2 INFORMATION ON THE OWNERSHIP STRUCTURE (AS PER ART. 123-BIS OF THE CONSOLIDATED LAW ON FINANCE AS OF 31/21/2020)

a) Share capital structure (as per Art. 123-bis, para. 1, letter a) of the Consolidated Law on Finance)

As at 31.12.2020, the subscribed and paid-up share capital amounted to € 2,440,699.00 (two million four hundred and forty thousand six hundred and ninety-nine/00), divided into no. (i) 19,655,171 (nineteen million six hundred and fifty-five thousand one hundred and seventy-one) ordinary shares (the "Ordinary Shares") and no. 195,000 (one hundred and ninety-five thousand) special shares (the "Special Shares"), both without nominal value.

Among the ordinary shares, 255,654 shares are treasury shares which have suspended voting rights pursuant to Art. 2357-ter, para. 2.

Ordinary Shares

The Ordinary Shares, which are registered and have no nominal value, have regular dividend entitlement, are indivisible, freely transferable and are dematerialized pursuant to Art. 83-bis et seq. of the Consolidated Law on Finance, and the related implementing regulations; they are registered with the centralized depository system managed by Monte Titoli.

The Special Shares are dematerialized pursuant to Art. 83-bis et seq. of the Consolidated Law on

Finance and have no voting rights. In addition, except as specified below, the Special Shares carry the same rights and obligations as the Ordinary Shares.

Special Shares

The provisions of the Corporate By-Laws relating to the Special Shares are set out below. Pursuant to Art. 6.4 of the Corporate By-Laws, Special Shares are as follows:

- (a) they are non-transferable, except when transferred to withdrawing or excluded shareholders of PromoSprint Holding S.r.l., shareholder of the Issuer, ("**PromoSprint**") or to heirs of PromoSprint's shareholders upon completion of the liquidation (partially or entirely) in kind of the relevant shareholding in PromoSprint;
- (b) they are excluded from the right to receive profits which the Company may resolve to distribute as of the effective date of the Corporate By-Laws until 20 May 2024, while their holders are entitled to share the distribution of available reserves;
- (c) in the event of dissolution of the Company, the holders of the Special Shares are entitled to receive their share of the net assets of the Company, ranking lower in priority to the holders of Ordinary Shares in accordance with Art. 27 of the Corporate By-Laws;
- (d) they are automatically converted into Ordinary Shares, as follows:
 - (i) in the event that, by 20 May 2024, the official price of the Ordinary Shares traded on the MTA, for at least 15 (fifteen) days out of 30 (thirty) consecutive trading days, is greater than or equal to € 13.50 (thirteen/50) per Ordinary Share, for each 1 (one) Special Share 6 (six) Ordinary Shares are obtained in conversion. It is understood that in the event of any adjustment to the value of the Company's Ordinary Shares communicated by Borsa Italiana, the value of € 13.50 (thirteen/50) referred to in this point (d) sub (ii) will consequently be adjusted according to the "K coefficient" announced by Borsa Italiana;
 - (ii) after the deadline of 20 May 2024, for each 1 (one) Special Share, not already converted automatically pursuant to the circumstances referred to in this point (d) sub (i), 1 (one) Ordinary Share will be obtained in conversion.

It is understood that the automatic conversion of the Special Shares into Ordinary Shares, sub (i) or (ii), will take place without the need for any manifestation of will on the part of their holders and without amending the size of the share capital, it being understood that such conversion will result in a reduction in the Ordinary Shares' implied par value in accounting terms. As a consequence of the automatic conversion of the Special Shares into Ordinary Shares, the Board of Directors will proceed as follows:

- (i) note the conversion in the shareholders' register with cancellation of the Special Shares and issue of the Ordinary Shares;
- (ii) file with the Register of Companies, pursuant to Art. 2436, para. 6, of the Italian Civil Code, the text of the Corporate By-Laws with (1) the amendment of the total number of shares and more precisely the number of shares of the different classes - if any - into which the share capital is divided and/or (2) the elimination of the clauses of the Corporate By-Laws expired due to the conversion of all the Special Shares into

Ordinary Shares pursuant to Art. 6.4 of the Corporate By-Laws; as well as

b) Restrictions on security transfer (as per Art. 123-bis, para. 1, letter b) of the Consolidated Law on Finance)

As at the date of this Report, there were no restrictions of any kind on the transfer of the Company's Ordinary Shares, other than the lock-up agreements described below:

