1. ISSUER'S PROFILE

Tinexta is a company with Shares listed on the Electronic Stock Market (*Mercato Telematico Azionario - MTA*), STAR segment, as of 30 August 2016.

Tinexta is active in the acquisition and management of Shares in companies operating in the development of IT services and, in general, in the development of innovative services for businesses and public administrations.

Pursuant to Article 1, paragraph 1, letter w-*quater* 1) of the TUF, "SMEs" are understood to refer to: *"without prejudice to the provisions of other legal provisions, small and medium-sized enterprises, issuers of listed shares, whose turnover, even prior to the admission of their shares to trading, is less than EUR 300 million, or whose market capitalisation is less than EUR 500 million. Issuers of listed shares which have exceeded both of these limits for three consecutive years shall not be considered as SMEs"*. The Group's turnover as at 31 December 2019 amounted to EUR 258,723 thousand on a consolidated basis. The market capitalisation of the Issuer as at 31 December 2019 was EUR 548 million. In consideration of the above, the Issuer falls within the aforementioned definition of "SME" for all the purposes provided for by current legislation.

Tinexta is organised according to the traditional organisational management and control model set out in Articles 2380-*bis et seq.* of the Italian Civil Code, with a Board of Shareholders, Board of Directors and Board of Statutory Auditors.

Tinexta's corporate governance system is constructed in accordance with the Code of Self-Regulation and the regulatory provisions governing Italian listed companies, according to the best practices of corporate governance, and is focused on the transparency of managerial decisions both within the Company and in relation to the market; on the efficiency and efficacy of the internal control system; on the rigorous regulation of potential conflicts of interest and on solid principles of conduct for carrying out related-party transactions.

The Board of Directors plays a central role in guiding and managing the Company. Within the Board of Directors, a Remuneration Committee and a Control and Risk Committee have been established, the latter also part of the Committee for Related Party Transactions, both with consulting and advisory functions in compliance with the recommendations of the Code of Self-Regulation, to which the Company has decided to adhere by resolution passed by the Board of Directors at the meeting of 17 May 2016.

The Board of Statutory Auditors monitors compliance with the Law and the Articles of Association and compliance with the principles of correct administration and, in particular, the adequacy of the organisational, administrative and accounting structure adopted by the Company and its functioning.

The Board of Statutory Auditors also acts as the Internal Control and Audit Committee pursuant to Art. 19 of Italian Legislative Decree No. 39/2010, as amended by Decree Law No 135 of 17 July 2016, which came into force on 5 August 2016.

The statutory audit of the accounts for the nine-year period 2016-2024 is entrusted to the auditing firm KPMG S.p.A., appointed by the Shareholders' Meeting of 29 April 2016 on the motivated proposal of the Board of Statutory Auditors in accordance with the provisions of law in force at the time contained in Italian Legislative Decree No. 39/2010, applicable to public interest entities.

With this Report, Tinexta provides the market with the information required by Art. 123-*bis* of the TUF and by the regulatory provisions in force on the corporate governance system adopted by the Company as well as on the ownership structure relating thereto, in line with the recommendations of the Code of Self-Regulation.

This Report – drafted taking into account the instructions drawn up by Borsa Italiana – also contains accurate and exhaustive information on the means whereby the Company adheres to the principles and criteria set out by the Code of Self-Regulation. Any failure to adhere to certain specific provisions of the Code of Self-Regulation is justified in the section of the Report concerning relevant governance practice otherwise applied by the Company.

2. INFORMATION ON THE OWNERSHIP STRUCTURES

a) Structure of Share Capital (pursuant to Art. 123-*bis*, paragraph 1, letter a), of the TUF)

As at 31 December 2019 and the date of the report, the subscribed and paid-up Share Capital amounts to EUR 47,207,120.00 and is subdivided into 47,207,120 ordinary Shares, with no indication of nominal value.

There are no Shares with limited voting rights.

The Shares of the Company are all registered, indivisible and freely transferable and entered, in dematerialised form, into the centralised management system managed by Monte Titoli S.p.A.

The Shares are traded on the MTA, STAR Segment, as of 30 August 2016.

At the date of the Report there are no other classes of Shares.

Tinexta 2016-2019 Warrants

On 4 February 2016, the Extraordinary Shareholders' Meeting of Tinexta approved an increase in Share Capital excluding optional rights, up to a maximum of EUR 951,000, equal to approximately 3% of the Share Capital at the service of Tinexta 2016-2019 Warrants issued free of charge to the Shareholder Cedacri. The 2016-2019 Warrants, which are non-transferable, gave the right to subscription of new Shares at a ratio of one new Share for each warrant possessed, to be exercised, by the final deadline of 30

September 2019, in three tranches (between 5 July and 30 September inclusive of the years 2017 - 2018 - 2019), at a price of EUR 3.40 per Share, following the achievement of certain annual turnover targets for the 2016/2018 financial years. For further information, please refer to the “Tecnoinvestimenti 2016-2019 Warrants” Regulations published on the website in the following section: Governance/Extraordinary operations at: <https://www.tinexta.com/emissionewarrant>. On 19 September 2019 Cedacri exercised the third and last tranche of the Warrants held, equal to 317,000 Warrants corresponding to 317,000 ordinary Shares of the Company, at a subscription price of EUR 3.40, for a total consideration of EUR 1,077,800.00.

On 04 October 2019, pursuant to Article 85-*bis* of the Consob Issuers' Regulations and Article 2.6.2, paragraph 1, letter a) of the Regulations for Markets organised and managed by Borsa Italiana S.p.A., referring also to the press release of 19 September 2019, Tinexta filed a certificate of execution of the capital increase pursuant to Article 2444 of the Italian Civil Code with the Rome Chamber of Commerce and communicated the new composition of the Share Capital as indicated in the following table:

	Current Share Capital			Previous Share Capital		
	Euro	No. of Shares	Unit nom. value	Euro	No. of Shares	Unit nom. value
Total	47,207,120.00	47,207,120	(without nominal value)-	46,890,120.00	46,890,120	(without nominal value)-
of which:						
Ordinary Shares (regular entitlement: 1 January 2018 for coupon 6 pending)	47,207,120.00	47,207,120	(without nominal value)-	46,890,120.00	46,890,120	(without nominal value)-

For any further information relating to the structure of the Share Capital, please refer to Table 1 attached.

Virtual Stock Option Plan

The virtual stock option plan for Tinexta's key management personnel, including its executive directors approved on 31 May 2016, was completed in 2019. In particular, all of the 500,000 options covered by the plan were awarded, of which the Managing Director, Pier Andrea Chevallard had 300,000 options, of which 90,000 options were exercisable between 31 January 2018 and 31 July 2020 and 210,000 options exercisable between 31 July 2019 and 31 July 2020. The other 200,000 options were allocated to the Company's other Key Managers, of which 60,000 options were exercisable between 31 January 2018 and 31 July 2020 and 140,000 options were exercisable between 31 July 2019 and 31 July 2020.

On 8 February 2019, 24,000 options assigned to Key Managers in the Company, exercisable between 31 January 2018 and 31 July 2020, were exercised. On 3 July 2019 a further 126,000 options were exercised and in the next month of August 2019, the remaining 350,000 options were exercised.

For further information on the aforementioned Incentive Plan, please refer to the documents and regulations published on the Company's website (www.tinexta.com).

For further details on the Incentive Plan, please refer to the Remuneration Report prepared pursuant to Art. 123-ter of the TUF, published on the website, www.tinexta.com.

Without prejudice to the above, at the date of the Report, no financial instruments have been issued that grant the right to subscribe newly issued Shares.

Tinexta has not issued other financial instruments that can be converted or exchanged with Shares.

b) Restrictions on the transfer of securities (pursuant to Art. 123-bis, paragraph 1, letter b), of the TUF)

At the date of the report, there are no restrictions on the free transferability of Shares or limitations on the ownership of the same, nor are there any permission clauses for access to the shareholding structure of Tinexta, pursuant to Law or the Articles of Association.

c) Relevant holdings in capital (pursuant to Art. 123-bis, paragraph 1, letter c), of the TUF)

Direct or indirect relevant holdings in Tinexta's capital, as resulting from communications received by the Company pursuant to Article 120 of the TUF, as of the date of the Report, are provided in **Table 1** in the appendix.

d) Securities conferring special rights (pursuant to Art. 123-bis, paragraph 1, letter d), of the TUF)

At the date of the report, no securities have been issued that confer special rights of control, nor are there persons with special powers under the provisions of current legislation and bylaws.

e) Shareholding by employees: mechanism for exercising voting rights (pursuant to Art. 123-bis, paragraph 1, letter e), of the TUF)

No particular mechanisms for exercising voting rights in a potential system of shareholding by employees are envisaged.

f) Restrictions on voting rights (pursuant to Art. 123-bis, paragraph 1, letter f), of the TUF)

The Articles of Association do not establish any restrictions on voting rights.

g) Agreements between Shareholders (pursuant to Art. 123-bis, paragraph 1, letter g), of the TUF)

On the date of the Report, the Company is not aware of the existence of agreements pursuant to Art. 122 of the TUF concerning the Shares.

h) Change of control clauses (pursuant to Art. 123-*bis*, paragraph 1, letter h), of the TUF) and statutory provisions regarding takeover bids (pursuant to articles 104, paragraph 1-*ter*, and 104-*bis*, paragraph 1, of the TUF)

Neither the Company nor the other Group companies have entered into significant agreements that become effective, are modified or terminated in the event of a change of control, except as indicated below.

The Issuer has entered into a number of significant loan agreements, the contents of which are illustrated in a specific section of the Financial Statements as at 31 December 2019, which provide for the right of withdrawal for credit institutions in the event of a change of control of the contracting company; in particular:

- (i) the loan agreement signed on 27 April 2017 between the Company on the one hand, and Cariparma S.p.A. and Banca Popolare Friuladria S.p.A. on the other;
- (ii) the loan agreement signed on 30 November 2017 between the Company on the one hand and UBI Banca S.p.A. on the other;
- (iii) the loan agreement signed on 27 November 2018 between the Company on the one hand, and Banca Popolare di Sondrio S.C.p.A. on the other;
- (iv) the loan agreement signed on 4 December 2018 between the Company on the one hand and Credit Agricole Cariparma S.p.A. on the other.
- (v) the loan agreement signed on 28 March 2019 between the Company on the one hand and Mediocredito centrale and Banca Intesa on the other.
- (vi) the loan agreement signed on 20 December 2019 between the Company on the one hand and BNP Paribas on the other.

The Articles of Association do not derogate from the provisions on the passivity rule set out in Article 104, paragraph 1 and 1-*bis*, of the TUF and do not provide for the application of the neutralisation rules set out in Article 104-*bis*, paragraphs 2 and 3, of the TUF.

i) Delegations to increase share capital and authorisations for the purchase of Treasury Shares (pursuant to Art. 123-*bis*, paragraph 1, letter m), of the TUF)

No delegations are envisaged for the Board of Directors to implement increases of Share Capital pursuant to Art. 2443 of the Italian Civil Code. The Directors do not have the power to issue financial instruments representing shareholdings.

Purchase and disposal of Treasury Shares

On 7 November 2018, in ordinary session, the Shareholders' Meeting of Tinexta approved the purchase programme for a period of 18 months, therefore expiring on 7 May 2020, and disposal of Treasury Shares without time limits pursuant to and for the purposes of articles 2357 *et seq.* of the Italian Civil Code, as well as Article 132 of the TUF and Article 144-*bis* of the Issuers' Regulations. The purchase operations must respect a minimum and maximum price in relation to the stock exchange price of Tinexta's Ordinary Shares, determined in accordance with the criteria set out in detail in the Shareholders' resolution. The purchases of Treasury Shares will be made in compliance with the parameters and criteria prescribed by the MAR and Delegated Regulation (EU) 1052/2016 and with the market practices allowed by Consob.

As at 31 December 2019 and as at the date of the Report, the Company did not hold any Treasury Shares.

l) Management and coordination activities (pursuant to Art. 2497 *et seq.* of the Italian Civil Code)

Although Tecno Holding S.p.A. exercises control over the Company pursuant to Article 2359 of the Italian Civil Code and Article 93 of the TUF and, consequently, includes the Company in its consolidated financial statements, as at 31 December 2019, the Company is not subject to management and coordination activities (pursuant to Article 2497 *et seq.* of the Italian Civil Code) by any party, including Tecno Holding S.p.A., as none of the factors are present that, typically, are considered relevant by doctrine and practice in order to affirm the existence of a situation of management and coordination by the parent company.

In fact, generally, pursuant to Article 2497-*sexies* of the Italian Civil Code, it is presumed, unless there is proof to the contrary, that management and coordination activities are exercised by the party responsible for consolidating the financial statements. This presumption does not apply in the present case for the following reasons:

- (i) the Company operates in conditions of corporate and entrepreneurial autonomy, with, in particular, an independent business capacity in relations with customers and suppliers and to define its own strategic and developmental lines without any interference from parties outside the Company;
- (ii) the Shareholder Tecno Holding S.p.A. does not in fact exercise functions centralised at the level of the group that involve Tinexta (e.g. strategic planning, control, corporate and legal affairs of the group);
- (iii) the Company's Board of Directors operates in full managerial autonomy; and
- (iv) it is not subject by the holding company Tecno Holding S.p.A. to any treasury service or other functions of assistance or financial coordination.

* * *

Finally, it should be noted that:

- the information required by Article 123-*bis*, paragraph 1, letter i), of the TUF concerning “*agreements between the company and the directors ... providing for indemnities in the event of resignation or dismissal without just cause or if their employment relationship ceases following a takeover bid*” is contained in the Remuneration Report prepared and published pursuant to Article 123-*ter* of the TUF;
- the information required by Article 123-*bis*, paragraph 1, letter l), of the TUF, concerning “*the rules applicable to the appointment and replacement of directors ... as well as changes to the Articles of Association, if different from supplementary legislative and regulatory information*” are illustrated in Section 4.1. of this Report dedicated to the Board of Directors.

3. COMPLIANCE

The Company complies with the Code of Self-Regulation, which is available to the public on the Corporate Governance Committee's website at the following link:

<https://www.borsaitaliana.it/comitato-corporate-governance/codice/2018clean.pdf>

In this Report, in accordance with the "comply or explain" principle set out in the Code of Self-Regulation and in line with EU Recommendation No. 208/2014, we report on the recommendations with which the Company has not, at present, decided to comply with in part or in full.

Neither the Company nor its subsidiaries are subject to non-Italian legal provisions that influence the corporate governance structure of Tinexta.

4. BOARD OF DIRECTORS

4.1. APPOINTMENT AND REPLACEMENT (PURSUANT TO ART. 123-BIS, PARAGRAPH 2, LETTER L), OF THE TUF

The appointment and replacement of Directors is governed by current legislation, as implemented and supplemented, to the extent permitted, by the provisions of the Articles of Association in accordance with the provisions of the Code of Self-Regulation.

Pursuant to Art. 10 of the Articles of Association, the Company is managed by a Board of Directors composed of a minimum of 5 (five) up to a maximum of 13 (thirteen) members, who remain in office for three years, with their term ending on the date of the Shareholders' Meeting convened for the approval of the financial statements of the last period of their term. The Shareholders' Meeting shall determine the number of members, within the aforementioned limits, before they are appointed.

Assumption of the office of Director is subject to possession of the requirements established by Law, the Articles of Association and other applicable provisions.

The provisions of the Articles of Association governing the composition and appointment of the Board of Directors are suitable for ensuring compliance with the provisions of the Law as per Art. 147-ter, the TUF and the related implementing provisions, as briefly described below.

