## **6. Authorisation to purchase and dispose of treasury shares. Related and ensuing resolutions.**

With reference to the sixth item on the agenda, we submit to your approval the proposal to authorise the Board of Directors to purchase and dispose of Openjobmetis ordinary shares pursuant to Article 2357 et seq. of the Italian Civil Code, Article 132 of the Italian Consolidated Law on Finance and Article 144-bis of the Issuers' Regulation.

### **1) Reasons for which authorisation to purchase and dispose of treasury shares is requested.**

The authorisation to purchase and dispose of (understood as, by way of example only, disposal, exchange, conferral and/or use) treasury shares, as envisaged in this proposal, should be granted in order to allow the Company to:

- have a portfolio of treasury shares available for disposal at any time, in whole or in part, in one or more transactions, and without time limits, provided that it is consistent with the Company's strategy, in the field of capital operations, including the reduction thereof by way of the cancellation of treasury shares, or other extraordinary transactions, including, by way of example only acquisitions, mergers and the like, or financing operations or other operations in respect of which the allocation, exchange, transfer or any other method for the disposal of treasury shares is necessary or appropriate;
- fulfil the obligations arising from share incentive plans, programmes for the distribution, for consideration or free of charge, of options on shares or shares to directors, employees and collaborators of the same issuer or to directors, employees and collaborators of its subsidiaries, as well as from programmes for the free allocation of shares to shareholders;
- carry out transactions on treasury shares with a view to medium to long-term investment, including to form long-term holdings, in other words, to seize market opportunities, including through the purchase and resale of shares, operating both on the market and (in relation to disposal or use) in the over-the-counter markets or even outside the market, or through accelerated bookbuilding (ABB) procedures or blocks, at any time, in whole or in part, in one or more transactions, and without time limits, provided they are concluded at market conditions;
- launch programmes for the purchase of treasury shares for the purposes set out in Article 5 of (EU) Regulation No. 596/2014 (Market Abuse Regulation or MAR) - i.e., the reduction of share capital, the fulfilment of obligations arising from debt instruments convertible into shares or from share option programmes or other allocations of shares to employees or members of the Company's administration and control bodies or those of its related companies, or any further purpose that may be covered by this regulation in its current *pro-tempore* version - and/or for the purposes covered by market practices allowed under Article 13 MAR, in accordance with the terms and procedures that are resolved upon by the Board of Directors,

it being understood that, when the reasons that led to their purchase no longer apply, the treasury shares purchased in accordance with this authorisation may be used for one of the other purposes stated above or sold.

With particular reference to the request to authorise the purchase of treasury shares, it is specified that, at present, this request is not to be used to reduce share capital by cancelling the treasury shares purchased.

### **2) Maximum number, category and nominal value of the shares to which the authorisation refers.**

The proposal is to authorise the Board of Directors to purchase (fully paid-up) ordinary shares of the Company, each with a unit nominal value of EUR 1.00 (one point zero zero), on one or more occasions, in an amount freely determined by the Board of Directors up to a maximum number of ordinary shares of the Company such as not to exceed 5% of the *pro-tempore* share capital of Openjobmetis S.p.A., having regard to the treasury shares owned either directly or possibly through its subsidiaries, if existing. According to the

current share capital, the maximum number of shares that the Company may hold is 685,600, including shares already held directly or indirectly by the Company (502,806).

It is also proposed to authorise the Board of Directors to dispose of treasury shares in the portfolio, even before the purchases referred to in the Paragraph above have been completed.

In the event of disposal of treasury shares in the portfolio, additional purchase transactions may be carried out until expiry of the shareholders' meeting authorisation, without prejudice to the quantitative limits established by law, also regarding the number of treasury shares that, from time to time, can be held by the Company or by its subsidiaries, and the conditions established by the Shareholders' Meeting.

### **3) Information that is useful for the purpose of a full assessment of compliance with Article 2357, paragraphs 1 and 3 of the Italian Civil Code.**

In accordance with Article 2357, paragraph 3 of the Italian Civil Code, the nominal value of the treasury shares which the Company may purchase may not exceed one fifth of the share capital, also taking into account for this purpose the shares held by subsidiaries.

The Company's subscribed and paid-up share capital is equal to EUR 13,712,000, represented by 13,712,000 ordinary shares, each with a unit nominal value of EUR 1.00 (one point zero zero).

Pursuant to Article 2357, paragraph 1 of the Italian Civil Code, the purchase of treasury shares is permitted within the limits of the distributable profits and available reserves reported in the Company's last duly approved financial statements at the time of execution of each transaction. Only fully paid-up shares can be purchased.

It should be noted that in the Company's draft financial statements for the financial year ended 31 December 2019 – approved by the Board of Directors and submitted for approval by the Shareholders' Meeting scheduled, in a single call, for 21 April 2020, and also called to resolve on this proposal for authorisation to purchase and dispose of treasury shares – profits and reserves that are available and freely distributable have been reported as totalling EUR 72,735,846.56. It is understood that compliance with the conditions required by Article 2357, paragraphs 1 and 3 of the Italian Civil Code for the purchase of treasury shares shall be verified at the time of completion of each authorised purchase.