- (i) within the context of the Business Combination, on 7 May 2019, Intesa Holding S.p.A., company holding de facto control of the Issuer pursuant to Art. 93 of the Consolidated Law on Finance ("**IH**"), undertook a lock-up commitment concerning the Ordinary Shares, which IH would have held in SICIT as a result of the Business Combination, by virtue of which IH undertook not to dispose of these Ordinary Shares in any way, such effectiveness being subject to the effectiveness of the Business Combination itself. This commitment will last for 48 months from the effective date of the Business Combination (which took place on 20 May 2019), therefore up to 20 May 2023, and concerns the 9,000,000 Ordinary Shares (or 45.81% of the Issuer's share capital) IH became the owner of as a result of the merger by incorporation of SICIT 2000 into SprintItaly (the "**Merger**"), shares held by IH at the date of this Report;
- (ii) within the context of the Business Combination, on 7 May 2019, RM Holding S.r.l., Conceria Montebello S.p.A., Conceria Peretti S.r.l., Stel-fin S.r.l., Nuova Gasby S.p.A. More specifically, by the agreement regulating the lock-up commitment, IH Majority Shareholders have agreed not to dispose, on any grounds, of their shareholdings in IH (as stated above), not to grant options, rights or warrants for the purchase, subscription, conversion or exchange of shares in IH, and not to enter into or otherwise conclude swap agreements or other contracts having the same effects, albeit just financial. Despite the foregoing, IH Majority Shareholders are entitled to carry out transfers of IH shares among themselves (also for 100% of the shares held individually) provided that (a) they maintain, in aggregate, at least the absolute majority of the share capital of IH, and (b) RM Holding S.r.l., Stel-Fin S.r.l. and Nuova Gasby S.p.A. (as at the date of this Report, Gruppo Peretti S.p.A.) do not reduce their shareholdings in IH. This commitment shall be in force for 48 months from the effective date of the Merger (which occurred on 20 May 2019) and, therefore, until 20 May 2023; and
- (iii) on 21 July 2017, PromoSprint entered into a lock-up commitment in respect of all the Ordinary Shares owned by it as a result of the conversion of the Special Shares (in accordance with the Corporate By-Laws in force at the date of this Report). By the agreement governing the lock-up commitment, PromoSprint agreed not to dispose of the said Ordinary Shares on any grounds whatsoever, except (a) in the event of universal succession, (b) for transfers resulting from extraordinary transactions of the Issuer (such as mergers or demergers), (c) for transfers to companies directly or indirectly controlled by PromoSprint pursuant to Art. 2359, para. 1, points 1 and 2, of the Italian Civil Code, or to a natural person/legal entity directly or indirectly controlling PromoSprint pursuant to Art. 2359, para. 1, points 1 and 2, of the Italian Civil Code, in each case on condition that the transferee takes over the lock-up commitment unconditionally undertaking all the relevant obligations, and (d) for transfers to the shareholders of PromoSprint in the event of its liquidation or to withdrawing or excluded shareholders of PromoSprint or the

heirs of PromoSprint's shareholders as a result of the liquidation (in whole or in part) in kind of their share in PromoSprint, in each case on condition that the transferee takes over the lock-up commitment and unconditionally undertakes all the relevant obligations. The above lock-up commitment shall be in force for the following period:

1. in respect of 630,000 Ordinary Shares arising from the conversion of the first tranche (105,000) of the Issuer's Special Shares carried out as a result of the Business Combination, until the earlier of: (i) the end of the 12th month following the conversion date, i.e. 20 May 2020; and (ii) the conversion date of the second tranche of Special Shares, i.e. pursuant to the Corporate By-laws, the date on which the official price of the Ordinary Shares is greater than or equal to Euro 13.50 for at least 15 days out of 30 consecutive trading days;

- Paolo Ludovici (acting as Chairperson of the Board of Statutory Auditors of the Company), Elena Fornara (Standing Auditor) and Michele Aprile (Alternate Auditor), designated by PromoSprint, and
- Manfredo Turchetti (Standing Auditor) and Sergio Zamberlan (Alternate Auditor) designated by IH.

Pursuant to the Agreement's provisions, the above auditors were appointed by the Ordinary Shareholders' Meeting of the Company, held on 20 April 2020, and shall remain in office up to the Shareholders' Meeting when the financial statements at 31 December 2022 are approved.

According to the Shareholders' Agreement, should the entire Board of Directors resign before the Shareholders' Meeting when the financial statements at 31 December 2022 are approved (term of office as resolved upon by the ordinary Shareholders' Meeting of the Company of 20 April 2020), in compliance with the relevant provisions of the Corporate By-Laws, the parties shall ensure that the new Board of Directors is composed of 11 members, in compliance with the designation rights IH and PromoSprint are respectively entitled to, as provided for in the Shareholders' Agreement and as referred to above.

This provision shall be valid and effective subject to the Listing; moreover, starting from the Trading Start Date and, therefore, in compliance with the list voting rules contained in the Corporate By-Laws, IH and PromoSprint:

- (i) shall cause - also pursuant to Art. 1381 of the Italian Civil Code - the Board of Directors to propose to the Shareholders' Meeting, and the Shareholders' Meeting to resolve, that the governing body consists of 11 members;
- (ii) shall submit a joint list, in accordance with the relevant provisions of the Corporate By-Laws and within the terms and in the manner provided for therein, containing 11 candidates for the office of Director, in accordance with the designation rights referred to above, without prejudice to the provisions of the following point sub (iii); and
- (iii) shall agree that one of the candidates designated by PromoSprint and meeting Independence Requirements shall be placed last on the list, so that, if one or more minority lists are submitted and a Director is drawn from that list (or from the minority list obtaining the highest number of votes), in accordance with the list voting mechanism provided for by the Corporate By-laws, such candidate in the last position shall not be appointed.

Likewise, with reference to the Board of Statutory Auditors, should the entire audit body be appointed before the Shareholders' Meeting when the financial statements at 31 December 2022 are approved (term of office as resolved by the ordinary Shareholders' Meeting of the Company of 20 April 2020), the parties have undertaken to:

On 24 November 2020, effective from 1 January 2021, Mr. Paolo Ludovici resigned from the office of Chairperson of the Company's Board of Statutory Auditors and Mr. Michele Aprile resigned from the office of Alternate Auditor of the Company; Mr. Manfredo Turchetti took over the office of Chairperson of the Board of Statutory Auditors and the alternate auditor Mr. Sergio Zamberlan took over the office of Standing Auditor, effective until the next meeting of the Company, where statutory appointments will be executed.

