* Demerger") attached as schedule H to this Demerger Plan, which schedule constitutes an integral and substantive part hereof.

The composition of Enel's net shareholders' equity for accounting purposes existing following the Demerger will be that set forth in the Table (called the "Composition of the Beneficiary Company's net shareholders' equity *ante* and *post* Demerger") attached as schedule I to this Demerger Plan, which schedule constitutes an integral and substantive part hereof.

It should be noted, in conclusion, that:

- the Set of Assets Demerged includes the contractual relationships pertaining thereto, including the employment relationships with the 6 human resources, as better described in the above-mentioned document attached as schedule G hereto and in the related notes setting forth details and comments;
- the asset-side and liability-side balance sheet elements and the legal relationships comprising the Set of Assets Demerged will be

those actually existing on the Date of Effect of the Demerger, therefore also taking into account the changes that will take place between the date of reference of the financial statements as of 30 September 2015 of the Demerged Company and the Date of Effect of the Demerger, as a result of the trends in day-to-day business operations. Therefore, any differences in the value/existence of such elements and relationships comprising the Set of Assets Demerged, between 30 September 2015 and the Date of Effect of the Demerger, shall give rise to the registration of a credit/debit item between the Demerged Company and the Beneficiary Company. The formal registration of the shareholding transferred as a result of the Demerger from EGP to Enel will be carried out in accordance with applicable laws and regulations.

Prior to the execution of the deed of Demerger, Enel and Enel Green Power will complete all actions that may be necessary and/or advisable for purposes of allowing for Enel's takeover of guarantees/security interests falling within the Set of Assets Demerged set forth in schedule G and sub-schedule 2, with the consequent release of Enel Green Power from the obligations provided thereunder, negotiating with the counterparties all appropriate agreements and/or legal deeds.

For those guarantees with respect to which it is not possible to

perfect the foregoing by the Date of Effect of the Demerger, Enel and Enel Green Power will take all actions necessary or useful to ensure that Enel replaces Enel Green Power in the obligations deriving from such guarantees/security interests. It is nonetheless agreed that if Enel Green Power cannot be released from the obligations deriving from the above-mentioned guarantees/security interests, all related costs, charges, liabilities and responsibilities will be taken over in full by the Beneficiary Company.

(4)

**EXCHANGE RATIO FOR THE SHARES AND
CRITERION FOR THE NON-PROPORTIONAL ASSIGNMENT OF THE SHARES OF THE
BENEFICIARY COMPANY**

As of the Date of Effect of the Demerger, the quota of EGP's share capital corresponding to the Set of Assets Demerged, comprised of no. 3,640,000,000 (three billion six hundred forty million) shares in EGP ("Total shares in EGP exchanged"), will be exchanged using the Exchange Ratio indicated below, as follows: (i) EGP's shareholders other than Enel will exchange all of the shares held in EGP; (ii) Enel, on the other hand, will exchange only a portion of its shares held in EGP, corresponding to the above-mentioned total number of Shares in EGP exchanged, after deducting the EGP

shares exchanged by shareholders of EGP other than Enel.

It is acknowledged that for purposes of the determination of the above-mentioned number of shares in EGP referring to the Set of Assets Demerged pertaining, respectively, to Enel and to the shareholders of EGP other than Enel and, therefore, the criterion for the non-proportional assignment of the newly issued shares in the Beneficiary Company to the shareholders of the Demerged Company, the Boards of Directors of the companies taking part in the Demerger have attributed to such Set of Assets Demerged a value corresponding to 72.8 percent of the entire value of EGP as a whole prior to the Demerger.

The Boards of Directors of Enel and EGP which have drafted this Demerger Plan have approved the following exchange ratio: **no. 0.486 newly issued Enel shares for each EGP share exchanged (the "Exchange Ratio")**.

The Exchange Ratio will be subject to a congruousness assessment/opinion by one or more independent experts pursuant to art. 2501-*sexies* of the Italian Civil Code.

No cash adjustments are envisaged.

As a result on the Date of Effect of the Demerger, the Beneficiary Company will increase its share capital through the issuance of up to 1,769,040,000 (one billion seven hundred sixty nine million

forty thousand) shares - with regular entitlement and a nominal value of Euro 1.00 each - in favor of the shareholders of the Demerged Company on the basis of the Exchange Ratio. The amount of Enel's capital increase to service the Exchange Ratio may not exceed the value attributed to the Set of Assets Demerged under the appraisal report by the independent expert referred to in the recitals above.

In particular:

a) the shareholders of EGP other than Enel will be assigned - through application of the Exchange Ratio - a total of up to a maximum of 770,588,712 (seven hundred seventy million five hundred eighty eight thousand seven hundred twelve) newly issued Enel shares, in exchange for the cancellation, at the time of exchange, of a total of 1,585,573,483 (one billion five hundred eighty five million five hundred seventy three thousand four hundred eighty three) EGP shares held by such shareholders, while

b) Enel will be assigned a total of 998,451,288 (nine hundred ninety eight million four hundred fifty one thousand two hundred eighty eight) Enel shares - with simultaneous cancellation of the same pursuant to the prohibition provided under art. 2504-ter, paragraph 2, of the Italian Civil Code, as cited in art. 2506-ter, paragraph 5, of the Italian Civil Code -, in exchange for the cancellation, at the time of exchange, of 2,054,426,517 (two billion fifty four

million four hundred twenty six thousand five hundred seventeen)

EGP shares held by it.

In light of the above, as of the Date of Effect of the Demerger, the share capital of the Beneficiary Company will be increased of up to maximum 770,588,712 (seven hundred seventy million five hundred eighty eight thousand seven hundred twelve) newly issued Enel shares, entirely assigned to the Shareholders of the Demerged Company other than Enel.

The number of newly assigned Enel shares may change depending upon the number of EGP shares acquired by Enel upon the conclusion of the pre-emption offer of the EGP shares that may be subject to the sale and withdrawal rights (hereinafter indicated in paragraph 10).

Since, as of the Date of Effect of the Demerger, all of the above-mentioned 3,640,000,000 (three billion six hundred forty million) shares in EGP representing the portion of EGP's share capital corresponding to the Set of Assets Demerged forming the subject matter of the exchange will be cancelled in their entirety, on such date, the Demerged Company's share capital will be reduced from its current total amount of Euro 1,000,000,000.00 (one billion/00) to a total of Euro 272,000,000 (two hundred seventy two million/00), comprised of 1,360,000,000 (one billion three hundred sixty million) ordinary shares having a price per share

of Euro 0.20 (zero/20) each.

As a result of the exchange by EGP shareholders other than Enel of all shares held by them in EGP, and the consequent cancellation of the same, Enel - as a result of the Demerger - will be the sole shareholder of the Demerged Company.

(5)

**PROCEDURE FOR THE ASSIGNMENT OF THE SHARES OF THE
BENEFICIARY COMPANY**

The assignment to EGP's shareholders other than Enel of the newly issued shares of the Beneficiary Company will take place, under a regime of dematerialization and through authorized intermediaries, starting from the Date of Effect of the Demerger, in accordance with the timetable and the procedures to be announced to the market through the publication of a specific notice on the Demerged Company's website (www.enelgreenpower.com), in at least one national daily newspaper, and on the authorized storage mechanism called "NIS-Storage" (www.emarketstorage.com).

The newly issued Enel shares will be listed on the MTA like the shares of the Beneficiary Company already outstanding.

No costs will be imposed upon EGP's shareholders in connection with the exchange transactions.

A service will be made available to EGP's shareholders in order

to allow for rounding to the immediately lower or higher number of Enel shares due upon the application of the Exchange Ratio, without any additional expenses, stamp duties or fees being charged. Alternatively, different procedures may be activated in order to ensure the overall successful outcome of the transaction.

Considering that, as already mentioned, the EGP shares are currently admitted to trading on the Spanish regulated markets and that the Enel shares assigned at the time of the exchange will not be admitted to trading on such markets, the Spanish Regulatory Authority (*Comisión Nacional del Mercado de Valores*) has notified that, in line with the previous similar cases that have occurred on the Spanish markets, it is necessary to appoint a dedicated "connection/reference" intermediary (referred to as the "*entidad de enlace*"), in order to enable the shareholders who, as of the Date of Effect of the Demerger, will hold EGP shares admitted to trading on the above-mentioned Spanish markets (through the Spanish centralized management/administration system, Iberclear) to sell on the MTA, during the month following the Date of Effect of the Demerger, the Enel shares received in exchange, without any additional costs related to the sale on a foreign market. After the above-mentioned one-month period, the above-mentioned shareholders may purchase or sell the Enel shares in Italy on the

MTA through authorized intermediaries, incurring the costs of the transaction.

(6)

DATE STARTING ON WHICH THE SHARES ASSIGNED BY THE BENEFICIARY COMPANY WILL SHARE IN EARNINGS

The shares issued by Enel to service the Exchange Ratio will have regular entitlement and, therefore, the same rights to share in earnings of the Beneficiary Company resting with the other shares of the same Beneficiary Company already outstanding as of the Date of Effect of the Demerger.

(7)

STARTING DATE OF THE EFFECTS OF THE DEMERGER AND OF THE ENTRY OF THE TRANSACTIONS PERTAINING TO THE BALANCE SHEET ELEMENTS FORMING THE SUBJECT MATTER OF THE DEMERGER IN THE FINANCIAL STATEMENT OF THE BENEFICIARY COMPANY

The start date of civil law effects of the Demerger will correspond with the last of the registrations provided under art. 2506-*quater* of the Italian Civil Code, or such other later date that may be indicated in the deed of Demerger ("Date of Effect of the Demerger"). To such end, the Shareholders' Meetings of the companies taking part in the Demerger will grant a specific mandate to their boards

of directors in order to set the Date of Effect of the Demerger, if later than the last of the registrations provided under art. 2506-*quater* of the Italian Civil Code.

Starting on the same date, the transactions pertaining to the balance sheet elements assigned to the Beneficiary Company will be entered in the financial statement of the Beneficiary Company, with all related accounting and tax effects also starting on the same date.

(8)

TREATMENT (IF ANY) RESERVED TO SPECIAL CATEGORIES OF SHAREHOLDERS AND HOLDERS OF SECURITIES OTHER THAN SHARES

The companies taking part in the Demerger have not issued any particular categories of shares or convertible debt securities or other equity instruments or financial instruments convertible into shares.

(9)

PARTICULAR ADVANTAGES IN FAVOR OF THE DIRECTORS

No particular advantages are envisaged in favor of the Directors of the companies taking part in the Demerger.

(10)

RIGHT OF SALE AND RIGHT OF WITHDRAWAL

EGP's shareholders who do not take part in the approval of the

Demerger will be entitled to have their own EGP shares purchased by Enel pursuant to and for purposes of art. 2506-*bis*, paragraph 4, of the Italian Civil Code (the "Right of Sale"). In such regard, Enel has declared its intention to purchase all shares subject to the Right of Sale and the Right of Withdrawal (as defined below) that have not been sold following the pre-emption offer referred to below.

The Right of Sale may concern all or even only a portion of the EGP shares held by the shareholders of the Demerged Company who exercise the Right of Sale. The price per share of the EGP share is determined by applying the criterion provided under art. 2437-*ter*, paragraph 3, of the Italian Civil Code, represented by the arithmetic average of the closing price of the EGP share over the six months preceding the publication of the notice of call of EGP's extraordinary shareholders' meeting called to approve the Demerger (the "Liquidation Value").

The Liquidation Value will be announced to the shareholders and the market through a specific press release viewable on EGP's website and through the publication of a notice on at least one national daily newspaper. The procedure for the exercise of the Right of Sale is the same as that provided under art. 2437-*bis* of the Italian Civil Code for the exercise of the Right of Withdrawal

(as defined below).

In addition, the shareholders entitled to exercise the Right of Sale may exercise the right of withdrawal, pursuant to art. 2437, paragraph 1, letter a), of the Italian Civil Code (the "Right of Withdrawal"), at the same price provided for the Right of Sale indicated above, since Enel, the Beneficiary Company of the Demerger, has a clause of its corporate purpose that allows for the conduct of business that differs significantly from that described in EGP's corporate purpose clause. The methods for exercising the Right of Withdrawal are those provided under applicable law. In any case, the Right of Sale and the Right of Withdrawal may not be exercised for the same share.

The process of liquidation of the shares for which the Right of Sale and/or the Right of Withdrawal are exercised will take place, in a single context, in accordance with art. 2437-*quater* of the Italian Civil Code. In particular, the terms of the pre-emption offer that will be addressed to all of EGP's shareholders pursuant to the above-mentioned provision of law, will be announced in accordance with the procedures provided under the applicable legal framework, specifying in such regard that the related notices will be published a reasonable time in advance on the Demerged Company's website (www.enelgreenpower.com), in at least one national daily

newspaper, and on the authorized storage mechanism called "NIS-Storage" (www.emarketstorage.com). The effect of the Right of Sale and the Right of Withdrawal is conditioned upon the perfection of the Demerger.

* * * * *

The effect of the Demerger is conditioned upon the circumstance that the total liquidation value of the EGP shares in connection with which the Right of Withdrawal and the Right of Sale is validly exercised does not exceed Euro 300,000,000 (three hundred million/00)(the "Condition Precedent").

The Condition Precedent shall be deemed likewise satisfied - even in the event that the limit indicated above is exceeded - if Enel, within 60 calendar days from the last registration with the Companies Register of Rome of the shareholders' meeting resolutions approving the Demerger pursuant to art. 2502 of the Italian Civil Code, declares its intention to purchase all of the shares for which the above-mentioned rights have been exercised.

The foregoing is subject to possible supplements and/or updates (including numerical ones) to the Demerger Plan, and to the By-laws of the Beneficiary Company (*post*-Demerger) and to the By-laws of the Demerged Company (*post*-Demerger) attached hereto, as may be required or permitted under the legal framework, and/or by the

competent regulatory authorities or public authorities or companies that manage the regulated markets involved, or at the time of registration in the companies register of Rome or, lastly, depending upon the performance/perfection of the Demerger transaction as structured under this Demerger Plan.

- by the Extraordinary Shareholders' Meeting held on April 24, 2013 (through the amendment of article 12.2).

SECTION I

INCORPORATION – DENOMINATION – REGISTERED OFFICE AND DURATION OF THE COMPANY

Article 1

- 1.1 A Company denominated “Enel Green Power S.p.A.” (in abbreviated form “EGP S.p.A.”) and governed by the regulations in these Articles of Association is incorporated.

Article 2

- 2.1 The registered office of the Company is located in Rome.

Article 3

- 3.1 The duration of the Company is established to 31 December 2100 and may be extended, once or more, by the deliberation of the shareholders’ general meeting.

SECTION II

COMPANY’S OBJECT

Article 4

- 4.1 The object of the Company is the performance and development of activities of production and sale of electric power generated from renewable sources. To this end, the Company, directly or indirectly through subsidiaries or affiliates, may operate both in Italy and abroad and carry out any other connected, instrumental, similar, complementary or however useful activity to the pursuit of the company’s object, including, by way of a mere and non exhaustive example:
- a) the design, realisation, operation, development and maintenance of electric power plants;
 - b) the exploration and exploitation of geothermal resources, including valorisation of the derived products;
 - c) research and development in the field of exploitation of renewable energies, of rational use of energy and of energy services;
 - d) realisation of plants and provision of services connected with the distribution and use of electric power, including the realisation and management of requalification operations for energy savings by the clients;
 - e) the trade of products and services connected with the sale of electric power and gas, directly through directly owned points of sales and/or through third parties with a franchising network and/or partnerships.

The Company may further carry out research, consultancy and assistance activities in all sectors pertaining to the company’s object, and any other activity that allows a better utilisation and valorisation of the assets, resources and competencies employed.

4.2 The Company may furthermore directly carry out, in the interest of the subsidiaries or affiliates, any activity connected with or instrumental to its activities or those of the subsidiaries or affiliates.

To this end the Company will in particular deal with:

- the coordination of the managerial resources of the subsidiaries or affiliates, to be effected also through suitable training initiatives;
- the administrative and financial coordination of the subsidiaries or affiliates, performing all appropriate operations in their favour, including the concession of financing as well as, more in general, the setting up and management of the financial activities thereof;
- the provision of other services in favour of the subsidiaries or affiliates in areas of specific business interest.

4.3 In pursuit of its object the Company may, ultimately, carry out all those operations which are necessary or useful in an instrumental function or in any way connected, for example: the provision of collateral and/or personal guarantees for its own obligations and those of third parties, the completion of movable, real estate and commercial transactions and whatever may be connected with the company's object or which allows a better use of the assets and/or resources thereof and of the subsidiaries or affiliates, with the exception of collection of public savings and investment services as defined by Legislative Decree No. 58 of 24 February 1998, and of the activities referred to in Article 106 Legislative Decree No. 385 of 1 September 1993, insofar as they are also exercised *vis-a-vis* the public as well as the activities in general reserved by the law to professional members enrolled in specific registers.

SECTION III

CAPITAL – SHARES – WITHDRAWAL – OBLIGATIONS

Article 5

5.3 The quality of shareholder constitutes acceptance of these Articles of Association.

Article 6

6.1 Each shareholder has the right to withdraw from the Company in the cases provided for by the law, except as provided for by Article 6.2.

6.2 The right to withdraw does not apply in cases of:

- a) extension of the duration of the Company;
- b) introduction, modification or removal of the limitations on circulation of share.

Article 7

7.1 The issue of bonds is resolved by the Directors in accordance to the law.

SECTION IV
SHAREHOLDERS' GENERAL MEETINGS

Article 8

- 8.1 The ordinary and extraordinary shareholders' general meetings are normally held in the municipality where the registered office of the Company is located, except as otherwise resolved by the Board of Directors and as long as this is in Italy or in a country where the Company, directly or through its subsidiaries or affiliates, carries on its business activities.
- 8.2 The ordinary shareholders' general meetings must be convened at least once a year, to approve the financial statements, within one hundred and twenty days after the end of the financial year or within one hundred and eighty days as the Company is required to draw up consolidated financial statements or, otherwise, as required by particular exigencies relative to the structure and object of the Company.