No less than three directors must meet the independence requirements pursuant to Art. 148, paragraph 3 of the TUF.

As reported in **Table 2** at the end of this Report, with reference to the members of the Board of Directors in office at the date of the Report, 7 (seven) Directors, out of a total of 11 (eleven) members of the Board, met the independence requirements set out in the TUF and the Code of Self-Regulation.

The composition of the Board of Directors must ensure a balance between male and female genders in compliance with all applicable regulations or other provisions in force. If a Director no longer meets the independence requirements, his/her office is terminated, unless the minimum number of Directors who must meet these requirements, as set forth in the Articles of Association, continue to meet the independence requirements, without prejudice to the obligation to immediately inform the Board of Directors of said condition.

The Board of Directors is appointed by the Shareholders' Meeting based on the lists in which a sequential number is assigned to each candidate.

Each candidate may appear on only one list, under penalty of ineligibility. Each list must contain the number of candidates who meet the independence requirements, as set forth in Art. 148, paragraph 3 of the TUF, and that must be equal to at least the minimum number set forth in the Articles of Association. Such candidates must be clearly identified.

The lists may be submitted by the Shareholders who, individually or jointly with other submitting Shareholders, are the holders, as at the date of the submission of the lists, of Shares with right to vote at the Shareholders Meeting convened for the appointment of the Board of Directors and Auditors, and that must represent a percentage of investment in the Share Capital, as subscribed at the submission date of the list, equal, at least, to: i) 2.5% (two point five percent of the Share Capital) or ii) the percentage set forth in the Laws or regulations if different from the percentage indicated in i). The Notice for convening a Shareholders' Meeting to resolve on the appointment of the Board of Directors must indicate the percentage of investment required for the submission of the candidate lists.

By Executive Resolution No. 28 of 30 January 2020, Consob established, without prejudice to any lower quota provided for in the Articles of Association, the minimum shareholding required for the presentation

of lists of candidates for the election of the administrative and control bodies of listed companies that closed their financial year on 31 December 2019.

In particular, the shareholding set for Tinexta S.p.A. was as follows:

CRITERIA FOR DETERMINING THE SHAREHOLDING\			SHAREHOLDING
CLASS OF CAPITALISATION	FLOATING QUOTA>25%	MAJORITY SHARE<50%	
> EUR 375 million and <= EUR 1 billion	not relevant	not relevant	2.5%

The Shareholders may not submit individually or jointly, nor, as for any other Shareholder with the right to vote, may they vote, not even through a third party or trustee, on more than one list. In addition, the Shareholders who: i) belong to the same group (or pursuant to Art. 93 of the TUF, are in a control relationship with each other or are subject to joint control, even if the controlling party is a physical person), or ii) participate in a shareholders' agreement under Art. 122 of the TUF concerning the Shares of the company, or iii) participate in such shareholders' agreement and are, pursuant to the Law, controlling or controlled by, or subject to a joint control by, one of these participating shareholders, may not submit individually or jointly with others more than one list, nor, as for any other shareholder with the right to vote, may they vote on different lists. The agreements and votes expressed in breach of said prohibition shall not be attributed to any list.

The lists, accompanied by the pen profiles of the candidates, containing comprehensive information on the personal and professional profile of each of them and signed by the shareholders who have submitted them, or by their representatives, with the indication of each shareholder's identity and the total percentage of Shares held at the date of submission, must be lodged at the registered office at least by the twenty fifth day prior to the date scheduled for the Shareholders' Meeting, in first or only call. However, all related certification(s) or communication(s) attesting to the above investment and issued by an authorised intermediary pursuant to the Laws or regulations, may be sent even later as long as they are received within twenty-one days before the date scheduled for the Shareholders' Meeting in first or only call.

When submitting the list, statements must be submitted in which single candidates accept their candidacy and declare, under their own responsibility: 1) the non-existence of causes for ineligibility for election and incompatibility, as well as the existence of the requisites required based on what is set out in current primary and secondary legislation; 2) the possible existence of the independence requisites required by Article 148, paragraph 3, of the TUF. Lists submitted without the forgoing provisions being observed are considered as not submitted.

Pursuant to Art. 10 of the Articles of Association, the election of directors shall be carried out as follows:

a) from the list that obtained the majority of votes at the Shareholders' Meeting (hereinafter “**Majority List**”), will be elected, according to the progressive order in which they are listed in the list itself; a number of Directors, representing the total number of Board members, as previously resolved on by the Shareholders' Meeting (rounding down to the lower unit, in the event of a fraction number lower than the unit) minus two members to be appointed from the minority list as stated in subsequent letter b), without prejudice to the provisions regarding a gender balance in compliance with all applicable regulations or other provisions in force; b) from the lists, other than the one under previous letter a), not related in any way, not even indirectly, pursuant to all applicable regulations or other provisions in force, with the shareholders who have submitted or voted for the list described in previous letter a), two Directors shall be appointed, proportionally to the percentage of votes obtained: to this purpose, the votes obtained by each list will be subsequently divided by one and by two. The quotients obtained are then progressively assigned to the candidates of each list, in accordance with their respective order. The quotients assigned to the candidates of the different lists shall be grouped together in one decreasing ranking list. Those who have obtained the highest quotients will be appointed. If more than one candidate obtains the same quotient, the one belonging to the list from which no Director has been appointed - or with the smallest number of appointed Directors - shall be elected. If no Director or the same number of Directors has been appointed from any of these lists, the candidate of the list with the highest number of votes shall be elected. In the event of a tie of the list votes - and therefore of the quotients - the Shareholders' Meeting shall vote again and the candidate who obtains the simple majority of votes is elected. For the purpose of the above, the lists that have not obtained a percentage of votes at least equal to half of the percentage required for the submission of the lists to be voted on, will not be taken into consideration. If, after following this procedure:

- the composition of the Board of Directors does not comply with all applicable regulations or other provisions in force in terms of gender balance, the candidate of the more represented gender, elected last based on the sequential number in the list that has obtained the highest number of votes, shall be replaced by the first candidate, based on sequential numbers, of the least represented gender not elected from the same list. This substitution procedure will be adopted until the composition of the Board of Directors is compliant with all applicable regulations or other provisions in force in terms of gender balance. Finally, if this procedure does not ensure the aforementioned results, the replacement will be based on a resolution issued by the Shareholders' Meeting, with a relative majority, upon submission of candidates belonging to the least represented gender;
- the number of appointed Directors meeting the independence requirements under Art. 148, paragraph 3 of the TUF, does not reach the minimum number versus the total number of Directors, as stated in the Articles of Association, the candidate(s) who does(do) not meet these requirements, and was(were) elected

last according to the consecutive numbers of the list that has obtained the highest number of votes, under previous letter a), shall be replaced by the first candidate(s) based on the same consecutive order, who meets/meet these requirements and was/were not elected from the same list, or, if for any reason, this is not sufficient, from the lists that have obtained the second highest number of votes, starting from the list under previous letter b), and continuing with the following lists based on the number of votes obtained, in decreasing order, provided that compliance with all applicable all applicable regulations or other provisions in force in terms of gender balance is ensured.

If this procedure does not produce the aforementioned results, the Shareholders' Meeting shall carry out the election in accordance with the majority required by Law, upon submission of the candidacies of subjects who meet the set-out requirements, in such a manner as to ensure compliance, in all cases, with all applicable regulations or other provisions in force in terms of gender balance. If two or more lists obtain an equal number of votes, the Shareholders' Meeting shall resort to a ballot with a resolution based on a relative majority, while ensuring compliance with all applicable regulations or other provisions in force in terms of gender balance. If only one list is submitted, the aforementioned procedure shall not be implemented and the Shareholders' Meeting shall resolve on the basis of the majorities required by Law, with all Directors being elected from this one list, according to their sequential order and until the number previously set out by the Shareholders' Meeting is reached, without prejudice to the minimum number of Directors meeting the independence requirements as set forth in the Articles of Association and pursuant to Art. 148, paragraph 3 of the TUF, while also ensuring compliance with all applicable regulations or other provisions in force in terms of gender balance. In the absence of lists and if through the vote mechanism per list, the number of elected candidates is lower than the minimum number set forth in these Articles of Association, the Board of Directors is respectively appointed or supplemented through a Shareholders' Meeting resolution based on the majorities required by Law. Also pursuant to the provisions of the previous paragraph, the Shareholders' Meeting must ensure the appointment of Directors who meet the independence requirements under Article 148, paragraph 3, of the TUF, reaching at least the minimum total number set forth in the Articles of Association and in compliance with all applicable regulations or other provisions in force in terms of gender balance.

Pursuant Art. 11 of the Articles of Association, if during a financial year, one or more Directors leave the Board, the Board shall replace them through a resolution to be approved by the Board of Statutory Auditors', in compliance with all applicable provisions of Law and regulations in force in terms of gender balance, and in compliance with the following: a) the Board of Directors shall replace the exiting Director from the candidates of the same list to which he/she belonged, and the Shareholders' Meeting shall resolve on such replacement on the basis of the majorities required by Law, in compliance with the same criterion; b) if there are no other non-elected candidates from this list or no other candidates meet the set out requirements, or even if for any reason it is not possible to comply with the provisions of letter a), the

Board of Directors, and subsequently the Shareholders' Meeting, shall replace the exiting Director based on the majorities required by Law without voting on the lists.

In all events, the Board of Directors and the Shareholders' Meeting must ensure the appointment of a number of Directors who meet the independence requirements under Article 148, paragraph 3, of the TUF, equal at least to the minimum total number set forth in these Articles of Association and in compliance with all applicable regulations or other provisions in force in terms of gender balance. The Directors thus appointed shall remain in office until the next Shareholders' Meeting and those elected by the Shareholders' Meeting shall remain in office for the same term as the exited Directors whom they are replacing. If for any reason, the Directors appointed by the Shareholders' Meeting do not reach a majority, the entire Board of Directors is dissolved, effective as at the next recomposition of the Board. In this case, the Shareholders' Meeting must be urgently convened, for the appointment of the new Board, by the Directors still in office.

The Articles of Association do not provide for additional independence requirements with respect to those provided for by Article 148, paragraph 3, of the TUF, nor do they provide for requirements of integrity, other than those prescribed by the current provisions of Law.

The Articles of Association do not specify the desired professional requirements for taking up the office of Director.

The Company is not subject to any further provisions concerning the composition of the Board of Directors with respect to the provisions established by the Italian Civil Code and the TUF.

Succession plan

As at the date of the Report, the Company has resolved not to adopt a succession plan for the Executive Directors, also in consideration of the fact that the professional expertise provided by the Board and by the management of the Company, enables the Company to ensure the continuity of its operations and management.

4.2. COMPOSITION (PURSUANT TO ART. 123-BIS, PARAGRAPH 2, LETTER D) OF THE TUF)

From July 2008 until December 2017, he served as Chief Lending Officer and Chairman of the Credit Committee of IntesaSanpaolo S.p.A. He is currently a Director of IntesaSanpaolo Vita and MedioCredito Italiano.

As of the end of the Year, no member of the Board of Directors ceased to hold office, nor was there any change in the composition of the Board of Directors.

Diversity criteria and policies

As at 31 December 2019, the composition of the Board of Directors of the Company ensures a balanced representation of genders, in accordance with the regulations in force on that date, which provide that at least one third of the Board of Directors shall be reserved for the least represented gender in the two subsequent terms of office. The Company, in line with the above provisions and the recommendations of the Code of Self-Regulation, has for some time now been applying criteria of diversity, including gender diversity, in the composition of the Board of Directors, in compliance with the priority objective of ensuring adequate competence and professionalism of its members.

At the renewal of the Board of Directors on 24 April 2018, the Shareholders' Meeting of Tinexta appointed five female members of the Board of Directors, in accordance with the provisions of Article 147-ter of the TUF at the current date: Laura Benedetto, Elisa Corghi, Paola Generali, Giada Grandi and Lorena Pellissier. Furthermore, the characteristics of the members of the Board of Directors shall be such as to ensure an adequate level of diversity, not only in terms of gender composition, but also with regard to aspects such as age, training and professional experience. In particular, the Board is composed of two executive¹ and nine non-executive Directors, seven of whom are independent.

At the date of the Report, Article 147-ter, paragraph 1-ter, of the TUF provides that the allocation of Directors to be elected must be made in such a way that the least represented gender obtains at least two fifths of the elected Directors. This criterion, which will apply from the first renewal of the Board of

¹ The Chairperson is considered executive as Director in charge of the internal control and risk management system.

Directors following the date of entry into force of the new regulations, i.e. 1 January 2020, has already been complied with by the Board of Directors, as 5 out of 11 directors are women.

Tinexta has not yet adopted a specific diversity policy under Article 123-*bis*, para 2, letter d-*bis* of the TUF, considering that the training processes of the Company's administration and control bodies already take into full consideration important aspects such as age, gender composition and training and professional experience of the respective members; in particular: (i) the Company's Board of Directors includes 5 Directors belonging to the less represented gender, in compliance with the regulations on gender balance; (ii) the Board is characterised by the diversity of its members, taking into account that the age of the Directors is between 46 and 81 years; (iii) the training and professional experience of the Directors currently in office guarantees a balanced combination of profiles and experience within the administrative body suitable to ensure the correct performance of the functions assigned to it.

At present, Tinexta has not adopted measures to promote equal treatment and opportunities between genders within the entire company organisation.

Maximum number of offices held in other companies

The Company, also on the basis of the results of the self-assessment questionnaire relating to the 2019 financial year, decided not to define general criteria regarding the maximum number of management and control positions in other companies compatible with an effective performance of the role of Director in Tinexta, considering it unnecessary to introduce restrictions in this respect.

Without prejudice to the fact that, in accordance with the recommendations of Principle 1.C.2. of the Code, Directors are urged to accept the office when they believe that they can devote the necessary time to the diligent performance of their duties, each member of the Board of Directors is required to act with full knowledge of the facts and in autonomy, pursuing the objective of creating value for the Shareholders in the medium-long term and undertakes to devote the time required for the office held in the Company to ensure the diligent performance of their functions, regardless of positions held outside the Tinexta Group, with full awareness of the responsibilities inherent to the office held.

To this end, each candidate for the office of Director assesses in advance, at the time of acceptance of the position in the Company and independently of the limits established by the provisions of Law and regulations relating to the accumulation of offices, the ability to perform with due care and effectiveness the tasks assigned to them, in particular, taking into account the overall commitment required for offices held outside the Tinexta Group.

Each member of the Board of Directors is also required to promptly notify the Board of any assumption of the position of director or statutory auditor in other companies, in order to allow for the fulfilment of the information obligations pursuant to the applicable legal and regulatory provisions.

As part of the board evaluation carried out by the Board of Directors for the Year, on 19 March 2020 (described in detail in Section 4.3 below), the Board made use of a questionnaire asking each Director to make their own evaluations, comments and suggestions regarding the size and functioning of the Board of Directors, the Remuneration Committee and the Control and Risk Committee, taking into account the recommendations of the Code of Self-Regulation, also with regard to ensuring that the number and quality of the roles held does not interfere with the effective performance of the Director activities in the Issuer.

Induction programme

The characteristics of the Board's information enables the Directors to obtain an adequate knowledge of the sector of activity in which the Issuer operates, corporate dynamics and their development, as well as the related regulatory and self-regulation frameworks of reference. The Chairman and Managing Director of the Company also ensured, through the meeting between the Company's top management and the Directors, that the latter would obtain in-depth information and explanations on the activities and projects of the Tinexta Group, the sector in which it operates, as well as on the regulatory and self-regulatory framework of reference. In particular, during the Year, the directors and statutory auditors had the opportunity to deepen their knowledge of the sector in which the Company operates by participating in board meetings in which issues relating to company dynamics and their development were discussed in depth, such as those in which investments were approved.

