FINCANTIERI: VIKING SEA DELIVERED IN ANCONA

Trieste, 24 March 2016 – “Viking Sea”, the second of six cruise ships Viking Ocean Cruises has ordered from Fincantieri, has been delivered today at the shipyard in Ancona.

“Viking Sea”, as its sister ships, is placed in the small cruise ship segment. In fact, with a gross tonnage of about 47,800 tons, it has 465 cabins with accommodation for 930 passengers, with a total capacity of over 1,400 people, including the crew.

The ship has been designed by experienced naval architects and engineers, including an interior design team of London-based SMC Design, and Los Angeles-based Rottet Studios, who transferred on “Viking Sea” a modern design of Scandinavian inspiration, featuring sophisticated elegance but functional, at the mean time. In addition to the all-veranda staterooms, the ship also has spacious suites with sweeping views, two pools, of which one Infinity Pool off the stern, and a Spa designed according to the wellness philosophy of the Scandinavian tradition, with a sauna and a snow grotto.

The Viking Ocean Cruises units are all built according to the latest navigation regulations and equipped with the most modern safety systems, including the “Safe return to port”. Furthermore, they feature the most advanced technologies for energy saving and for meeting the strictest environmental regulations with energy-efficient hybrid engines and an exhaust gas cleaning system.

The first of the series, “Viking Star”, has been built and delivered in spring 2015 from the shipyard in Marghera, while “Viking Sky”, recently launched in Ancona, is scheduled for delivery in February 2017.

Fincantieri has built 71 cruise ships since 1990 (of which 47 from 2002) and other 13 ships are currently being designed or built in the Group’s yards.

* * *

Fincantieri is one of the world’s largest shipbuilding groups and number one by diversification and innovation. It is leader in cruise ship design and construction and a reference player in all high-tech shipbuilding industry’s sectors, from naval to offshore vessels, from high-complexity special vessels and ferries to mega-yachts, ship repairs and conversions, systems and components production and after-sales services.

Headquartered in Trieste (Italy), the Group has built more than 7,000 vessels in over 230 years of maritime history. With almost 21,000 employees, of whom approximately 7,700 in Italy, 21 shipyards in 4 continents, today Fincantieri is the leading Western shipbuilder. It has among its clients the major cruise operators, the Italian and the U.S. Navy, in addition

to several foreign navies, and it is partner of some of the main European defense companies within supranational programmes.