Article 9

- 9.1 The right to participate and vote in the shareholders' general meetings are governed by the regulations in force.

Article 10

- 10.1 Those who have voting rights may be represented at the shareholders' general meetings as provided for by the law, via proxy issued in accordance with the modalities provided for by the regulations in force. The proxy may be notified to the Company even electronically by sending it to the appropriate section of the Company's website specified in the notice of call. The notice of call may also specify in accordance with the regulations in force further ways of electronic notification of the proxy that may be used for the shareholders' general meeting referred to in the aforesaid notice. In order to facilitate the collection of proxies from shareholders who are employed by the Company and its subsidiaries and participate in associations of shareholders satisfying the requirements set by the regulations in force, suitable facilities are made available to the said associations according to the terms and procedures agreed upon from time to time with their legal representative, for communications and for the completion of collection of proxies.
- 10.2 The shareholders' general meeting proceedings are ruled by a specific written regulation approved by a resolution of the ordinary shareholders' general meeting of the Company.
- 10.3 The Board of Directors may provide that, with respect to single Shareholders' Meetings, those entitled to attend and to vote in the Shareholders' Meeting may participate in the Shareholders' Meeting by electronic means. In such case, the notice of the Meeting shall detail, also by reference to the Company's website, the above methods of participation.

Article 11

- 11.1 The shareholders' general meeting is chaired by the chairman of the board of directors or, in the absence or impediment thereof, by the chief executive officer or, if both are absent, by a person designated by the

board of directors, otherwise the shareholders' general meeting elects its own chairman.

11.2 The chairman of the shareholders' general meeting is assisted by a secretary, not necessarily a shareholder, designated by those in attendance and may appoint one or more scrutineers.

Article 12

12.1 Without prejudice to the provisions of Article 19.2, the shareholders' general meeting resolves on all matters for which it is competent according to the law, as well as on those provided for by Article 19.3.

12.2 The Shareholders' Meeting, both in extraordinary and ordinary session, takes place, as a rule, in a single meeting. The Board of Directors, if it deems it appropriate and by expressly mentioning the relevant reasons in the notice of meeting, may establish that both ordinary and extraordinary Shareholders' Meeting shall be held on several calls of the Meeting. The resolutions of both ordinary and extraordinary shareholders' general meetings are adopted with the majorities required by the law for each case, without prejudice to the majorities specifically provided for by Article 19.3.

12.3 The resolutions of the shareholders' general meetings, adopted in compliance with the law and with these Articles of Association, bind the shareholders whether or not they attend or vote against them.

SECTION V BOARD OF DIRECTORS

Article 13

13.1 The Company is managed by a Board of Directors by a number of members not lower than seven and not higher than thirteen. The shareholders' general meeting determines such number within the said limits.

13.2 The Board of Directors is appointed for a period of up to three financial years and may be re-elected.

13.3 The Directors are appointed by the shareholders' general meeting on the basis of lists presented by the shareholders and by the outgoing Board of Directors, in which the candidates must be listed with a progressive number. Each list must include at least two candidates satisfying the requirements of independence provided for by the law, distinctly mentioning such candidates and listing one of them as first in the list.

Slates which contain a number of candidates equal to or above three shall include candidates belonging to different genders, as indicated in the notice of meeting, in order to ensure that the composition of the Board of Directors is compliant with the applicable laws on balance between genders.

The lists must be lodged at the registered office and published in compliance with the regulations in force. Each shareholder may present or cooperate in presenting only one list and each candidate may stand in only one list on pain of non eligibility. Only those shareholders who, alone or together with other shareholders, own the minimum percentage of the share capital provided for by regulation of the Consob are entitled to present lists. The declaration of individual candidates in which they accept their candidacies and certify under their own responsibility the inexistence of any cause of ineligibility or incompatibility, as well as the satisfaction of the requirements prescribed by applicable law for the respective offices, are to be

lodged together with each list. The appointed Directors must inform the Board of Directors without delay of the loss of the above mentioned requirements, or of the occurrence of any cause of ineligibility or incompatibility.

All those entitled to vote may vote for one single list.

The appointment of the Directors is conducted as follows:

- a) seven tenths of the Directors to be elected rounding down, in the case of a fraction inferior to a single unit, to the inferior unit, shall be drawn from the list that obtained the higher number of votes cast in the progressive order in which they are listed;
- b) the remaining Directors are taken from the other lists; to this end, the votes obtained by those lists are divided successively by one, two, three and so on, depending on the number of Directors to be elected. The quotients obtained are attributed progressively to the candidates on each of these lists, in the order foreseen thereby. The quotients thus attributed to the candidates of the different lists are arranged in decreasing order in a single ranking. Those with the highest quotients are those elected. Should more than one candidate obtain the the same quotient, the candidate from the list with no elected Directors or with the fewest elected Directors shall be appointed Director. If none of these lists has a Director elected or they all have the same number of Directors elected, the candidate who obtained the higher number of votes within such lists is elected. If there is tie in terms of both quotients assigned and votes obtained by each list, the entire shareholders' general meeting shall vote again and the candidate obtaining a simple majority of votes will be elected;
- c) for the purposes of identifying the Directors to be elected, the candidates designated on the lists that obtain a number votes lower than the half of the percentage required for the presentation of the same lists shall not be taken into account;
- c-bis) if, following the vote and the above procedure, the applicable laws on balance between genders are not complied with, candidates which would result to be elected in the various slates are disposed in one single decreasing ranking list, to be formed in compliance with the quotient system indicated under letter b). The candidate in such ranking list belonging to the most represented gender having the lowest quotient is therefore replaced with the first candidate of the less represented gender belonging to the same slate which would result not to be elected. In the event that in such slate there are no other candidates, the replacement here above is carried out by the Shareholders' meeting with the majorities provided for under the law, as provided for under the following point d) and in compliance with the principle of a proportional representation of minority shareholders in the Board of Directors.

In case of a tie between quotients, the replacement is made in favour of the candidate drawn from the slate which has obtained the highest number of votes.

If the replacement of the candidate of the most represented gender having the lowest quotient in the ranking list does not allow, in any case, to reach the minimum threshold provided for under the applicable laws on balance between genders, the above said replacement procedure is carried out also with reference to the candidate belonging to the most represented gender having the second last quotient, and so forth, starting from the end of the ranking list.

c-*ter*) the president of the meeting, at the end of the above procedures, declares the elected members;

d) for the appointment of Directors who, for any reason, are not elected according to the procedure above, the shareholders' general meeting resolves according to the majorities provided for by the law ensuring in any case, the presence of the necessary number of Directors satisfying the requirements of independence provided for by the law, and the compliance with the applicable laws on balance between genders.

The list voting procedure applies only in the case of renewal of the entire Board of Directors.

13.4 The shareholders' general meeting, even during the term of the Board of Directors, may vary the number of members of the Board of Directors, always within the limits referred to in Article 13.1 above, and elect them. The Directors thus elected terminate their mandate with those already appointed.

13.5 Should one or more vacancies occur on the Board during the financial year Article 2386 of the Italian Civil Code shall apply. If one or more of the Directors no longer available was from a list containing unelected candidates, the replacement shall be effected appointing, according to the progressive order, persons drawn from the list whence the Director no longer available was elected provided that they are still eligible and willing to accept the appointment. In any case, the replacement of ceased Directors is effected by the Board of Directors assuring the presence of the necessary number of Directors satisfying the requirements of independence required by the law, and the compliance with the applicable laws on balance between genders. If the majority of Directors appointed by the shareholders' general meeting ceases from the office, the entire Board of Directors is to be deemed to have resigned and the Directors still in office must promptly call a meeting of the shareholders to elect a new Board.

Article 14

14.1 The Board, if not dealt with by the shareholders' general meeting, elects one of its members as Chairman; it may elect a Deputy Chairman, who stands in for the Chairman in the case of absence or impediment.

14. The Board, upon proposal of the Chairman, appoints a secretary, also external to the Company.

Article 15

15.1 The Board meets at the venue indicated in the notice of call any time the Chairman, or in the case the latter is absent or unavailable, the Deputy Chairman, deems it necessary. The Board may also be called according to the modalities provided for by Article 24.5 of these Articles of Association. The Board of Directors must likewise be called when there is a written request to that effect from at least three Directors to resolve upon a specific matter considered of particular importance and pertaining to management, the subject of which shall be specified in the said request.

15.2 Board meetings may also be held by telecommunications media, upon condition that all those attending can be identified and that such identification is noted in the relevant minutes and they are enabled to follow the discussion and intervene in real time on the matters debated, exchanging, if necessary, documentation; in this case, the Board of Directors is considered to be held in the place where the person chairing the meeting is located and where the secretary must be located as well, in order to permit the drafting and signature of the relevant minutes.

15.3 Usually, the notice of call is sent at least five days before the date set for the meetings. In cases of urgency, the term may be shorter. The Board of Directors resolves upon the way of convocation of its meetings.

Article 16

16.1 The meetings of the Board are chaired by the Chairman or, in the absence or impediment thereof, by the Deputy Chairman, if elected. In the absence of the latter too, the meetings are chaired by the oldest Director.

Article 17

17.1 The quorum for meetings of the Board shall be a majority of the Directors in office.

17.2 Resolutions are adopted by an absolute majority of the votes of those present; in case of a tie the vote of the person chairing the meeting shall prevail.

Article 18

18.1 The resolutions of the Board of Directors are recorded in minutes which, duly signed by the Chairman of the meeting and the secretary, are transcribed in a book kept according to the law.

18.2 Copies of the minutes are true when signed by the Chairman or who acted on the behalf thereof and by the secretary.

Article 19

19.1 Management of the company is the exclusive responsibility of the Directors, who shall carry out the actions necessary to pursue the company's object.

19.2 Further to exercising the powers assigned by the law, the Board of Directors is competent to resolve upon:

- a) merger and demerger, in the cases provided for by the law;
- b) the establishment or elimination of secondary offices;
- c) which of the Directors is/are the Company representatives;
- d) the reduction of company share capital in the case of withdrawal of one or more shareholders;
- e) the harmonization of the Articles of Association to the provisions of the law;
- f) the transfer of the registered office within Italy.

The attribution of these responsibilities to the Board of Directors does not exclude the concurrent competency of the shareholders' general meeting in these matters.

19.3 Pursuant to the procedure for transactions with related parties adopted by the Company:

- a) the ordinary Shareholders' Meeting, pursuant to Article 2364, paragraph 1, subsection 5, of the Civil Code, may authorize the Board of Directors to enter into related parties transactions of major importance, which do not fall within the competence of the Shareholders' Meeting, notwithstanding the negative opinion of the related parties Committee, provided that, without prejudice to the majorities required by law, bylaws and provisions applicable in cases of conflicts of interest, the Shareholders' Meeting resolves upon also with the favourable vote of at least half of the voting unrelated shareholders.

In any case, the entering into of the foregoing transactions is prevented only if the unrelated shareholders attending the Shareholders' Meeting represent at least 10% of the share capital with voting rights;

- b) in case the Board of Directors intends to submit to the approval of the Shareholders' Meeting a transaction with related parties of major importance, which falls within the competence of the Shareholders' Meeting, notwithstanding the negative opinion of the related parties Committee, the transaction may be entered into only if the Shareholder's Meeting resolves upon with the majorities and in compliance with the requirements set forth under the previous subsection a);
- c) the Board of Directors or the delegated Bodies may resolve upon, applying the exemptions provided for in the procedure and subject to the conditions indicated therein, the entering into by the Company, directly or through its subsidiaries, of urgent transactions with related parties which do not fall within the competence of the Shareholders' Meeting and which are not subject to the authorization of the Shareholders' Meeting itself.

19.4 The delegated bodies shall promptly report to the Board of Directors and to the Board of Auditors – or, in the absence of delegated bodies, the Directors shall promptly report to the Board of Auditors – at least quarterly and, in any case, during Board meetings, on the activities carried out, on the general performance of the period and on the foreseeable evolution as well as on the most significant transactions affecting the income statement, cash flow and balance sheet or in any case of major importance due to their dimensions or characteristics, carried out by the Company and by subsidiary companies; in particular, they report on the transactions in which they have a personal or third party's interest or that are influenced by the entity that carries out the activity of management and coordination, if extant.

19.5 The Board of Directors appoints and revokes an executive in charge of preparing the corporate accounting documents, after seeking the opinion of the Board of Auditors. The executive in charge of preparing the corporate accounting documents must have acquired a significant experience of no less than two years in the performance of:

- a) executive duties regarding the preparation and/or analysis and/or evaluation and/or checking of corporate documents that illustrate accounting issues of a complexity comparable to those connected with the financial documentation of the Company; or
- b) auditing of the accounts of companies with shares listed on regulated markets in Italy or in other countries of the European Union; or
- c) professional activities or university teaching as a tenured professor in the field of finance or accounting; or
- d) executive duties in public bodies or government offices involved in the financial or accounting field.

Article 20

20.1 The Board of Directors may delegate, within the limits of which at Article 2381 of the Italian Civil Code, its attributions to an executive committee and/or to one or more of its members, determining the content, the limits and the eventual manner of exercising these powers. The Board, upon proposal of the Chairman and with the agreement of the delegated organs, may assign powers for single activities or categories of

documents to other members of the Board of Directors.

20.2 The powers of the delegated organs include the conferral, within the sphere of the attributions assigned, of powers for single activities or categories of activities to Company employees and third parties, with the faculty to sub-delegate.

Article 21

21.1 The legal representation of the Company and relevant signature are granted to the Chairman and to the person appointed as Chief Executive Officer and, in case of the absence or impediment of the former, to the Deputy Chairman, if nominated. The signature of the Deputy Chairman demonstrates to third parties in the absence or impediment of the Chairman.

21.2 The legal representatives as above defined may grant legal representative powers of the Company, also at trial, also with the faculty to sub-delegate.

Article 22

22.1 The members of the Board of Directors and of the Executive Committee are due an honorarium to be determined by the shareholders' general meeting. This deliberation, once made, shall also apply to subsequent financial years, until determined otherwise by the shareholders' general meeting.

22.2 The remuneration of Directors with particular duties in compliance with the Articles of Association is established by the Board of Directors, having heard the opinion of the Board of Auditors.

Article 23

23.1 The Chairman:

- a) has the powers to represent the Company as provided for by Article 21.1;
- b) chairs the shareholders' general meeting as provided for by Article 11.1;
- c) convenes and chairs the Board of Directors as provided for by Articles 15, 16.1; establishes the agenda, coordinates the works and ensures that adequate information is provided on the matters on the agenda to all the Directors;
- d) checks the implementation of the resolutions adopted by the Board.

SECTION VI

BOARD OF STATUTORY AUDITORS

Article 24

24.1 The shareholders' general meeting shall elect the Board of Statutory Auditors, consisting of three effective auditors and determines the fees thereto. The shareholders' general meeting shall also elect three alternate auditors.

The components of the Board of Statutory Auditors are selected from those with the requisites of professionalism and honour indicated in Ministry of Justice Decree No. 162 of 30 March 2000. For the

purposes of the disposition of which at Article 1, paragraph 2, letters b) and c) of the said Decree, matters pertaining to commercial and tax law, company economy and finance are considered strictly pertinent within the sphere of activities of the Company, as well as the matter and activity sectors pertaining to energy in general, environmental law and environmental economics. As to questions on Board of Statutory Auditors composition, non eligibility and the limits of the accumulation of administration and control appointments which may be covered by the components of the Board of Statutory Auditors, the current dispositions of law and regulation find full application.

24.2 The effective and substitute auditors are nominated by the shareholders' general meeting on the basis of lists presented by the shareholders, in which the candidates must be listed with a progressive number and may not exceed the number of components of the organ to be elected. The right to present the lists is assigned only to those shareholders who, alone or together other shareholders, are the owners of the minimum quota for participation in the company share capital established by the National Commission for Companies and the Stock Exchange (Consob) with the regulations for the presentation of the lists of candidates for the Board of Directors. The current legislation applies to the presentation, deposit and publication of the lists. The lists are articulated in two sections: one for the candidates for appointment as effective auditors and another for candidates for appointment as substitute auditors. The first candidate on each list must be a member of the rolls of legal auditors and have exercised the activity of legal control of accounts of a period of no less than three years.

In compliance with the applicable laws on balance between genders, slates which, taking into account both sections, contain a number of candidates equal or above of three, shall include, both in the first two places in the section of the slate relating to the regular statutory auditors, and in the first two places in the section of the slate relating to the substitute auditors, candidates belonging to different gender.

The list obtaining the most votes provides, in the progressive order in which they are listed, two effective auditors and two substitute auditors. The remaining auditor and substitute auditor are nominated as per the current regulations and with the manner indicated at Article 13.3, letter b), to be applied separately to each of the sections in which the other lists are articulated.

For the nomination of auditors outside the hypotheses of renewal of the entire Board of Statutory Auditors, the shareholders' general meeting resolves with the majorities of which at the law and without applying procedure of which here above, but so as to assure a composition of the Board of Statutory Auditors which is compliant with the dispositions of which at Article 1, paragraph 1, of Ministry of Justice Decree No. 162 of 30 March 2000 and indeed respect for the principle of representation of the minorities, and the applicable laws on balance between genders.