4.3. ROLE OF THE BOARD OF DIRECTORS (PURSUANT TO ART. 123-BIS, PARAGRAPH 2, LETTER D) OF THE TUF)

In compliance with the provisions set forth in Principles 1.P.1 and 1.P.2. of the Code of Self-Regulation, the Company is governed by a Board of Directors which plays a central role within its corporate governance system, in particular in organising, directing and managing the company in order to achieve the corporate purpose, maximise the value for the shareholders in the medium-long term and ensure compliance with the expectations of the other stakeholders.

Pursuant to Article 13 of the Articles of Associations, the Board of Directors meets at the registered office of the Company or at other designated sites, every time the Chairman or someone acting in their place deems it necessary, normally on a quarterly basis, or upon a written request by at least one third of the Board's members.

The Board may also be convened, subject to prior notice to the Chairman of the Board itself, by the Board of Statutory Auditors or by an individual Statutory Auditor, in accordance with the applicable provisions of Law.

The convening notice may also be sent by electronic means that ensure a prompt receipt, at least three

days before the meeting, to each Director and Statutory Auditor; in urgent cases, the meeting shall be called by electronic means, which shall ensure timely notice, to be sent at least one day in advance. The meeting may be held by tele- or video- conference. In such cases, the following must be ensured: a) the identification of all participants from each site of the connection; and b) the opportunity for each of the participants to intervene, to verbally express their opinion, to review, receive and transmit all the documentation, c) the simultaneousness of the review and resolution issuance process. The meetings of the Board of Directors are considered to be held at the place where the Chairman and the Secretary are located.

Pursuant to Art. 16 of the Articles of Association, the Board of Directors is empowered with the broadest authority for the ordinary and extraordinary management of the company. Consequently, it may adopt all measures considered necessary and appropriate to achieve the company's objectives, except those that the Law expressly reserves for the Shareholders' Meeting. The Board of Directors has authority over the issuing of bonds that are non-convertible into, or bonds with no-warrant that enable the subscription of newly issued Shares of the company, in compliance with the Law's terms and conditions.

The Board is empowered with the broadest authority as regards the ordinary and extraordinary management of the Company for the achievement of the company's purpose. More specifically, in applying the Application Criterion 1.C.1. of the Self-Regulation Code, the Board of Directors:

- (1) reviews and approves the strategic business and financial plans of the Company and of the Tinexta Group that it heads, while monitoring, on a regular basis, their implementation, and it defines the corporate governance system of the Company and the structure of the Group;
- (2) defines the nature and the risk level compatible with the strategic objectives of the Company, including in its assessments all the risks that may acquire relevance in terms of the sustainability, in the medium-long term, of the Company's activities;
- (3) evaluates the adequacy of the organisational, administrative and accounting structures of the Company and subsidiaries with strategic relevance, with a particular focus on the internal control and risk management system;
- (4) confers and revokes delegations granted to the Directors, establishing the limits and manners of exercising such powers and the frequency, normally not exceeding a quarter, with which the appointed bodies must report to the Board of Directors on the activities performed in relation to the powers conferred;
- (5) after assessing the recommendations of the Remuneration Committee and after consulting with the Board of Statutory Auditors, it shall determine the remuneration of Directors with delegated

powers, and of those holding special offices, also pursuant to Art. 2389, paragraph 3, of the Italian Civil Code;

- (6) assesses the general company performance and the results achieved against the forecast;
- (7) reviews and approves in advance any transaction of strategic, economic and financial significance, carried out by the Company and the subsidiaries;
- (8) expresses, at least once a year, its assessment on the size, composition and operations of the Board itself and of its Committees, also taking into account elements such as professional experience, expertise, including in management, as well as the gender and seniority of its members. Taking into account the outcome of the above assessments, it provides the shareholders, before the appointment of a new Board, with guidelines on the managerial and professional profiles of the members who ought to be appointed to the Board;
- (9) provides information, in the Corporate Governance Report, on the methods of application of the criteria set forth in the Code of Self-Regulation concerning the role, operations and composition of the Board;
- (10) reports to the Board of Statutory Auditors, at least on a quarterly basis, on the activities carried out and on the most significant transactions.

The Board of Directors is also entitled, without prejudice to Art. 2436 of the Italian Civil Code, to resolve on the following:

- (i) mergers in the cases listed under Art. 2505 and 2505-*bis* of the Italian Civil Code and de-mergers in the cases in which said rules are applicable;
- (ii) reduction of the Share Capital in the case one or more shareholders withdraw;
- (iii) adaptation of the Articles of Association to legislative provisions;
- (iv) indication of which directors represent the company;
- (vii) establishment or closing of branches;
- (viii) the transfer of the registered office to another municipality in the national territory.

During the Year, 10 meetings of the Board of Directors were held (with an average duration of about one hour and thirty minutes). Under the terms set forth in the Stock Exchange Regulations, the annual calendar of the corporate events for the Year has been communicated to Borsa Italiana S.p.A. and published on its Internet site. The calendar includes the dates scheduled for the meetings to be held for the approval of the results of the year and of the period. For the current period, five meetings are scheduled for the Board of Directors for the approval of the accounting figures of the period, two of

which have already been held on 12 February 2020, for the approval of the preliminary results and on 19 March 2020 for the approval of the separate and consolidated financial statements.

The actual participation of each Director in the meetings of the Board is specified in percentage form in **Table 2** of the appendix. Altogether, the average attendance of the Directors at these meeting was about 98 %.

The timeliness and completeness of pre-board information is guaranteed by the involvement of the competent corporate structures, which take care of and coordinate the preparation of documentation, when required, for specific items on the agenda. In cases where it is not possible to provide the necessary information in good time, the Chairman of the Board of Directors shall ensure that adequate and timely in-depth information is provided during Board sessions. The delivery of the documentation to the Directors and Statutory Auditors is handled by the Corporate Affairs Secretariat, which coordinates with the Chairman well in advance of the date of the meetings, usually three days before the date established, adequately taking into account any confidentiality and price sensitivity requirements related to certain topics (such as, for example, projects of particular strategic importance for the Company's business, of which the Chairman and CEO report directly to the Board, initiating the consequent process of examination and assessment by the Board), as well as any urgency related to certain topics.

The Chairman and the Managing Director must guarantee that the agenda items are given the time necessary for a thorough discussion, and must encourage, at the meeting, a constructive debate with input from all members of the Board.

The meetings of the Board of Directors are attended, at the invitation of the Chairman, by the “**Manager responsible for drawing up the corporate accounting documents**”, Key Managers, as well as the other specific managers of the Company and the Tinexta Group responsible for the functions to which the matters to be dealt with by the Board relate to, so that they can provide the most appropriate and accurate in-depth analysis and clarification during the meetings to the Directors and Statutory Auditors.

In accordance with the recommendations contained in Article 1.C.1., letter e) of the Code of Self-Regulation and the provisions of Art. 13 of the Articles of Association, the Managing Director reported to the Board of Directors and the Board of Statutory Auditors on the general performance of operations during all meetings of the Board of Directors held during the Year. The Board of Directors has therefore constantly assessed and monitored the general operating performance, taking into account the information provided by the Managing Director and periodically comparing the results achieved with those planned on the basis of the Company's strategic, industrial and financial plans. Moreover, the Board of Directors did not deem it necessary to establish in advance general criteria for identifying transactions that have a significant strategic, economic, equity or financial importance for the Company and its subsidiaries,

considering it preferable to make such an assessment from time to time on the basis of information received from the executive directors.

During the Year, at the meeting held on 19 March 2020, the Board assessed the adequacy of the organisational, administrative and accounting structure and, in particular, the internal control and risk management systems of the Company and its subsidiaries. To such end, the Board of Directors has received and reviewed (a) the information and/or the documentation provided by the Manager responsible for preparing the company's financial reports as regards the testing of control procedures in place aimed at guaranteeing the correctness, completeness and validity of the information entered into the financial statements and (b) the reports on the state of the internal control and risk management system prepared by the Control and Risk Committee, as emerged from the assessments conducted by the Internal Audit Department of the Tinxeta Group (the “**Internal Audit Manager**”). The Board has based its assessments on the internal control and risk management system on this information and has also taken into consideration the improvement plans implemented, and the residual risk to which the Tinxeta Group is exposed.

The Board of Directors also assessed the general operating performance at least quarterly, taking into account the information received from the Managing Director and periodically comparing the results achieved with those planned.

In support of the recommendation contained in Article 1.C.1., letter g, of the Code of Self-Regulation, the Board of Directors, at its meeting of 19 March 2020, also assessed the functioning of the Board itself, the Remuneration Committee and the Control and Risk Committee, as well as their size and composition, also taking into account professional characteristics, experience, including managerial experience, and gender of the members and therefore the diversity criteria set out in Article 2 of the Code of Self-Regulation and their seniority in office (so-called board evaluation), on the basis of a specific questionnaire divided into different areas of investigation (i.e. composition, structure, size and operations of the Board, interaction with management, risk governance, composition and structure of committees, etc.), with the option of providing comments and making proposals. This questionnaire was submitted and completed by all the Directors. As a result of the aforementioned self-assessment, the Board has deemed the administrative body suitable to perform the functions assigned to it by current legislation and that the size, composition and functioning of the Board itself and its committees are adequate in relation to the management and organisational needs of the Issuer, also taking into account professional characteristics, experience, including managerial experience, of its members, their seniority in office and the presence, out of a total of 11 (eleven) members, of 9 (nine) non-executive Directors, of which 7 (seven) are independent non-executive Directors, which also guarantees a suitable composition for the Committees established within the Board.

The Shareholders' Meeting did not authorise exceptions to the non-competition clause set out in Article 2390 of the Italian Civil Code.

4.4. DELEGATED BODIES

Pursuant to Art. 18 of the Articles of Association, within the limits of the Law and by-laws, the Board of Directors may delegate its powers to an Executive Committee composed of some of its members and to a Managing Director; it may delegate specific powers to one or more of its members, and appoint, on the proposal of the Managing Director, one or more general managers, division managers, managers, proxies and representatives in general for certain acts or categories of acts.

Managing Director

At its meeting of 24 April 2018, the Board of Directors granted the Managing Director Pier Andrea Chevallard the following powers:

1. to ensure that the organisational, administrative and accounting structure of the Company is adequate to the nature and size of the company; report to the Board of Directors and to the Board of Statutory Auditors, at least on a quarterly basis, on the general performance and outlook of the Company as well as on the most significant transactions, in terms of size or characteristics, carried out by the Company and its subsidiaries;
2. to ensure that the activities included in the pursuit of the Company's objectives are being carried out;
3. to define the organisational and functional chart of the Company;
4. to manage the Company's human resources, excluding the relationship with the General Manager and without overlapping with the activities carried out by them, reporting directly to the Board of Directors;
5. to plan the funding needs of the Company and, in the interest of the Group, acquire and manage the resources necessary to cover said funding needs, as stemming from the business plan and budget approved by the Board of Directors;
6. to identify opportunities for investments and disinvestments, while preparing all appropriate information reports to submit to the Chairman of the Board of Directors so that they can propose a reasoned approval to be issued by the Board of Directors;
7. to organise and chair the financial information flow of the Company and of the Group and establish relationships with the Shareholders, and in particular with the controlling Shareholder, except for external relationships which remain the responsibility of the Chairman of the Board of Directors;

8. to maintain relationships with Consob and Borsa Italiana, as well as with any other competent authorities, as necessary;
9. to provide for the financial and administrative management of the Company and therefore, by way of example only and not limited to, the power to:
 - (i) perform any type of banking transactions; open and close current bank accounts in the name of the Company with banks, credit institutions, postal and telegraphic offices and other offices and entities; deposit in these accounts any amount pertaining to the Company; carry out transactions such as writing cheques and ordering bank transfers or payments in general, including overdrawn payments and arrange for the transfer of funds among the current accounts of the Company, all of the above with no maximum limits;
 - (ii) invest in corporate liquidity by subscribing to, buying and selling Government securities and bonds issued by leading institutions (governments of European Union countries, qualified international bodies) with an investment grade rating and a residual maturity of no more than 18 months;
 - (iii) authorise use of expenditure within the limits of the annual budget approved by the Board of Directors;
 - (iv) propose to the Chairman, for its inclusion in the agenda, the appointment of executives, proposing their remunerations, as well as, when it is the case, the revocation thereof;
 - (v) hire employees, except for executives, as well as to approve any supplementary agreements and personnel bonuses.
10. provide for the management of company shareholdings, and therefore, by way of example but not limited to, the power to intervene in the Shareholders' meetings of companies in which the Company has invested or may invest in the future; to vote on the agenda items, with the right to decide, inter alia, on changes to the Articles of Association, on going into liquidation or on the withdrawal of Shareholders, and with the right to accept the position of Director should they be appointed by the Company;
11. hold, also on the basis of their experience and competence, the role of "Employer", with all the widest powers descending from legislation on safety at work, in order to lend action to the provisions of Law, regulations and company regulations on the subject of safety of workers and workplaces, with the express power to delegate powers of attorney to their managers, collaborators and persons in charge, as well as to third parties and appoint the person responsible for safety and prevention. To this end, all management and organisational powers are conferred, with attached decision-making and spending autonomy, the latter being understood to be unlimited and,

therefore, with the option of directly and autonomously engaging the Company for any obligation, as well as any hierarchical power over workers, including those in the management category.

12. in general, the power to carry out all acts, both ordinary and extraordinary, deemed necessary and appropriate in their prudent assessment for the achievement of the corporate purpose, with the exception of acts that cannot be delegated by law and by the Articles of Association, those delegated to the Chairman of the Board of Directors, as well as the matters indicated below which fall within the exclusive competence of the Board of Directors:

- (i) purchase, sale, exchange and contribution of properties;
- (ii) execution of loan agreements and granting of guarantees, except for those that are respectively executed, granted or assumed with, or in the interest of, subsidiary and/or investee companies, in excess of a maximum amount of EUR 2,000,000 million; and assumption of financial debts outside of the normal management cycle;
- (iii) the approval of the annual budget and multi-year planning;
- (iv) hiring, appointment and firing of executives and decisions on their remuneration,

all with a single signature and with the authority to represent the Company within the limits of the powers conferred, with the right to sub-delegate and to grant powers of attorney for individual acts or categories of acts to third parties.

On 24 April 2018, the Board confirmed and conferred on Pier Andrea Chevallard, as General Manager, the powers to be exercised with a single signature, already attributed to him by resolution of 30 January 2015, namely:

- to coordinate, manage, develop and control independently or reporting directly to the Board of Directors, the subsidiaries, by interacting directly with their functions;
- to define the information flows from the subsidiaries to Tinexta;
- to propose to the Board of Directors the strategic plans for the development of the investee companies; interact with the main functions thereof; define and chair and assess the actual implementation of the action plans;
- to chair the formulation of the business plan and the budgets of the Group interacting with the subsidiaries, and submitting them, at least on a quarterly basis for the former, and on an annual basis for the latter, for the approval of the Board of Directors;
- to seek out opportunities of synergies and cross selling among the companies of the Group;
- to propose to the Board of Directors, through its Chairman, additions, mergers and demergers,

as well as extraordinary transactions within the subsidiaries.

With a particular reference to the company shareholdings, including but not limited to, and always with single signature, he is entitled to:

- ensure the coordination, development and control of the subsidiaries;
- finalise, after consulting with the Chairman, the purchase and sale of equity investments in companies and entities for an amount not exceeding EUR 1,000,000.00 (one million/00).

