ANSALDO STS Awarded Klang Valley Double Track (KVDT) signalling project in Malaysia

- **Ansaldo STS awarded 168.7 million Malaysian Ringgit signalling within KTMB's Klang Valley railway**

Ansaldo STS was awarded a 168.7 million Malaysian Ringgit (about 37 million Euro) contract to upgrade the signaling works within a section of Klang Valley railway managed by Keretapi Tanah Melayu Berhad (KTMB).

The scope of the contract for Ansaldo STS will include the upgrade of the outdated signaling system mainly focused on the 40 km double-track section between Rawang and Salak Selatan. This project is the first of three phases of the overall KVDT modernisation program.

Ansaldo STS is proud to support KTMB's commitment to quality systems and the safety of their passengers, employees and community.

Ansaldo STS is a leader in the global rail market, with over a century of experience in developing and supplying leading edge technologies around the world.