The chairmanship of the Board of Statutory Auditors is assigned to the auditor nominated with the modalities established at Article 13.3, letter b); in the case of substitution of the president, the appointment is taken by the substitute auditor also nominated with the modalities established at Article 13.3, letter b). In the case of substitution of one of the auditors from the list which obtained the most votes, the replacement is made in favour of the first of the substitute auditors drawn from that list. In the event that the replacement, if carried out through the above modalities, does not allow to form a Board of Statutory

Auditors compliant with the applicable laws on balance between genders, the replacement shall be carried out in favour of the second substitute auditor belonging to the same slate. If, thereafter, it is necessary to replace the other effective auditor belonging to the slate which has obtained the majority of the votes, the latter shall in any case be replaced by the substitute auditor belonging to the same slate.

24.3 Auditors whose term has expired shall be eligible for re-election.

24.4 The meetings of the Board of Statutory Auditors may also be held by means of telecommunications, upon condition that all those attending can be identified and that the said identification is acknowledged in the relative minutes and they are allowed to follow the discussion and intervene in real time in the discussion of the matters debated, exchanging, if necessary, documents; in this case, the Board of Statutory Auditors is considered to be held at the venue where whoever chairs the meeting is.

24.5 The Board of Statutory Auditors may, after notifying the Chairman of the Board of Directors, convene the shareholders' general meeting, the Board of Directors or the Executive Committee. The powers concerned may also be exercised by at least two members of the Board of Statutory Auditors in the case of convocation of the shareholders' general meeting, and by at least one member of the Committee in the case of convocation of the Board of Directors or of the Executive Committee.

SECTION VII FINANCIAL STATEMENT AND PROFITS

Article 25

25.1 The company financial year shall end on December 31 of every year.

25.2 At the end of each financial year, the Board of Directors shall draw up the Company's financial statements as required by law.

25.3 The Board of Directors is authorized to distribute interim dividends to shareholders during the course of the year.

Article 26

26.1 Any dividends not claimed within five years from the day they became payable shall lapse in favour of the Company and be posted directly to reserves.

SECTION VIII WINDING UP & LIQUIDATION OF THE COMPANY

Article 27

27.1 In the case of winding up of the Company, the shareholders' general meeting determines the manner of liquidation and appoints one or more liquidators, establishing their powers and remuneration.

SECTION IX
GENERAL AND TRANSITORY RULES

Article 28

28.1 Any matters not expressly provided for herein shall be governed by the provisions of the Civil Code and applicable statutes.

Article 29

29.1 The provisions of Articles 13.3, 13.5 and 24.2 aimed at ensuring the fulfilment of the applicable laws on balance between genders shall apply for the first three appointments, respectively, of the Board of Directors and of the Board of Statutory Auditors, following the coming into force and the effectiveness of the provisions of Article 1 of Law 12 July 2011, No. 120, published on the Official Gazette No. 174 of 28 July 2011.

29.2 The composition of the Board of Statutory Auditors indicated under Article 24.1, which is characterized by the presence of three regular Statutory Auditors and three alternate Statutory Auditors, shall be applied from the first appointment of the supervisory board following the coming into force and the effectiveness of the provisions of Article 1 of Law 12 July 2011, No. 120, published on the Official Gazette No. 174 of 28 July 2011. Up to such moment, the Board of Statutory Auditors is composed by three regular Statutory Auditors and two alternate Statutory Auditors.

ENEL GREEN POWER S.p.A. Corporate Bylaws

SECTION I

INCORPORATION – DENOMINATION – REGISTERED OFFICE AND DURATION OF THE COMPANY

Article 1

1.1 A Company denominated “Enel Green Power S.p.A.” (in abbreviated form “EGP S.p.A.”) and governed by the regulations in these Articles of Association is incorporated.

Article 2

2.1 The registered office of the Company is located in Rome.

Article 3

3.1 The duration of the Company is established to 31 December 2100 and may be extended, once or more, by a resolution of the shareholders’ general meeting.

SECTION II COMPANY’S OBJECT

Article 4

4.1 The Company’s purpose is the performance and development of activities of production and sale of electric power generated from renewable sources. To this end, the Company, directly or indirectly through subsidiaries or affiliates, may operate both in Italy and abroad and carry out any other connected, instrumental, similar, complementary or however useful activity to the pursuit of the Company’s purposes, including, by way of a mere and non-exhaustive example:

- a) the design, realisation, operation, development and maintenance of electric power plants;
- b) the exploration and exploitation of geothermal resources, including valorisation of the derived products;
- c) research and development in the field of exploitation of renewable energies, of rational use of energy and of energy services;
- d) realisation of plants and provision of services connected with the distribution and use of electric power, including the realisation and management of requalification operations for energy savings by the clients;
- e) the trade of products and services connected with the sale of electric power and gas, directly through its own points of sales and/or through third parties with a franchising network and/or partnerships.

The Company may further carry out research, consultancy and assistance activities in all sectors pertaining to the Company’s purposes, and any other activity that allows a better utilisation and valorisation of the assets, resources and competencies employed.

4.2 The Company may furthermore directly carry out, in the interest of the subsidiaries or affiliates, any activity connected with or instrumental to its activities or those of the

subsidiaries or affiliates.

To this end the Company may in particular provide:

- the coordination of the managerial resources of the subsidiaries or affiliates, to be effected also through suitable training initiatives;
- the administrative and financial coordination of the subsidiaries or affiliates, performing all appropriate operations in their favour, including the concession of financing as well as, more in general, the setting up and management of the financial activities thereof;
- the provision of other services in favour of the subsidiaries or affiliates in areas of specific business interest.

4.3 In pursuit of its purposes the Company may, ultimately, carry out all those operations which are necessary or useful in an instrumental way or in any event connected, such as, for example: the provision of collateral and/or personal guarantees for its own obligations and those of third parties, the completion of movable, real estate and commercial transactions and whatever may be connected with the Company's purposes or which allows a better use of the assets and/or resources thereof and of the subsidiaries or affiliates, with the exception of collection of public savings and investment services as defined by Legislative Decree No. 58 of 24 February 1998, and of the activities referred to in Article 106 Legislative Decree No. 385 of 1 September 1993, insofar as they are also exercised *vis-a-vis* the public as well as the activities in general reserved by the law to professional members enrolled in specific registers.

SECTION III

CAPITAL – SHARES – WITHDRAWAL – OBLIGATIONS

Article 5

- 5.1 The company share capital is Euro 272,000,000, represented by no. 1,360,000,000 ordinary shares with a par value of Euro 0.20 each.
- 5.2 The shares are registered and each share entitles to one voting right.
- 5.3 The quality of shareholder constitutes acceptance of these Articles of Association.

Article 6

- 6.1 Each shareholder has the right to withdraw from the Company in the cases provided for by law, except as provided for by Article 6.2.
- 6.2 The right to withdraw does not apply in cases of:
- a) extension of the duration of the Company;
 - b) introduction, modification or removal of the limitations on circulation of shares.

Article 7

- 7.1 The issuance of non-convertible bonds is resolved upon by the Directors in accordance and with the modalities provided by law.

Article 8

- 8.1 The shareholders' domicile, as far as their relationships with the Company is concerned, is the one resulting from the Shareholders' Ledger; each shareholder shall notify any change of

its domicile, as well as telephone numbers, fax and e-mail.

**SECTION IV
SHAREHOLDERS' GENERAL MEETINGS**

Article 9

9.1 The ordinary and extraordinary shareholders' general meetings are normally held in the municipality where the registered office of the Company is located, except as otherwise resolved by the Board of Directors and as long as this is in Italy or in a country where the Company, directly or through its subsidiaries or affiliates, carries on its business activities.

9.2 The shareholders' general meeting is convened by notice of call communicated with any mean, also computerized, which guarantees the proof of receipt, at least eight days before the meeting.

9.3 The ordinary shareholders' general meetings must be convened at least once an year, to approve the financial statements, within one hundred and twenty days after the end of the financial year or within one hundred and eighty days in case the Company is required to draw up consolidated financial statements or, in any event, as required by particular exigencies relating to the structure and purposes of the Company.

9.4 Shareholders' meetings may also be held by telecommunications means, provided that:

- the Chairman of the meeting is in a position to ascertain the identity and legitimacy of those in attendance; govern the course of the meeting; acknowledge and declare the outcome of the resolution;
- the person drafting the minutes is in a position to duly perceive the discussions during the meeting;
- those in attendance are in the position to follow the discussion concerning the items on the agenda and to vote simultaneously, exchanging any documentation necessary;
- the Company indicates in the notice of call the places connected via tele/video conference, from where the persons may attend, and the meeting will be deemed held in the place where the Chairman and the secretary are in attendance.

Article 10

10.1 The right to participate and vote in the shareholders' general meetings are governed by applicable law.

Article 11

11.1 Those who have voting rights may be represented at the shareholders' general meetings as provided for by the law, through written proxy.

Article 12

12.1 The shareholders' general meeting is chaired by the Chairman of the Board of Directors or, in the absence or impediment thereof, by the Deputy Chairman, if appointed, or, in lack of both, by a person designated by the Board of Directors, otherwise the shareholders' general meeting elects its own Chairman.

12.2 The Chairman of the shareholders' general meeting is assisted by a secretary, not necessarily a shareholder, designated by those in attendance.

Article 13

13.1 Without prejudice to the provisions of Article 20.2, the shareholders' general meeting resolves upon all matters for which it is competent according to applicable law.

13.2 The resolutions of both ordinary and extraordinary shareholders' general meetings are

adopted with the majorities required by the law for each case.

13.3 The resolutions of the shareholders' general meetings, adopted in compliance with the law and with these Articles of Association, bind the shareholders whether or not they attend or vote against them.

SECTION V
BOARD OF DIRECTORS

Article 14

14.1 The Company is managed by a Board of Directors composed of a number of members not lower than three and not higher than ten. The shareholders' general meeting determines such number within said limits. The composition of the Board of Directors has to ensure the fulfilment of the applicable laws on balance between genders.

14.2 The Board of Directors is appointed for a period of up to three financial years and may be re-elected.

14.3 The shareholders' meeting, also in the course of the mandate, may vary the number of members of the Board of Directors, always within the limits set out in the previous 14.1, providing for the relevant appointments. The directors so elected shall expire with those in office.

14.4 Should one or more vacancies occur on the Board in the course of the financial year, Article 2386 of the Italian Civil Code shall apply, ensuring the fulfilment of the applicable laws on balance between genders. If the majority of the Directors appointed by the shareholders' general meeting ceases from office, the entire Board of Directors is to be deemed to have resigned and the Directors still in office must promptly call a meeting of the shareholders to elect a new Board.

Article 15

15.1 The Board, if not elected by the shareholders' general meeting, elects one of its members as Chairman; it may elect a Deputy Chairman, who replaces the Chairman in the case of absence or impediment.

15.2 The Board, upon proposal of the Chairman, appoints a secretary, also external to the Company.

Article 16

16.1 The Board meets at the venue indicated in the notice of call any time the Chairman, or in the case the latter is absent or unavailable, the Deputy Chairman, deems it necessary, or when there is a written request to that effect from the majority of the members of the Board of Directors or of the Board of Statutory Auditors.

The Board of Directors must likewise be called when there is a written request to that effect from at least two Directors – or from one in case the Board of Directors is composed of three members - to resolve upon a specific matter considered of particular importance and pertaining to the management, the subject of which shall be specified in the said request.

16.2 Board meetings may also be held by telecommunications means, upon condition that all those attending can be identified and that such identification is noted in the relevant minutes and they are enabled to follow the discussion and intervene in real time on the matters debated, exchanging, if necessary, documentation; in this case, the Board of Directors is considered to be held in the place where the person chairing the meeting is located and where the secretary must be located as well, in order to permit the drafting and signature of

the relevant minutes.

16.3 Usually, the notice of call is sent at least five days before the date set for the meeting. In cases of urgency, the term may be reduced to one day before such date. The Board of Directors resolves upon the way of convocation of its meetings.

16.4 The Board of Directors is considered validly held, even without formal convocation, if all the Directors and Statutory Auditors in office have been sufficiently informed with regard to the meeting and the items to be discussed and:

- a) all members attend the meeting, or
- b) the majority of the members of the Board of Directors and the Supervisory Board attend the meeting and the members absent declared to not object to the discussion of the items on the agenda.

Article 17

17.1 The meetings of the Board are chaired by the Chairman or, in the absence or impediment thereof, by the Deputy Chairman, if elected. In the absence of the latter too, the meetings are chaired by the oldest Director.

Article 18

18.1 The quorum for meetings of the Board shall be the majority of the Directors in office.

18.2 Resolutions are adopted by an absolute majority of the votes of those present; in case of a tie the vote of the person chairing the meeting shall prevail.

Article 19

19.1 The resolutions of the Board of Directors are recorded in minutes which, duly signed by the Chairman of the meeting and the secretary, are transcribed in a book kept according to law.

19.2 Copies of the minutes are true when signed by the Chairman or who acted on the behalf thereof and by the secretary.

Article 20

20.1 The management of the Company is exclusive responsibility of the Directors, who shall carry out the actions necessary to pursue the Company's purposes.

20.2 Besides exercising the powers assigned by the law, the Board of Directors is competent to resolve upon:

- a) merger and demerger, in the cases provided for by law;
- b) the establishment or shutting down of secondary offices;
- c) which of the Directors is/are the Company representatives;
- d) the reduction of the Company's share capital in the case of withdrawal of one or more shareholders;
- e) the harmonization of the Articles of Association to the provisions of law;
- f) the transfer of the registered office within Italy;
- g) the reduction of Company's share capital, in the cases provided by law.

The assignment of such competences to the Board of Directors does not exclude the concurrent competence of the shareholders' meeting on same matters.

20.3 The delegated bodies shall promptly report to the Board of Directors and to the Board of Statutory Auditors at least every six months on the general performance of the period and

on the foreseeable evolution as well as on the most significant transactions due to their dimensions or characteristics, carried out by the Company and by subsidiary companies.

Article 21

21.1 The Board of Directors may delegate, within the limits set forth under Article 2381 of the Italian Civil Code, its attributions to an executive committee and/or to one or more of its members, determining the content, the limits and the modalities of exercise of these powers, if any. The Board, upon proposal of the Chairman and with the agreement of the delegated bodies, may assign powers for single activities or categories of activities to other members of the Board of Directors.

21.2 The delegated bodies may also grant, within the limits of the powers assigned to same, powers for single activities or categories of activities to employees of the Company and third parties, with the faculty of sub-delegation.

Article 22

22.1 The legal representation of the Company and relevant signature are granted to the Chairman and to the person appointed as Chief Executive Officer and, in case of the absence or impediment of the former, to the Deputy Chairman, if nominated. The signature of the Deputy Chairman demonstrates to third parties in the absence or impediment of the Chairman.

22.2 The legal representatives as above defined may grant legal representative powers of the Company, also at trial, also with the faculty to sub-delegate.

Article 23

23.1 The members of the Board of Directors and of the executive committee are granted with a compensation to be determined by the shareholders' general meeting. This resolution, once adopted, shall also apply to subsequent financial years, until determined otherwise by the shareholders' general meeting.

23.2 The shareholders' general meeting may determine a total amount for the compensation of all the directors, included those directors with particular duties.

Article 24

24.1 The Chairman:

- a) has the powers to represent the Company as provided for by Article 22.1;
- b) chairs the shareholders' general meeting as provided for by Article 12.1;
- c) convenes and chairs the Board of Directors as provided for by Articles 16, 17.1; establishes the agenda, coordinates the works and ensures that adequate information is provided on the matters on the agenda to all the Directors;
- d) checks the implementation of the resolutions adopted by the Board.

SECTION VI

BOARD OF STATUTORY AUDITORS

Article 25

25.1 The shareholders' general meeting shall elect the Board of Statutory Auditors, consisting of three effective auditors and determines the fees thereto. The shareholders' general meeting shall also elect two alternate auditors. The composition of the Board of Statutory Auditors has to ensure the fulfilment of the applicable laws on balance between genders. If, during

the mandate, one or more effective auditors cease from office, the alternate auditors take the place, in order to ensure the fulfilment of the applicable laws on balance between genders.

25.2 Auditors whose term has expired shall be eligible for re-election.

25.3 The meetings of the Board of Statutory Auditors may also be held by means of telecommunications, upon condition that all those attending can be identified and that said identification is acknowledged in the relevant minutes and they are allowed to follow the discussion and intervene in real time in the discussion of the matters debated, exchanging, if necessary, documents; in this case, the Board of Statutory Auditors is considered to be held at the venue where whoever chairs the meeting is.

**SECTION VII
FINANCIAL STATEMENT AND PROFITS**

Article 26

26.1 The Company financial year shall end on December 31 of each year.

26.2 At the end of each financial year, the Board of Directors shall draw up the Company's financial statements as required by law.

26.3 Where permitted by law, the Board of Directors is authorized to distribute interim dividends to shareholders during the course of the financial year.

Article 27

27.1 Any dividends not claimed within five years from the day they became payable shall lapse in favor of the Company and be posted directly to reserves.

**SECTION VIII
WINDING UP & LIQUIDATION OF THE COMPANY**

Article 28

28.1 In the case of winding up of the Company, the shareholders' general meeting determines the modalities of liquidation and appoints one or more liquidators, establishing their powers and remuneration.

**SECTION IX
GENERAL AND TRANSITORY RULES**

Article 29

29.1 Any matters not expressly provided for herein shall be governed by the provisions of the Italian Civil Code and applicable statutes.

Article 30

30.1 The provisions of Articles 14 and 25 aimed at ensuring the fulfilment of the applicable laws on balance between genders, shall apply for the first three appointments, respectively, of the Board of Directors and of the Board of Statutory Auditors, following the entrance into force and the effectiveness of the provisions of Article 2 of Decree of the President of the Republic No. 251 of 30 November 2012.

Title I

Incorporation – Company name – Registered office – Term

article 1

- 1.1 The Company shall be called “ENEL - Società per azioni” and shall be governed by the rules of the present bylaws.

article 2

- 2.1 The registered office of the Company shall be located in Rome.

article 3

- 3.1 The Company shall exist until December 31, 2100 and its term shall be extendible one or more times by resolution of a Shareholders' Meeting.