The Managing Director Pier Andrea Chevallard is also qualifiable as Chief Executive Officer and does not hold the position of Director in another listed issuer in which a Director of the Company is Chief Executive Officer.

Chairman of the Board of Directors

The Company's Board of Directors, on 24 April 2018, has conferred to its Chairman, Enrico Salza, without prejudice to his powers of representation of the Company within the limits set forth in the Articles of Associations, the following powers as well as the authority to delegate single transactions or categories of transactions:

- to chair the meetings of the Board of Directors, coordinating its works;
- to decide on the agenda of the meetings of the Board of Directors, also taking into account the proposals for resolutions formulated by the Managing Director, and ensuring that all necessary information on the agenda items are provided to all Directors;
- to adopt, in agreement with the Managing Director, any urgent measures in the interest of the Company, reporting about said measures to the Board of Directors at the next meeting;
- to appoint, after consulting the Managing Director, the members of the administrative and control bodies of the subsidiaries and consortiums in which the Company holds an interest and in entities in which the Company has the right to appoint them;
- to carry out the external activities of the Company, also availing themselves of external collaborators and consultants, conferring, to this end, specific assignments;
- to establish and maintain an effective internal control and risk management system ("**Director in charge of the internal control and risk management system**");
- to identify, by maintaining a constant dialogue and cooperation with the Managing Director, opportunities and risks of the entire business that represents the purpose of the company, while keeping the Board of Directors informed so as to enable it to make the most reasoned decisions.

In accordance with the Articles of Association, the Chairman is responsible for representing the Company and therefore for representing it before any administrative, fiscal, ordinary and special judicial authority at any level and place with the power to sign any deed or declaration, proposing and supporting actions, defences, exceptions, appointing and revoking solicitors and attorneys.

Deputy Chairman of the Board of Directors

On 14 November 2018, the Company's Board of Directors appointed Riccardo Ranalli as Deputy Chairman, who, pursuant to Article 12 of the Articles of Association, shall replace the Chairman in the event of the latter's absence or impediment, in which case the Deputy Chairman is responsible for representing the Company.

Executive Committee

At the date of the Report, no Executive Committee had been established.

Information flow to the Boards

Pursuant to Art. 19.3 of the Articles of Association and in compliance with best practices, the Managing Director reports promptly to the Board and the Board of Statutory Auditors on at least a quarterly basis, and in any case at Board of Directors meetings, on the activities carried out, on the general performance and outlook of the Company as well as on the most significant operations, in terms of size or characteristics, carried out by the Company and its subsidiaries; in particular, they report on operations in which they hold a stake – personally or on behalf of third parties.

For further information on the information provided by the Managing Director to the Board during the Year, see Section 4.3 above.

4.5. OTHER EXECUTIVE DIRECTORS

In the Board of Directors there are no other Directors that are considered executive by virtue of the offices they hold in the Company or in other Tinexta Group companies.

4.6. INDEPENDENT DIRECTORS

In compliance with the recommendations contained in Art. 3 of the Code of Self-Regulation and in compliance with the provisions contained in Art. 10 of the Articles of Association, the Board of Directors in office as of 31 December 2019 and as of the date of the Report consists of 7 (seven) independent Directors in the persons of Laura Benedetto, Elisa Corghi, Gian Paolo Coscia, Paola Generali, Giada Grandi, Lorena Pellissier and Eugenio Rossetti, who meet the independence requirements prescribed by the combined provisions of articles 147-ter, paragraph 4 and 148, paragraph 3, of the TUF.

The Company believes that an adequate number of independent Directors have been identified, including for the purposes of the composition of the committees described in Sections 8 and 10 below.

The Board of Directors appointed by the Ordinary Shareholders' Meeting on 24 April 2018, during the meeting held on the same date, verified that the Directors Alessandro Barberis (who subsequently resigned on 23 July 2018), Laura Benedetto, Elisa Corghi, Paola Generali, Giada Grandi, Lorena Pellissier and Eugenio Rossetti met the independence requirements set forth in Article 147-ter, paragraph 4 and 148, paragraph 3, of the TUF, as well as Article 3 of the Code of Self-Regulation. On 28 July 2018, the Board of Directors verified that Director Gian Paolo Coscia (co-opted following the resignation of Director Alessandro Barberis on 23 July 2018) met the aforementioned independence requirements. The outcome of these assessments was announced in a press release to the market.

The procedure followed by the Board of Directors for the purpose of verifying independence provides that the Director must declare the existence of the requirement when submitting candidates, as well as when accepting the office, which shall be ascertained by the Board at the first meeting following the appointment, also on the basis of the information available. The results shall then be disclosed to the market with a press release. The assessment shall be renewed when circumstances relevant to independence arise and in any case on an annual basis when the Board approves the draft financial statements.

The annual verification of the existence of the independence requirements for each of the non-executive directors in compliance with the recommendations contained in Art. 3.C.4 of the Code of Self-Regulation was carried out by the Board on 19 March 2020. The Board of Statutory Auditors, on 19 March 2020, verified the correct application of the assessment criteria and procedures adopted by the Board to assess the independence of its members. With regard to 2020, the Board of Statutory Auditors will report the outcome of its audit in its report to the Shareholders' Meeting.

With regard to 2020, the Board of Statutory Auditors will report the outcome of its audit in its report to the Shareholders' Meeting.

For the sake of completeness, note that the Directors Giada Grandi, and Gian Paolo Coscia hold key positions in Chambers of Commerce that participate in the Share Capital of the company Tecno Holding S.p.A. that controls the Issuer.

During the Year, the independent Directors did not deem it necessary to meet in the absence of the other Directors, as they considered the regular Board meetings to be adequate to discuss the operations of the Board of Directors and governance issues concerning the Company.

Finally, it should be noted that the Directors Gian Paolo Coscia, Laura Benedetto, Elisa Corghi, Paola Generali, Giada Grandi, Lorena Pellissier and Eugenio Rossetti, in their declaration of acceptance for the position of Director of the Company and certification of the requisites for assuming the position, indicated their suitability to qualify as independent and, at the same time, undertook to promptly inform

the Board of Directors and the Board of Statutory Auditors of any changes in their requisites, including those relating to independence, as well as any causes for termination.

4.7. LEAD INDEPENDENT DIRECTOR

In the light of that indicated in the sections above, the conditions envisaged by Art. 2.C.4 of the Code of Self-Regulation for the appointment of a Lead Independent Director have not been fulfilled.

5. TREATMENT OF CORPORATE INFORMATION

The Board has adopted:

- (i) at its meeting of 17 May 2016, the "*Procedure for the public disclosure of inside information*", as last amended and approved by the Board at its meeting held on 31 January 2018, which regulates the management and treatment of inside information as defined in Article 7 of the MAR and the rules for the external disclosure of documents and information concerning Tinexta, taking into account, more generally, the existing legislative and regulatory provisions aimed at preventing and combating market abuse;
- (ii) at the meeting held on 17 May 2016, the "*Procedure for the management of the list of persons who have access to inside and relevant information*", as last amended and approved by the Board at the meeting held on 31 January 2018 in compliance with the provisions of law and regulations contained in Article 18 of the MAR, which require listed issuers to establish and manage a list of persons who, by exercise of their employment or profession or duty, have access to inside information;
- (iii) and approved, on 17 May 2016, the "*Procedure for compliance with internal dealing requirements*", as last amended and approved by the Board at the meeting held on 31 January 2018, aimed at regulating disclosure requirements to Consob and the public relating to the fulfilment by "relevant persons" and "persons closely associated with them", identified in accordance with the MAR, of transactions involving financial instruments issued by the Company.

The described procedures are available on the Company's website, www.tinexta.com and reference should be made to these for further details.

6. COMMITTEES WITHIN THE BOARD

In order to render its corporate governance model compliant with the recommendations contained in articles 4, 6, Principle 6.P.3 and in Art. 7, Principle 7.P.3, letter (a) sub (ii) of the Code of Self-Regulation, the Board of Directors resolved to establish:

- (i) in the meeting of 8 May 2018, a Remuneration Committee (the "**Remuneration Committee**");
and

- (ii) in the meeting of 24 April 2018, an internal control and risk management committee (the "**Control and Risk Committee**"), the latter also acting as a committee for transactions with related parties ("**Committee for Related Party Transactions**") and this in consideration of the organisational requirements of the Company, its operating methods and the size of its Board of Directors.

The aforementioned committees are comprised by five non-executive Directors, the majority of which are independent, and a chairperson chosen from the independent Directors and provide proposals and advice, respectively, regarding remunerations, internal control and risk management.

The term of office of the members of the Remuneration Committee and of the Control and Risk Committee shall be the same as that of the Board of Directors.

In carrying out their duties, the aforementioned committees shall be able to access the company information and the corporate departments needed, and shall utilise the Company media and structures for the performance of the related activities.

The Issuer will make adequate financial resources available to the committees for the performance of their duties, within the limits of the budget approved by the Board of Directors.

In consideration of the Issuer's organisational structure and ownership structure, the Board of Directors did not deem it necessary to set up an Appointments Committee in compliance with the provisions of Art. 5 of the Code of Self-Regulation.

At the date of this Report, no committees other than those recommended by the Code of Self-Regulation have been set up and no functions have been "distributed" among the committees in a manner different from that prescribed by the Code of Self-Regulation.

7. APPOINTMENTS COMMITTEE

Considering the organisational structure and the ownership structure of the Issuer, the Board of Directors has not identified the need to set up a Committee for the appointment of directors pursuant to Art. 5 of the Code of Self-Regulation, reserving the relative functions within the Board of Directors under the coordination of the Chairman, taking into account that the independent directors constitute the majority of the members of the Board of Directors and that the conditions set out in the Code of Self-Regulation in this regard have been complied with.

8. REMUNERATION COMMITTEE

The Remuneration Committee is made up of a majority of independent Directors with the Chairperson chosen from among the independent Directors.

The Board of Directors' meeting of 8 May 2018 appointed as members of the Remuneration Committee the independent Director Giada Grandi (Chairperson), the independent Director Paola Generali, the independent Director Lorena Pellissier, the independent Director Eugenio Rossetti, and the non-executive Director Riccardo Ranalli, for a duration, unless revoked, forfeited or resigned, equivalent to that of the Board of Directors in office, or until the date of approval of the financial statements for the year ending 31 December 2020.

For information on the activities carried out during the Financial Year by the Remuneration Committee, please refer to the relevant parts of the Remuneration Report prepared and published pursuant to Article 123-ter of the TUF and Article 84-*quater* of the Consob Issuers' Regulations (the "Remuneration Report"), available on the Company's website, www.tinexta.com in the "Governance/Shareholders' Meeting" section.

9. REMUNERATION OF DIRECTORS

For detailed information regarding the remuneration of Directors, reference should be made to the Remuneration Report prepared pursuant to Art. 123-ter of the TUF, available at the company's registered office and on the website, www.tinexta.com, in the Governance/Shareholders' Meeting section.

10. CONTROL AND RISK COMMITTEE

The internal control and risk management committee (the "Control and Risk Committee") is made up of non-executive Directors, the majority of whom are independent. The Chairman is chosen from among the independent members.

The Committee was established by resolution of the Board of Directors on 24 April 2018, subsequently amended in its composition on 20 September 2018.

The Control and Risk Committee also acts as a committee for transactions with related parties ("**Committee for Related Party Transactions**").

Composition and functioning of the Control and Risk Committee (pursuant to Art. 123-*bis*, paragraph 2, letter d) of the TUF)

As of 31 December 2019 and as of the date of the Report, the Control and Risk Committee is composed of the non-executive and independent Directors Eugenio Rossetti (Chairman), Elisa Corghi and Gian Paolo Coscia and the non-executive Directors Alessandro Potestà and Riccardo Ranalli, for a duration, unless revoked, forfeited or resigned, equivalent to that of the Board of Directors in office, or until the date of approval of the financial statements for the year ending 31 December 2020.

The work of the Control and Risk Committee is coordinated by the Chairman, Eugenio Rossetti.

Minutes of the meetings are regularly taken and during the year, the Chairman of the Committee regularly reported to the Board of Directors at the first useful meeting on the activities carried out and made the minutes of meetings held available to all Directors.

All members of the Committee have accounting and financial and/or risk management experience that the Board of Directors deems appropriate at the time of appointment.

During the year, the Control and Risk Committee met nine times, on 28 January, 1 March, 11 March, 12 March, 15 May, 17 June, 5 August, 2 October and 11 November 2019; each meeting lasted on average about 1 hour and 55 minutes. The average attendance of Directors in meetings was 96%.

Ten meetings of the Control and Risk Committee are scheduled for 2020, three of which have already been held on 22 January, 3 March 2020 and 18 March 2020 as at the date of the report.

The meetings of the Control and Risk Committee held during the year were attended by the Chairman of the Board of Statutory Auditors and the Internal Audit Manager, as secretary, and, with reference to specific items on the agenda, by the other members of the Board of Statutory Auditors, the members of the Supervisory Body, the Managing Director, the Manager responsible for drawing up the corporate accounting documents, the managers of ICT, Human Resources and Organisation, M&A, Management Control, Policies, Procedures & Quality Management System, Compliance and Corporate and Legal Affairs departments, the Group DPO, the partner and senior manager of the independent auditors KPMG S. p.A, as well as certain Managing Directors of the subsidiaries.

Further information on the participation of the members of the Control and Risk Committee in the meetings is contained in Table 2 attached to this Report.

Functions assigned to the Control and Risk Committee

The Control and Risk Committee has the task of assisting the Board of Directors, with investigative, advisory and consulting functions, in the assessments and decisions relating to the internal control and risk management system, including, in such assessments, all risks that may be significant from a sustainability point of view, in the medium-long term, in the approval of periodic financial reports, as well as, in general, in the Company's commitment to sustainable development. The Control and Risk Committee provides the Board with a prior opinion for the performance of the tasks entrusted to it by the Code on internal control and risk management (providing, inter alia, a binding opinion in the case of decisions relating to the appointment, revocation and allocation of resources of the Internal Audit Manager).

In accordance with the provisions of the Code of Self-Regulation, the Control and Risk Committee, to assist the Board of Directors, also provides proposals and advice as follows:

- a) assessing, along with the Manager responsible for drawing up the corporate accounting documents and after consulting with the independent auditors and the Board of Statutory Auditors, the proper use of accounting standards and their consistency for the purpose of preparing the consolidated financial statements;
- b) providing opinions on specific aspects concerning the identification of the main company risks;
- c) examining periodic reports concerning the assessment of the internal control and risk management system, and those of particular relevance prepared by the Internal Audit Department;
- d) monitoring the autonomy, adequacy, effectiveness and efficiency of the Internal Audit Department;
- e) asking the Internal Audit Department to carry out audits on specific operating areas, also informing the Chairman of the Board of Statutory Auditors;
- f) reporting to the Board of Directors, at least every six months, at the time of the approval of the annual and interim financial reports, on the activities carried out and on the adequacy of the internal control and risk management system;
- g) supporting, following adequate preliminary investigation, the assessments and the decision of the Board of Directors relating to the management of risks resulting from prejudicial matters that the Board of Directors has become aware of.

The Control and Risk Committee meets, at the Chairman's invitation, normally at least 3 (three) working days before the meeting of the Board of Directors called to resolve on matters that fall within the competence of the Committee, as well as whenever necessary or when requested, with an indication of the reasons, by the Chairman of the Board of Directors, the Managing Director or the Chairman of the Board of Statutory Auditors and, in any case, at least every two months and always before the meetings called to approve the draft financial statements and the half-yearly report.

