RELEASE

Milan, 1 August 2016 – International Media Holding S.p.A. (“**IMH**”) acknowledges the decree issued on the date hereof by the President of the TAR Court of Lazio Region. In particular IMH, certain of its grounds, outlines that, the latter, although he considered that at present, the requisites of extreme gravity and urgency for the concession of monocratic provisional measures do not exist, has set a collegiate hearing for 30 August 2016 in which the adoption of the abovementioned provisional measures will be resolved upon.

The President of the TAR Court has also decided to request that Consob deposits, within five days, copy of the minutes of the meetings in which the Commission has examined the claims filed also by IMH on the OPAS launched by Cairo Communication S.p.A. on RCS, considering it of particular relevance.
