## **Snam Rete Gas: allowed revenues for 2017 approved**

- **Year 2017 allowed revenues of transport, dispatching and metering business approved**
- **2015 year-end RAB for the transport business set at €15 billion**

*San Donato Milanese, 22 November 2016* – Italy's Regulatory Authority for Electricity Gas and Water, through resolution no. 669/2016/R/gas, has approved the allowed revenues for 2017 of the transport, dispatching and metering business, which have been set at €1,880 million.

Actual revenues for 2017 will also take into account the actual transported volumes compared to the reference volume set at 67.2 billion cubic meters.

RAB at 31 December 2015 for the transport, dispatching and metering business has been set at €15 billion.

Resolution no. 669/2016/R/gas is available on web site of the Regulatory Authority for Electricity Gas and Water [www.autorita.energia.it](http://www.autorita.energia.it).