- (i) submit to the Shareholders' Meeting called to appoint the entire Board of Statutory Auditors before the Shareholders' Meeting when the financial statements at 31 December 2022 are approved (term of office as resolved by the ordinary Shareholders' Meeting of the Company on 20 April 2020), a list of candidates in compliance with the applicable provisions contained in the Corporate By-Laws and, therefore, in compliance with the requirements on gender balance (also taking into account the replacement mechanisms provided for in the Corporate By-Laws, should the appointment of the Statutory Auditors not guarantee a balance between genders), as well as the requirements of integrity, professionalism, independence and maximum threshold of offices applicable from time to time; and

express their respective voting rights in the Shareholders' Meeting sub (i) so that, by applying the list voting mechanism provided for in the Corporate By-Laws, the Board of Statutory Auditors is composed as indicated above. This provision became effective from the Trading Start Date.

The Agreement also governs the assumption to replace one or more Directors or Statutory Auditors in the event of a Shareholders' Meeting vote without applying the list vote pursuant to the provisions of the Corporate By-Laws, establishing in this case the parties' commitment to ensure that such replacements take place in compliance of the aforementioned designation rights.

The Agreement also governs the establishment and maintenance, for the entire term of the Shareholders' Agreement, of the following committees, with propositional and consultative functions in line with the provisions (a) of Borsa Italiana regulations (i.e. Corporate Governance Code) on the subject of "control and risks", "remuneration" and "appointment" and (b) of the regulations applicable to the Company on "related parties":

- (i) a "control risk and related-party" Committee, made up of 3 Directors meeting Independence Requirements, 2 of whom appointed by PromoSprint and 1 of whom appointed by IH, the latter also holding the office of Chairperson of the Committee;
- (ii) a "remuneration" and "appointment" Committee, made up of 3 Directors, 2 of whom (one meeting Independence Requirements) appointed by PromoSprint and 1 of whom appointed by IH and meeting Independence Requirements, the latter also holding the office of Chairperson of the Committee.

Therefore, the Agreement governed the parties' commitment to have the committees appointed by the Board of Directors following the Shareholders' Meeting of 20 April 2020, establishing that:

- (i) the "control risk and related party" Committee shall be made up of 3 Directors meeting Independence Requirements, i.e.: Isabella Bianca Chiodi and Ada Ester Villa, designated by PromoSprint, and Carla Trevisan, acting as Chairperson, designated by IH; and
- (i) the "remuneration" and "appointment" Committee shall be made up of 3 Directors, i.e.: Matteo Carlotti and Marina Salamon, the latter meeting Independence Requirements, designated by PromoSprint, and Carla Trevisan, meeting Independence Requirements and acting as Chairperson, designated by IH.

The Agreement also provides that, should it become necessary and/or appropriate to change the structure, functions and/or composition of internal Board Committees, the parties undertake to negotiate such changes in good faith.

Lastly, under the Shareholders' Agreement the parties undertook to (i) confirm the Director Matteo

Carlotti as investor relator of the Company for the entire period of the Agreement; and (ii) have the Company adopt a constantly and gradually increasing dividend policy for the 2021-2023 financial years, as compared to the dividend proposal approved by the Company's Board of Directors for 2020, including through the distribution of the Company's available reserves, where necessary, and in any case without exceeding the Company's available cash and, where necessary, the available reserves.

h) Change-of-control clauses (as per Art. 123-bis, para. 1, letter h) of the Consolidated Law on Finance) and statutory provisions on Takeover Bids (as per Articles 104, para. 1-ter and 104-bis, para. 1)

At the date of this Report, there were no contractual clauses in the contracts entered into by the Company concerning potential changes in the Company's ownership.

Lastly, it should be noted that the Corporate By-Laws contain no provisions intended to waive the passivity rule laid down in Article 104, paragraphs 1 and *I-bis*, of the Consolidated Law on Finance, nor do they stipulate the application of the neutralisation rules envisaged by Art. 104-bis, paragraphs 2 and 3, of the Consolidated Law on Finance.

i) Authority to increase share capital and share buy-back authorizations (as per Art. 123-bis, para. 1, letter m) of the Consolidated Law on Finance)

At the date of this Report, no authorizations to increase the share capital had been granted to the Board of Directors.

On 20 April 2020, the Issuer's Shareholders' Meeting resolved, subject to revocation of the authorization granted by the ordinary Shareholders' Meeting of the Company (formerly SprintItaly) on 1 March 2019, to authorize the Board of Directors to purchase, in one or more occasions, for a period of 18 months from the date on which it was resolved, and to dispose of, ordinary treasury shares up to a maximum which, taking into account the Company's Ordinary Shares held from time to time held in its portfolio and in the portfolio of its subsidiaries, does not exceed the maximum overall limit established by the current pro tempore legislation and, in any case, up to a maximum countervalue of € 2,000,000.00. The Board of Directors identifies the amount of shares to be purchased before the commencement of each purchase programme, at a price that does not exceed the higher of the price of a) the last independent transaction and b) the highest current independent bid on the trading venues where the purchase is made, provided that the unit price cannot in any case be more than 20% lower, or more than 10% higher, than the arithmetic average of the official prices recorded by the Company's shares in the ten trading days prior to each individual purchase transaction.

