Energica electric motorcycles arrive on Swedish market

Modena, 2016, December 16th

Energica Motor Company S.p.A. finalized today a new commercial agreement with Sweden.

Energica is extending its sales network very quickly thanks to the accelerated rise of sustainable mobility in automotive industry.

Beside branded display halls and international dealers, today Energica motorcycles add Sweden, one of the main EVS market, in its commercial grid.

The electric revolution is already arrived in this country: a notable example are, indeed, several incentives and government policies.

Year-to-date, the EVS registrations are up 80% (11.913 units): in November Sweden registered 1.297 units.

Energica motorcycles will be available in Mariefholm at E-MC Sweden AB.
