SHOCK DURING 2022

KEY HIGHLIGHTS

■ Capital gains + Interest Income ■ Unrealized capital gains ● Revenue target¹

Spread @ 300bps

Spread @ 100bps

- Conservative hypotheses:
 - IRS based on forward curve rates²
 - Bond maturities reinvested and minimal new inflows
- Two stressed scenarios for BTP:
 - Credit spread level up to 300bps
 - Credit spread level down to 100bps
- Interest income and future capital gains can be achieved in most scenarios; impact on EBIT mitigated considering interest expenses envisaged in 2022

These forward-looking statements are made as of the date of this presentation and are based on current expectations, reasonable assumptions and projections about future events and are therefore subject to risks and uncertainties. Actual future results and performance may indeed differ materially from what expressed or implied in this presentation, due to any number of different factors, many of which are beyond the ability of Poste Italiane to foresee, control or precisely estimate, including, but not limited to, changes in the legislative and regulatory framework, market developments and price fluctuations.

Forward-looking statements contained herein are not a guarantee of future performance and you are therefore cautioned not to place undue reliance thereon.

This presentation does not constitute a recommendation regarding the securities of the Company; it does not contain an offer to sell or a solicitation of any offer to buy any securities issued by Poste Italiane or any of its Group companies or other forms of financial assets, products or services.

Except as may be required by applicable law, Poste Italiane denies any intention or obligation to update or revise any forward-looking statements contained herein to reflect events or circumstances after the date of this presentation.

Pursuant to art. 154-BIS, par. 2, of the Consolidated Financial Bill of February 24, 1998, the executive (*Dirigente Preposto*) in charge of preparing the corporate accounting documents at Poste Italiane, Alessandro Del Gobbo, declares that the accounting information contained herein corresponds to document results and accounting books and records.

This presentation includes summary financial information and should not be considered a substitute for Poste Italiane's full financial statements.

Numbers in the presentation may not add up only due to roundings.
