PRESS RELEASE

**ECORODOVIAS WINS THE CONTRACT FOR THREE TOLL ROAD CONCESSIONS
IN MINAS GERAIS STATE IN BRAZIL (364 KM)**

Tortona (AL), 6 February, 2018. EcoRodovias Infraestrutura e Logística S.A., one of the leading motorway operators in Brazil and jointly controlled by ASTM and SIAS, wins three toll road concessions in Minas Gerais State, in Brazil, for a total of about 364 km.

The tender was run by the State Secretary for Transportation and Public Works of Minas Gerais (SETOP).

Ecorodovias will pay 348 monthly installments of Reais 5.9 million, starting from the first month of the second year after the concession agreement comes into effect, amounting to Reais 2.06 billion.

The highway network consists of the following stretches: “BR-135 Montes Claros” (301 km), “MG- 231” (23 km) and “LMG-754” (40 km). It represents a key transport corridor in the north of Minas Gerais State.

After the end of deadlines for filing appeals relating to the documents submitted, the auction results will be ratified and the final decision will be announced by SETOP.

The new concession contract, together with the recent acquisition of toll road concessions of 437 km-long “MGO”, connecting the cities of Cristalina and Delta, both in Minas Gerais State, and the “Rodoanel Norte”(47 km), the northern stretch of the ring round around the Sao Paulo metropolitan area, boosts the role of EcoRodovias Group as one of the biggest motorway operators in Brazil.
