**COMPANY BY-LAWS AS AMENDED FOLLOWING THE EXERCISE OF THE MARKET
WARRANT ON NOVEMBER 2018 ARE AVAILABLE TO THE PUBLIC**

Arco (TN), December 14, 2018 – Aquafil S.p.A. [ECNL IM] informs that the Company By-laws, in the version filed with the Companies' Register of Trento on December 5, 2018 and inscribed on December 10, 2018, updated following the exercise of the Market Warrant of Aquafil S.p.A. in November 2018, is available at the registered offices, on the website of the Company (www.aquafil.com – *Corporate Governance* section), as well as on the authorised storage system eMarket STORAGE at www.emarketstorage.com.

Founded in 1965, **Aquafil** is one of the main players, in Italy and worldwide, in the production of synthetic fibers, particularly for Polyamide 6 applications. The Group is present in three continents with a workforce of over 2,700 at production sites in Italy, Germany, Scotland, Slovenia, Croatia, USA, Thailand and China. For further information: www.aquafil.com

Aquafil is a pioneer in the circular economy also thanks to the ECONYL® regeneration system, an innovative and sustainable process able to create new products from waste and give life to an endless cycle. The Nylon waste is collected in locations all over the world and includes industrial waste but also products (such as fishing nets and rugs) that have reached the end of their useful life. Such waste is processed so as to obtain a raw material (caprolactam) with the same chemical and performance characteristics as those from fossil sources. The polymers produced from ECONYL® caprolactam are distributed to the Group's production plants, where they are transformed into BCF yarn and NTF yarn.