Title II

Corporate Purpose

article 4

- 4.1 The purpose of the Company shall be to acquire and manage equity holdings in Italian or foreign companies and firms, as well as to provide such subsidiary companies and firms with strategic guidelines and coordination with regard to both their industrial organization and the business activities in which they engage. Through affiliates or subsidiaries the Company shall operate especially:
- a) in the electricity industry, including the activities of production, importation and exportation, distribution and sale, as well as transmission within the limits of existing legislation;
 - b) in the energy industry in general, including fuels, and in the field of environmental protection, as well as in the water sector;
 - c) in the communications, telematics and information-technology industries and those of multimedia and interactive services;
 - d) in network-based sectors (electricity, water, gas, district heating, telecommunications) or those which, in any case, provide urban services locally;
 - e) in other sectors:
 - in any way related to or connected with the activities carried out in the sectors mentioned above;
 - allowing the facilities, resources and expertise employed in the sectors mentioned above (such as, by way of example and without limitation: publishing, real estate and services to firms) to be enhanced and better utilized;
 - allowing the profitable use of the goods produced and the services provided in the sectors mentioned above;
 - f) in the carrying out of activities involving systems and installations design, construction, maintenance and management; the production and sale of

equipment; research, consulting and assistance; as well as the acquisition, sale, marketing and trading of goods and services, all activities connected with the sectors mentioned above under a), b), c) and d).

4.2 In the interest of its affiliates or subsidiaries, the Company may also carry out directly any activity connected with or instrumental to its own business or that of its affiliates or subsidiaries themselves.

To this end, the Company shall in particular see to:

- the coordination of the managerial resources of its affiliates or subsidiaries, including the carrying out of appropriate training initiatives;
- the administrative and financial coordination of its affiliates or subsidiaries, effecting in their favour all appropriate transactions, including granting loans and, more in general, the framework and management of their financial activities;
- the supply of other services in favor of its affiliates or subsidiaries in areas of specific business interest.

4.3 In order to attain its corporate purpose, the Company may also carry out all transactions that are instrumentally necessary or useful or at any rate related, such as, by way of example: the provision of collateral and/or personal guarantees for both its own and third-party commitments; transactions involving movables and real-estate and commercial operations; and anything else that is connected with its corporate purpose or that allows better use of its own facilities and/or resources or those of its affiliates or subsidiaries, with the exception of accepting monetary deposits from the public and providing investment services as defined by legislative decree n. 58 of February 24, 1998, as well as the activities referred to in section 106 of legislative decree n. 385 of September 1, 1993 insofar as they are also exercised vis-à-vis the public.

Title III

Capital Stock - Shares – Withdrawal – Bonds

article 5

5.1 The nominal value of the Company's share capital amounts to 9,403,357,795 euro, divided into 9,403,357,795 ordinary shares, each with a par value of 1 euro.

5.2 The shares shall be registered and every share shall entitle the holder to one vote.

5.3 The mere fact of being a shareholder shall constitute acceptance of these bylaws.

article 6

6.1 Pursuant to section 3 of decree-law n. 332 of May 31, 1994, converted with revisions by Law n. 474 of July 30, 1994, no one, in whatever capacity, may own shares constituting more than 3% of the share capital, subject to the provisions of the law.

This limit on share ownership shall be calculated taking into account the total shareholding of a controlling entity, whether a natural or legal person or corporation; of all directly or indirectly controlled entities, as well as of the entities under a common control; of affiliates as well as natural persons related by blood or

marriage until the second decree, including his or her spouse unless legally separated.

Control shall be deemed to exist, including with regard to persons or entities other than companies, in the cases provided for by section 2359, paragraphs 1 and 2, of the Civil Code. Affiliation shall be deemed to exist in the situations mentioned in section 2359, paragraph 3, of the Civil Code, as well as among persons or entities that, directly or indirectly, through subsidiaries other than investment management companies, enter into agreements - including those with third parties - regarding the exercise of voting rights or the transfer of shares of or interests in other companies, or any other agreements mentioned in section 122 of legislative decree n. 58 of February 24, 1998 with respect to third-party companies in the event that such agreements regard at least 10% of the voting stock if the companies concerned are listed or 20% if the companies concerned are not listed. Calculation of the aforesaid limit on stock ownership (3%) shall also take into account the shares held through fiduciaries and/or nominees, or in general through intermediaries.

Voting rights attributable to shares held in excess of the aforesaid limit may not be exercised and the voting rights of each of the parties concerned by the ownership limit will be reduced pro rata, unless a different prior indication has been jointly given by the shareholders concerned. A resolution passed with the votes of shares held in violation of the limit may be challenged in court under section 2377 of the Civil Code, provided that the resolution would not have been passed without the votes relating to shares held in violation of the limit.

The shares for which voting rights may not be exercised shall be counted, however, for the purpose of determining the quorum at Shareholders' Meetings.

article 7

- 7.1 Each shareholder is entitled to withdraw from the Company in the cases provided for by the law, except as otherwise provided for by Article 7.2.
- 7.2 There shall be no right of withdrawal in case of:
- a) extension of the term of the Company;
 - b) introduction, modification or removal of limits on the circulation of the shares.

article 8

- 8.1 The issue of bonds shall be resolved by the Directors in accordance with the law.

Title IV Shareholders' Meetings

article 9

- 9.1 Ordinary and extraordinary Shareholders' Meetings shall normally be held in the municipality where the Company's registered office is located. The Board of Directors may determine otherwise, provided the venue is in Italy.

- 9.2 An ordinary Shareholders' Meeting must be called at least once a year, to approve the financial statements, within one hundred and twenty days after the end of the accounting period, or within one hundred and eighty days, since the Company is obliged to draw up consolidated financial statements, or, in any case, when required by particular needs regarding the structure and the purpose of the Company.

article 10

- 10.1 The right to participate and to vote in Shareholders' Meetings shall be determined by the regulations in force.

article 11

- 11.1 All those entitled to vote may appoint a representative to act in their behalf in Shareholders' Meetings according to the provisions of law by means of a proxy issued in accordance with the procedures provided for by the regulations in force. The proxy may also be reported to the Company electronically by sending it to the special section of the Company's website specified in the notice of the Shareholders' Meeting. The same Meeting notice may also specify, in accordance with the regulations in force, additional ways of reporting the proxy electronically that may be used for the specific Shareholders' Meeting referred to in the aforesaid notice.

In order to facilitate the collection of proxies from the shareholders who are employees of the Company and its subsidiaries and members of shareholder associations satisfying the requirements set by the regulations in force, facilities for communication and for the collection of proxies shall be made available to the aforesaid associations according to the terms and procedures agreed upon each time with their legal representatives.

- 11.2 Shareholders' Meetings shall be conducted according to a special regulation approved by a resolution of an ordinary Shareholders' Meeting.

- 11.3 The Board of Directors may provide that, with respect to single Shareholders' Meetings, those entitled to attend and to vote in the Shareholders' Meeting may participate in the Shareholders' Meeting by electronic means. In such case, the notice of the Meeting shall detail, also by reference to the Company's website, the above methods of participation.

article 12

- 12.1 Shareholders' Meetings shall be chaired by the Chairman of the Board of Directors or, if it happens that he or she is not available, by the Deputy Chairman if one has been appointed, or if both are absent, the meeting shall be chaired by a person designated by the Board, failing which the meeting shall elect its Chairman.

- 12.2 The Chairman of a Shareholders' Meeting shall be assisted by a Secretary (who need not be a shareholder) designated by the participants in the meeting, and may appoint one or more tellers.

article 13

- 13.1 Excepting as provided for by Article 20.2, meetings shall resolve on all matters authorized by law, as well as on those provided for by Article 20.3.
- 13.2 The Shareholders' Meeting, both in extraordinary and ordinary session, takes place, as a rule, on single call. The Board of Directors, if it deems it appropriate and by mentioning the reasons in the notice of call, may decide that both ordinary and extraordinary Shareholders' Meetings be held on several calls. The resolutions of the ordinary and extraordinary Shareholders' Meetings shall be passed with the voting majorities provided for by the law in each case, without prejudice to the majorities specifically provided for by Article 20.3.
- 13.3 The resolutions approved by a Shareholders' Meeting according to the law and these bylaws shall be binding upon all shareholders, even if they did not attend or voted against the resolution.

Title V Board of Directors

article 14

- 14.1 The Company shall be managed by a Board of Directors composed of no fewer than three and no more than nine members. A Shareholders' Meeting shall determine their number within the aforesaid limits.
- 14.2 The Board of Directors shall serve for a term of up to three accounting periods and its members shall be eligible for re-election.
- 14.3 The Directors shall be elected by a Shareholders' Meeting on the basis of slates presented by the shareholders and by the outgoing Board of Directors. Within each slate, the candidates are to be numbered progressively.
- Each slate must include at least two candidates possessing the requirements of independence established by the law, distinctly mentioning such candidates and listing one of them first on the slate.
- Slates which contain a number of candidates equal to or above three shall include candidates belonging to different genders, as indicated in the notice of the meeting, in order to ensure that the composition of the Board of Directors is compliant with the applicable laws on balance between genders.
- The slates are to be lodged at the registered office and published in accordance with the regulations in force.
- Each shareholder may present or participate in presenting only one slate and each candidate may be presented on only one slate under pain of ineligibility.
- Only those shareholders who, alone or together with other shareholders, own the minimum percentage of the share capital established by a regulation of the Consob are entitled to present slates.
- The declarations of the individual candidates, in which they accept their candidacies and certify, under their own responsibility, the inexistence of any cause of ineligibility or incompatibility, as well as the satisfaction of the requirements prescribed by applicable law and these bylaws for their respective offices, are to be lodged together with each slate.

The Directors elected must inform the Board of Directors without delay of the loss of the requirements mentioned at the end of the preceding paragraph, as well as of the occurrence of causes of ineligibility or incompatibility.

All those entitled to vote may vote for only one slate.

The procedure for electing the Directors is to be as follows:

- a) seven-tenths of the Directors to be elected, rounding down any fraction to the unit, shall be drawn from the slate that has obtained the most votes cast in the order in which they are listed on the slate;
- b) the remaining Directors shall be drawn from the other slates; for this purpose, the votes obtained by these slates shall be divided successively by one, two, three and so forth according to the number of Directors to be elected. The numbers obtained in this way shall be attributed to the candidates of such slates in the order in which they rank in the slate. The numbers thus attributed to the candidates of the various slates shall be arranged in decreasing order in a single ranking. The candidates who have obtained the highest numbers shall become Directors.

In the event that more than one candidate has obtained the same number, the candidate of the slate that has not yet elected a Director or that has elected the fewest Directors shall be appointed Director.

In the event that no Director has been elected yet from any of these slates or that the same number of Directors has been elected from each slate, the candidate of the slate that has obtained the most votes shall be appointed Director. If there is a tie in terms of both numbers assigned and votes obtained by each slate, the entire Shareholders' Meeting shall vote again and the candidate who obtains a simple majority of the votes will be appointed Director;

- c) for the purposes of the identifying the Directors to be elected, the candidates designated on the slates that have obtained a number of votes amounting to less than half of the percentage required for the presentation of the same slates shall not be taken into account;

c-bis) if, following the vote and the above procedure, the applicable laws on balance between genders are not complied with, candidates which would result to be elected in the various slates are disposed in one single decreasing ranking list, to be formed in compliance with the quotient system indicated under letter b). The candidate in such ranking list belonging to the most represented gender having the lowest quotient is therefore replaced with the first candidate of the less represented gender belonging to the same slate which would result not elected. In the event that in such slate there are no other candidates, the replacement here above is carried out by the Shareholders' meeting with the majorities provided for under the law, as provided for under the following point d) and in compliance with the principle of a proportional representation of minority shareholders in the Board of Directors.

In case of a tie between quotients, the replacement is made in favour of the candidate drawn from the slate which has obtained the highest number of votes.

If the replacement of the candidate of the most represented gender having the lowest quotient in the ranking list does not allow, in any case, to reach the minimum threshold provided for under the applicable laws on balance between

genders, the above said replacement procedure is carried out also with reference to the candidate belonging to the most represented gender having the second last quotient, and so forth, starting from the end of the ranking list.

c-ter) the president of the meeting, at the end of the above procedures, declares the elected members;

d) for the appointment of the Directors who, for whatever reason, are not elected pursuant to the procedures specified above, the Shareholders' Meeting will resolve according to the majorities provided for by the law, ensuring in any case the presence of the necessary number of Directors possessing the requirements of independence established by the law, and the compliance with the applicable laws on balance between genders.

The slate-vote mechanism shall apply only when the entire Board of Directors is being elected.

14.4 Even during a Board's term, a Shareholders' Meeting may change the number of the members of the Board of Directors within the limits referred to in 14.1 above and proceed to elect them. The term of the Directors so elected is to end at the same time as that of the Directors in office.

14.5 Should one or more vacancies occur on the Board during the accounting period, steps shall be taken in accordance with section 2386 of the Civil Code. If one or more of the Directors leaving their offices vacant were drawn from a slate also containing unelected candidates, they shall be replaced by appointing, in progressive order, persons drawn from the slate to which the Director in question belonged, provided that said persons are still eligible and willing to accept the directorship. In any case, in replacing Directors who leave their offices vacant, the Board of Directors shall ensure the presence of the necessary number of Directors possessing the requirements of independence established by the law, and the compliance with the applicable laws on balance between genders. In the event that the majority of the offices of the Directors elected by the shareholders becomes vacant, the entire Board is to be deemed to have resigned and the Directors still in office must promptly call a meeting of the shareholders to elect a new Board.

article 14-bis

14-bis.1 The issue of a judgement, even if not final and without prejudice to the effects of rehabilitation, convicting a director of any of the offenses indicated below shall constitute grounds for ineligibility to or disqualification from the office of director, for cause and without entitlement to damages:

- a) offenses provided for under laws on banking, financial, securities, and insurance business and laws governing financial markets, securities and means of payment,
- b) offenses provided for under Title XI of Book V of the Italian Civil Code and Royal Decree No. 267 of March 16, 1942,
- c) offenses against the public administration, public credit, public property, public order, public economy or tax offences,
- d) offenses provided for under Article 51, paragraph 3-bis, of the Italian Criminal Procedural Code as well as Article 73 of the Decree of the President of the Republic of Italy No. 309 dated October 9, 1990.

It also constitutes a ground for ineligibility to or disqualification for cause from the office of director, without entitlement to damages, the issue of a judgement of final conviction ascertaining the willful commission of public monetary damage.

14-bis.2. **Repealed**

14-bis.3 **Repealed**

14-bis.4 Without prejudice to the provisions of the paragraphs above, the chief executive officer who is subject to:

a) imprisonment or

b) precautionary measures of preventive custody or house arrest as outcome of a proceeding started under Articles 309 or 311, second paragraph, of the Italian Criminal Procedural Code or at the elapse of the relevant time limit to start it, is automatically disqualified from office, with cause and without any right to be indemnified, and, as a consequence, his/her relevant delegated powers cease.

Similarly, the chief executive officer is disqualified from office if addressed with other kind of precautionary measures that can no longer be appealed, if the Board of Directors believes that such measures make impossible for the chief executive officer to exercise his/her delegated powers.

14-bis.5 For the purposes of this clause, a plea bargain judgment pursuant to Article 444 of the Italian Criminal Procedural Code shall be equated to a judgment of conviction, except in case of extinguishment of the offense.

14-bis.6 For the purposes of this clause, where foreign laws shall apply, even if partially, the Board of Directors ascertains the existence of the circumstances mentioned herein through a judgment of substantial equivalence.

article 15

15.1 If a Shareholders' Meeting has not elected a Chairman of the Board, the Board shall elect one of its members to that position. It may elect a Deputy Chairman, who shall stand in for the Chairman in the event of his or her unavailability.

15.2 Upon the Chairman's proposal, the Board shall appoint a Secretary, who need not have any connection with the Company.

article 16

16.1 The Board shall meet at the place designated in the notice whenever the Chairman or, in case the latter is unavailable, the Deputy Chairman deems necessary. The Board may also be convened in the ways provided for in Article 25.5 of these bylaws.

The Board of Directors must also be convened when at least two Directors – or one if the Board consists of three members – so request in writing to resolve on a specific matter (to be indicated in the aforesaid request) regarding the management of the Company that they consider to be of particular importance.

16.2 Board meetings may also be held by means of telecommunications provided that all the participants can be identified and such identification is acknowledged in the minutes of the meeting, and that they are allowed to follow and participate in real time in the discussion of the matters considered, exchanging documents if need

be; in such case, the meeting of the Board of Directors shall be deemed held in the place where whoever chairs the meeting is and where the Secretary must also be in order to allow the related minutes to be drawn up and signed.

