Rome/Milan, 2 August 2018. The Board of Directors of Tecnoinvestimenti S.p.A., operating in *Digital Trust, Credit Information & Management* and *Innovation & Marketing Services*, approved the Half-Year Financial Report at 30 June 2018, which showed positive progress of Group results and solid cash generation thanks to organic growth as well as the strategy to develop through acquisitions.

The **Operating Result** and **Net Profit** amount to €21,808 thousand and €14,603 thousand, respectively, equal to 19.0% and 12.8% of Revenues.

Chairman Enrico Salza commented, "The positive performance of the first six months reflects the growth strategy in Italy and abroad paying particular attention to profitability and inter-group synergies. We confirm, therefore, the value of our strategy to seize and emphasize the best opportunities developed internally or identified externally to offer high value services and solutions to customers in the three business areas".

Managing Director Pier Andrea Chevallard added, "The results of the first six months are very positive, especially in the *Innovation & Marketing Services and Digital Trust Business Units*, with results exceeding expectations, highlighting growing reference markets and opportunities for further development in Italy and abroad. This, together with the recent acquisitions, leads us to confirm that the 2018 objectives will be amply achieved."

The following comments on the results of the individual business segments are net of non-recurring components. Furthermore, as already stated in the introduction, in order to guarantee a meaningful comparability with the results of the first six months of 2017, the comparative analysis refer to the data for First Half 2018 reported without the application of the accounting standards adopted from 1 January 2018 (IFRS 2017).

Digital Trust

Revenues from the Digital Trust Business Unit amounted to €45,341 thousand in First Half 2018, up 6,657 thousand euros compared to First Half 2017 (+ 15.7%), consisting of organic growth of 5.5% and an increase in the scope change of 10.2% due to the full consolidation of Sixtema SpA from 1 April 2017 and of the Camerfirma group starting from 1 May 2018.

EBITDA for the segment amounted to €11,183 thousand in First Half 2018 (+ 11.4% compared to 2017). Organic growth amounted to 6.5% while the aforementioned perimeter change accounted for an increase of 4.9%. The EBITDA margin of 24.7% is slightly down compared to First Half 2017. The decrease is attributable to the consolidation of Sixtema which has lower margins relative to other companies in the segment.

Credit Information & Management

In the Credit Information & Management segment revenues amounted to €37,170 thousand. Compared to First Half 2017 there was a slight increase of 1.0%, consisting of organic growth of 1.1% and a decrease due to the change in scope compared to First Half 2017 of -0.2% for effect of the deconsolidation from June 2018 of Creditreform Assicom Ticino SA.

EBITDA decreased slightly (-2.2%) compared to the same period of the previous year. The EBITDA margin is equal to 21.0% compared to 21.7% in First Half 2017.

These results partly reflect the process of integration of the two companies Assicom and Ribes not yet fully completed, which resulted in Innolva SpA.

Innovation & Marketing Services

In First Half 2018, segment revenues amounted to €31,656 thousand, +236.5% compared to First Half 2017. Of this latter, organic growth registered an increase of 3.5% while the change in scope accounted for 233.1%.

EBITDA amounted to €12,986 thousand, up €9,309 thousand compared to First Half 2017 (+ 253.2%) due entirely to the change in scope. The EBITDA margin for the period stands at 41.0% versus 39.1% as at 30 June 2017.

Group Net Financial Indebtedness

Net Financial Indebtedness at 30 June 2018 amounted to €96,345 thousand, down 7.9% compared to €104,563 thousand at 31 December 2017, mainly due to the strong cash generation. Free cash flow generated during the period amounted to €22,730 thousand, which reflects €29,875 thousand of cash generated by operating activities net of €7,144 thousand absorbed by investments in property, plant and equipment and intangible assets.

The amount of Net Financial Indebtedness at 30 June 2018 includes liabilities for: €53,122 thousand linked to the purchase of minority shares for Put options, €3,697 thousand for potential consideration linked to acquisitions and €9,535 thousand for vendor loans granted by sellers. To be noted is the reclassification from long-term to short-term of PUTs as well as the debt of €25 million to the majority shareholder Tecno Holding S.p.A., which both mature in First Half 2019.

Group Shareholders' Equity

Shareholders' Equity decreased by €4,830 thousand mainly due to the application of international accounting standards IFRS 15 and IFRS 9 from 1 January 2018. The further changes in equity for the period mainly refer to the dividends distributed by the Group (€12,067 thousand) and the adjustment of the Put options on minority interests (€2,550 thousand), net of the result for the period (€14,607 thousand) and the increase in minority interests due to the full consolidation of the Camerfirma group (€3,000 thousand).

SIGNIFICANT EVENTS IN FIRST HALF 2018

On **8 February 2018** Cedacri, a shareholder of Tecnoinvestimenti, completed the placement of 4.25% of the share capital at 6.70 Euro per share. As a result of the sale, carried out through an accelerated book building procedure for collecting orders reserved for institutional investors, Cedacri now holds 1.4% of Tecnoinvestimenti, on which Cedacri assumed a 180-day lock-up commitment.

The Board of Directors of Assicom Ribes SpA (now Innolva SpA) on **1 March 2018** resolved to proceed with the sale of the investment held in the Swiss company Creditreform Assicom Ticino Sa.

Tecnoinvestimenti's Ordinary Shareholders' Meeting of **April 24, 2018** renewed the Board of Directors for a term of three years and also approved the distribution of a dividend equal to € **0.14**.

On **26 April 2018** Assicom Ribes changed its name to "Innolva S.p.A.". The change in name completes the process of merging Assicom and Ribes, acquired in 2012 and 2014, which makes the creation of a national player in the Credit Information & Management sector.

On **3 May 2018** the Tecnoinvestimenti Group, through its subsidiary Infocert S.p.A., announced that it had completed the acquisition of the controlling stake of AC Camerfirma SA (Camerfirma), leader in Spain in the Digital Trust market. InfoCert's shareholding in the new company is 51%. The transaction represents the first acquisition of InfoCert abroad and the first important step towards the goal of achieving international leadership in the Digital Trust sector.

SIGNIFICANT EVENTS FOLLOWING THE CLOSING OF FIRST HALF 2018

On **5 July 2018** Innolva S.p.A. finalized the acquisition of Comas S.r.l. and Webber S.r.l., two companies active in selling commercial and real estate information through the web channel. The total price for the two companies is equal to ≤ 9.25 million.

On 12 July 2018 Tecnoinvestimenti S.p.A. has concluded the purchase of a further 10% of the subsidiary Co.Mark S.p.A. which operates in the Innovation & Marketing Services Business Unit, for a total amount of €6,296 thousand following the exercise of the second Put option by minority shareholders within the contractually agreed terms. Thus, the participation of Tecnoinvestimenti in Co.Mark S.p.A. thus rose to 90%.

On **23 July 2018** the Board of Directors appointed by co-optation Gian Paolo Coscia, following the resignation of Alessandro Barberis, independent director and Vice-Chairman of the Board of Directors. Coscia was the first non-elected candidate of the majority list (from which the outgoing director was appointed) presented at the Shareholders' Meeting of 24 April 2018.

OUTLOOK

Tecnoinvestimenti will continue its strategy to integrate the Group companies to maximize internal growth opportunities and synergies as well as to pursue inorganic opportunities, which remains a central element in the Group's development.

The solid results achieved in the first six months of the year, the positive trend of the business and the consolidation of the companies recently acquired permit the confirmation that the growth targets for the current year communicated to the market with the 2018-2020 Business Plan presentation will be amply achieved.
