### **Tinexta: closing of the acquisition Yoroi, a leading group specialized in cybersecurity**

**Rome, 26 January 2021** – Following the press release of 12 October 2020, Tinexta Group announces that today it has completed the acquisition of 60% of Yoroi's share capital, one of the leading players in the cybersecurity industry with its brands; Cybaze, Emaze e @Mediaservice.net.

The acquisition is part of the project aimed at the creation by Tinexta of a new Italian center of digital security services, which supports the other businesses of the Group, in particular that of digital identity.

The price for the 60% of share is equal to € 19,1 million, plus an earnout that will eventually be paid after the approval of the company's 2020 financial statements if the conditions will be met. According to the agreements, the option rights regarding the minority stakes of the share capital may be exercised in 2024.

As part of Tinexta's new Cybersecurity business unit ("BU"), in addition to the further development of Yoroi's R&D skills, the dedicated team will be responsible for providing cutting-edge answers to companies and organizations that need to contain and manage all cyber risks, in order to prevent or reduce the damage potentially resulting from a cyber-attack.

Following today's transaction, the results of the acquired company will be consolidated starting from January 1, 2021.