At 31 December 2020, the Company held 255,654 treasury shares, equal to 1.30% of ordinary shares.

At the date of this Report, the Company held 304,209 treasury shares, equal to 1.45% of ordinary shares.

j) Management and Coordination (as per Art. 2497 et seq. of the Italian Civil Code)

At the date of this Report, SICIT was not subject to management and coordination as per article 2497 et seq. of the Italian Civil Code.

Although IH has de facto control of the Issuer pursuant to Art. 93 of the Consolidated Law on Finance, the Company considers, on the basis of a factual analysis of the relationships between the companies,

that it is not subject to management and coordination due to the absence of external management action, i.e. of guidelines and directives capable of affecting the company's management decisions, strategic and operational choices of a financial, industrial and commercial nature that pertain to the conduct of the company's business.

Although some non-executive directors of the Issuer are also members of the Board of Directors of IH, the latter does not manage de facto the Company according to a unified approach.

The subsidiary Sicit Chemitec complied with publication fulfilments required by Art. 2497-bis of the Italian Civil Code, indicating SICIT Group as the entity which its management and coordination are subject to.

3 COMPLIANCE (AS PER ART. 123-BIS, PARA. 2, LETTER A) OF THE CONSOLIDATED LAW ON FINANCE)

On 20 May 2020, the Board of Directors resolved to implement the Corporate Governance Code.

The Corporate Governance Code is available to the public on the website of the Corporate Governance Committee of Borsa Italiana at:

<https://www.borsaitaliana.it/borsaitaliana/regolamenti/corporategovernance/codice2018clean.pdf>.

Neither the Company nor its subsidiaries of strategic importance² are subject to non-Italian law provisions affecting the Company's corporate governance structure.

4 BOARD OF DIRECTORS

4.1 Appointment and replacement (as per Art. 123-bis, para. 1, letter l) of the Consolidated Law on Finance)

Pursuant to art. 13 of the Corporate By-Laws, the company is administered by a Board of Directors made up of minimum 7 (seven) and maximum 11 (eleven) members, with a number of members meeting Independence Requirements according to the laws in force. The members of the Board of Directors are appointed by the ordinary Shareholders' Meeting, which also determines their number.

Pursuant to the Corporate By-Laws, the Directors are appointed for a period of 3 (three) FYs, or for the shorter period established at the time of their appointment, and may be reappointed. Directors' term of office ends on the date of the Meeting summoned to approve the financial statements for the last FY year of their term of office, without prejudice to the termination and removal causes provided for by law and in the Corporate By-Laws.

Pursuant to art. 14 of the Corporate By-Laws, the Board of Directors is appointed by the Shareholders' Meeting on the basis of lists where candidates must be listed by progressive numbering and in compliance with the pro tempore regulations in force concerning directors meeting independence and gender balance requirements.

² As specified in paragraph 4 below, at the date of this Report the Company had no strategically important subsidiaries.

The Board of Directors in office and the shareholders who, alone or together with others, at the time of submitting the list, own Ordinary Shares representing at least the minimum portion of the share capital with voting rights at the Ordinary Shareholders' Meeting established by Consob, which, in any case, will be specified in the notice of call, are entitled to submit lists.

Each shareholder, the shareholders who are party to a shareholders' agreement pursuant to Article 122 of the Consolidated Law on Finance, the parent company, the subsidiaries and entities subject to common control, as well as associated entities, including indirectly, pursuant to the applicable laws and regulations as in force from time to time, may not submit or participate in the submission, including through a third party or trust company, of more than one list, nor may they vote for different lists.

Each candidate may be appointed in one list only, under penalty of disqualification.

For the period of application of the laws and regulations as in force from time to time concerning gender balance, each list with a number of candidates equal to or greater than 3 (three) must include candidates of both genders, so that the least represented gender accounts for at least the portion of the members of the Board of Directors established by Art. 147-ter, paragraph 1-ter, of the Consolidated Law on Finance, and by the other provisions in force on the matter, with rounding off if the relevant number is a fraction, according to the criterion specified by those provisions.

The lists shall be filed with the Company's registered office, also by means of remote communication as indicated in the notice of the meeting, in the manner provided for by applicable laws, including regulatory laws, *pro tempore* in force, in the following terms: (i) when filed by shareholders, at least 25 (twenty-five) days before the date set for the Shareholders' Meeting, in single or first call, convened to resolve on the Directors' appointment;(ii) when filed by the Board of Directors, at least 30 (thirty) days before the date set for the Shareholders' Meeting, in single or first call, convened to resolve on the Directors' appointment.

The lists so filed shall be accompanied by: (a) information on the identity of the shareholders who filed the lists, with indication of their overall percentage shareholding having the right to vote at the ordinary Shareholders' Meeting of the Company, along with the certification proving ownership of such shareholding issued by an authorized intermediary, it being understood that the certification may also be produced after submission of the lists, but not later than the deadline set for publication of the lists by the Company;(b) a statement by Shareholders other than those who hold, also jointly, a majority or relative-majority interest, certifying the absence of any relationship, also indirect, with the latter, pursuant to law provisions and regulations *pro tempore* in force;(c) exhaustive information on the personal and professional background of the candidates, with indication of their suitability to qualify as independent directors, as well declaration by the same candidates certifying that they meet the requirements set forth by the *pro tempore* laws and regulations in force and by the Corporate By-Laws, including the integrity and, where applicable, the independence requirements, and their acceptance of the candidature and, if appointed, of the office;(d) any further or different declaration, information and/or document required by the *pro tempore* laws and regulations in force.

