Chairman Fulvio Montipò: "In the first half of 2016, in spite of the difficult situation in some international markets, the Company gained market share with a slight increase in sales.

The most important result, though, is the growth in the Group's already high profitability, which rose from 20.7% to 21.7% of sales (22.3% in the second quarter).

This satisfactory achievement was made possible by the ongoing rationalization process and the synergies resulting from recent acquisitions".