The Chairman of the Board of Statutory Auditors attends meetings of the Control and Risk Committee, who in the event of an impediment designates another Statutory Auditor and in any event, the other Standing Auditors may also attend in order to ensure that the activities of the Committee are properly coordinated with those of the Board of Statutory Auditors, also in light of Application Criteria 8.C.6 of the Code, which envisages that the two bodies exchange information in a timely manner, which is relevant to the performance of their respective duties. The Internal Audit Manager also attends said meetings, as secretary to the same.

The Chairman of the Control and Risk Committee may invite the Chairman of the Board of Directors, the Director entrusted with the internal control and risk management system, the Manager responsible for

drawing up the corporate accounting documents, Internal Audit, the Compliance department, managers of the external auditors, members of the Supervisory Body and/or, with regard to individual items on the agenda, other persons, including other Directors or representatives of corporate departments or third parties to attend Committee meetings, but without voting rights, whose presence may contribute to the smooth functioning of the Control and Risk Committee.

In accordance with Application Criterion 4.C.1. letter d) of the Code, the meetings are minuted, the minutes are signed-off by the Chairman and the Secretary and transcribed in a special register for minutes of the Control and Risk Committee.

The operating rules of the Control and Risk Committee were approved by the Board of Directors on 15 May 2018.

During the year, the Control and Risk Committee met nine times. In the context of the aforementioned meetings, the Control and Risk Committee carried out the activities for which it was responsible and in particular discussed and, where required, resolved on the matters indicated below, formulating, where requested, its opinion on the matter to the Board of Directors:

- the report on the activities carried out by the Internal Audit Department during 2019 and the action plan for 2020 relating to the Company and the Tinexta Group;
- the report on the activities carried out by the Internal Audit Department during the first half of 2019;
- progress of the activities defined in the 2019 Audit Plan, reporting the main results of the activities carried out and reporting on corporate risks and related improvement plans;
- the report on corporate governance and ownership structure prepared by the Company for the 2019 year;
- the draft financial statements of the Company and the Tinexta Group as at 31 December 2019, including a meeting with representatives of the independent auditors and the consolidated half year financial report as at 30 June 2019;
- the non-financial statement of the Tinexta Group pursuant to Italian Legislative Decree 254/2016, assessing the materiality analysis and completeness and reliability in general, including on the basis of the requirements set out in the relevant legislation;
- periodic reporting by the Manager responsible for drawing up the corporate accounting documents, developed within the context of the Tinexta Group, with particular reference to compliance with Law 262/2005;

- reports of the other corporate departments involved in second-level controls in order to assess the adequacy of the controls put in place by the Issuer and its subsidiaries to mitigate the risks that threaten the achievement of the Group's objectives;
- the proposal to update the Model pursuant to Italian Legislative Decree 231/2001 and the introduction of the 231 Guidelines and the Group's Code of Ethics, formulating its own assessment in terms of the adequacy, effectiveness and efficiency of the controls implemented;
- the main extraordinary transactions carried out by the Company and the Tinexta Group, expressing an opinion on the correctness of the procedure followed and on the adequacy of the information provided to the Board of Directors of the Company called to decide on the matter.

The Chairman of the Board of Statutory Auditors attended Committee meetings.

Minutes of Committee meetings have been regularly taken.

In carrying out its functions, the Control and Risk Committee was able to access the information and corporate departments necessary to carry out its duties and did not retain it necessary to utilise the financial budget made available to the same, insofar as the support of the company's internal departments was able to guarantee the effectiveness required to fulfil its duties.

The Chairman of the Control and Risk Committee regularly provided the first possible Board of Directors with useful information on the Committee's activities and on the issues discussed at each meeting of the Committee. In this regard, the Control and Risk Committee has also prepared specific half-yearly reports on the activities carried out by the same during the Year, providing in this context its assessment of the adequacy and efficacy of the functioning of the system of internal control and management of corporate risks of the Company and the Tinexta Group.

11. INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

The internal control and risk management system is the set of rules, procedures and organisational structures of the Company and Tinexta Group aimed at enabling the identification, measurement, management and monitoring of the key risks, whose adequacy is supervised by the Internal Audit Manager. The internal control and risk management system also meets the need to guarantee the protection of the company's assets, the efficiency and effectiveness of the company's operations, the reliability of the financial reporting, compliance with the Laws and regulations, as well as with the Articles of Association and internal procedures, to preserve healthy and efficient management.

The internal control and risk management system involves, each for its own part:

- the Board of Directors, which defines the guidelines and evaluates the adequacy of the internal control and risk management system;

- the Control and Risk Committee with the tasks, described in Section 10 above, of supporting, with adequate investigative and advisory activities, the assessments and decisions of the Board of Directors relating to the system, as well as those relating to the approval of periodic financial reports;
- the Director entrusted with the internal control and risk management system, Enrico Salza, with the tasks, specified in detail in Section 11.1 below, of identifying the main corporate risks and implementing the guidelines defined by the Board of Director;
- the Internal Audit Manager, Gianluca Rosboch, entrusted with verifying that the internal control and risk management system is functioning and adequate, according to the detailed tasks indicated in Section 11.2 below;
- the Board of Statutory Auditors which, also acting as an internal control and audit committee pursuant to Art. 19 of Italian Legislative Decree No. 39/2010, monitors the effectiveness of the internal control and risk management system.

As part of the process of strengthening its internal control and risk management system, Tinexta carried out a risk management project in the last quarter of 2019, aimed at carrying out an initial systematic analysis of all the Group's business risks, including their integration into the Audit Plan. This project, carried out with the support of an external consulting firm and coordinated by the Internal Audit Manager, has led to the launch of an integrated risk management process, defined according to the international standard called "Co.S.O. – Enterprise Risk Management”.

Through the integrated risk management process, the Group's Risk Owners - suitably supported by the project team - have identified and assessed the business risks, considering the impact and probability of occurrence, and the relative degree of coverage through existing controls. On the basis of this analysis, they then identified further risk treatment actions deemed necessary to reduce the level of residual risk.

The risks identified for the Tinexta Group have been classified according to their type into:

- Strategic risks: with impact on the effective pursuit of Group strategies, on the Group's image and, in general, on the ability of processes to achieve the objectives defined by Top Management;
- Operational risks: concerning business activities and with an impact on the level of effectiveness and efficiency of the Group's various business processes;
- Financial risks: deriving from the implementation of business activities and with an impact on the economic and financial parameters of accounting and reporting, liquidity and credit;

– Compliance risks: deriving from the performance of business activities and concerning the non-fulfilment of contractual clauses, laws, regulations and reference standards, with consequent potential administrative/penalty sanctions, and damage to the Group's image and operation.

Furthermore, the Company has launched a project to achieve ISO 9001:2015 certification, which will be completed in 2020. This project, also carried out with the support of an external consultant and coordinated by the Policies, Procedures & Quality Management System department, is a strengthening of Tinexta's internal control system, through the construction of a quality management system that provides for, among other requirements, adequate management of the company's documented information, as well as the identification and periodic measurement of performance indicators against predefined objectives.

In conformity with that established by Application Criterion 7.C.1 of the Code Self-Regulation, the Board of Directors, subject to the opinion of the Control and Risk Committee:

- a) defines the guidelines of the internal control and risk management system in such a way that the main risks pertaining to the Company and its subsidiaries are properly identified and adequately measured, managed and monitored while at the same time also determining the degree of compatibility of these risks with company management that is consistent with the strategic objectives identified;
- b) assesses the adequacy of the internal control and risk management system with respect to the company's characteristics and risk profile assumed, and its effectiveness, at least once a year;
- c) approves the work plan prepared by the Internal Audit Manager after it is approved by the Board of Statutory Auditors and the Director entrusted with the internal control and risk management system at least once a year;
- d) describes the main characteristics of the internal control and risk management system and the methods for coordinating the parties it involves with an assessment of its adequacy in the corporate governance report;
- e) after discussions with the Board of Statutory Auditors, assesses the results presented by the statutory auditor in the letter of suggestions and in the additional report referred to in Article 11 of Regulation 537/EU/2014;
- f) on the proposal of the Director entrusted with the internal control and risk management system and subject to the favourable opinion of the Control and Risk Committee, as well as after consulting the Board of Statutory Auditors, appoints and revokes the Internal Audit Manager; it ensures that it has enough resources for carrying out its responsibilities and defines remuneration in line with company policies.

Furthermore, in defining the strategic, industrial and financial plans, the Board of Directors has defined the nature and the risk level compatible with the strategic objectives of the Issuer, including in its assessments all the risks that may acquire relevance in terms of the sustainability, in the medium-long term, of the Issuer's activities.

The Board of Directors carries out its internal control and risk management tasks while adequately taking into account the models of reference and national and international best practices, with particular attention paid to effective implementation of the Model pursuant to Italian Legislative Decree No. 231/2001, adopted by the Board of Directors with resolution of 1 March 2013.

After taking into account the information provided by the Control and Risk Committee and by the Director in Charge of the internal control and risk management system, as well as the work of the Internal Audit Manager, the Board of Directors meeting held on 19 March 2020 was able to state, for the Year, a positive assessment of the adequacy, effectiveness and actual operation of the internal control and risk management system. The Board based its judgement on the internal control and risk management system on these findings and also considered the improvement plans implemented and the residual risks to which the Group is exposed.

The Board of Directors of 19 March 2020, having consulted the Board of Statutory Auditors and the Director entrusted with the internal control system, approved the work plan for the 2020 year, which was drawn up by the Internal Audit Manager.

Main characteristics of the existing risk management and internal control systems in connection with the financial reporting process pursuant to *Art. 123-bis*, paragraph 2, letter b), TUF

Foreword

The objective of the Tinexta Group financial disclosure internal control system is to provide reasonable certainty on the reliability of the same and on the ability of the process of drawing up the financial statements to produce the financial reporting in compliance with the generally accepted international accounting principles, not being a separate component, but an integral part of the Company's overall internal control system. The above accounting and administrative control model is the set of internal procedures and tools adopted so that the objectives of reliability, accuracy, reliability and promptness of financial reporting can be achieved. The model of reference for executing, managing and assessing the Internal Control System (“**ICS**”) that Tinexta Group has adopted is the model called “Co.S.O. Report”, supplemented with: i) legislative and regulatory references on the subject of internal control; ii) expedient adaptations aimed at making it consistent with the Tinexta Group’s situation.

During the Year, the Company followed the prescriptions of Italian Law 262/05 aimed at documenting the accounting and administrative control model adopted, as well as at implementing specific checks on

the controls that emerged to support the certification process of the Manager responsible for drawing up the corporate accounting documents. To this regard, please note that the Company has prepared a special Methodological Manual, approved by the Board of Directors and circulated to all Tinexta Group companies having significance according to Italian Law 262/05, in which the guidelines for implementing, updating and monitoring the model are outlined and explained.

Description of the main characteristics of the risk management and internal control system existing in connection with the financial reporting process

(a) Phases of the risk management and internal control system existing in connection with the financial reporting process

The main phases of the system implemented by the Company in connection with the financial reporting process can be traced back to the following macro categories of activities.

- Identification of the scope of the companies and of the significant administrative and accounting processes. These activities initially require the definition of the Tinexta Group companies and of the processes of the single companies, with reference to which the activities of studying in-depth the risks and administrative and accounting control are to be carried out, adopting both quantitative parameters (defined on the basis of the significant weight that the figures to consider have on the main financial sheet items) and qualitative elements. The activity of defining the significant scope is usually carried out at the beginning of each year, after approval of the financial statements of the previous year and the issue by the Manager responsible for drawing up the corporate accounting documents, of the certifications required by Law.
- Analysis of the processes, risks and administrative and accounting controls. The analysis of the control system connected with financial reporting is carried out both at the entity level (i.e. on a corporate basis) and at the process level (up to the details of the single transaction) with the aim to effectively mitigate the pertinent risks found within the administrative and accounting system. The approach adopted takes into consideration the possible risks of incorrect representation of the corporate events in the financial reporting, both unintentional and fraudulent, envisaging the design and monitoring of controls able to ensure the hedging of said risks. In particular, the administrative and accounting processes include the risks connected with non-achievement of the control objectives aimed at ensuring truthful and correct financial reporting or at minimising the probabilities and impact of their appearance. These objectives are connected with observance of the financial assertions, which the international standards of reference define as the requirements that every accounting/reporting account of the financial statements must ensure in order to meet the legal obligations (typically: existence and occurrence, completeness, rights and obligations, valuation and recording, presentation and reporting) and other elements that connote the internal

control environment of the organisation (such as, for example, observance of the authorisation limits, segregation of duty, documents and traceability of the transactions). The analysis of the risks connected with financial reporting envisages periodic updating in order to identify the main changes that have taken place in the structure of the administrative and accounting processes following the natural evolution of the business and organisation.

- Definition of the administrative and accounting control system. Based on the results of the risk recognition and assessment activity of the financial reporting process at the “pertinent” level (i.e. regardless of the existence of controls when they appear), the Company defines the structure and methods of executing the administrative and accounting controls deemed adequate for guaranteeing reduction of the risk of non-observance of one or more financial assertions associated with them to an acceptable level while taking into due consideration the presence of control activities that can be considered redundant or compensatory. The approach adopted considers both the manual controls and those relating to the reporting systems supporting the administrative and accounting processes, i.e. the so-called automatic controls at the level of application systems and the IT general controls monitoring areas concerning access to the systems, control of the developments and modifications of the systems and, in general, adequacy of the computer structures.
- Checking the administrative and accounting controls. The controls are periodically monitored in order to verify their actual application over time, during the period of reference and the actual effectiveness in order to ensure that the needs for hedging risks defined by the internal control system and relevant control system are adequate. The assessment of the effectiveness of the administrative and accounting controls is carried out by running specific sample tests to ascertain the proper execution of the controls required by the corporate departments, as well as implementation of the corrective measures established. This monitoring and testing of the financial reporting control system is conducted through an independent compliance activity by the Tinexta Group Internal Audit Department. The results of the monitoring activity are subject of a periodic flow of information (every six months) on the status of the financial reporting control system as concerns the design, structure and functioning of the system by the Internal Audit manager directly to the Manager responsible for drawing up the corporate accounting documents, as well as to senior management, the Control and Risk Committee and the Board of Statutory Auditors for the assessments for which they are responsible.

(b) Roles and departments involved

The risk management and internal control system for financial reporting is managed by the Manager responsible for drawing up the corporate accounting documents. The Manager responsible for drawing

up the corporate accounting documents coordinates with the departments of the Company, the departments of the subsidiary companies falling within the scope of consolidation and the corporate governance bodies, in order to provide and receive information on the execution of activities that have an impact on the economic or financial situation of the Tinexta Group. All departments belonging to the Tinexta Group companies (included within the scope of consolidation) and the governance bodies, such as the Board of Directors, the Board of Statutory Auditors, the Control and Risk Committee, the Supervisory Body, the independent auditing firm, the institutional bodies that communicate with the outside and the Internal Audit Department are responsible for interacting with the Manager responsible for drawing up the corporate accounting documents in order to inform, and if necessary report, on events that might bring about significant changes in the processes if they have an impact on the adequacy and material functioning of the existing administrative and accounting procedures. The Administration Managers of each of these companies of the Group have been identified as responsible for guaranteeing adequate implementation and maintenance of the internal control system in the respective organisations on behalf of the Manager responsible for drawing up the corporate accounting documents. To this regard, the administrative-financial governance model of the Tinexta Group includes a system of internal certifications that requires that the Managing Directors/General Managers and Administration Managers of the single Tinexta Group companies issue a specific certification on the reliability and accuracy of the systems and processes for financial reporting used to prepare the Tinexta Group consolidated financial statements supporting the half-yearly and annual certifications made by the Manager responsible for drawing up the corporate accounting documents and the Managing Director (pursuant to paragraph 5 of Art. 154-*bis* of the TUF).