- 16.3 The Board shall normally be called at least five days before the date on which the meeting is to be held. This period may be shorter in urgent cases. The Board of Directors shall decide the procedures for convening its own meetings.

article 17

- 17.1 Board meetings shall be chaired by the Chairman or, if the latter is absent or detained, by the Deputy Chairman if one has been appointed. If the latter is also absent, they are to be chaired by the oldest Director.

article 18

- 18.1 The quorum for meetings of the Board shall be a majority of the Directors in office.
18.2 Resolutions shall be adopted by an absolute majority of the Directors present; in case of a tie, the vote of the person chairing the meeting shall be decisive.

article 19

- 19.1 The resolutions of the Board of Directors shall appear in minutes which, signed by whoever chairs the meeting and by the Secretary, are to be transcribed in a book kept according to the law for this purpose.
19.2 Copies of the minutes shall be fully certified if signed by the Chairman or whoever acts in his or her behalf, and by the Secretary.

article 20

- 20.1 Management of the Company is the exclusive responsibility of the Directors, who shall carry out the actions necessary to achieve the corporate purpose.
20.2 In addition to exercising the powers entrusted to it by the law, the Board of Directors shall have the power to adopt resolutions concerning:
a) mergers and demergers in the cases provided for by the law;
b) the establishment or elimination of secondary headquarters;
c) which of the Directors shall represent the Company;
d) the reduction of the share capital in case of the withdrawal of one or more shareholders;
e) the harmonization of the bylaws with provisions of the law;
f) the transfer of the registered office within Italy.
20.3 Pursuant to the procedure for transactions with related parties adopted by the Company:
a) the ordinary Shareholders' Meeting, pursuant to Article 2364, paragraph 1, subsection 5, of the Civil Code, may authorize the Board of Directors to enter into related parties transactions of major importance, which do not fall within the competence of the Shareholders' Meeting, notwithstanding the negative

opinion of the related parties Committee, provided that, without prejudice to the majorities required by law, bylaws and provisions applicable in cases of conflicts of interest, the Shareholders' Meeting resolves upon also with the favourable vote of at least half of the voting unrelated shareholders. In any case, the entering into of the foregoing transactions is prevented only if the unrelated shareholders attending the Shareholders' Meeting represent at least 10% of the share capital with voting rights;

- b) in case the Board of Directors intends to submit to the approval of the Shareholders' Meeting a transaction with related parties of major importance, which fall within the competence of the Shareholders' Meeting, notwithstanding the negative opinion of the related parties Committee, the transaction may be entered into only if the Shareholder's Meeting resolves upon with the majorities and in compliance with the requirements set forth under the previous subsection a);
- c) the Board of Directors or the delegated Bodies may resolve upon, applying the exemptions provided for in the procedure and subject to the conditions indicated therein, the entering into by the Company, directly or through its subsidiaries, of urgent transactions with related parties which do not fall within the competence of the Shareholders' Meeting and which are not subject to the authorization of the Shareholders' Meeting itself.

20.4 The delegated bodies shall promptly report to the Board of Directors and the Board of Statutory Auditors – or, absent the delegated bodies, the Directors shall promptly report to the Board of Statutory Auditors – at least quarterly, and in any case during the meetings of the Board of Directors, on the activity carried out, the management of the Company in general and the prospects for the future, as well as the most important transactions affecting the income statement, cash flow and the balance sheet, or in any case that are most important because of their size or characteristics carried out by the Company and its subsidiaries; they shall specifically report on transactions in which they have an interest themselves or on behalf of third parties or that are influenced by the entity – if there is one – who directs and coordinates the Company.

20.5 The Board of Directors shall appoint, and revoke the appointment of, an executive in charge of preparing the corporate accounting documents, after the Board of Statutory Auditors has expressed its opinion.

The executive in charge of preparing the corporate accounting documents must have acquired experience for a total of at least three years in the performance of:

- a) executive duties regarding the preparation and/or analysis and/or evaluation and/or checking of corporate documents that present accounting issues of a complexity comparable to those connected with the Company's accounting documents; or
- b) auditing of the accounts of companies with shares listed on regulated markets in Italy or in other countries of the European Union; or
- c) professional activities or university teaching as a tenured professor in the field of finance or accounting; or
- d) executive duties in public bodies or government offices involved in the financial or accounting field.

article 21

- 21.1 Within the limits set forth in section 2381 of the Civil Code, the Board of Directors may delegate powers to one of its members, determining the content, the limits and any procedures of exercise of the delegation. Upon proposal by the Chairman and in agreement with the Chief Executive Officer, the Board may delegate powers to others among its members for single acts or classes of acts.
- 21.2 Within the limits of the authority conferred on him, the Chief Executive Officer shall have the power to delegate single acts or classes of acts to employees of the Company or to third parties, authorizing sub-delegation.

article 22

- 22.1 The legal authority to represent the Company and sign documents on its behalf is vested in both the Chairman of the Board of Directors and the Chief Executive Officer and, in the event that the former is unavailable, the Deputy Chairman if one has been appointed. The signature of the Deputy Chairman shall attest vis-à-vis third parties the Chairman's unavailability.
- 22.2 The above legal representatives may delegate the power to represent the Company, including in court, to third parties, who may also be authorized to sub-delegate.

article 23

- 23.1 The members of the Board of Directors shall be entitled to compensation in an amount to be determined by a meeting of the shareholders. Once adopted, the resolution shall apply during subsequent accounting periods until a Shareholders' Meeting determines otherwise.
- 23.2 The compensation of Directors entrusted with specific tasks in accordance with the bylaws shall be established by the Board of Directors after receiving the opinion of the Board of Statutory Auditors.

article 24

- 24.1 The Chairman shall:
- a) have the power to represent the Company pursuant to Article 22.1;
 - b) preside at meetings of the shareholders pursuant to Article 12.1;
 - c) call and preside at meetings of the Board of Directors pursuant to Articles 16 and 17.1, establish the agenda, coordinate the proceedings, and see that adequate information on the matters on the agenda is provided to all the Directors;
 - d) ascertain that the resolutions of the Board are carried out.

Title VI
Board of Statutory Auditors

article 25

- 25.1 A Shareholders' Meeting shall elect the Board of Statutory Auditors, which is to be composed of three regular members, and shall determine their compensation. Three alternate members shall also be elected by a Shareholders' Meeting. The members of the Board of Statutory Auditors must possess the requisites of professionalism and honorableness specified in the Ministry of Justice's decree n. 162 of March 30, 2000. For the purposes of the provisions of section 1, paragraph 2, b) and c) of this decree, the following are considered closely connected with the scope of the Company's business activities: subjects pertaining to commercial law and tax law, business economics and business finance, as well as subjects and fields of activity pertaining to energy in general, communications, telematics and information technology, and network structures. The composition of the board of statutory auditors, situations of ineligibility and the limits to the number of offices on boards of directors, boards of statutory auditors, and similar bodies that the members of the Board of Statutory Auditors may hold shall be governed by the provisions of the statutes and regulations in force.
- 25.2 Regular members of the Board of Statutory Auditors and alternate members shall be elected by Shareholders' Meetings on the basis of the slates presented by the shareholders, on which the candidates are to be numbered progressively and their number must not exceed that of the members of the body to be elected. Only those shareholders who, alone or together with other shareholders, own the minimum percentage of the share capital established by a regulation of the Consob for the presentation of slates of candidates for the election of the Board of Directors are entitled to present slates. The provisions of law in force shall apply to the presentation, lodgment and publication of the slates. The slates are to be divided into two sections: one for the candidates for the office of regular auditor and the other for candidates for the office of alternate auditor. The first candidate in each section must be a registered auditor and have practiced the profession of legal auditor for a period of no less than three years. In compliance with the applicable laws on balance between genders, slates which, taking into account both sections, contain a number of candidates equal to or above three, shall include, both in the first two places of the section of the slate relating to the regular statutory auditors, and in the first two places of the section of the slate relating to the alternate statutory auditors, candidates belonging to different genders. Two regular members of the Board of Statutory Auditors and two alternate members are to be drawn, in the numerical order in which they were listed in each section, from the slate that has obtained the most votes. The remaining regular member and the remaining alternate are to be elected according to the provisions of law in force and the procedures specified in Article 14.3, b), to be applied separately to each of the sections in which the other slates are divided. When less than the entire Board is being elected, the Shareholders' Meeting shall resolve according to the majorities provided for by the law, without following the

procedure specified above, but in any case in such a way as to ensure that the composition of the Board of Statutory Auditors is in accordance with the provisions of section 1, paragraph 1, of the Ministry of Justice's decree n. 162 of March 30, 2000, as well as with the principle of the representation of minority shareholders and the applicable laws on balance between genders.

The chairmanship of the Board of Statutory Auditors shall fall to the regular Auditor elected according to the procedures specified in Article 14.3, b); in the event the Chairman is substituted, this office shall be filled by the alternate Auditor also elected according to the procedures specified in Article 14.3, b).

In the event that one of the members drawn from the slate that obtained the most votes is substituted, his or her place shall be taken by the first of the alternate members drawn from the same slate. In the event that the replacement, if carried out through the above modalities, does not allow to form a Board of Statutory Auditors compliant with the applicable laws on balance between genders, the replacement shall be carried out in favour of the second alternate Statutory Auditor belonging to the same slate. If thereafter it is necessary to replace the other regular Statutory Auditor belonging to the slate which has obtained the highest number of votes, the latter shall in any case be replaced by the alternate Statutory Auditor belonging to the same slate.

25.3 Auditors whose term has expired shall be eligible for re-election.

25.4 The meetings of the Board of Statutory Auditors may also be held by means of telecommunications provided that all the participants can be identified and such identification is acknowledged in the minutes of the meeting, and that they are allowed to follow and participate in real time in the discussion of the matters considered, exchanging documents if need be; in such case, the meeting of the Board of Statutory Auditors shall be deemed held in the place where whoever chairs the meeting is.

25.5 Upon notice to the Chairman of the Board of Directors, the Board of Statutory Auditors may call a Shareholders' Meeting and a Board of Directors' meeting. The powers concerned may also be exercised by at least two members of the Board of Statutory Auditors with regard to Shareholders' Meetings and by at least one member of the Board of Statutory Auditors with regard to meetings of the Board of Directors.

Title VII

Financial Statements and Earnings

article 26

26.1 The accounting period shall end on December 31 of every year.

26.2 At the end of each accounting period, the Board of Directors shall draw up the Company's financial statements as required by law.

26.3 The Board of Directors is authorized to distribute interim dividends to shareholders during the course of the year.

article 27

- 27.1 Dividends not collected within five years from the day they become payable shall lapse in favor of the Company and be posted directly to reserves.

Title VIII
Dissolution and Liquidation of the Company

article 28

- 28.1 Should the Company be dissolved, a Shareholders' Meeting is to determine the liquidation procedures and appoint one or more liquidators, establishing their powers and compensation.

Title IX
Transitory and General Rules

article 29

- 29.1 Any matters not expressly provided for herein shall be governed by the provisions of the Civil Code and applicable statutes.

article 30

- 30.1 The Company is to continue to carry out all the activities that - under legislative decree n. 79 of March 16, 1999, published in the Gazzetta Ufficiale, issue 75 of March 31, 1999 - have been temporarily entrusted to it pending their award to other entities according to the provisions of the legislative decree.

article 31

- 31.1 The provisions of articles 14.3, 14.5, and 25.2 aimed at ensuring the fulfilment of the applicable laws on balance between genders shall apply to the first three appointments, respectively, of the Board of Directors and of the Board of Statutory Auditors, following the coming into force and the effectiveness of the provisions of article 1 of Law July 12, 2011, No. 120, published on the Official Gazette No. 174 of July 28, 2011.
- 31.2 The composition of the Board of Statutory Auditors indicated under article 25.1, which is characterized by the presence of three regular Statutory Auditors and three alternate Statutory Auditors, shall apply from the first appointment of the supervisory board following the coming into force and the effectiveness of the provisions of article 1 of Law July 12, 2011, No. 120, published on the Official Gazette No. 174 of July 28, 2011. Until such moment, the Board of Statutory Auditors is composed by three regular Statutory Auditors and two alternate Statutory Auditors.

Title I

Incorporation – Company name – Registered office – Term

article 1

- 1.1 The Company shall be called “ENEL - Società per azioni” and shall be governed by the rules of the present bylaws.

article 2

- 2.1 The registered office of the Company shall be located in Rome.

article 3

- 3.1 The Company shall exist until December 31, 2100 and its term shall be extendible one or more times by resolution of a Shareholders' Meeting.

Title II

Corporate Purpose

article 4

- 4.1 The purpose of the Company shall be to acquire and manage equity holdings in Italian or foreign companies and firms, as well as to provide such subsidiary companies and firms with strategic guidelines and coordination with regard to both their industrial organization and the business activities in which they engage.

Through affiliates or subsidiaries the Company shall operate especially:

- a) in the electricity industry, including the activities of production, importation and exportation, distribution and sale, as well as transmission within the limits of existing legislation;
- b) in the energy industry in general, including fuels, and in the field of environmental protection, as well as in the water sector;
- c) in the communications, telematics and information-technology industries and those of multimedia and interactive services;
- d) in network-based sectors (electricity, water, gas, district heating, telecommunications) or those which, in any case, provide urban services locally;
- e) in other sectors:
 - in any way related to or connected with the activities carried out in the sectors mentioned above;
 - allowing the facilities, resources and expertise employed in the sectors mentioned above (such as, by way of example and without limitation: publishing, real estate and services to firms) to be enhanced and better utilized;
 - allowing the profitable use of the goods produced and the services provided in the sectors mentioned above;

f) in the carrying out of activities involving systems and installations design, construction, maintenance and management; the production and sale of equipment; research, consulting and assistance; as well as the acquisition, sale, marketing and trading of goods and services, all activities connected with the sectors mentioned above under a), b), c) and d).

4.2 In the interest of its affiliates or subsidiaries, the Company may also carry out directly any activity connected with or instrumental to its own business or that of its affiliates or subsidiaries themselves.

To this end, the Company shall in particular see to:

- the coordination of the managerial resources of its affiliates or subsidiaries, including the carrying out of appropriate training initiatives;
- the administrative and financial coordination of its affiliates or subsidiaries, effecting in their favour all appropriate transactions, including granting loans and, more in general, the framework and management of their financial activities;
- the supply of other services in favor of its affiliates or subsidiaries in areas of specific business interest.

4.3 In order to attain its corporate purpose, the Company may also carry out all transactions that are instrumentally necessary or useful or at any rate related, such as, by way of example: the provision of collateral and/or personal guarantees for both its own and third-party commitments; transactions involving movables and real-estate and commercial operations; and anything else that is connected with its corporate purpose or that allows better use of its own facilities and/or resources or those of its affiliates or subsidiaries, with the exception of accepting monetary deposits from the public and providing investment services as defined by legislative decree n. 58 of February 24, 1998, as well as the activities referred to in section 106 of legislative decree n. 385 of September 1, 1993 insofar as they are also exercised vis-à-vis the public.

Title III

Capital Stock - Shares – Withdrawal – Bonds

article 5

5.1 The nominal value of the Company's share capital amounts to [•] euro, divided into [•] ordinary shares, each with a par value of 1 euro.

5.2 The shares shall be registered and every share shall entitle the holder to one vote.

5.3 The mere fact of being a shareholder shall constitute acceptance of these bylaws.

article 6

6.1 Pursuant to section 3 of decree-law n. 332 of May 31, 1994, converted with revisions by Law n. 474 of July 30, 1994, no one, in whatever capacity, may own shares constituting more than 3% of the share capital, subject to the provisions of the law.

This limit on share ownership shall be calculated taking into account the total shareholding of a controlling entity, whether a natural or legal person or corporation; of all directly or indirectly controlled entities, as well as of the entities

under a common control; of affiliates as well as natural persons related by blood or marriage until the second degree, including his or her spouse unless legally separated.

Control shall be deemed to exist, including with regard to persons or entities other than companies, in the cases provided for by section 2359, paragraphs 1 and 2, of the Civil Code. Affiliation shall be deemed to exist in the situations mentioned in section 2359, paragraph 3, of the Civil Code, as well as among persons or entities that, directly or indirectly, through subsidiaries other than investment management companies, enter into agreements - including those with third parties - regarding the exercise of voting rights or the transfer of shares of or interests in other companies, or any other agreements mentioned in section 122 of legislative decree n. 58 of February 24, 1998 with respect to third-party companies in the event that such agreements regard at least 10% of the voting stock if the companies concerned are listed or 20% if the companies concerned are not listed. Calculation of the aforesaid limit on stock ownership (3%) shall also take into account the shares held through fiduciaries and/or nominees, or in general through intermediaries.

Voting rights attributable to shares held in excess of the aforesaid limit may not be exercised and the voting rights of each of the parties concerned by the ownership limit will be reduced pro rata, unless a different prior indication has been jointly given by the shareholders concerned. A resolution passed with the votes of shares held in violation of the limit may be challenged in court under section 2377 of the Civil Code, provided that the resolution would not have been passed without the votes relating to shares held in violation of the limit.

The shares for which voting rights may not be exercised shall be counted, however, for the purpose of determining the quorum at Shareholders' Meetings.

article 7

7.1 Each shareholder is entitled to withdraw from the Company in the cases provided for by the law, except as otherwise provided for by Article 7.2.

7.2 There shall be no right of withdrawal in case of:

- a) extension of the term of the Company;
- b) introduction, modification or removal of limits on the circulation of the shares.

article 8

8.1 The issue of bonds shall be resolved by the Directors in accordance with the law.

Title IV Shareholders' Meetings

article 9

9.1 Ordinary and extraordinary Shareholders' Meetings shall normally be held in the municipality where the Company's registered office is located. The Board of Directors may determine otherwise, provided the venue is in Italy.

- 9.2 An ordinary Shareholders' Meeting must be called at least once a year, to approve the financial statements, within one hundred and twenty days after the end of the accounting period, or within one hundred and eighty days, since the Company is obliged to draw up consolidated financial statements, or, in any case, when required by particular needs regarding the structure and the purpose of the Company.

article 10

- 10.1 The right to participate and to vote in Shareholders' Meetings shall be determined by the regulations in force.

article 11

- 11.1 All those entitled to vote may appoint a representative to act in their behalf in Shareholders' Meetings according to the provisions of law by means of a proxy issued in accordance with the procedures provided for by the regulations in force. The proxy may also be reported to the Company electronically by sending it to the special section of the Company's website specified in the notice of the Shareholders' Meeting. The same Meeting notice may also specify, in accordance with the regulations in force, additional ways of reporting the proxy electronically that may be used for the specific Shareholders' Meeting referred to in the aforesaid notice.

In order to facilitate the collection of proxies from the shareholders who are employees of the Company and its subsidiaries and members of shareholder associations satisfying the requirements set by the regulations in force, facilities for communication and for the collection of proxies shall be made available to the aforesaid associations according to the terms and procedures agreed upon each time with their legal representatives.