The lists filed without complying with the foregoing provisions shall be deemed as not submitted. However, the lack of documentation relating to individual candidates on a list does not automatically lead to the exclusion of the entire list, but only of the candidates whom the irregularities refer to.

The lists duly filed, as well as the information filed with them, shall be disclosed in accordance with

the applicable legislation, including regulatory legislation, in force at the time.

The appointment of the Board of Directors shall be as follows:

- a) the Directors to be appointed, 1 (one) excluded, will be selected in the order in which they are listed on the list obtaining the majority of votes cast;
- b) the remaining Director shall be drawn from the second list obtaining the highest number of votes at the Shareholders' Meeting after the list referred to in a) above, which has not been submitted by the Board of Directors and which is not connected in any way, not even indirectly, with those who submitted or voted for the list obtaining the highest number of votes, in the person of the first candidate, according to the sequential order in which the candidates are stated on the list. If the minority list referred to in b) has not obtained a percentage of votes equal to at least half of that required for submitting the list, all the directors to be elected shall be taken from the list referred to in a).

In the event of a tie among lists, (i) if there is a list submitted by the Board of Directors, a ballot shall be held; (ii) otherwise the list submitted by the Shareholders with the largest shareholding or, subordinately, by the highest number of Shareholders shall prevail.

If at the end of the vote, the number of appointed directors who meet the independence requirements is not enough, the candidate who does not meet such requirements and who was elected last in progressive order from the list that has obtained the highest number of votes, shall be excluded and shall be replaced by the subsequent candidate in progressive order who meets the above-mentioned independence requirements. If necessary, this procedure shall be repeated until the required number of Directors meeting the independent requirements has been reached. If, at the end of this replacement procedure, the composition of the Board of Directors still prevents reaching the minimum number of Directors who meet the Independence Requirements, the replacement shall take place by Shareholders' Meeting resolution to be passed by a majority of the votes represented at the meeting, following the submission of candidates who meet the Independence Requirements.

If, moreover, at the end of the vote and after applying the above procedure, the elected candidates do not ensure a composition of the Board of Directors that complies with the rules on gender balance set out in Art. 147-ter, paragraph 1-ter, of the Consolidated Law on Finance, and with the other provisions in force on the matter, with rounding off if the number is a fraction, according to the criterion specified in those provisions, the candidate of the most represented gender appointed last in progressive order from the list obtaining the highest number of votes shall be excluded and shall be replaced by the first candidate of the least represented gender not appointed from the same list, in progressive order. This replacement procedure shall be carried out until the composition of the Board of Directors complies with the above-mentioned rules on gender balance; if, at the end of this replacement procedure, the composition of the Board of Directors does not yet comply with such rules, the replacement shall take place by Shareholders' Meeting resolution to be passed by a majority of the votes represented at the meeting, following the submission of candidates of the least represented gender.

If the number of candidates elected on the basis of the lists submitted is less than the number of Directors to be appointed, the remaining Directors are elected by the Shareholders' Meeting, which resolves by a majority of the votes represented at the meeting and, in any event, in such a way as to ensure compliance with the Corporate By-laws as regards (i) the minimum number of Directors meeting the Independence Requirements, and (ii) compliance with gender balance. In the event of a tie among candidates, a ballot shall be held among them by means of a further ballot, with the

candidate obtaining the highest number of votes prevailing.

If only one list is submitted, the Shareholders' Meeting shall vote on it and, if it obtains the majority of the votes represented at the meeting, all the members of the Board of Directors shall be drawn from that list in compliance with the provisions of the Corporate By-laws concerning Directors meeting the Independence Requirements and gender balance.

If no list is submitted, or if only one list is submitted and that list does not obtain the majority of votes represented at the Shareholders' Meeting, or if the entire Board of Directors does not have to be renewed, or if it is not possible for any reason to appoint the Board of Directors in the manner provided for by the Corporate By-laws (above), the members of the Board of Directors shall be appointed by the Shareholders' Meeting in the ordinary manner and by a majority of the votes represented at the meeting, without application of the list voting system and, in any event, in such a way as to ensure compliance with the provisions of the Corporate By-laws concerning Directors meeting the Independence Requirements and gender balance, and subject to the following provisions.

If, during the course of the financial year, one or more Directors cease to hold office for any reason, the Board of Directors shall replace them by co-opting the first non-elected candidate (if available) from the same list as the outgoing Director. If the Board of Directors' vacancies cannot be filled in accordance with this paragraph, the Board of Directors shall co-opt the replacing directors by majority resolution in accordance with law and without list constraints. In any case, the Board of Directors and the Shareholders' Meeting will respectively proceed with the co-optation and appointment referred to above, in order to ensure the provisions of the Corporate By-Laws regarding Directors meeting independence and gender balance requirements.

The Directors thus co-opted by the Board of Directors shall remain in office until the next Shareholders' Meeting, and those appointed by the Shareholders' Meeting shall remain in office for the same remaining period of the Directors they replaced.

This is without prejudice to the right of the Shareholders' Meeting to pass resolution to reduce the number of Board of Directors' members instead of replacing the Director who has ceased to hold office.

If for any reason the majority of the Directors appointed by resolution of the Meeting is no longer in office, the entire Board of Directors shall be deemed to have resigned with effect as of the next board has been reconstituted. In this case, the Directors still in office shall urgently call the Shareholders' Meeting to appoint the new Board of Directors in the manner described above.