11.1. DIRECTOR IN CHARGE OF THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

The Board of Directors meeting of 24 April 2018 appointed Enrico Salza as Director entrusted with the internal control and risk management system pursuant to Art. 7, principle 7.P.3 (a)(i) of the Code of Self-Regulation.

In implementing the functions assigned, as described in Section 11 above, during the year, the Director entrusted with the internal control and risk management system, with the support of the appropriate managers for the various areas of reference:

- (a) identified the corporate risks taking into account the strategies and business characteristics of the Company and the Group;
- (b) implemented the guidelines defined by the Board, providing for the design, execution and management of the internal control system, whilst constantly checking its overall adequacy and efficacy;

(c) was responsible for adapting the internal control system to the dynamics of the company and to the modified operating conditions within the reference legislative and regulatory framework.

Enrico Salza has the power to ask the Internal Audit Department to carry out the checks on specific operational areas and on compliance with internal rules and procedures in the execution of company operations, whilst informing the Chairman of the Control and Risk Committee and the Chairman of the Board of Statutory Auditors.

In the performance of their duties, the Director entrusted with the internal control and risk management system has, up to the present date, not identified, nor been informed of, any critical issues that should be promptly brought to the attention of the Control and Risk Committee and the Board of Directors.

11.2. MANAGER OF THE INTERNAL AUDIT DEPARTMENT

On 31 August 2016, the Board, on the proposal of the entrusted Director, after obtaining the favourable opinion of the Control and Risk Committee and after consulting the Board of Statutory Auditors, appointed Gianluca Rosboch as Internal Audit Manager with the task of verifying that the internal control and risk management system is functioning and adequate.

Again on the proposal of the entrusted Director, after receiving the favourable opinion of the Control and Risk Committee and after consulting the Board of Statutory Auditors, the Board has resolved on the remuneration of the Internal Audit Manager, in line with the Company's remuneration policies, and has ensured that the same is provided with adequate resources to carry out their responsibilities.

The Internal Audit Manager avails of the Issuer's means and structures to carry out their duties.

The Internal Audit Manager, to whom no operational area belongs and who reports hierarchically to the Board of Directors, in the exercise of their functions ensures the flow of required information to the Director entrusted with the internal control and risk management system, to the Board of Statutory Auditors and to the Control and Risk Committee.

The Internal Audit Manager has direct access to all information required for the performance of their duties and, where deemed necessary, also has access to the documentation produced by third parties entrusted with control duties in the Company or in other subsidiaries.

The Internal Audit Manager, pursuant to Art. 7.C.5 of the Code of Self-Regulation:

(a) checks the effectiveness and compliance of the internal control and risk management system using an audit system approved by the Board of Directors that is based on a structured process of analysis and prioritisation of the main risks both continuously and in connection with the specific needs and in observance of the international standards;

(b) has direct access to all information helpful in performing the task;

(c) prepares periodic reports containing enough information on their activity, on the methods with which the risk management is conducted and on observance of the plans defined to reduce them. The periodic reports contain an assessment of the suitability of the internal control and risk management system;

(d) prepares reports on particularly significant events in a timely manner;

(e) sends the reports described under points (c) and (d) to the chairmen of the Board of Statutory Auditors, the Control and Risk Committee and the Board of Directors, and to the Director entrusted with the internal control and risk management system;

(f) checks reliability of the computer systems, including the accounting systems, as part of the audit plan.

During the Year, the Internal Audit Manager:

- conducted the audits defined in the approved 2019 plan and reported on the results of the activities carried out;
- carried out specific interventions (special tasks) on the basis of requests and instructions formulated by Tinexta Group management;
- carried out activities related to Italian Law 262/2005, checking the companies (and their processes) quantitatively and qualitatively significant in terms of compliance, through testing, the operational effectiveness of the controls monitoring administrative-accounting risks and monitoring the progress of the implementation of improvement actions;
- assisted the Supervisory Board, also of other Tinexta Group companies, in performing specific audits, periodic verifications and analysis of records from information flows of the Supervisory Body;
- assisted the personnel of Tinexta and of the other Tinexta Group companies in formalising new procedures or updates of existing procedures based on the results of specific audits carried out on Tinexta or at Tinexta Group level;
- assisted and supported Tinexta's compliance department in updating the Model pursuant to Italian Legislative Decree 231/2001 and in the introduction of the 231 Guidelines and the Group's Code of Ethics;
- coordinated, with the support of external consultants, the project to implement a structured Risk Management process at Group level;

- formulated their own periodic assessment of the suitability of the internal control and risk management system.

The results of each internal audit intervention were submitted in the form of internal audit reports sent concomitantly to the Chairman of the Board of Directors, the Managing Director (also to later be sent to the structures subject to auditing), the Control and Risk Committee and the Board of Statutory Auditors.

The internal audit reports were also sent, for the competence aspects, to the Supervisory Body of Tinexta and, for the internal audit interventions pertaining to the subsidiaries, to their control and regulatory bodies (Boards of Directors, Boards of Statutory Auditors and Supervisory Bodies).

The internal audit reports present the concise assessment of the internal control and risk management system control protocols referring to the areas and processes checked, the description of the findings and limitations found, and the recommendations that emerged, for which the managers of the activities and areas audited draw up a plan of corrective actions whose implementation is monitored by the internal audit department.

The Internal Audit Manager draws up (i) half-yearly reports containing sufficient information on their activity, on the methods with which risk management is conducted and on observance of the plans defined to reduce them, as well as the assessment of the suitability of the internal control and risk management system and (ii) specific reports in the case of particularly significant events.

On 19 March 2020, the Internal Audit Manager issued their annual report (referring to the period from 1 January to 31 December 2019, with an update to the date of its issue) and with reference to the result that emerged from the audit activities carried out, stated that no significant situations or critical issues such as to lead one to believe the internal control and risk management system of the Tinexta Group as a whole inadequate emerged.

11.3. ORGANISATIONAL MODEL PURSUANT TO ITALIAN LEGISLATIVE DECREE NO. 231/2001

By resolution of the Board of Directors of 1 March 2013, the Company adopted an Organisational Model that meets the requirements of Italian Legislative Decree No. 231/2001 (hereinafter also referred to as the "**Model**") aimed at avoiding administrative liability in criminal proceedings involving the Company for certain types of crimes committed by its directors, managers, employees or collaborators in the interest or to the advantage of the Company itself. With the same resolution, the Company's Code of Ethics was adopted, which is an integral part of the Model.

On 7 August 2017 and subsequently on 5 August 2019, the Board of Directors updated the Organisational Model and the Code of Ethics to take into account the development of the reference

regulatory framework, the organisational changes of the Issuer, the jurisprudential guidelines and the experience deriving from the application of the Model itself.

The Model, which was also developed and updated in accordance with the guidelines prepared by Confindustria on the subject, represents a further qualifying element for the Company's internal control system and consists of the following:

- a General Section containing, among other things, specific information on the qualifying contents of Italian Legislative Decree No. 231/2001 and subsequent additions, description of the governance model and the organisational structure of the Company, objectives, structure of the Model and activities carried out to update it, requirements, functions and powers of the Supervisory Body, its information flows, disciplinary and sanctioning regime connected with violations of the provisions of the Model, communication and training activities for personnel related to the adoption of the Model;
- a Special Section, consisting of a series of specific control protocols in relation to the different corporate areas identified as potentially exposed to the risk of committing the offences provided for by Italian Legislative Decree No. 231/2001, which for Tinexta have been identified as being the following: offences within relationships with the Public Administration and corruption between private parties, corporate offences, transnational offences and organised crime offences, terrorist financing crimes, offences committed in violation of accident prevention and occupational health and safety regulations, offences connected to the receipt of stolen goods, money laundering and the misuse of money, goods or benefits of illegal origin as well as computer offences, copyright infringement offences, offences linked to employment of illegal third-country nationals, crimes against the individual, racism and xenophobia, market abuse.

On 1 March 2013, the Company appointed the Supervisory Body.

The Supervisory Body currently in office was appointed by resolution of the Board of Directors of 24 April 2018 and is composed of three experts chosen from within and outside the company, with adequate training and professionalism, in the persons of Laura Benedetto (Chairperson), Ugo Lecis and Alberto Sodini, all with autonomous powers of initiative and control as provided for in Art. 6 of Italian Legislative Decree 231/2001.

For full compliance with Italian Legislative Decree 231/2001, the Supervisory Board reports to the Board of Directors and is not linked to the company's operations by any hierarchical link, so as to guarantee its full autonomy and independence in the performance of its functions.

Subsidiaries with strategic importance for the Tinexta Group have also adopted, and over the years updated, their own Organisational Model pursuant to Italian Legislative Decree No. 231/2001 and appointed at the same time their respective Supervisory Bodies; this in order to implement specific

control measures based on the different risk/offence profiles relevant to each company. The respective Supervisory Bodies, as implemented by the Tinexta Supervisory Body, have implemented their own action plans to monitor and assess the adequacy of the Organisational Models adopted by the individual companies. The planned operational checks were carried out through the Internal Audit Department of the Tinexta Group and periodic reports were prepared and sent to the Boards of Directors and Boards of Statutory Auditors on the supervisory activities carried out during the reference periods.

With a view to strengthening the 231 compliance protections of its subsidiaries, Tinexta issued 231 Guidelines during 2019, as a tool to support all activities to prepare and update Organisational Models and, more generally, to implement a compliance model pursuant to Italian Legislative Decree No. 231/2001 for companies within the Group. The main innovations introduced by these Guidelines refer to the introduction of a Group Code of Ethics, as a tool, applicable to all subsidiaries, aimed at preventing offences, as well as disseminating the reference ethical principles and rules of conduct in order to develop the relationship of trust with stakeholders and strengthen the reputation of the Group, and the introduction of the obligation to adopt a 231 Model for all the Group's Italian subsidiaries.

Based on the provisions of these Guidelines, the Italian subsidiaries have begun updating or preparing their Organisational Models or plan to implement them by 2020.

The prescriptions contained in the Model are completed, as already highlighted, by those of the Tinexta Group's Code of Ethics approved by the Board of Directors on 5 August 2019, which describes the commitments and ethical responsibilities in the conduct of business and corporate activities to which each employee and all those with whom the Company comes into contact in the course of its business, must conform in the performance of their duties, in the belief that ethics in the conduct of business is the basis for the success of business activities.

The Code of Ethics is available on the Website in the Governance/Corporate Documents section.

The Supervisory Body reported to the Board of Directors on the activities carried out during the Year with reports issued on 5 August 2019 and 19 March 2020.

On 20 December 2018, the Board of Directors approved the introduction of an internal system for reporting offences, as required by Italian Legislative Decree No. 231/2001 and by Law 179/2017 (the so-called "Whistle-blowing System"). Based on an external IT platform that guarantees the confidentiality of the identity of the whistle-blower, the Whistle-blowing System introduces specific methods for reporting of, to the Supervisory Body, illegal phenomena and suspicious conduct, irregularities in company management, acts or facts that may constitute a violation of internal and external regulations as well as the control principles and rules of conduct contained in the Model and in the Code of Ethics of the

Company. This system has been adopted by all subsidiaries belonging to the Tinexta Group that have their own Organisational Model pursuant to Italian Legislative Decree No. 231/2001.

11.4. INDEPENDENT AUDITING FIRM

Pursuant to Art. 13 of Italian Legislative Decree No. 39 of 27 January 2010, the Ordinary Shareholders' Meeting held on 29 April 2016, at the proposal of the Board of Statutory Auditors, resolved to appoint the independent auditors KPMG S.p.A. to audit the separate and consolidated financial statements of the Tinexta Group for the 2016-2024 years, with the limited audit of the condensed consolidated half-yearly financial statements for that nine-year period, as well as to verify that the accounts are properly kept and that the operating events are correctly recorded in the accounting records during those years.

The Company has adopted a procedure for assigning appointments to the independent auditors within the Tinexta Group in order to safeguard the independence requirement of the manager of the statutory audit, with rules for the assessment when assigning certain types of appointments - other than those of a mandatory nature - by the Company and its subsidiaries, to the independent auditors and its network.

11.5. MANAGER RESPONSIBLE FOR DRAWING UP THE CORPORATE ACCOUNTING DOCUMENTS AND OTHER CORPORATE ROLES AND POSITIONS

Pursuant to Article 19 of the Articles of Association, the Board of Directors, subject to the mandatory but non-binding opinion of the Board of Statutory Auditors, appoints the Manager in charge of preparing the financial reports referred to in Article 154-*bis* of the TUF, establishing a specific term of office, from among the managers with at least three years' experience gained in holding management positions in areas of administrative/accounting and/or financial and/or control activities at the company and/or its subsidiaries and/or at other public limited companies.

The Board of Directors may revoke the office of Manager responsible for drawing up the corporate accounting documents, again subject to the mandatory though non-binding opinion of the Board of Statutory Auditors, at the same time appointing another person to the same position.

In compliance with the above, the current Board of Directors resolved on 17 May 2016 to appoint Nicola Di Liello to the office of Manager responsible for drawing up the corporate accounting documents pursuant to Art. 154-*bis* of the TUF after receiving the favourable opinion of the Board of Statutory Auditors.

At the time of their appointment, the Board assigned the Manager responsible for drawing up the corporate accounting documents with all of the powers and means for the exercise of the tasks assigned to them pursuant to current legislation and the Articles of Association, including direct access to all

functions, offices and information necessary for the production and verification of accounting, financial and economic data, without the need for any authorisation.

Compliance Department

The Company has entrusted responsibility for the Compliance Department to an external consultant with proven experience, placing them in a position of absolute autonomy with respect to the operating structures, and reporting directly to the Board of Directors and the Board of Statutory Auditors. The aforementioned department is responsible for periodically monitoring and evaluating the adequacy and effectiveness of the measures, policies and procedures adopted to identify and minimise the risk of non-compliance with regulatory obligations and provide advice to relevant persons in the performance of their activities and assist them in fulfilling the obligations incumbent on the Company, including as a listed entity.

Data Protection Officer - DPO

With regard to the processing and management of personal data and privacy, the Tinexta Group has complied with the new General Data Protection Regulation (No. 2016/679 hereinafter "**GDPR**"). In this regard, a model for the management of rules and business processes for privacy has been defined and implemented, both at group and subsidiary level. The Group's Data Protection Officer has been appointed and the relevant Data Protection Officers have been identified.

Quality/ Policies Manager, Procedures & Quality Management System

The Company has set up the Policies, Procedures & Quality Management System activity in the Human Resources and Organisation Department, with the responsibility of ensuring the regulation of business processes in line with the control, effectiveness and efficiency objectives established by Tinexta Management, coordinating the integrated risk management process at Group level, reporting the results to Top Management and Control Bodies, and monitoring the quality management system implemented in order to ensure its suitability, efficiency and adequacy over time.

As of the date of the Report, the Company's Board of Directors had not appointed any persons responsible for internal control or risk management other than those described above.

11.6. COORDINATION BETWEEN THE PARTIES INVOLVED IN THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

The Company establishes methods for coordination between the various parties involved in the internal control and risk management system. In particular, in addition to the periodic information provided to the Board of Directors, it is the Company's practice that the meetings of the Control and Risk Committee are also attended by the Internal Audit Manager, the Chairman of the Board of Statutory Auditors or

another statutory auditor designated by them or together with the other statutory auditors, and may be attended by the Managing Director, the Director entrusted with the internal control and risk management system, the Compliance Department Manager and the Manager responsible for drawing up the corporate accounting documents, in order to ensure effective coordination of the activities of the Control and Risk Committee with those carried out by other bodies and departments.

