Matteo Monfredini, Chairman and founder of MailUp Group, stated “We are very pleased of the last quarterly results, which confirm our Group’s mission to be an internationally recognised innovator in the field of data-driven solutions, enabling clients to pursue their marketing strategies via a suite of excellent messaging technologies and services.”

Nazzareno Gorni, CEO and founder of MailUp Group, stated "In a phase of market evolution and competitive channel dynamics, MailUp Group leveraged on its skilled human resources and investments

in technological innovation in order to deliver a positive Q2 sales result. Q2 figures are the result of a series of successful entrepreneurial milestones, which included: (i) focusing Agile Telecom's strategy on international wholesale clients; (ii) successfully launching a new professional services business line for MailUp (iii) continuing the successful integration of acquired businesses; (iv) capitalizing on the success of two factor authentication traffic.”

MailUp Group (MAIL) is the result of technological research and entrepreneurial success of MailUp S.p.A., the parent company that developed a digital cloud computing platform used by SMEs and large corporations to communicate with customers via email and SMS. Upon establishing itself as a leader in the ESP industry, MailUp boasts a constant growth path both organically and through acquisitions: Acumbamail (Spanish and Latam markets), Globase (Nordics market), and Agile Telecom (wholesale SMS market). The brand portfolio is completed by BEE, an email editor launched in 2017 as a complementary business line, already covering thousands of customers worldwide. Today, MailUp Group is a leading European player in the field of marketing technologies, serving 20,700+ customers in 100+ countries.

The company is admitted to trading on the AIM Italia market managed by the Italian Stock Exchange, with a free float of ca. 34%.
