Oggetto : Tesmec Group selected in the proposal for the award of the third lot of the RFI tender

Testo del comunicato

Vedi allegato.

TESMEC S.P.A.: TESMEC GROUP SELECTED IN THE PROPOSAL FOR THE AWARD OF THE THIRD LOT OF THE RFI TENDER FOR THE SUPPLY AND FULL MAINTENANCE SERVICE OF TRUCKS FOR THE TERRITORIAL DIAGNOSTICS ON APRONS, NODES AND INTERCONNECTIONS.

The subsidiary Tesmec Rail S.r.l. has been selected in the proposal to award lot no. 3 in the tender, for a total value of approximately € 50 million, relating to the supply of trucks for diagnostics.

Grassobbio (Bergamo – Italy), 13 May 2020 – **Tesmec S.p.A.** (MTA, STAR: TES) (“**Tesmec**” or the “**Company**”), at the head of a group leader in the market of infrastructures related to the transport and distribution of energy, data and materials, announces that on May 12, 2020, its subsidiary Tesmec Rail S.r.l. was selected in the award proposal for the 3rd lot of the tender launched by RFI – Rete Ferroviaria Italiana SpA, a company of the Ferrovie dello Stato Group responsible for the overall management of the national railway network, for the supply and Full Maintenance Service of trucks for the territorial diagnostics on aprons, nodes and interconnections.

This achievement is the result of the path undertaken in recent years by the Tesmec Group for the development of railway systems with high technological content.

Following the definition of the ranking, RFI must therefore, in compliance with the provisions of the tender specifications, start the verification of consistency between the solutions presented in the technical offer and the quantities indicated in the economic offer for the final award. The relative supply contract will be signed only after the positive verification of the aforementioned requirements and the further steps foreseen in the tender documentation.

Tesmec Group

Tesmec Group is leader in designing, manufacturing and selling of systems, technologies and integrated solutions for the construction, maintenance and efficiency of infrastructures related to the transport and distribution of energy, data and material. In details, the Group is active in the following sectors: 1) transmission and distribution power lines (stringing equipment for the installation of conductors and the underground cable laying, electronic devices and sensors for the management, monitoring and energy automation); 2) underground civil infrastructures (high powered tracked trenchers for linear excavation of oil, gas and water pipelines, telecommunication networks and drainage operations; surface miners for bulk excavation, quarries and site preparation; specialized digging services); 3) railway lines (railway equipment for the installation and maintenance of the catenary and for special applications, e.g. snow removal from track; new generation power unit). The Group, established in 1951 and led by Chairman & CEO Ambrogio

Caccia Dominioni, relies on more than 850 employees and has the production plants in Italy - in Grassobbio (Bergamo), Endine Gaiano (Bergamo), Sirone (Lecco), Monopoli (Bari), in the USA, in Alvarado (Texas) and in France, in Durtal, as well as three research and development units respectively in Fidenza (Parma), Padua and Patrica (FS). The Group also has a global commercial presence through foreign subsidiaries and sales offices in USA, South & West Africa, Australia, New Zealand, Russia, Qatar, China and France. The know-how achieved in the development of specific technologies and solutions, and the presence of engineering teams and highly skilled technicians, allow Tesmec to directly manage the entire production chain: from the design, production and sale of machinery, to all pre-sales and post-sales. All product lines are developed in accordance with the ISEQ (Innovation, Safety, Efficiency and Quality) philosophy, with environmental sustainability and energy conservation in mind.