On 19 March 2020, the Board of Directors, in accordance with the provisions of the Criterion 7.C.1 of the Code, expressed an opinion on the adequacy of the above methods of coordination between the various parties involved in the internal control and risk management system.

12. INTERESTS OF THE DIRECTORS AND TRANSACTIONS WITH RELATED PARTIES

The Company has defined and adopted specific procedures for significant transactions and transactions with related parties, in order to ensure that directors receive complete and exhaustive information on this type of transaction.

The Company approves related party transactions in accordance with the provisions of current laws and regulations and the procedure approved on 17 May 2016 and 22 June 2016, subject to the favourable opinion of the independent Directors pursuant to Article 2391- of the Italian Civil Code and the RPT Regulations, updated on 3 October 2018 (the "**RPT Procedure**"). The RPT Procedure was adopted in accordance with the RPT Regulations.

In compliance with the RPT Regulations, the RPT Procedure regulates the procedures for preparing and approving transactions with related parties defined as being of greater importance on the basis of the criteria indicated in the RPT Regulations and transactions with related parties defined as being of lesser importance, i.e. those other than transactions of greater importance and transactions of smaller amounts pursuant to the RPT Regulations.

Without prejudice to the disclosure obligations provided for by Law and the RPT Procedure, transactions with related parties must be approved by the body responsible for adopting the relevant decision pursuant to Law and the Articles of Association, after obtaining a reasoned opinion on the appropriateness and substantive correctness of the terms and conditions of the transaction from the Related Parties Committee, made up of the independent members of the Control and Risk Committee, who must also be unrelated Directors for each transaction. The Chairperson of the Committee for Related Party Transactions is identified as the Chairman of the Control and Risk Committee if the Related Parties Committee coincides with the Control and Risks Committee, unless otherwise determined by the Board of Directors.

The Related Parties Committee performs the functions envisaged by the RPT Procedure, the RPT Regulations and the legislation in force at the time, and in particular:

- expresses its prior opinion on the approval and amendments of the RPT Procedure, as well as on the proposals to be submitted to the Shareholders' Meeting regarding any amendments to the Articles of Association identified as necessary by the Board of Directors in the context of the definition of the RPT Procedure;
- expresses its binding reasoned opinion on transactions of major importance and expresses its non-binding reasoned opinion on transactions of minor importance;
- intervenes in the negotiation and preliminary phase of the most significant transactions, by receiving a complete and timely flow of information and with the right to request information and to make observations to the delegated bodies and to the persons in charge of conducting the negotiations or the due diligence phase; and
- supports the competent corporate functions in the preliminary checks relating to the identification of Related Parties and transactions with related parties in accordance with the RPT Procedure and current legislation from time to time.

On 24 April 2018, the Board of Directors identified the Control and Risk Committee as the competent body for transactions with related parties which, pursuant to the RPT Procedure, has assumed the role of Related Parties Committee.

The RPT Procedure can be found on the Company's website in the Governance/Corporate Documents section, to which reference should be made for further details.

As at the date of the Report, the Board of Directors has not deemed it necessary to adopt, in addition to the RPT Procedure and the disclosure requirements set out in Article 2391 of the Italian Civil Code, a specific procedure for the identification and management of situations in which a director has an interest on his/her own behalf or on behalf of third parties.

13. APPOINTMENT OF AUDITORS

The Statutory and Alternate Auditors are appointed by the Shareholders' Meeting, in compliance with the *pro tempore* regulations in force concerning the balance between genders, on the basis of lists submitted by the Shareholders in compliance with the legal and regulatory provisions in force at the time contained in Art. 148 of the Consolidated Finance Act and 144-*quinquies et seq.* of the Consob Issuers' Regulations.

Pursuant to Art. 20 of the Articles of Association, a balance between the male and female genders must be ensured in the composition of the Board of Statutory Auditors in observance of the applicable legal and statutory provisions currently in force. The auditors, who may be re-elected, are selected from parties who have the requisites, also regarding plurality of offices, established by current legislation, also statutory,

including professional competence in conformity with Ministry of Justice Decree No. 162 of 30 March 2000 regarding the provisions of Art. 1, paragraph 2, letters b) and c) of said decree, which are to be considered strictly pertinent to the Company’s activity: (i) matters pertaining to commercial law; tax law; accounting; business economics; general, international and financial market economics; corporate finance; and (ii) sectors of industry and the publishing trade and pertaining to communications in general.

The Board of Statutory Auditors is appointed in observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders, on the basis of lists submitted to the shareholders.

Every list, which contains the names of one or more candidates, marked by a progressive number and all together in a number not exceeding the number of members to elect, indicates whether the single candidacy is submitted for the office of statutory auditor or for the office of alternate auditor. Lists that present a total number of candidates equal to or greater than three must be composed of candidates belonging to both genders, so as to allow the composition of the Board of Directors to comply with current legislation on gender balance.

Only those Shareholders who alone or together with other submitting Shareholders form a total of Shareholders, as at the date the list is submitted, with voting rights in Shareholders’ meeting resolutions concerning the appointment of the Board of Directors and Board of Statutory Auditors representing a percentage of stake in the Share Capital made up of said Shares, as subscribed on the date the list is submitted, at least equal to the percentage applicable for appointing the Board of Directors as determined or referred to by these Articles of Association are entitled to submit the lists. The percentage of shareholding required for submitting lists of candidates is specified in the notice calling the Shareholders’ Meeting for appointing the Board of Statutory Auditors.

By Executive Resolution No. 28 of 30 January 2020, Consob established, without prejudice to any lower quota provided for in the Articles of Association, the minimum shareholding required for the presentation of lists of candidates for the election of the administrative and control bodies of listed companies that closed their financial year on 31 December 2019.

In particular, the shareholding set for Tinexta S.p.A. was as follows:

CRITERIA FOR DETERMINING THE SHAREHOLDING\			SHAREHOLDING
CLASS OF CAPITALISATION	FLOATING QUOTA>25%	MAJORITY SHARE<50%	
> EUR 375 million and <= EUR 1 billion	not relevant	not relevant	2.5%

Each candidate may appear on only one list, under penalty of ineligibility. Each shareholder may neither submit or concur on submitting nor - like every other one entitled to vote - vote more than one list, not even through a third party or trustee. Moreover, the Shareholders that: i) belong to the same group (or, pursuant to Art. 93 of TUF, find themselves in a control relationship with each other or are subject to joint control, even when the parent company is a natural person), or ii) take part in a significant shareholders' agreement pursuant to Art. 122 TUF concerning company shares, or iii) take part in such a shareholders' agreement and be, according to the law, parent companies or be controlled by or be subject to joint control of one of said participating shareholders, cannot submit or concur with others to submit more than a single list and cannot vote for different lists. The agreements and votes expressed in breach of said prohibition shall not be attributed to any list. The lists, complete with the curricula vitae of the candidates containing exhaustive information on the personal and professional characteristics of each one of them with the list of any administration and control positions held in other companies, and signed by the shareholders that submitted them, or their agent, with indication of the respective identity and percentage of stake altogether held as at the date of submission must be lodged with the registered office by the twenty-fifth day prior to the date set for the Shareholders' Meeting in first or single call together with a statement of the submitting shareholders, when different from those that hold, also jointly, a control or majority stake in the Share Capital (the latter as defined above in this article), certifying the absence of relationships of association with the latter as required by the legislation, including statutory, currently in force.

When submitting the list, statements must be submitted in which single candidates accept their candidacy and declare, under their own responsibility: 1) the non-existence of causes for ineligibility for election and incompatibility, as well as the existence of the requisites required based on that set out in current primary and secondary legislation; 2) the existence of the independence requisites required by Article 148, paragraph 3, of the TUF. Lists submitted without the forgoing provisions being observed are considered as not submitted. If, by the twenty-fifth day before the date of the Shareholders' Meeting in first or single call, only one list is submitted, or lists have been presented only by Shareholders associated with each other pursuant to the legal and regulatory regulations currently in force, additional lists can be submitted until the third day after said date and the minimum percentage of stake for submitting lists shown on the notice of call will be considered reduced by half. Also in the case of such a submission, the relevant certification(s) or communication(s) certifying the aforesaid necessary stake issued by the intermediary authorised pursuant to the applicable legal or statutory provisions may also be delivered afterwards as long as it is at least twenty-one days before the date set for the Shareholders' meeting in first or single call. The lists and information provided together with them will be advertised pursuant to the standards, including regulatory, currently in force. The election of the members of the Board of Statutory Auditors shall be carried out as follows: a) two statutory members and one alternate member are taken from the list that

obtained the highest number of votes at the Shareholders' meeting, based on the progressive order with which they are respectively listed on the list, except for what is provided for hereunder to ensure a balance between genders in observance of the applicable legal and statutory provisions currently in force; b) the remaining statutory auditor, who is entitled to the chairmanship of the Board of Statutory Auditors, and the other alternate member are taken from the second list obtaining the highest number of votes at the Shareholders' Meeting and that is not associated, not even indirectly, pursuant to the legal and statutory regulations currently in force, with those who submitted or voted for the list that obtained the highest number of votes as described in letter a) above. For the purpose of appointing the auditors described in letter b) above, if there is parity between lists, the one submitted by Shareholders having the largest stake or, subordinately, the largest number of Shareholders, prevails. In the case of parity of votes between two or more lists that obtained the highest number of votes, the Shareholders' Meeting will go to second ballot with resolution taken with relative majority. If a party associated with a Shareholder that has submitted or voted for the list that obtained the highest number of votes has voted for a minority list, the existence of said relationship of association takes on importance only if the vote determined the election of the auditor to take from said minority list. If a single list is submitted, all candidates belonging to that list are elected with the majority vote of the Share Capital represented at the Shareholders' Meeting.

If following the voting by lists or voting of the single list, the composition of the Board of Statutory Auditors is not ensured, in compliance with the applicable legal and regulatory provisions currently in force on the subject of balance between genders, the statutory member candidate of the most represented gender elected last in progressive order from the list that obtained the highest number of votes or from the single list will be excluded, and will be replaced by the next candidate according to the progressive order with which the candidates are listed, taken from the same list and belonging to the other gender.

If no list at all is submitted, the Shareholders' Meeting appoints the Board of Statutory Auditors with majority vote relating to the Share Capital represented at the Shareholders' Meeting, in such a way that observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders is ensured. The chairmanship of the Board of Statutory Auditors in these latter cases lies with the head of the only list submitted or with the person appointed by the Shareholders' Meeting if no list has been submitted.

If the legal and statutory requirements are not met, the auditor ceases to hold office. If an auditor is replaced, the alternate belonging to the same list as the one who leaves office fills the place, provided that observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders is ensured. Failing that, if the minority auditor leaves office, the candidate listed afterwards in the original order of submission and without taking into account the original statutory or alternate auditor candidacy on the same list to which the one leaving office belonged or, alternatively, the first candidate of the minority list that received the second highest number of votes fills the place,

provided that observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders is ensured. The chairmanship of the Board of Statutory Auditors will still lie with the minority auditor. When the Shareholders' Meeting must appoint statutory and/or alternate auditors necessary to supplement the Board of Statutory Auditors, it follows these steps: if auditors elected from the majority list are to be replaced, the appointment is made with relative majority vote without obligation of a list in observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders; if, on the other hand, auditors from the minority list must be replaced, the Shareholders' Meeting replaces them with relative majority vote, selecting them from the candidates shown on the list on which the auditor to be replaced appeared or, subordinately, on the minority list that obtained the second highest number of votes, in both cases without taking into account the original candidacy to the office of statutory or alternate auditor, again in observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders. In any case, the same documents pertaining to the latter must be submitted by the Shareholders that plan to propose a candidate in advance, as provided for above in the case of submission of lists for the appointment of the entire Board, if necessary by way of updating what was already submitted at that time.

If application of these procedures for any reason does not permit replacement of the auditors designated by the minority, the Shareholders' Meeting shall proceed with a relative majority vote in observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders, subject to the submission of candidacies - complete with the same documents provided for above in the case of submission of lists for the appointment of the entire Board - for each candidate by Shareholders that hold - either alone or together with other submitting Shareholders - shares with voting rights at least equal to the percentage of the Share Capital that would be necessary for submitting the same lists, since in any case said submission by Shareholders that hold, also jointly, a control or relative majority stake in the Share Capital or that have relationships of association with the latter as provided for by the regulations, also statutory, currently in force is not allowed. In ascertaining the results of this latter vote, the votes of the Shareholders to which submission of candidacies is not allowed will not be calculated. The chairmanship of the Board of Statutory Auditors still lies with the minority statutory auditor as appointed. Should no candidacies be submitted, the Shareholders' Meeting resolves with relative majority in observance of the applicable legal and statutory provisions currently in force on the subject of balance between genders.

Other and additional provisions provided for by binding legal or statutory rules however remain valid.

The Articles of Association provide that the minority list is reserved for the election of one statutory auditor and one alternate auditor.

14. COMPOSITION AND OPERATIONS OF THE BOARD OF STATUTORY AUDITORS

The Board of Statutory Auditors in office as of 31 December 2019 and as of the date of the Report, appointed by the Shareholders' Meeting of 24 April 2018, is composed of the Chairman Luca Laurini and the Statutory Auditors Monica Mannino and Alberto Sodini, and the Alternate Auditors Domenica Serra and Maria Cristina Ramenzoni.

Please refer to **Table 3** in the appendix for further details on the composition of the Board of Statutory Auditors.

The Board of Statutory Auditors was appointed by the aforementioned Ordinary Shareholders' Meeting, on the basis of the 3 lists of candidates presented, respectively, by the majority Shareholder Tecno Holding S.p.A. holding 56.51% of the Share Capital, by Quaestio Capital SGR S.p.A. holding 9.9% of the Share Capital and by a group of investors representing a total of 1.45% of the Share Capital, and will remain in office until the approval of the financial statements for the year ended 31 December 2020.

For further information on the lists submitted for the appointment of the Board of Statutory Auditors, please refer to the website www.tinexta.com in the Governance section, where the professional profiles of the Statutory Auditors are available pursuant to articles 144-*octies* and 144-*decies* of the Consob Issuers' Regulations.

Information on the personal and professional characteristics of the individual members of the Board of Statutory Auditors follows.

He is the owner of Studio Tributario Sodini and provides tax, corporate and business consulting services to Italian companies and multinational groups operating in the media-TV, marketing & communication, real estate and innovative start-ups sectors. He is a director and liquidator of joint-stock companies and is chairman and a member of boards of statutory auditors and supervisory bodies of companies, including listed companies, operating in various business sectors, holding companies and consortia.

Domenica Serra (Alternate Auditor) – She received her diploma in Accountancy from the “B. Vittone” Technical Commercial School of Chieri, and then obtained the certificate of Collegiate Accountant in 1980 in Turin. She is entered under No. 3318 of the Register of Chartered Accountants and Accounting Experts for the districts of Ivrea-Pinerolo-Turin and in the Register of Statutory Auditors. Since 1981, she has been a certified public accountant in the tax and corporate sector, with particular reference to joint-stock companies. She holds offices of statutory auditor and auditor in various companies operating in a number of sectors (industrial, commercial, real estate and holdings).