- 11.2 Shareholders' Meetings shall be conducted according to a special regulation approved by a resolution of an ordinary Shareholders' Meeting.

- 11.3 The Board of Directors may provide that, with respect to single Shareholders' Meetings, those entitled to attend and to vote in the Shareholders' Meeting may participate in the Shareholders' Meeting by electronic means. In such case, the notice of the Meeting shall detail, also by reference to the Company's website, the above methods of participation.

article 12

- 12.1 Shareholders' Meetings shall be chaired by the Chairman of the Board of Directors or, if it happens that he or she is not available, by the Deputy Chairman if one has been appointed, or if both are absent, the meeting shall be chaired by a person designated by the Board, failing which the meeting shall elect its Chairman.

- 12.2 The Chairman of a Shareholders' Meeting shall be assisted by a Secretary (who need not be a shareholder) designated by the participants in the meeting, and may appoint one or more tellers.

article 13

- 13.1 Excepting as provided for by Article 20.2, meetings shall resolve on all matters authorized by law, as well as on those provided for by Article 20.3.
- 13.2 The Shareholders' Meeting, both in extraordinary and ordinary session, takes place, as a rule, on single call. The Board of Directors, if it deems it appropriate and by mentioning the reasons in the notice of call, may decide that both ordinary and extraordinary Shareholders' Meetings be held on several calls. The resolutions of the ordinary and extraordinary Shareholders' Meetings shall be passed with the voting majorities provided for by the law in each case, without prejudice to the majorities specifically provided for by Article 20.3.
- 13.3 The resolutions approved by a Shareholders' Meeting according to the law and these bylaws shall be binding upon all shareholders, even if they did not attend or voted against the resolution.

Title V Board of Directors

article 14

- 14.1 The Company shall be managed by a Board of Directors composed of no fewer than three and no more than nine members. A Shareholders' Meeting shall determine their number within the aforesaid limits.
- 14.2 The Board of Directors shall serve for a term of up to three accounting periods and its members shall be eligible for re-election.
- 14.3 The Directors shall be elected by a Shareholders' Meeting on the basis of slates presented by the shareholders and by the outgoing Board of Directors. Within each slate, the candidates are to be numbered progressively.
- Each slate must include at least two candidates possessing the requirements of independence established by the law, distinctly mentioning such candidates and listing one of them first on the slate.
- Slates which contain a number of candidates equal to or above three shall include candidates belonging to different genders, as indicated in the notice of the meeting, in order to ensure that the composition of the Board of Directors is compliant with the applicable laws on balance between genders.
- The slates are to be lodged at the registered office and published in accordance with the regulations in force.
- Each shareholder may present or participate in presenting only one slate and each candidate may be presented on only one slate under pain of ineligibility.
- Only those shareholders who, alone or together with other shareholders, own the minimum percentage of the share capital established by a regulation of the Consob are entitled to present slates.
- The declarations of the individual candidates, in which they accept their candidacies and certify, under their own responsibility, the inexistence of any cause of ineligibility or incompatibility, as well as the satisfaction of the requirements prescribed by applicable law and these bylaws for their respective offices, are to be lodged together with each slate.

The Directors elected must inform the Board of Directors without delay of the loss of the requirements mentioned at the end of the preceding paragraph, as well as of the occurrence of causes of ineligibility or incompatibility.

All those entitled to vote may vote for only one slate.

The procedure for electing the Directors is to be as follows:

- a) seven-tenths of the Directors to be elected, rounding down any fraction to the unit, shall be drawn from the slate that has obtained the most votes cast in the order in which they are listed on the slate;
- b) the remaining Directors shall be drawn from the other slates; for this purpose, the votes obtained by these slates shall be divided successively by one, two, three and so forth according to the number of Directors to be elected. The numbers obtained in this way shall be attributed to the candidates of such slates in the order in which they rank in the slate. The numbers thus attributed to the candidates of the various slates shall be arranged in decreasing order in a single ranking. The candidates who have obtained the highest numbers shall become Directors.

In the event that more than one candidate has obtained the same number, the candidate of the slate that has not yet elected a Director or that has elected the fewest Directors shall be appointed Director.

In the event that no Director has been elected yet from any of these slates or that the same number of Directors has been elected from each slate, the candidate of the slate that has obtained the most votes shall be appointed Director. If there is a tie in terms of both numbers assigned and votes obtained by each slate, the entire Shareholders' Meeting shall vote again and the candidate who obtains a simple majority of the votes will be appointed Director;

- c) for the purposes of the identifying the Directors to be elected, the candidates designated on the slates that have obtained a number of votes amounting to less than half of the percentage required for the presentation of the same slates shall not be taken into account;

c-bis) if, following the vote and the above procedure, the applicable laws on balance between genders are not complied with, candidates which would result to be elected in the various slates are disposed in one single decreasing ranking list, to be formed in compliance with the quotient system indicated under letter b). The candidate in such ranking list belonging to the most represented gender having the lowest quotient is therefore replaced with the first candidate of the less represented gender belonging to the same slate which would result not elected. In the event that in such slate there are no other candidates, the replacement here above is carried out by the Shareholders' meeting with the majorities provided for under the law, as provided for under the following point d) and in compliance with the principle of a proportional representation of minority shareholders in the Board of Directors.

In case of a tie between quotients, the replacement is made in favour of the candidate drawn from the slate which has obtained the highest number of votes.

If the replacement of the candidate of the most represented gender having the lowest quotient in the ranking list does not allow, in any case, to reach the minimum threshold provided for under the applicable laws on balance between

genders, the above said replacement procedure is carried out also with reference to the candidate belonging to the most represented gender having the second last quotient, and so forth, starting from the end of the ranking list.

c-ter) the president of the meeting, at the end of the above procedures, declares the elected members;

d) for the appointment of the Directors who, for whatever reason, are not elected pursuant to the procedures specified above, the Shareholders' Meeting will resolve according to the majorities provided for by the law, ensuring in any case the presence of the necessary number of Directors possessing the requirements of independence established by the law, and the compliance with the applicable laws on balance between genders.

The slate-vote mechanism shall apply only when the entire Board of Directors is being elected.

14.4 Even during a Board's term, a Shareholders' Meeting may change the number of the members of the Board of Directors within the limits referred to in 14.1 above and proceed to elect them. The term of the Directors so elected is to end at the same time as that of the Directors in office.

14.5 Should one or more vacancies occur on the Board during the accounting period, steps shall be taken in accordance with section 2386 of the Civil Code. If one or more of the Directors leaving their offices vacant were drawn from a slate also containing unelected candidates, they shall be replaced by appointing, in progressive order, persons drawn from the slate to which the Director in question belonged, provided that said persons are still eligible and willing to accept the directorship. In any case, in replacing Directors who leave their offices vacant, the Board of Directors shall ensure the presence of the necessary number of Directors possessing the requirements of independence established by the law, and the compliance with the applicable laws on balance between genders. In the event that the majority of the offices of the Directors elected by the shareholders becomes vacant, the entire Board is to be deemed to have resigned and the Directors still in office must promptly call a meeting of the shareholders to elect a new Board.

article 14-bis

14-bis.1 The issue of a judgement, even if not final and without prejudice to the effects of rehabilitation, convicting a director of any of the offenses indicated below shall constitute grounds for ineligibility to or disqualification from the office of director, for cause and without entitlement to damages:

- a) offenses provided for under laws on banking, financial, securities, and insurance business and laws governing financial markets, securities and means of payment,
- b) offenses provided for under Title XI of Book V of the Italian Civil Code and Royal Decree No. 267 of March 16, 1942,
- c) offenses against the public administration, public credit, public property, public order, public economy or tax offences,
- d) offenses provided for under Article 51, paragraph 3-bis, of the Italian Criminal Procedural Code as well as Article 73 of the Decree of the President of the Republic of Italy No. 309 dated October 9, 1990.

It also constitutes a ground for ineligibility to or disqualification for cause from the office of director, without entitlement to damages, the issue of a judgement of final conviction ascertaining the willful commission of public monetary damage.

14-bis.2. **Repealed**

14-bis.3 **Repealed**

14-bis.4 Without prejudice to the provisions of the paragraphs above, the chief executive officer who is subject to:

a) imprisonment or

b) precautionary measures of preventive custody or house arrest as outcome of a proceeding started under Articles 309 or 311, second paragraph, of the Italian Criminal Procedural Code or at the elapse of the relevant time limit to start it, is automatically disqualified from office, with cause and without any right to be indemnified, and, as a consequence, his/her relevant delegated powers cease.

Similarly, the chief executive officer is disqualified from office if addressed with other kind of precautionary measures that can no longer be appealed, if the Board of Directors believes that such measures make impossible for the chief executive officer to exercise his/her delegated powers.

14-bis.5 For the purposes of this clause, a plea bargain judgment pursuant to Article 444 of the Italian Criminal Procedural Code shall be equated to a judgment of conviction, except in case of extinguishment of the offense.

14-bis.6 For the purposes of this clause, where foreign laws shall apply, even if partially, the Board of Directors ascertains the existence of the circumstances mentioned herein through a judgment of substantial equivalence.

article 15

15.1 If a Shareholders' Meeting has not elected a Chairman of the Board, the Board shall elect one of its members to that position. It may elect a Deputy Chairman, who shall stand in for the Chairman in the event of his or her unavailability.

15.2 Upon the Chairman's proposal, the Board shall appoint a Secretary, who need not have any connection with the Company.

article 16

16.1 The Board shall meet at the place designated in the notice whenever the Chairman or, in case the latter is unavailable, the Deputy Chairman deems necessary. The Board may also be convened in the ways provided for in Article 25.5 of these bylaws.

The Board of Directors must also be convened when at least two Directors – or one if the Board consists of three members – so request in writing to resolve on a specific matter (to be indicated in the aforesaid request) regarding the management of the Company that they consider to be of particular importance.

16.2 Board meetings may also be held by means of telecommunications provided that all the participants can be identified and such identification is acknowledged in the minutes of the meeting, and that they are allowed to follow and participate in real time in the discussion of the matters considered, exchanging documents if need

be; in such case, the meeting of the Board of Directors shall be deemed held in the place where whoever chairs the meeting is and where the Secretary must also be in order to allow the related minutes to be drawn up and signed.

- 16.3 The Board shall normally be called at least five days before the date on which the meeting is to be held. This period may be shorter in urgent cases. The Board of Directors shall decide the procedures for convening its own meetings.

article 17

- 17.1 Board meetings shall be chaired by the Chairman or, if the latter is absent or detained, by the Deputy Chairman if one has been appointed. If the latter is also absent, they are to be chaired by the oldest Director.

article 18

- 18.1 The quorum for meetings of the Board shall be a majority of the Directors in office.
18.2 Resolutions shall be adopted by an absolute majority of the Directors present; in case of a tie, the vote of the person chairing the meeting shall be decisive.

article 19

- 19.1 The resolutions of the Board of Directors shall appear in minutes which, signed by whoever chairs the meeting and by the Secretary, are to be transcribed in a book kept according to the law for this purpose.
19.2 Copies of the minutes shall be fully certified if signed by the Chairman or whoever acts in his or her behalf, and by the Secretary.

article 20

- 20.1 Management of the Company is the exclusive responsibility of the Directors, who shall carry out the actions necessary to achieve the corporate purpose.
20.2 In addition to exercising the powers entrusted to it by the law, the Board of Directors shall have the power to adopt resolutions concerning:
a) mergers and demergers in the cases provided for by the law;
b) the establishment or elimination of secondary headquarters;
c) which of the Directors shall represent the Company;
d) the reduction of the share capital in case of the withdrawal of one or more shareholders;
e) the harmonization of the bylaws with provisions of the law;
f) the transfer of the registered office within Italy.
20.3 Pursuant to the procedure for transactions with related parties adopted by the Company:
a) the ordinary Shareholders' Meeting, pursuant to Article 2364, paragraph 1, subsection 5, of the Civil Code, may authorize the Board of Directors to enter into related parties transactions of major importance, which do not fall within the competence of the Shareholders' Meeting, notwithstanding the negative

opinion of the related parties Committee, provided that, without prejudice to the majorities required by law, bylaws and provisions applicable in cases of conflicts of interest, the Shareholders' Meeting resolves upon also with the favourable vote of at least half of the voting unrelated shareholders. In any case, the entering into of the foregoing transactions is prevented only if the unrelated shareholders attending the Shareholders' Meeting represent at least 10% of the share capital with voting rights;

- b) in case the Board of Directors intends to submit to the approval of the Shareholders' Meeting a transaction with related parties of major importance, which fall within the competence of the Shareholders' Meeting, notwithstanding the negative opinion of the related parties Committee, the transaction may be entered into only if the Shareholder's Meeting resolves upon with the majorities and in compliance with the requirements set forth under the previous subsection a);
- c) the Board of Directors or the delegated Bodies may resolve upon, applying the exemptions provided for in the procedure and subject to the conditions indicated therein, the entering into by the Company, directly or through its subsidiaries, of urgent transactions with related parties which do not fall within the competence of the Shareholders' Meeting and which are not subject to the authorization of the Shareholders' Meeting itself.

20.4 The delegated bodies shall promptly report to the Board of Directors and the Board of Statutory Auditors – or, absent the delegated bodies, the Directors shall promptly report to the Board of Statutory Auditors – at least quarterly, and in any case during the meetings of the Board of Directors, on the activity carried out, the management of the Company in general and the prospects for the future, as well as the most important transactions affecting the income statement, cash flow and the balance sheet, or in any case that are most important because of their size or characteristics carried out by the Company and its subsidiaries; they shall specifically report on transactions in which they have an interest themselves or on behalf of third parties or that are influenced by the entity – if there is one – who directs and coordinates the Company.

20.5 The Board of Directors shall appoint, and revoke the appointment of, an executive in charge of preparing the corporate accounting documents, after the Board of Statutory Auditors has expressed its opinion.

The executive in charge of preparing the corporate accounting documents must have acquired experience for a total of at least three years in the performance of:

- a) executive duties regarding the preparation and/or analysis and/or evaluation and/or checking of corporate documents that present accounting issues of a complexity comparable to those connected with the Company's accounting documents; or
- b) auditing of the accounts of companies with shares listed on regulated markets in Italy or in other countries of the European Union; or
- c) professional activities or university teaching as a tenured professor in the field of finance or accounting; or
- d) executive duties in public bodies or government offices involved in the financial or accounting field.

article 21

- 21.1 Within the limits set forth in section 2381 of the Civil Code, the Board of Directors may delegate powers to one of its members, determining the content, the limits and any procedures of exercise of the delegation. Upon proposal by the Chairman and in agreement with the Chief Executive Officer, the Board may delegate powers to others among its members for single acts or classes of acts.
- 21.2 Within the limits of the authority conferred on him, the Chief Executive Officer shall have the power to delegate single acts or classes of acts to employees of the Company or to third parties, authorizing sub-delegation.

article 22

- 22.1 The legal authority to represent the Company and sign documents on its behalf is vested in both the Chairman of the Board of Directors and the Chief Executive Officer and, in the event that the former is unavailable, the Deputy Chairman if one has been appointed. The signature of the Deputy Chairman shall attest vis-à-vis third parties the Chairman's unavailability.
- 22.2 The above legal representatives may delegate the power to represent the Company, including in court, to third parties, who may also be authorized to sub-delegate.

article 23

- 23.1 The members of the Board of Directors shall be entitled to compensation in an amount to be determined by a meeting of the shareholders. Once adopted, the resolution shall apply during subsequent accounting periods until a Shareholders' Meeting determines otherwise.
- 23.2 The compensation of Directors entrusted with specific tasks in accordance with the bylaws shall be established by the Board of Directors after receiving the opinion of the Board of Statutory Auditors.

article 24

- 24.1 The Chairman shall:
- a) have the power to represent the Company pursuant to Article 22.1;
 - b) preside at meetings of the shareholders pursuant to Article 12.1;
 - c) call and preside at meetings of the Board of Directors pursuant to Articles 16 and 17.1, establish the agenda, coordinate the proceedings, and see that adequate information on the matters on the agenda is provided to all the Directors;
 - d) ascertain that the resolutions of the Board are carried out.

Title VI
Board of Statutory Auditors

article 25

- 25.1 A Shareholders' Meeting shall elect the Board of Statutory Auditors, which is to be composed of three regular members, and shall determine their compensation. Three alternate members shall also be elected by a Shareholders' Meeting. The members of the Board of Statutory Auditors must possess the requisites of professionalism and honorableness specified in the Ministry of Justice's decree n. 162 of March 30, 2000. For the purposes of the provisions of section 1, paragraph 2, b) and c) of this decree, the following are considered closely connected with the scope of the Company's business activities: subjects pertaining to commercial law and tax law, business economics and business finance, as well as subjects and fields of activity pertaining to energy in general, communications, telematics and information technology, and network structures. The composition of the board of statutory auditors, situations of ineligibility and the limits to the number of offices on boards of directors, boards of statutory auditors, and similar bodies that the members of the Board of Statutory Auditors may hold shall be governed by the provisions of the statutes and regulations in force.
- 25.2 Regular members of the Board of Statutory Auditors and alternate members shall be elected by Shareholders' Meetings on the basis of the slates presented by the shareholders, on which the candidates are to be numbered progressively and their number must not exceed that of the members of the body to be elected. Only those shareholders who, alone or together with other shareholders, own the minimum percentage of the share capital established by a regulation of the Consob for the presentation of slates of candidates for the election of the Board of Directors are entitled to present slates. The provisions of law in force shall apply to the presentation, lodgment and publication of the slates. The slates are to be divided into two sections: one for the candidates for the office of regular auditor and the other for candidates for the office of alternate auditor. The first candidate in each section must be a registered auditor and have practiced the profession of legal auditor for a period of no less than three years. In compliance with the applicable laws on balance between genders, slates which, taking into account both sections, contain a number of candidates equal to or above three, shall include, both in the first two places of the section of the slate relating to the regular statutory auditors, and in the first two places of the section of the slate relating to the alternate statutory auditors, candidates belonging to different genders. Two regular members of the Board of Statutory Auditors and two alternate members are to be drawn, in the numerical order in which they were listed in each section, from the slate that has obtained the most votes. The remaining regular member and the remaining alternate are to be elected according to the provisions of law in force and the procedures specified in Article 14.3, b), to be applied separately to each of the sections in which the other slates are divided. When less than the entire Board is being elected, the Shareholders' Meeting shall resolve according to the majorities provided for by the law, without following the

procedure specified above, but in any case in such a way as to ensure that the composition of the Board of Statutory Auditors is in accordance with the provisions of section 1, paragraph 1, of the Ministry of Justice's decree n. 162 of March 30, 2000, as well as with the principle of the representation of minority shareholders and the applicable laws on balance between genders.

