4. Each Shareholder may participate in the submission of one list only, otherwise the endorsement shall not be counted for any of the lists; each candidate must appear on one list only, under penalty of ineligibility.

5. The non-admissibility of the List of the BoD will be decided, subject to opinion of the committee set up for appointment of directors, by the Board of Statutory Auditors.

7. Each Shareholder may vote for one list only.

8. Without prejudice to the fact that, for the purposes of allocating the Directors to be elected, lists are not taken into consideration (including the List of the BoD, if any) unless they obtain a percentage of votes equal at least to half the percentage required by these Articles of Association for submitting the lists by the Shareholders, directors are elected as follows:

a) up to 12 directors will be taken from the list that obtained the majority of votes (the "First List") in the order in which they are listed; the remaining 3 Directors will be taken from the list that obtained the majority of votes among other lists (the "Second List"), always in the order in which they are listed;

- c) if the Second List does not have a sufficient number of candidates to ensure the number of Directors to be elected is reached, the remaining Directors will be taken from the third most voted list, then, if necessary, from the fourth list and so on from the most voted lists, always according to the progressive order in which the candidates are listed;
- d) if the number of candidates included in the lists is less than the total number of Directors to be elected, the remaining Directors are elected with resolution adopted by the Shareholders' Meeting with relative majority ensuring the compliance with the principles of independence and gender balance prescribed by these Articles of Association and by the regulations in force. In the event of equal votes between a number of candidates, a ballot will be held between said candidates by further shareholder vote;
- e) if only one list is submitted or admitted, a maximum number of 12 Directors will be taken from it. The remaining Directors will be elected by the Shareholders' meeting with relative majority, but excluding the vote of the shareholders who submitted the single list, on proposal of these shareholders with voting rights pursuant to this paragraph;
- f) if no list is submitted or admitted, the Shareholders' Meeting resolves in according to the terms set forth in the previous letter d), within the candidates presented by the Shareholders at least 16 days prior to the date set for the Shareholders' Meeting on first or single call, with the obligation to file the documentation envisaged in the previous paragraph 5;
- g) if the minimum number required of independent directors and/or directors belonging to the least represented gender is not elected, the Directors of the First List with the highest sequence number and without the requirements at issue are replaced by the following candidates taken from the same list with the requirement or requirements. If, even by applying this method, it is not possible to identify the Directors with the above-mentioned characteristics, the substitution criteria indicated will apply to the members of the Second List and then gradually to the most voted lists from which the elected candidates were taken;
- h) if, even by applying the substitution criteria set forth under the previous letter g), appropriate substitutes are not identified, the Shareholders' Meeting resolves with relative majority. In this case, the substitutions will be made gradually starting from the most voted lists and from the candidates with the highest sequence number.

Art. 32

1. The entire Board of Statutory Auditors is appointed on the basis of lists containing no more than five candidates and no less than two, submitted by the Shareholders, and where the candidates must be listed in progressive order. Each list shall comprise two sections: one for the candidates for the position of Permanent Auditor and one for the candidates for the position of Substitute Auditor.

2. The lists must be filed at the company headquarters, even using remote communication means, in accordance with procedures stated in the notice of call of the Shareholders' Meeting, which allow the filing parties to be identified, by the twenty-fifth day before the date set for the first or single call of the Shareholders' Meeting, and made available to the public at the company headquarters, on the website and through the other procedures established by applicable legislation at least twenty-one days prior to the date of the Shareholders' Meeting. Each list must be signed by one or more of the Shareholders holding a total share capital not less than the one envisaged by applicable laws and regulations. If at the expiry date of the previously mentioned deadline only one list has been filed, or only lists submitted by shareholders that, on the basis of applicable provisions, prove to be inter-related, lists may be submitted up to the third day after said deadline. In this case, the above-mentioned shareholding percentage to submit lists is reduced by half.

3. Each Shareholder may participate in the submission of one list only, otherwise the endorsement will not be counted for any of the lists; each candidate must appear on one list only, under penalty of

ineligibility

The composition of the lists should be such as to ensure compliance with the requirements of general rules or statutory provisions for individual components and the entire Board of Statutory Auditors.

4. Each list with two or more candidates must be compiled in such a way as to guarantee gender balance among candidates, and must therefore ensure that one of the candidates listed in the section relating to permanent auditors is of the least represented gender.

5. In addition to that established by law and by regulations in force, along with each list, and by the closing date for filing the list at the company headquarters, under penalty of disqualification, a curriculum indicating the personal and professional characteristics of each candidate must be filed in addition to the declarations by which the individual candidates irrevocably accept their candidature and certify under their own responsibility that there are no reasons to exclude eligibility and no incompatibility issues, and that they meet all the requirements under the laws and regulations in force as well as under these Articles of Association to take the office of Statutory Auditor.

6. Lists that do not comply with the requirements or the timeframes set out in the Articles of Association or with prevailing law or regulations are not admitted for voting. The non-admissibility of lists not submitted in compliance with procedures and timeframes set forth in this article will be decided by the Board of Directors, as a matter of urgency, subject to opinion of the committee set up for appointment of directors in compliance with the provisions and regulations in force and with the provisions of the Corporate Governance Code of Borsa Italiana.