Succession plans

With regard to succession plans for executive directors, the Board of Directors has entrusted the Remuneration and Appointment Committee with the task of submitting a proposal to the Board of Directors on the MD's succession plan, where possible and appropriate in relation to the corporate structure.

4.2 Members of the Board (as per Art. 123-bis, para. 2, letter d) and d)bis of the Consolidated Law on Finance)

The Issuer's Board of Directors in office at the date of this Report is made up of eleven members, was appointed by the Ordinary Meeting of the Company on 20 April 2020 and will remain in office until

the date of approval of the company's financial statement as at 31 December 2022.

* *Managing Director*

** *Director meeting Independence Requirements* *** *Member of the Executive Committee* **** *Executive Director*

Please refer to Table 2 in the appendix for further details on the composition of the Board of Directors and seniority of office since first appointment.

It should be noted that the Board of Directors was not appointed through the mechanisms provided for by list voting as the Corporate By-Laws in its current version became effective subject to the Listing and starting from the Trading Start Date.

As of the date of this Report, the majority of the Board of Directors was represented by non-executive members (in particular: ten non-executive members out of a total of eleven members).

Four out of the ten non-executive members also meet the independence requirements envisaged by the Consolidated Law on Finance and the Corporate Governance Code (i.e. directors Isabella Chiodi, Marina Salamon, Carla Trevisan and Ada Villa).

On 20 April 2020, the Board of Directors verified the Independence Requirements for its independent directors in office. Following the audit, the current directors Isabella Chiodi, Marina Salamon, Carla Trevisan and Ada Villa were found to meet the above-mentioned independence requirements. As part of its tasks under the applicable laws, the Board of Statutory Auditors has verified, in accordance with art. 3.C.5 of the Corporate Governance Code, the correct application of criteria and procedures adopted by the Board of Directors to assess the Directors' independence.

In view of the appointment of the governing body by the Ordinary Shareholders' Meeting on 20 April 2020, the Directors, upon accepting the appointment, have provided information certifying that they meet the integrity and professionalism requirements set out in the applicable laws.

The rules on gender requirements, as well as the rules on list voting for listed companies which are set out in the Corporate By-Laws, in Art. 13 and 14 respectively, will be applicable to the Issuer as of the first renewal of the corporate bodies following the Trading Start Date. Moreover, it should be noted that the Company has already voluntarily complied with the rules on gender balance, since at the date of this Report, 4 out of 11 directors belong to the least represented gender, compared to the legislation applicable at the date of this Report, which for the first renewal after the Trading Start Date requires that 1/5 of the directors belong to the least represented gender and, subsequently, 2/5. In any case, the six terms of office for which, pursuant to law, there must be a gender balance in the composition of the Board of Directors, will be those following the first renewal of the governing body after the entry into force of Law No. 160/2019 (*i.e.* 1 January 2020), which amended, *inter alia*, Art. 147-ter, para. 1-ter, of the Consolidated Law on Finance.

Taking into account the size and structure of the Company, the qualitative and quantitative composition of the Board of Directors, which ensures sufficient diversification in terms of skills, age, experience, including international experience, and gender, as well as the related ownership structure and the list voting mechanism provided for in the Corporate By-Laws, which in turn guarantees a transparent appointment procedure and a balanced composition of the administrative body, the Board of Directors did not deem it necessary to adopt policies and/or practices on diversity in relation to the composition of the administrative, management and audit bodies in relation to aspects such as gender composition and training and professional path.

The Directors' CVs are attached to this Report, specifying their main personal and professional characteristics and the other positions held.

None of the members of the Board of Directors has a family relationship, as defined in Book I, Title V of the Italian Civil Code, with the other Board of Directors' members or with the members of the Issuer's Board of Statutory Auditors and/or with the Issuer's Senior Managers.

At the date of this Report, none of the independent directors (*i.e.* Isabella Chiodi, Marina Salamon, Carla Trevisan and Ada Ester Giovanna Villa) has and/or has had in the last three years, directly or indirectly, through third party companies or professional firms, any consulting engagements with the Issuer, its subsidiaries or shareholders.

Maximum threshold for offices held in other companies

In accordance with the recommendations of Art. 1 of the Corporate Governance Code, each member of the Board of Directors is required to resolve with full knowledge of the facts and independently, pursuing the objective of creating value for Shareholders in the medium-long term and undertakes to dedicate to the office held in the Issuer the time necessary to ensure the diligent performance of his/her duties, regardless of the positions held outside the SICIT Group, with full awareness of the responsibilities inherent in the position held.

To this end, each candidate for the office of Director shall assess in advance, when accepting the role in the Company and regardless of the limits established by law provisions and regulations relating to the maximum threshold of offices, the ability to perform with due care and effectiveness the duties (s)he was entrusted with, taking into particular consideration the overall commitment required by the offices held outside the SICIT Group.

Each member of the Board of Directors is also required to promptly notify the Board of any new office as director or statutory auditor taken in other companies, in order to allow the fulfilment of the disclosure obligations pursuant to the applicable laws and regulations.

The Board of Directors did not deem it necessary to define general criteria regarding the maximum number of management and audit offices in other companies that may be considered compatible with the effective performance of the role of director of the Company, without prejudice to the duty of each director to assess whether the offices of director and statutory auditor, held in other companies listed on regulated markets (including foreign markets), in financial, banking, insurance or large companies, are compatible with the diligent performance of the duties undertaken as director of the Company, also taking into account the attendance at committees set up within the Board, as indicated in application criterion 1.C.3 of the Corporate Governance Code.