The chairmanship of the Board of Statutory Auditors shall fall to the regular Auditor elected according to the procedures specified in Article 14.3, b); in the event the Chairman is substituted, this office shall be filled by the alternate Auditor also elected according to the procedures specified in Article 14.3, b).

In the event that one of the members drawn from the slate that obtained the most votes is substituted, his or her place shall be taken by the first of the alternate members drawn from the same slate. In the event that the replacement, if carried out through the above modalities, does not allow to form a Board of Statutory Auditors compliant with the applicable laws on balance between genders, the replacement shall be carried out in favour of the second alternate Statutory Auditor belonging to the same slate. If thereafter it is necessary to replace the other regular Statutory Auditor belonging to the slate which has obtained the highest number of votes, the latter shall in any case be replaced by the alternate Statutory Auditor belonging to the same slate.

25.3 Auditors whose term has expired shall be eligible for re-election.

25.4 The meetings of the Board of Statutory Auditors may also be held by means of telecommunications provided that all the participants can be identified and such identification is acknowledged in the minutes of the meeting, and that they are allowed to follow and participate in real time in the discussion of the matters considered, exchanging documents if need be; in such case, the meeting of the Board of Statutory Auditors shall be deemed held in the place where whoever chairs the meeting is.

25.5 Upon notice to the Chairman of the Board of Directors, the Board of Statutory Auditors may call a Shareholders' Meeting and a Board of Directors' meeting. The powers concerned may also be exercised by at least two members of the Board of Statutory Auditors with regard to Shareholders' Meetings and by at least one member of the Board of Statutory Auditors with regard to meetings of the Board of Directors.

Title VII

Financial Statements and Earnings

article 26

26.1 The accounting period shall end on December 31 of every year.

26.2 At the end of each accounting period, the Board of Directors shall draw up the Company's financial statements as required by law.

26.3 The Board of Directors is authorized to distribute interim dividends to shareholders during the course of the year.

article 27

- 27.1 Dividends not collected within five years from the day they become payable shall lapse in favor of the Company and be posted directly to reserves.

Title VIII
Dissolution and Liquidation of the Company

article 28

- 28.1 Should the Company be dissolved, a Shareholders' Meeting is to determine the liquidation procedures and appoint one or more liquidators, establishing their powers and compensation.

Title IX
Transitory and General Rules

article 29

- 29.1 Any matters not expressly provided for herein shall be governed by the provisions of the Civil Code and applicable statutes.

article 30

- 30.1 The Company is to continue to carry out all the activities that - under legislative decree n. 79 of March 16, 1999, published in the Gazzetta Ufficiale, issue 75 of March 31, 1999 - have been temporarily entrusted to it pending their award to other entities according to the provisions of the legislative decree.

article 31

- 31.1 The provisions of articles 14.3, 14.5, and 25.2 aimed at ensuring the fulfilment of the applicable laws on balance between genders shall apply to the first three appointments, respectively, of the Board of Directors and of the Board of Statutory Auditors, following the coming into force and the effectiveness of the provisions of article 1 of Law July 12, 2011, No. 120, published on the Official Gazette No. 174 of July 28, 2011.
- 31.2 The composition of the Board of Statutory Auditors indicated under article 25.1, which is characterized by the presence of three regular Statutory Auditors and three alternate Statutory Auditors, shall apply from the first appointment of the supervisory board following the coming into force and the effectiveness of the provisions of article 1 of Law July 12, 2011, No. 120, published on the Official Gazette No. 174 of July 28, 2011. Until such moment, the Board of Statutory Auditors is composed by three regular Statutory Auditors and two alternate Statutory Auditors.

Notes to the Financial Statements

1 Enel Green Power S.p.A.'s business

Enel Green Power SpA, which operates in the production of electricity using renewable sources, has the legal form of joint stock company, with registered office at viale Regina Margherita, 125, Rome.

2 Reference accounting standards

The Financial Statements of Enel Green Power S.p.A. as of September 30, 2015 were prepared in accordance with the recognition and measurement criteria set forth in international accounting standards (International Accounting Standards - IAS and International Financial Reporting Standards - IFRS) issued by the International Accounting Standards Board (IASB) and the IFRIC and SIC interpretations, recognized in the European Union pursuant to EC regulation no. 1606/2002 in force as of the close of the period.

In particular, such criteria are in line with those adopted for the preparation of the Company's Annual Financial Statement as of December 31, 2014, to which reference is made for an extensive description of the same. It should be noted that the application of the accounting standards which became applicable starting on January 1, 2015 did not have any effect on this Financial Statements.

These Financial Statements are comprised of the Income Statement, the Balance Sheet and related notes the purpose of which is to describe the composition of the main financial statement items as well as the most significant changes that took place over the course of the first nine months of year 2015. The Financial Statements as of September 30, 2015 therefore does not contain all of the information required for the annual Financial Statements and, therefore, must be read in conjunction with the annual Financial Statement as of December 31, 2014. The currency used for the presentation of the financial statements is the Euro, the functional currency of the company, and the amounts set forth in the comments are expressed in Euro millions, except where otherwise indicated.

Under the Consob provisions issued on this matter, the Income Statement and the Balance Sheet indicate transactions with related parties, identified in accordance with international accounting standards and the relevant Consob provisions. It should be noted that such transactions are concluded in the Company's interest and are governed at market/arm's length conditions or, in other words, at conditions that would apply between two independent parties.

3 Revenues

Revenues from Sales and services

Euro millions	First nine months		
	2015	2014	Change
Energy	567	561	6
Other sales and services	158	72	86
Total	725	633	92

Revenues from sales and services of Euro 725 million (of which Euro 58 million pertained to Group's foreign companies), show an increase of Euro 92 million compared to the first nine months of 2014 (Euro 633 million, of which Euro 55 million pertained to the Group's foreign companies) mainly due to the increase in Other sales and services of Euro 86 million (of which Euro 3 million pertained to the Group's foreign companies).

Other Revenues and income

Euro millions	First nine months		
	2015	2014	Change
Green certificates	201	235	(34)
Other revenues and income	23	108	(85)
Total	224	343	(119)

The Other revenues and income of Euro 224 million (of which Euro 3 million pertained to foreign companies of the Group), show a decrease of Euro 119 million compared to the first nine months of 2014 (Euro 343 million, of which Euro 4 million pertained to foreign companies of the Group) as a result of the

reduction of green certificates in the amount of Euro 34 million and in the other revenues and income in the amount of Euro 85 million.

4 Costs

Euro millions	First nine months		
	2015	2014	Change
Electricity purchases	22	23	(1)
Services and other materials	290	180	110
Personnel	110	112	(2)
Depreciation, amortization and impairment losses	217	206	11
Other operating expenses	37	33	4
Capitalized costs	(18)	(22)	4
Total	658	532	126

The costs for the electricity purchases, of Euro 22 million (Euro 23 million in the first nine months of 2014), refer almost entirely to transactions with related parties. In particular, the item includes:

- with regard to Euro 18 million, the energy purchased from GME Spa (Euro 3 million in the first nine months of 2014);
- with regard to Euro 3 million, the procurement from Terna Spa of resources necessary for the dispatch service (14 million di euro in the first nine months of 2014);
- with regard to Euro 1 million, energy purchased from Enel Energia Spa for the functioning of ancillary power plant services directly or indirectly connected with power generation, illumination services and motive power (Euro 4 million in the first nine months of 2014).

The change reflects essentially the lower costs of dispatch by Terna Spa (Euro 11 million) and the higher costs for the purchase of energy from GME.

The costs for Services and other materials, in the amount of Euro 290 million (Euro 180 million in the first nine months of 2014) refer to costs for services in the amount of Euro 117 million (Euro 106 million in the first nine months of 2014), costs for the purchase of materials in the amount of Euro 129 million (Euro 32 million in the first nine months of 2014), costs for the use of third party assets in the amount of Euro 44 million (Euro 42 million in the first nine months of 2014). The change is mainly attributable to higher costs for the purchase of photovoltaic panels (in the amount of Euro 92 million).

The Personnel, in the amount of Euro 110 million (Euro 112 million in the first nine months of 2014) are substantially in line with those of the corresponding period in the previous year.

Employees as of September 30, 2015 total 2,045 (1,972 as of December 31, 2014), up by 73 units compared to the previous year. The average number as of September 30, 2015 is 2,010 units (1,966 units as of September 30, 2014) up by 44 units.

Depreciation, amortization and impairment losses, in the amount of Euro 217 million, are up by Euro 11 million over the corresponding period in the previous year mainly as a result of higher depreciation of tangible assets.

Other operating expenses of Euro 37 million (Euro 33 million in the first nine months of 2014) include mainly the contributions and association quotas mainly related to the amounts paid to Municipalities, Provinces and Regions, where power plants are located, on the basis of specific agreements between the

parties; in particular, they include the contributions paid to the Region of Tuscany in the context of the Voluntary Implementing Agreement of the Protocol of Understanding entered into between Enel and the Region of Tuscany which provides for a contribution by Enel Green Power Spa calculated on the basis of the total production in the previous year in the amount of Euro 22 million (Euro 21 million in the first nine months of 2014) and taxes and duties that include essentially IMU totaling Euro 11 million (Euro 8 million in the first nine months of 2014).

Capitalized Costs, in the amount of Euro 18 million, fall by Euro 4 million with respect to the first nine months of 2014 (Euro 22 million) and refer mainly to the cost of employees dedicated to the planning and construction of plants.

5 Net income/(expense) from commodity contracts measured at fair value

The **net income/(expense) from commodity contracts measured at fair value**, negative in the amount of Euro 11 million, refer entirely to costs and proceeds on CFH derivative contracts in place with related parties and unwound as of September 30, 2015.

6 Income from equity investments

The Income from equity investments, in the amount of Euro 8 million (Euro 44 million in the first nine months of 2014), refer:

- with respect to Euro 4 million, to the subsidiary Maicor Wind (unchanged with respect to the first nine months of 2014);

- with respect to Euro 3 million, to the subsidiary EGP Calabria (unchanged with respect to the first nine months of 2014);
- with respect to Euro 1 million, to the subsidiary Energia Eolica Srl (unchanged with respect to the first nine months of 2014).

The item registers a decrease in the amount of Euro 36 million compared to the same period in the previous year and relates mainly to dividends of the affiliate LaGeo, which was sold in the fourth quarter of 2014 (Euro 23 million) as well as the dividends of the subsidiaries Enel Green Power Cutro and Enel Green Power Canaro (respectively, Euro 5 million and Euro 1 million) which were merged by incorporation over the course of 2014.

7 Net financial income/expense from derivatives

Euro millions	First nine months		
	2015	2014	2015-2014
Income from derivatives			
Income on trading derivatives and non-IAS hedge derivative	20	2	18
Total income from derivatives	20	2	18

Total expense from derivatives	(74)	(10)	(64)
Total income/(expense) from derivatives	(54)	(8)	(46)

The net financial income and costs from derivative contracts, negative in the amount of Euro 54 million, rose by Euro 46 million compared to the first nine months of 2014; the change is attributable to the rise in charges from trading derivatives and non- IAS hedge derivatives, which was partially offset by the rise in financial income from trading derivatives.

8 Other net financial income/expense

Euro millions	First nine months		
	2015	2014	2015-2014
Foreign exchange gains	63	-	63

Equity Investments	5,328	4,593	735
Derivatives	5	2	3
Other non-current financial assets	14	27	(13)
Other non-current assets	9	9	-
Total	10,333	9,648	685

Non-current assets rise by Euro 685 million compared to the figure as of December 31, 2014. Such trend was caused essentially by the rise in equity investments by Euro 735 million, partially offset by the decrease property, plants and equipment by Euro 39 million and the decrease in other non-current financial assets.

Over the course of the first nine months of 2015, the value of equity investments rose mainly as the result of the following phenomena:

- the recapitalization of the subsidiary Enel Green Power International BV (EGPI BV) in the total amount of Euro 274 million, to be accounted under the share premium reserve of EGPI BV that was necessary in order to proceed with the recapitalization of a number of its subsidiaries;
- the recapitalization of the subsidiary 3Sun Srl in the total amount of Euro 449 million;
- the purchase of the entire shareholding of Energia Eolica for a total amount of Euro 9 million.

11 Current assets

Euro millions

	as of 30.09.2015	as of 31.12.2014	Change

Other current assets	122	209	(87)
Cash and cash equivalents	10	19	(9)
Total	1,298	1,482	(184)

The current assets show, compared to December 31, 2014, a decrease of Euro 184 million that is mainly attributable to the fall in other current financial assets (Euro 313 million) and other current assets (Euro 87 million) which effect is partially offset by the rise in trade receivables (Euro 136 million) and receivables for income taxes (Euro 80 million).

12 Shareholders' Equity

The Shareholders' Equity of Euro 6,872 million (Euro 6,898 million as of December 31, 2014) is comprised of share capital (Euro 1,000 million), the legal reserve (Euro 200 million), other reserves (Euro 4,437 million), earnings carried forward (Euro 1,095 million) as well as earnings registered in the first nine months of 2015 (Euro 140 million).

The change in Shareholders' Equity with respect to the previous year mainly reflects the entry of income for the period (Euro 140 million) and the distribution of dividends for year 2014 (Euro 160 million).

13 Non-current Liabilities

Euro millions			
	as of 30.09.2015	as of 31.12.2014	Change
Long-term borrowings	2,130	1,956	174

Deferred tax liabilities	8	9	(1)
Derivatives	44	52	(8)
Other non-current liabilities	55	55	-
Total	2,328	2,171	157

Non-current liabilities register, compared to December 31, 2014, an increase of Euro 157 million mainly related to the increase in long-term borrowings (Euro 174 million) partially offset by the decrease in the provisions for risks and charges (Euro 9 million) and the decline in liabilities related to derivative instruments (Euro 8 million).

Long-term borrowings, up by Euro 174 million, mainly relate to the borrowings disbursed to the subsidiary 3Sun Srl.

14 Current liabilities

Euro millions			
	as of 30.09.2015	as of 31.12.2014	Change
Short-term borrowings	1,923	1,568	355

Derivatives	1	5	(4)
Other current financial liabilities	54	30	24
Other current liabilities	91	107	(16)
Total	2,431	2,059	372

Current liabilities show, compared to December 31, 2014, an upward change of Euro 372 million attributable essentially to the rise in short-term borrowings (Euro 335 million) and income tax payables (Euro 55 million), partially offset by a decrease in trade payables (Euro 50 million) and other current liabilities (Euro 16 million).

Short-term Borrowings register an increase of Euro 355 million with respect to December 31, 2014, mainly as the result of an increase in the debt exposure toward the Parent Company Enel SpA and toward the Italian development companies (Euro 410 million), which effect was partially offset by a reduction in the debt position with the Parent Company's financial company Enel Finance International (Euro 200 million).

Income tax payables show an increase of Euro 55 million compared to December 31, 2014, as a result of the entry of estimated income taxes for the period.

Comments

1. Enel SpA's business

Enel SpA which operates in the electricity and gas sector, is organized under the legal form of joint stock company and has its registered office at viale Regina Margherita 137, Rome.

Enel SpA, in its role as industrial holding company, defines the strategic objectives at the Group level and that of its subsidiaries and coordinates their business operations. The activities which Enel SpA, in its role as entity that provides guidance and coordination, provides to the other companies of the Group, may be summarized as follows:

- corporate governance;
- extraordinary finance and financial planning;
- tax planning and strategy;
- risk assesment management;
- legal policies;
- guidelines pertaining to mangement training and compensation policies;
- institutional relationships;
- guidelines on the matter of accounting;
- strategic marketing.

In the context of the Group, Enel SpA performs, directly and through its subsidiary Enel Finance International NV, the function of centralized treasury (with the exception of the Endesa Group) ensuring access to the money and capital

markets. Moreover, the company provides, directly and through its subsidiary Enel Insurance NV, coverage for insurance risks.

2. Reference accounting standards

This Financial Statement of Enel SpA as of September 30, 2015 was drafted in accordance with the determination and measurement criteria set forth in international accounting standards (International Accounting Standards - IAS and International Financial Reporting Standards - IFRS) issued by the International Accounting Standards Board (IASB) and the IFRIC and SIC interpretations, recognized in the European Union pursuant to EC regulation no. 1606/2002 in force as of the close of the period.

In particular, such criteria are in line with those adopted for the preparation of the Company's Annual Financial Statement as of December 31, 2014, to which reference is made for an extensive description of the same. It should be noted that the application of the accounting standards which became applicable starting on January 1, 2015 did not have any effect on this Financial Statement.

This Financial Statement is comprised of the Income Statement, the Balance Sheet (Accounting prospectuses) and explanatory notes the purpose of which is to describe the composition of the main financial statement items as well as the most significant changes that took place over the course of the first nine months of year 2015. The Financial Statement as of September 30, 2015 therefore does not contain all of the information required for the annual Financial Statement and, therefore, must be read in conjunction with the annual Financial Statement as of December 31, 2014.