7. Each Shareholder may vote for one list only.

8. The following procedure is followed when electing the Board of Statutory Auditors:

a) If no list is submitted or admitted – in compliance with the law, regulations or the Articles of Association – the Board of Statutory Auditors and its Chairman are appointed by the Shareholders' Meeting, in compliance with the provisions of Art. 31, paragraph 9, with relative majority vote and according to the provisions of the Shareholders' Meeting Regulations, from the candidates that are submitted by Shareholders at least 7 days prior to the date set for the first or single call of the Shareholders' Meeting, with observance of the obligation to file the documents provided by the paragraph 5 above;

b) if two or more lists are submitted:

i) two Permanent Auditors and one Substitute Auditor will be taken from the list that obtained the highest number of votes in the order in which they are listed in the list sections;

ii) the third Permanent Auditor and the second Substitute Auditor will be taken from the list that - among the remaining lists - obtained the highest number of votes and which is not associated, even

indirectly, with the Shareholders who submitted the list that obtained the highest number of votes, in the order in which they are listed in the list sections;

iii) if the list that obtained the highest number of votes does not have a sufficient number of candidates to ensure the number of Permanent and/or Substitute Auditors to be elected in accordance with the above mechanism is reached, all the candidates of the aforesaid list will be elected and the remaining Auditors will be taken from the next list in terms of votes obtained, according to the progressive order in which they are listed in each section of the list. If the list that obtained the highest number of votes among the minority lists does not have a sufficient number of candidates to ensure the number of Auditors to be elected in accordance with the above mechanism is reached, the remaining Auditors will be taken from the other minority lists that have obtained the most votes according to the progressive order in which the candidates are listed;

iv) in the event that the lists obtain the same number of votes, the candidate from the list submitted by the Shareholders who represent a higher percentage of capital will be elected;

c) if only one list is submitted or admitted – in compliance with the law, regulations or Articles of Association – the Shareholders' Meeting will vote on it and the candidates indicated in the first and second section of the list will be elected Permanent Auditors and Substitute Auditors respectively. In that case, the Chairman of the Board of Statutory Auditors will be the first candidate on the list.

9. If the number of candidates included on the lists submitted and admitted, whether majority or minority lists, is less than the number of Statutory Auditors to be elected, the remaining Statutory Auditors are elected, in compliance with the provisions of the aforementioned Art. 31, paragraph 9, with resolution adopted by the Shareholders' Meeting with relative majority. If two or more candidates receive the same number of votes, a further ballot will be held by the Shareholders' Meeting to decide among these.

10. If despite adopting the criteria specified in this article for the election of Statutory Auditors, the composition of the Board of Statutory Auditors proves non-compliant with the provisions of Art. 31, paragraph 9, the Statutory Auditor from the list obtaining the most votes and would have been elected under the terms of the aforementioned criteria, indicated in the list with a higher sequential number and not of the least represented gender, will be replaced by the next candidate on the same list that does meet these requirements.

11. If, despite application of the mechanism referred to in the previous paragraph, it is not possible to elect Statutory Auditors that meet the necessary requirements to complete the composition of the Board of Statutory Auditors as envisaged in these Articles of Association, or if it is not possible to apply the mechanism, the Shareholders' Meeting will resolve by relative majority vote on proposal by Shareholders in attendance to replace one or more Statutory Auditors that would then be elected

under the terms of the aforementioned criteria, starting from the Statutory Auditor with the highest sequential number on the list that received the least votes.

12. If at least two lists are submitted, the Chairman of the Board of Statutory Auditors will be the first candidate listed on the minority list, i.e. the list that obtained the second highest number of votes.

Art. 33

1. In case of early termination of office of a Permanent Auditor, the substitutes from the same list will replace him/her until the next Shareholders' Meeting, in the sequential order in which they appeared on that list, without prejudice to compliance with the principle of gender balance pursuant to the aforementioned Art. 31, paragraph 9.

2. If the Chairman of the Board of Statutory Auditors terminates his office early, the chairmanship is undertaken until the next Shareholders' Meeting by the first permanent member or, failing this, by the first substitute, taken from the list on which the Chairman was listed.

3. If it is not possible to proceed according to the indications in paragraphs 1 and 2 above, the Permanent Auditor or Chairman leaving office shall be substituted in compliance with provisions of law until the next Shareholders' Meeting.

4. At Shareholders' Meetings expected to appoint the Permanent or Substitute Auditors required to integrate the Board of Statutory Auditors following the termination of office of individual Statutory Auditors, without prejudice to compliance with the principle of gender balance pursuant to the aforementioned Art. 31, paragraph 9, instead of the list voting system the following is adopted:

a) if it is necessary to replace Statutory Auditors from a single list filed or from the list that received most votes, or by votes without lists or in the event of integration of board membership pursuant to article 31, paragraph 9, the appointment of Statutory Auditors to be integrated and the appointment of a Chairman, if necessary, occurs by relative majority vote on individual candidates submitted in compliance with the aforementioned article 32, paragraph 8, letter a);

b) If it is necessary to replace a Statutory Auditor taken from a minority list, the appointment of the Permanent Auditor to complete the Board and the possible appointment of the Chairman takes place by means of relative majority vote, choosing, where possible and according to the consecutive order, from among the candidates indicated in the list to which the Permanent Auditor to be replaced belonged; where this is not possible, from among the candidates who were indicated in next minority list in terms of votes obtained, provided that the candidates, at least 10 days prior to the date set for the first or single call of the Shareholders' Meeting, have confirmed their candidature and filed the declaration certifying the non-existence of causes of ineligibility or incompatibility and the

possession of the requirements set forth for the office of Permanent Auditor, together with their curriculum indicating their personal and professional characteristics;

c) if it is not possible to proceed as indicated in the previous point, appointment of the Permanent Auditors to complete the Board and the possible appointment of the Chairman take place by means of relative majority vote for the individual candidates submitted, in compliance with the provisions of Article 32, paragraph 8, letter a) above, and in compliance with the laws and regulations in force.