In consideration of the offices held by its members in other companies, the Board of Directors of the Company believes that the number and quality of the offices held do not interfere and are, therefore, compatible with the effective performance of the office of director of the Company. However, the Board of Directors has the right to make a different and justified assessment, which will be made public in the Annual Report on corporate governance and company structure and adequately motivated therein.

Lastly, it should be noted that during both the Business Combination and the listing procedures, the members of the Board of Directors participated, together with the members of the Board of Statutory Auditors and senior managers of the Issuer from time to time in office, in initiatives such as meetings with consultants, internal training courses and road shows, aimed at increasing their knowledge of the Issuer's business sector, the company's dynamics and their developments, the principles of proper risk management, as well as the regulatory and self-regulatory framework of reference.

4.3 ROLE OF THE BOARD OF DIRECTORS

During the year ended December 31, 2020, the Company's Board of Directors met 9 times with the regular attendance of the members of the Board of Directors and the Board of Statutory Auditors.

During the current FY, at the date of this Report the Board of Directors had met 3 times and a total of at least 5 additional meetings is envisaged during this FY.

The Board of Directors generally meets in Chiampo or Arzignano (the Issuer's registered office and operational headquarters, respectively) and the members of the Board attend mainly in person and, in some cases, by telephone.

The Board of Statutory Auditors always attends the Board meetings and, where appropriate, the Executives of the Issuer and of the subsidiaries and external consultants of the Issuer attend too, to provide the Board with the appropriate details on the items on the agenda, based on the duties and the matters of respective competence.

Each director's attendance percentage is indicated in Table no. 2. The average duration of the meetings was approximately 2 hours.

The timeliness and completeness of pre-meeting information are guaranteed through the involvement of the competent corporate structures in charge of overseeing and coordinating the preparation of the documentation necessary from time to time for the specific items on the agenda.

The transmission of the documentation to Directors and Statutory Auditors is handled by the Chief Financial Officer, who coordinates with the Chairperson well in advance of the date of the meetings, adequately taking into account any confidentiality and price sensitivity requirements related to certain topics, as well as any urgency related to certain topics.

Usually, the notice period for sending the documentation is minimum 6 days before the meeting.

The Board of Directors is the central body in the Company's corporate governance system and plays a primary role in guiding and managing the Company itself.

The Board of Directors is vested with the amplest powers for ordinary and extraordinary management of the Company, and has the faculty to perform all acts deemed necessary for the fulfilment of the business purpose, only excepting those which the law expressly reserves to the Meeting.

In addition to exercising the powers attributed thereto by law and Corporate By-Laws, and without prejudice to the provisions of Art. 16.5 of the Corporate By-Laws (reported below), the Board of Directors has the authority to resolve on the following: (a) merger and winding-up in the circumstances envisaged by law; (b) opening or closing secondary branches; (c) indicating which Directors are entitled to legally represent the company; (d) reducing the share capital in case of one or more shareholders' withdrawal; (e) amending the Corporate By-Laws to comply with regulatory provisions; (f) transferring the company's registered office within the Italian territory. The attribution of these powers to the Board of Directors does not exclude the concurrent competence of the Shareholders' Meeting in the same matters.

Furthermore, as required by Art. 16.5 of the Corporate By-Laws, as long as Mr. Matteo Carlotti or Mr. Raymond Totah hold the position of Directors of the Company, in order for resolutions of the Board of Directors concerning the following matters to be valid, the favourable vote of 2/3 (two-thirds) of the Directors in office is necessary, possibly rounded up to the next higher unit if the decimal figure is greater than 50 or by default to the lower unit if the decimal figure is equal to or less than 50:

- a) business plan, and amendments thereto for amounts exceeding € 1,000,000.00 (one million/00);
- b) annual budget, and amendments thereto for total amounts exceeding € 1,000,000.00 (one million/00) per year;
- c) extraordinary transactions (such as mergers, spin-offs, transformations, sale/purchase of equity investments, companies or company branches, establishment of joint ventures, capital increases/reductions except for those required by law, issuance of bonds, including convertibles or other financial instruments) for an amount exceeding € 1,000,000.00 (one million/00) per transaction (where applicable), with the exception of the provisions of Art. 17.2 sub a) and d) of the Corporate By-Laws and extraordinary transactions referred to in in this article 16.5 sub c) of the Corporate By-Laws provided for in the business plan in force from time to time, with reference to which the majorities as per Art. 16.4 of the Corporate By-Laws are applied;

- d) issue of real and personal guarantees and sureties, borrowing and granting of loans, and investment and/or divestment decisions for tangible and/or intangible fixed assets for an amount exceeding € 5,000,000.00 (five million/00) per transaction, with the exception of transactions referred to in this Paragraph 16.5 sub d) provided for in the business plan in force from time to time, with reference to which the majorities referred to in Article 16.4 of the Corporate By-Laws are applied;
- e) dealings with major related parties pertaining to the Board of Directors, or whose proposal to the Shareholders' Meeting pertains to the Board of Directors, in any case different from ordinary dealings or at market conditions and with the exception of those provided for in the business in force from time to time with reference to which the majorities referred to in art. 16.4 of the Corporate By-Laws are applied, all in accordance with the procedure governing dealings with the related parties of the Company in force from time to time."