The currency used for the presentation of the financial data is the Euro, the functional currency of the company, and the amounts set forth in the comments are expressed in Euro millions, except where otherwise indicated.

Under the Consob provisions issued on this matter, the Income Statement and the Balance Sheet indicate transactions with related parties, identified in accordance with international accounting standards and the relevant Consob provisions. It should be noted that such transactions are concluded in the Company's interest and are governed at market/arm's length conditions or, in other words, at conditions that would apply between two independent parties.

Information on the Income statement

Revenues

3.a Revenues from services - Euro 165 million

The "Revenues from services" are comprised as follows:

Euro millions	First nine months		
	2015	2014	2015-2014
Services			
Group companies	165	195	(30)
Third parties	-	-	-
Total revenues from sales and services	165	195	(30)

Revenues for the sale and services as of September 30, 2015 total Euro 165 millions and refer exclusively:

- 1) to services rendered to the subsidiaries in the context of its guidance and coordination function;
- 2) to the charge-back of costs of various types incurred and attributable to the subsidiaries.

With respect to the same period in the previous year, revenues from the sale and services, which are affected by the new organizational structure adopted by the Group and the Parent Company's new remuneration model, have fallen by Euro 30 million.

3.b Other revenues and income - Euro 3 million

The other revenues and income, totaling Euro 3 million, refer essentially to seconded personnel and, compared to the first nine months of 2014, have declined by Euro 1 million.

Costs

4.a Purchases of consumables - Euro 1 million

Costs for "Purchases of consumables" totaling Euro 1 million in 2015, refer to the purchase from third party suppliers of various types of consumables.

4.b Services, leases and rentals - Euro 113 million

Costs for "Services, leases and rentals" are comprised as follows.

Euro millions	First nine months		
	2015	2014	2015-2014
Services	101	111	(10)
Leases and rentals	12	15	(3)
Total services, leases and rentals	113	126	(13)

The "Services", totaling Euro 101 million, refer to services rendered by third parties in the amount of 66 Euro million (75 Euro millions in the first nine months of 2014) and by companies of the Group totaling 35 Euro million (36 Euro million in the first nine months of 2014).

In particular, the decrease in costs for services rendered by third party companies, in the amount of Euro 9 million, is attributable to the decrease in advertising, propaganda and press expenses, resulting from the new organizational

structure implemented by the Group, which entailed the transfer of a portion of communication activities from the Holding to the Countries.

The decline in costs for services rendered by companies of the Group, totaling Euro 1 million, is attributable essentially to the decrease in both costs of personnel seconded from the various companies of the Group and costs for "miscellaneous services" provided by a number of subsidiaries, in part offset by the higher costs for information technologies services supplied by the subsidiary Enel Italia Srl.

The "Leases and rentals" amount to Euro 12 million and have decreased by Euro 3 million compared to the previous period; the change is attributable essentially to the lower costs for rentals and leases of real estate properties owned by the subsidiary Enel Italia Srl.

4.c Personnel - Euro 114 million

The cost of labor totals Euro 114 million, up by Euro 27 million compared to the same period in the previous year, attributable essentially to the rise in the item "Wages and salaries" and the related social costs (Euro 4 million), as well as the rise in costs related to the Long Term Incentive plan (Euro 5 million).

It should also be noted that the average number of employees rose by 313 units as a result of the new organizational structure adopted by the Group.

Euro millions	First nine months		
	2015	2014	2015-2014
Wages and salaries	69	51	18
Social security costs	21	19	2
Post-employment benefits	5	3	2
Other costs and other incentive plans	19	14	5
Total	114	87	27

4.d Depreciation, amortization and impairment losses - Euro 6 million

The item "Depreciation, amortization and impairment losses" totaling Euro 6 million in 2015 is comprised exclusively of amortizations of properties, plants and equipment and intangible assets and is unchanged compared to the same period of the previous year.

4.e Other operating expenses - Euro 15 million

The other operating costs, totaling Euro 15 millions, show an increase of Euro 2 million attributable essentially to lower releases (Euro 5 million), compared to 2014, of the fund for litigation, in part offset by the decline (Euro 4 million) in other operating costs related to non-recurring cost items that arose in the same period the previous year.

The **operating income** is negative in the amount of Euro 81 million and, compared to the same period the previous year, has worsened by Euro 47 million attributable essentially to the joint effect of lower revenues from the supply of services

rendered to the companies of the Group, greater costs of personnel and the decrease in costs for the leases and rentals.

5. Income from equity investments - Euro 1,545 million

Income from equity investments, in the amount of Euro 1,545 million, refer to dividends approved by resolution by the Shareholders' Meetings of the subsidiaries and affiliates in the amount of Euro 1,544.7 million and the other companies in which equity stakes are held in the amount of 0.7 Euro millions.

<i>Costs of derivatives related to Enel SpA</i>	<i>(101)</i>	<i>(158)</i>	<i>57</i>
Total costs	(3,419)	(2,614)	(805)
TOTAL NET FINANCIAL INCOME/(COSTS)	(559)	(721)	162

The net financial costs, totaling Euro 559 million, reflect essentially the interest paid on the financial indebtedness (Euro 722 million) offset by net proceeds on derivative instruments hedging interest rates (Euro 43 millions) and interest earned and other income from financial assets (totaling Euro 120 million).

The decrease in net financial costs compared to the same period in the previous year, totaling Euro 162 million, was generated essentially by the lower interest on financial debts (Euro 65 million), the positive net change related to transactions in derivative instruments related to Enel SpA (Euro 46 million), and the decrease in other interest payable and costs (Euro 53 million).

7. Income taxes - Euro (161) million

The income taxes accrued as of September 30, 2015 are positive in the amount of Euro 161 million and are attributable to the balance of the economic items that are relevant for tax purposes.

Assets

8. Non-current assets - Euro 42.245 million

Non-current assets rise by Euro 497 million compared to the value registered as of December 31, 2014. Such trend is essentially attributable to the rise in the item "Derivatives" (Euro 498 million) due to the valuation as of September 30, 2015 of financial derivative contracts (comprised of derivatives on interest rates in the amount of Euro 450 million and on exchange rates in the amount of Euro 2,027 million).

Over the course of 2015, the value of investments in subsidiaries, associates and other companies rose, following the recapitalization of the company Enel Oil & Gas SpA which took place in January, in the amount of Euro 2 million applied by the latter to increase the item "Other reserves" of the shareholders' equity that was necessary for the same in order to meet its operating and financial requirements.

9. Current assets - Euro 10,220 million

The current assets show, compared to December 31, 2014, a decline of Euro 3,073 million attributable mainly to the decrease in available liquidity (Euro 3,025 million). Reference is made to the comments on the net financial position as regards such latter change.

Liabilities

10. Shareholders' equity - Euro 24,970 million

Shareholders' equity totals Euro 24,970 million and is down by Euro 166 million compared to December 31, 2014. Such change is attributable to the distribution of the dividend for year 2014 in the amount of Euro 0.14 per share (totaling Euro 1,316 million), as approved by the Shareholders' Meeting held on May 28, 2015, as well as the total earnings entered in the first nine months of 2015 (Euro 1,150 million).

11. Non-current liabilities - Euro 18,041 million

Non-current liabilities show, compared to December 31, 2014, a decline of Euro 2,588 million attributable mainly to the decrease in long-term borrowings (Euro 2,799 million), as a result of the redemption, in the first quarter of year 2015, of two retail debenture borrowings in the amount of Euro 2,300 million, partially offset by the increase in the item "Derivatives" (Euro 139 million) attributable to the valuation as of September 30, 2015 of the financial derivative contracts (comprised of derivatives on interest rates in the amount of Euro 568 million and on exchange rates in the amount of Euro 2,055 million).

12. Current liabilities - Euro 9,454 million

Current liabilities show, compared to December 31, 2014, an upward change of Euro 178 million attributable essentially to the increase in current portion of long-term borrowing (Euro 695 million), partially offset by the decline in "other current financial liabilities" resulting from lower interest accruals on debenture borrowing (Euro 243 million) and the decrease in the other current liabilities (Euro 222 million).

13. Net financial position - Euro 13,283 million

Set forth below is a summary of Enel SpA's net financial position as of September 30, 2015, as compared with the situation determined as of December 31, 2014, in line with the CONSOB provisions dated July 28, 2006:

NET FINANCIAL DEBT	(13,283)		(12,611)	

Enel SpA's net financial debt as of September 30, 2015 totals Euro 13,283 million and shows an increase of Euro 672 million.

The main transactions concluded in 2015, which impacted upon net financial debt were:

- the redemption of two retail debenture loans in the amount of Euro 2,300 million;
- the repayment of the Intercompany Short Term Deposit Agreement (short-term credit line with Enel Finance International NV) in the amount of Euro 500 million.

It should be noted that the cash, totaling Euro 3,947 million, shows, compared to December 31, 2014, a decrease totaling Euro 3,025 million, due mainly to the reimbursement of the above-mentioned borrowings, the increase in the net short-term creditor position on intercompany bank accounts in place with the Companies of the Group totaling Euro 1,516 million, higher Cash Collateral received in the amount of Euro 1,256 million for dealings in over-the-counter derivative contracts on interest rates and exchange rates.

Non-current Assets

Deferred tax assets - Euro 115,865

The item is included in point 4 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

It should be noted that the deferred taxes are calculated on the temporary differences between the balance sheet items registered in the financial statement and the corresponding amounts recognized for tax purposes, applying the tax rate in force as of the date on which the temporary difference will emerge, determined on the basis of the tax rates provided under rulings in force or substantially in force as of the reference date.

The deferred tax assets are registered when their recovery is likely and, in other words, when it is envisaged that in the future taxable income may become available that is sufficient for purposes of recovering the asset.

The item includes mainly the taxes set aside for provisions not deducted from the funds related to employee benefits.

The following table sets forth the details on the deferred tax assets:

Total	360,276	115,865
--------------	----------------	----------------

Equity Investments - Euro 4,458,392,567

The item is included in point 1 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan

The item in question includes the shareholding of 100% of the share capital of the subsidiary Enel Green Power International BV (hereinafter, EGPI BV) a company organized under Dutch law, the holding of a number of foreign shareholdings of Enel Green Power Spa.

It should be noted that the term "subsidiary companies" refers to all companies over which Enel Green Power Spa holds control. The control is obtained when the company is exposed, or is entitled to variable returns deriving from the relationship with the subsidiary/affiliate and has the capacity, through the exercise of its power over the subsidiary/affiliate, to influence its performance/returns. The power is defined as the current capacity to direct the significant/core business operations of the subsidiary/affiliate by virtue of existing substantive rights.

Equity Investments in subsidiaries are assessed at cost of purchase. Such cost includes the fair value attributed at the time of determination of possible components (contingent considerations). Any subsequent changes in fair value and in such components are applied to the Income Statement. The cost is adjusted to reflect any losses in value; such losses are later restored if the conditions giving rise to them cease to exist; the restoration of value cannot exceed the original cost.

Over the course of 2015, Enel Green Power Spa proceeded to recapitalize its subsidiary Enel Green Power International BV (EGPI BV), in a total amount of Euro 274 million to be registered in the share premium reserve of EGPI BV, as follows:

- Euro 19 million, in the first quarter of 2015, in order to proceed with the recapitalization of Enel Green Power Hellas SA and Enel Green Power Brasil Participacoes LTDA;
- Euro 75 million in the second quarter of 2015, in order to proceed with the recapitalization of Enel Green Power Brasil Participacoes LTDA and Enel Green Power Egypt S.A.E;
- Euro 180 million, in the third quarter of 2015, in order to proceed with the recapitalization of Enel Green Power Brasil Participacoes LTDA, Enel Green Power Mèxico Srl de Cv , Enel Green Power Turkey Enerji Yatirimlari AS and Enel Green Power Development BV (the latter in order to acquire the shareholding in the Indian company BLP Energy Private LTD).

The list of equity investments held directly and indirectly by Enel Green Power International BV as of September 30, 2015 is that set forth in sub-schedule 1 "Equity Investments".

Other non-current financial assets - Euro 40,570

The item is included in point 4 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The item includes the receivables for loans to employees that were disbursed for the purchase of their first home or for family needs and are reimbursed by the employees in accordance with pre-established amortization plans.

Current assets

Other current financial assets - Euro 436,503,629

The item is included in point 2 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The item refers to the short-term financial receivable and the related asset-side accrual owed by the company Enel Green Power North America Ltd. in connection with a financial restructuring transaction concluded in 2014; exchange rate risk related to such financial receivable is hedged through a "currency forward" contract.

Such assets are initially entered at fair value, possibly adjusted to reflect transaction costs and, later, entered at amortized cost on the basis of the actual interest rate, adjusted to reflect any losses in value. Such reductions in value are determined as the difference between the book value and the current value of future cash flows, discounted at the original actual interest rate.

In the case of renegotiated financial assets, the losses in value are determined using the original actual interest rate prior to the change in conditions.

The receivable in question derives from the financial restructuring of the North American companies Enel Green Power North America Inc. (EGP NA) and Enel Green Power North America Development LLC (EGP NAD), directly and wholly controlled by Enel Green Power International BV (EGPI BV).

Such transaction was concluded in year 2014 by converting a portion of the net shareholders' equity of the two North American companies into debt, using mainly the short-term credit line disbursed by Enel Green Power Spa (through the execution of two loan agreements for the loan to EGP North America and EGP North America Development for a total of Euro 535 million as of December 31, 2013).

In particular, such transaction gave rise to, on December 31, 2014:

- the reimbursement by the North American companies to the holding company EGPI BV of share premium reserves in the amount of Euro 652 million and the simultaneous reduction of the value of the shareholdings of the holding company in the two North American companies;
- the reimbursement by EGPI BV to the holding company EGP Spa of share premium reserves and the simultaneous reduction in the value of the shareholding of the holding company in EGPI BV in the amount of Euro 652 million.

Other current assets - Euro 1,377

The item is included in point 4 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The item includes essentially the prepaid expenses related to the fourteenth month pay and the disbursements made, on the basis of company agreements, to entities that provide assistance services to the personnel.

Liabilities

Non-current liabilities

Long-term borrowings - Euro 1,200,000,000

The item is included in point 3 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The item is comprised entirely of the long-term credit line with Enel Green Power International BV.

It should be noted that the financial liabilities other than derivative instruments are registered when the Company becomes party to the contractual clauses of the instrument and are assessed initially at fair value net of directly attributable transaction costs. Subsequently, financial liabilities are measured at amortized cost, using the effective interest rate method.

Post-employment and other employee benefits - Euro 223,394

The item is included in point 4 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The liability related to benefits granted to employees and disbursed at the same time or after the cessation of the employment relationship under defined benefits plans or other long-term benefits accrued during the employment period, separately for each plan, on the basis of actuarial assumptions, estimating the amount of future benefits that the employees have accrued as of the reference date (the projected unit credit method). More specifically, the present value of defined benefits plans is calculated using a discount rate determinate on the basis of market yields at the end of the reporting period on high-quality corporate boards. The liability is determined by accrual throughout the period

in which the right accrues. The valuation of the liability is performed by independent actuaries.

If the assets to be used to service the plan exceed the current value of the related liability for defined benefits, the surplus is entered as assets (subject to the relevant cap, if any).

With reference to the liabilities (assets) related to defined benefits plans, the actuarial earnings and losses deriving from the actuarial valuation of the liabilities, the return on the assets dedicated to service the plan (net of the associated interest earned) and the effect of the asset ceiling - (net of the related interest earned) are entered as part of the other comprehensive income (OCI), when they arise. For the other long-term benefits, the related actuarial earnings and losses are entered in the income statement.

In the event of a change to the benefits plan or introduction of a new plan, any social security cost related to past work performance (past service cost) is entered immediately in the income statement.

The employees also benefit from defined contribution plans for which Enel Green Power SpA pays fixed contributions to a separate entity (a fund) and will have no legal or implicit obligation to pay additional contributions if the fund lacks sufficient resources to pay all benefits for employees related to the work activities performed during the current year and in past years. Such plans are generally established for the purpose of increasing pension benefits after the cessation of the employment relationship. The costs related to such plans are entered in the income statement on the basis of the contribution made in the period.

Set forth below are the details on the 6 employees belonging to the business unit that comprises the demerged set of assets:

Deferred tax liabilities - Euro 4,617

The item is included in point 4 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The deferred tax liabilities are determined on the basis of the tax rates in force as of the reference date and are calculated on a number of items referring to personnel belonging to the business unit comprising the "Demerged Set of Assets".

Current liabilities

Derivatives - Euro 125,450

The item is included in point 2 of paragraph "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

It includes solely the "currency forward" derivatives entered into to hedge the short-term financial receivable owed by Enel Green Power North America.

Other current financial liabilities - Euro 30,241,000

The item is included in point 3 of the paragraph "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

The item refers entirely to the interest accrued and entered on an accrual basis on the long-term borrowings described above.

Other current liabilities - Euro 297,329

The item is included in point 4 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

It includes principally the Payables due to employees essentially related to the entry of accrued costs, including contribution-related costs, linked to the thirteenth month pay, various forms of individual and collective incentives and other amounts accrued such as vacations not taken, overtime, etc.

Set forth below are the details on the other current liabilities:

	Amounts in Euro
Payables due to employees	240,697
Payables due to social security institutions	24,583
Other current liabilities	32,049
Total	297,329

Guarantees

The item is included in point 5 of paragraph 3 "Balance sheet items to be assigned to the beneficiary company" of the Demerger plan.

They are granted by Enel Green Power Spa in the interest of its subsidiaries, under service agreements and bank guarantees (*garanzie bancarie* or *fidejussioni*).

The related details are included in sub-schedule 2 "Guarantees".