Maria Cristina Ramenzoni (Alternate Auditor) – In 1994 she began her professional practice at the De Carli-Marena associated practice. Up to 2001, she was a collaborator with the De Carli-Marena associated practice. In 2002 she became a member of the "Multistudio" consultancy firm together with her colleagues Luigi Bussolati, Ugo Marena, Giovanni Massera, Annalisa Avanzi and Alessandro Giaquinto. She has lectured at trade associations and public schools in accounting, tax and corporate matters since 2001. From 2002 to 2005 she was a member of the Budget Commission of the Association of Chartered Accountants of Parma. She was a member of the Equal Opportunities Committee of the Order of Chartered Accountants and Accounting Experts of Parma from 2010 to 2016. She was a member of the Non-Commercial Bodies Commission of the Order of Chartered Public Accountants and Accounting

Experts of Parma from 2013 to 2016. From 2015 to 2016 she was a member of the Emilia Romagna Territorial Commission of Non-Profit Entities. Since 2017, she has been Secretary of the Association of Chartered Public Accountants and Accounting Experts of Parma.

All the members of the Board of Statutory Auditors meet the independence requirements set out in Art. 148, paragraph 3, of the TUF and, as indicated in their profiles and in the additional information provided in this paragraph, the integrity and professional requirements set out in Art. 148 of the TUF and in the implementing regulations adopted by Decree 162/2000 of the Ministry of Justice.

During the year, the Board of Statutory Auditors met 14 times, and the meetings lasted an average of four hours each. The average attendance of the auditors at the meetings was 100 %. The Board of Statutory Auditors carried out its own self-assessment, the results of which were forwarded to the Board of Directors, and prepared the activity plan for the 2020 financial year. The Board of Statutory Auditors has scheduled 12 meetings for the current year, three of which have already been held on 21 January 2020, 27 February 2020 and 19 March 2020.

Diversity criteria and policies

Tinexta applies criteria of diversity, including gender, in the composition of the Board of Statutory Auditors, in accordance with the priority objective of ensuring adequate competence and professionalism of its members. In this regard, it should be noted that the Articles of Association provide rules for the composition of lists and supplementary voting mechanisms aimed at ensuring the presence on the Board of Statutory Auditors of the minimum number of members belonging to the least represented gender.

On the occasion of the recent renewal of the Board of Statutory Auditors, which took place on 24 April 2018, the Shareholders' Meeting appointed, among others, Monica Mannino as Statutory Auditor and Domenica Serra and Maria Cristina as Alternate Auditors, thus ensuring the presence of female candidates equal to one third of the total, in accordance with the provisions of Article 148 of the TUF at the date in force. As of the date of the Report, Article 148, paragraph 1-*bis*, of the TUF requires that the allocation of auditors be made in such a way that the least represented gender obtains at least two fifths of the statutory members of the Board of Statutory Auditors. This criterion will apply from the first renewal of the Board of Statutory Auditors following the date of entry into force of the new legislation, i.e. 1 January 2020. In Communication No. 1/20, Consob specified that, since for corporate bodies made up of three members, the two-fifths reserve is inapplicable due to arithmetical impossibility, a rounding-down rule applies, rather than upwards, as currently provided for in the Issuers' Regulations.

Furthermore, the characteristics of the members of the Board of Directors in office shall be such as to ensure an adequate level of diversity, not only in terms of gender composition, but also with regard to aspects such as age, training and professional experience.

Tinexta has not yet adopted a specific diversity policy under Article 123-*bis*, para 2, letter d-*bis* of the TUF, considering that the training processes of the Company's administration and control bodies already take into full consideration important aspects such as age, gender composition and training and professional experience of the respective members as indicated above.

The Board of Statutory Auditors successfully verified the independence of its members on the basis of the criteria set out in Art. 3 and Art. 8 of the Code of Self-Regulation. In particular, as prescribed by Application Criterion 8.C.1 of the Code, in its meeting of 19 March 2020 the Board of Statutory Auditors checked the independence of its members by applying all criteria established for directors by the Code, and confirmed the existence and continuation of said requirements for each one of them.

In accordance with the provisions of Rule Q.1.1. "Self-assessment of the Board of Statutory Auditors" of the Rules of Conduct of the Board of Statutory Auditors of listed companies, in accordance with Art. 8 of the Code of Self-Regulation and by current regulations, the Board of Statutory Auditors assessed the suitability of the members and the adequate composition of the body, with reference to the requirements of professionalism, competence, honourableness and independence required by the regulations.

In their declaration of candidacy and acceptance of the office of Statutory Auditor of the Company, all the Statutory Auditors also certified (i) the non-existence of causes for ineligibility, forfeiture or incompatibility, (ii) that they possessed all the requisites of integrity, independence and professionalism required by law and the Articles of Association for the office of Statutory Auditor of Tinexta as a listed company; (iii) not to hold positions as director or statutory auditor to an extent equal to or greater than the limits established by current legislation; and (iv) to undertake to promptly notify the Company and, on its behalf, the Board of Directors and other members of the Board of Statutory Auditors of any changes to the declaration and any causes for revocation.

With regard to the initiatives promoted by the Chairman of the Board of Directors aimed at providing the Statutory Auditors with adequate knowledge of the business sector in which the Issuer operates, reference should be made to that already illustrated in Section 4.2 above.

As illustrated in Section 11 above, the Board of Statutory Auditors, in the performance of its functions, has coordinated and regularly coordinates with the Internal Audit Manager, the Control and Risk Committee, the Director in charge of the internal control and risk management system, the Manager responsible for drawing up the corporate accounting documents and the independent auditors.

The Issuer requires that the Statutory Auditor who has an interest in a certain transaction of the Issuer on their own account or that of third parties promptly inform the other Statutory Auditors and the Chairman of the Board in detail on the nature, terms, origin and scope of their interest.

With regard to the compensation paid in the Year to the control bodies for any reason and in any form, please refer to that illustrated in Section II of the Remuneration Report published pursuant to Article 123-ter of the TUF.

15. RELATIONS WITH SHAREHOLDERS

The Company considers it essential and strategic to establish and maintain a constant and open dialogue with its Shareholders, with investors, in particular institutional investors, and more generally with all stakeholders with an interest in Tinexta and the Tinexta Group.

To this end, the Board of Directors, in accordance with the recommendations set out in Article 11 of the Code of Self-Regulation, has identified Lawrence Young Kay as the person responsible for developing relationships with Shareholders and investors (Investor Relator).

A special section of the website is dedicated to financial and corporate information of importance to investors, under "Investor Relations".

The contact details for the Investor Relations department manager are as follows:

Lawrence Young Kay

Tel. +39 335 810 4434

E.mail: investor@tinexta.com

For the dissemination of regulated information to the public, the Issuer uses the "eMarket SDIR" platform and for the storage of Regulated Information, the "eMarket STORAGE" centralised storage system, accessible at www.emarketstorage.com, both managed by Spafid Connect S.p.A., with registered office in Foro Buonaparte 10, Milan.

Disclosure activities in relations with investors are also ensured by making available the most significant company documents promptly and continuously on the website, in the "Investor Relations" section.

More specifically, all press releases issued to the market, the periodic accounting documents of the Company approved by the competent company bodies (annual financial report; half year financial report; interim management reports), and the documents distributed at meetings with the professional investors, analysts and financial community may be freely consulted by investors on said website, in Italian and English. Furthermore, the Articles of Association, the documentation prepared for the Shareholders' Meetings, communications on Internal Dealing, the Annual Report on the corporate governance system and any other document whose publication on the Issuer's website is required by applicable regulations, can be found on the Website.

16. SHAREHOLDERS' MEETINGS

Pursuant to Art. 7 of the Articles of Association, the Shareholders' Meeting - which can be held in Italy, also outside the registered office - is called with a notice published on the company's website and with all other methods provided for by the applicable legal and statutory provisions currently in force. Both the ordinary and extraordinary Shareholders' Meetings are held in single call, without prejudice to the right of the Board of Directors, if it sees fit, to decide that the ordinary Shareholders' Meeting be held in two calls and the extraordinary Shareholders' Meeting in two or three calls, applying the majorities respectively established by the Law with reference to each of these cases.

The right to participate and representation at the Shareholders' Meeting are regulated by the applicable legal and statutory provisions. It is clarified that with regard to the latter, electronic notification of proxy for participating in the Shareholders' Meeting may be made using the special section of the company's website and/or with a message addressed to the certified electronic mail box, according to what is indicated on the notice of call of the Shareholders' Meeting.

The Board of Directors may designate, from time to time for each Shareholders' Meeting, one or more persons to whom the persons entitled to vote may grant proxies in accordance with the applicable provisions of Law and regulations in force at the time, providing information in accordance with the same provisions.

Pursuant to Art. 8 of the Articles of Association, the Shareholders' Meeting is chaired by the Chairman of the Board of Directors or, should they be absent or hindered, by whoever takes their place; if lack thereof, the Shareholders' Meeting appoints another person.

In observance of the rules of Law and of the Articles of Association, the Chairman of the Shareholders' Meeting is responsible for managing and regulating the progress of the works of the meeting, including determination of the order, voting system and counting of the votes, checking that the Shareholders' Meeting is duly formed, verification of the identity and right to participate in the Shareholders' Meeting, the regularity of the proxies and ascertainment of the voting results.

The Chairman is assisted by a secretary appointed by the shareholders' meeting upon the proposal of the Chairman. In cases required by Law or when deemed opportune by the Chairman, the minutes are taken by a notary selected by the Chairman.

The resolutions of the Shareholders' Meeting must consist of minutes signed by the Chairman and the Secretary or the notary.

Pursuant to Art. 9 of the Articles of Association, the regular constitution of the ordinary and extraordinary Shareholders' Meetings and the validity of their resolutions are regulated by the Law and the Articles of Association.

Art. 16 of the Articles of Association establishes that the Board of Directors is given the following power to resolve, without prejudice to Art. 2436 of the Italian Civil Code:

- mergers in the cases listed under articles 2505 and 2505-*bis* of the Italian Civil Code and de-mergers in the cases in which said rules are applicable;
- reduction of the Share Capital in the case one or more Shareholders withdraw;
- adaptation of the Articles of Association to legislative provisions;
- indication of which directors represent the company;
- establishment or closing of branches;
- the transfer of the registered office to another municipality in the national territory.

Pursuant to Art. 22 of the Articles of Association, the Ordinary Shareholders' Meeting approves the statutory financial statements within one hundred and twenty days from the end of the financial year, or within one hundred and eighty days since the company is required to draw up the consolidated financial statements or however when particular needs concerning the structure and purpose of the company so require.

The conduct of the Shareholders' Meetings is governed by specific Regulations for Shareholders' Meetings, which were approved by resolution of the Shareholders' Meeting of 25 June 2014. Regulations for Shareholders' Meetings have been adopted in order to regulate the orderly and functional conduct of Shareholders' Meetings and to facilitate the exercise of shareholders' rights, in accordance with current regulations, including EU regulations and the recommendations contained in Art. 9 of the Code of Self-Regulation.

In order to regulate and facilitate the participation of those entitled to vote, Article 18 of the Regulations for Shareholders' Meetings establishes that those entitled to exercise their voting rights may ask to speak on the matters under discussion only once, making observations and requesting information. The Chairman, taking into account the subject and importance of the individual items on the agenda, as well as the number of persons requesting the floor and any questions asked by Shareholders prior to the Shareholders' Meeting that have not already been answered by the Company, predetermines the duration of comments and replies - normally no more than ten minutes for comments and no less than five minutes - in order to ensure that the Shareholders' Meeting can conclude its proceedings within a single meeting.

A copy of the Regulations for Shareholders' Meetings is available on the Company's website in the Governance/Corporate Documents section, to which reference should be made for further details.

In addition to that already indicated in the previous sections of the Report, it should be noted that the

right of withdrawal may be exercised only within the limits and in accordance with the provisions of mandatory provisions of Law and, pursuant to Art. 6 of the Articles of Association, it is excluded for Shareholders who have not taken part in resolutions concerning the extension of the duration of the Company or the introduction, amendment or removal of statutory restrictions on the circulation of the Company's Shares.

During the year, the Board of Directors reported to the Shareholders' Meeting on the activities carried out and planned and worked to ensure that the Shareholders receive adequate information on the elements required for them to be able to make, with full knowledge of the facts, the decisions for which the Shareholders' Meeting is responsible.

The Board, pursuant to Application Criterion 9.C.4. of the Code of Self-Regulation, did not deem it necessary to propose to the Shareholders' Meeting, amendments to the Articles of Association in relation to the percentages established for the exercise of the measures designed to protect minorities, since - in application of Art. 144-*quater* of the Consob Issuers' Regulations for the presentation of lists for the appointment of members of the Board and the Board of Statutory Auditors - the Issuer's Articles of Association require the percentage threshold of 2.5% of the Share Capital with voting rights or any other percentage established or referred to by legal or regulatory provisions. In this regard, it should be noted that, most recently with Executive Resolution No. 28 of 30 January 2020, Consob set the shareholding required for the submission of lists of candidates for the election of the Issuer's Board of Directors and Control Body at 2.5% of the Share Capital.

During the Year, a Shareholders' Meeting of the Company was held on 18 April 2019 in ordinary session, for the approval of the financial statements for the year ended 31 December 2018 and the allocation of profit for the year, and the remuneration policy set out in the first section of the remuneration report pursuant to Article 123-*ter* of the TUF.

The Shareholders' Meeting of 18 April 2019 was attended by the Chairman of the Board of Directors Enrico Salza and the Directors Pier Andrea Chevallard, Riccardo Ranalli, Eugenio Rossetti and Elisa Corgi, as well as the Statutory Auditors Luca Laurini, Monica Mannino and Alberto Sodini, while the Directors Giada Grandi, Laura Benedetto, Gian Paolo Coscia, Paola Generali, Lorena Pellissier and Alessandro Potestà were absent. During the Shareholders' Meeting, the Board of Directors, through the Chairman of the Board of Directors and the Managing Director, reported on the activities carried out and planned, providing Shareholders with adequate information useful for taking informed decisions, making all the documentation prepared for the individual items on the agenda available to them. The Remuneration Committee reports to the Shareholders on the exercise of their functions through the information in this Report and in the Remuneration Report.

During the Year, no changes took place in the capitalisation of the Company's Shares basically connected to new changes and developments of the business or in the composition of the shareholding structure, without prejudice to the change in Share Capital from EUR 46,890,120.00 to EUR 47,207,120.00 following the exercise by Cedacri of the third and final tranche of the Warrants.

17. FURTHER CORPORATE GOVERNANCE PRACTICES

The Issuer does not adopt corporate governance practices other than those provided for by the legislative or regulatory provisions and described in this Report.

18. CHANGES SINCE THE END OF THE YEAR UNDER REVIEW

No changes in the corporate governance structure other than those reported in the specific sections of the Report have taken place since the end of the Year.

19. CONSIDERATIONS ON THE LETTER OF 19 DECEMBER 2019 FROM THE CHAIR OF THE CORPORATE GOVERNANCE COMMITTEE

With regard to the letter of 19 December 2019 from the Chairman of the Corporate Governance Committee to the Chairmen of the Boards of Directors of Italian listed companies, Tinexta's Board of Directors took note of the analyses and recommendations contained therein and noted the Company's overall adequacy with respect to the indications regarding adequate management of information flows to the Board of Directors, ensuring that confidentiality requirements are protected without compromising the completeness, usability and timeliness of the information, the qualification of the independent directors who are members of the Board of Directors, the remuneration of non-executive directors and members of the control body (the adequacy of which had been verified by means of market comparisons at the time of the relevant Shareholders' meeting resolution), as well as the sustainability of the company's business, which was further strengthened by the further analysis carried out, through a specific assessment of the risk factors likely to affect its ability to pursue value creation in the long term.