It should be noted that, when transactions to purchase and dispose of treasury shares take place, the Company shall make the necessary accounting entries, in compliance with the provisions of the law and applicable accounting standards.

### **4) Duration of the authorisation.**

The Board of Directors proposes that the authorisation to purchase treasury shares is granted for the maximum duration permitted by Article 2357, paragraph 2 of the Italian Civil Code and therefore for a period of 18 months from the date on which the Shareholders' Meeting passes the relevant resolution. The Board may carry out the authorised transactions at any time, including on a revolving basis and for fractions of the maximum authorised quantity, according to the schedule deemed to be in the Company's best interest, so that, however, at any time, the amount of shares subject to the proposed purchase and held by the Company does not exceed the limits laid down by the laws and the authorisation of the Shareholders' Meeting and in accordance with the applicable laws and regulations in force at the time.

The aforesaid 18-month time limit shall not apply to any transaction to dispose of and/or use treasury shares that may have been purchased in accordance with the Shareholders' Meeting authorisation in order to have maximum flexibility in the absence of regulatory restraints in this regard.

### **5) Minimum and maximum consideration.**

The share purchase price shall be identified on a time by time basis, considering the procedures chosen for carrying out the transaction, share price trends and the best interest of the Company, and in compliance with any applicable Italian and EU laws and regulations (including the requirements of the Commission Delegated

Regulation (EU) 2016/1052) or with the permitted market practices *pro tempore* in force where the conditions are met and the decision is made to use them, but, in any case:

- (i) shall not be more than 10% lower or higher than the official stock market price of the shares recorded by Borsa Italiana S.p.A. in the stock exchange session of the day preceding each transaction and
- (ii) shall comply with the provisions of Article 3(2) of the Commission Delegated Regulation (EU) 2016/1052, i.e. on the date of this report, not higher than the higher of the price of the last independent transaction and the price of the current highest independent purchase offer on the market where the purchase is made or in compliance with the rules in force at the time.

Transactions to dispose of the treasury shares in the portfolio, if executed in cash, must be carried out at a price per share to be determined on the basis of the criteria laid down in the applicable rules and/or the market practices accepted from time to time or, in any case, at a price that may not be more than 5% lower than the official stock market price recorded by Borsa Italiana S.p.A. in the stock exchange session of the day preceding each transaction.

If the disposal transactions are carried out in the context of extraordinary operations, including exchanges, contributions and trades, or to service capital transactions or other extraordinary corporate and/or financial transactions or financing transactions, they must be executed according to the price limits and the terms and conditions that shall be freely determined by the Board of Directors, taking the economic terms of the transaction into account.

With regard to shares to serve share incentive plans, the shares must be disposed of in accordance with the terms and procedures stated in the regulations of said schemes.

## **6) Procedures for carrying out the transactions.**

In view of the different purposes that may be pursued through the performance of treasury share transactions, the Board of Directors proposes that the authorisation be granted for the purchase of treasury shares in accordance with any of the methods permitted by current regulations, excluding the right to make purchases of treasury shares through the purchase and sale of derivative instruments traded on regulated markets which provide for the physical delivery of the underlying shares.

With regard to transactions to dispose of and/or use treasury shares, the Board of Directors proposes that the authorisation allows the adoption of any method that proves appropriate to achieve the purposes pursued to be implemented directly or through intermediaries, in compliance with the provisions of applicable Italian and EU laws and regulations.

Shares serving share incentive plans will be allocated in the manner and within the time limits set out in the regulations of the plans in force from time to time.

It should be noted that, in accordance with the exemption provided for in Article 132, paragraph 3, of the Consolidated Law on Finance, the operating procedures referred to above do not apply in the case of the purchase of treasury shares owned by employees of the Company, subsidiaries and parent companies, assigned to or subscribed by said employees, under a shareholder incentive plan in accordance with Articles 2349 and 2441, paragraph 8 of the Italian Civil Code, or deriving from compensation plans approved under Article 114-bis of the Consolidated Law on Finance.

Disclosure on any transactions to purchase and dispose of treasury shares shall be provided in compliance with the applicable disclosure obligations required by Italian and EU laws.

## **7) Information in the event that the purchase transaction is instrumental to the reduction of capital.**

As indicated above, treasury shares are not to be purchased with a view to implementing transactions to reduce the share capital by cancelling the treasury shares purchased, without prejudice, if in the future a share capital reduction should be approved by the Shareholders' Meeting, to the Company's right to

implement the reduction also through cancellation of treasury shares held in the portfolio and, if in the future the cancellation of treasury shares without a reduction in capital should be approved by the Shareholders' Meeting, to the Company's right to implement this cancellation.