The Board of Directors, most recently during the meeting of 12 March 2021, referring to the documentation made available by the competent bodies from time to time, based on the results of the activity carried out by the internal auditing function, of the audits put in place by the Executive in charge of drafting corporate accounts and documents and by the Supervisory Body, having heard the Audit, Risk and Sustainability Committee³, put in place the appropriate checks and assessments regarding the adequacy of the organizational, administrative and accounting structure of the Company prepared by the Managing Director, with particular reference to the internal audit and risk management system in compliance with application criterion 1.C.1., letter c) of the Code. With reference to companies of strategic importance, the Board of Directors of 12 March 2021 confirmed what was previously resolved and indicated in the Prospectus relating to the Listing.

On that occasion, to identify the subsidiaries of significant importance in the group headed by the Company, with reference to the provisions of Title VI, Chapter II, of Consob Regulation no. 11971/1999, the parameters referred to in Art. 151 of Consob Regulation no. 11971/1999 were used as a reference, pursuant to which *"Italian or foreign subsidiaries are not significant, even when included in the consolidated financial statements, when their assets are less than two per cent of the assets of the consolidated financial statements and when their revenue is less than five per cent of consolidated revenue, provided that the sum of the assets and revenue of these companies does not exceed ten percent or fifteen percent of consolidated assets and revenue, respectively."* Based on the above criteria, neither Sicit USA nor SICIT Commercial Consulting Shanghai Ltd are of significant importance pursuant to Art. 151 of the Issuers' Regulations as their respective assets are less than 2% of the assets of the Group's consolidated financial statements and their revenue is less than 5% of the Group's consolidated revenue; in addition, the sum of the assets and revenue of these companies does

³ Please refer to paragraphs 9 and 17 for the duties of the Control Risk and Sustainability Committee.

not exceed 10% or 15% of consolidated assets and revenue, respectively.

In compliance with the recommendations contained in Art. 1.C.1., letter e) of the Corporate Governance Code and the provisions of art. 19.3 of the Corporate By-Laws, the Managing Director, in particular during the board meetings to approve the accounting data for the period, constantly reports to the Board of Directors and to the Board of Statutory Auditors about the general management trend. Also during FY 2020, the Board of Directors assessed and monitored the general management trend, taking into account the information provided by the Managing Director.

With reference to the assessments on the operations of the Board and its committees, as well as on their size and composition, in line with the provisions of the Corporate Governance Code, the Board of Directors decided to adjust to the provisions of the new Corporate Governance Code and to proceed with a self-assessment every three years in view of the renewal of the management body.

With regard to the members of **the Issuer's Executive Committee**, it should be noted that, taking into account the application criterion 2.C.1 of the Corporate Governance Code, the Issuer does not consider that the Directors who are members of the Executive Committee, with the exception of the Managing Director Massimo Neresini, undertake the role of Executive Director of the Company. This is in view of (i) the Company's organisational structure and delegated powers (as last granted by the Board of Directors on 20 April 2020), which provide for a Managing Director with broad management powers, as well as (ii) the operating and decision-making procedures of the Executive Committee, the frequency of its meetings and related resolutions; based on these elements, participation in the Executive Committee does not imply, de facto, the systematic involvement of its members in the Issuer's day-to-day management. Indeed, the Executive Committee of the Company is duly established with the majority of its members and passes resolution by a majority of those present, and from 20 May 2019 (when it was set up) to the date of this Report, it met 3 times (18 June 2019, 23 September 2019 and 9 March 2020) and during those meetings it, respectively, did not take any decision, it passed resolution on the hiring of the new Commercial Director of the Company, of which the Board of Directors took note in the following meeting, approved a project relating to the construction of the building used for offices and laboratories in Arzignano and expressed a favourable opinion on the proposal for the adoption of the Incentive Plan, which was approved, for the matters under their purview, by the Remuneration Committee, the Board of Directors and the Shareholders' Meeting of the Company. These resolutions do not relate to the day-to-day management of the Issuer.

For completeness, it is noted that the Board of Directors' meeting on 20 April 2020 passed the following resolutions:

- (i) to grant Mr. Andrea Pavan all the necessary management, decision-making, strategic and control powers, with no spending limits, for the Company's fulfilment of its obligations under environmental laws, including, merely by way of example, those on discharges, waste disposal, air emissions and protection of the environment from pollution of all kinds, freely disposing of the sums that become necessary, with full discretion as to the priority of the relevant activities. Andrea Pavan has been granted all the powers he needs to supervise the technical management of the Company with specific regard to environmental matters. He has full responsibility in this area and is required to comply with all the relevant regulations, by acting directly and in the most appropriate manner - if necessary also ordering the suspension of the activity - whenever events occur that prevent the Company from operating in full compliance with the

applicable laws; he shall represent the Company to all intents and purposes before all the authorities and bodies in charge of exercising supervisory, verification and control functions under environmental regulations, complying with any orders issued by the aforementioned control and supervisory bodies.

Andrea Pavan joined the Company on 1 March 2006 under a project-based contract (CO.CO.PRO) and was subsequently hired with an open-ended employment contract on 1 June 2008. At the date of this Report, he is classified as a white-collar employee; he is not collaborating/has not collaborated with professional firms, nor does he have professional or family relations, including indirectly, with the Directors and Senior Managers of the Company. In addition, Mr. Andrea Pavan is not qualified as a Senior Manager of the Company, considering that the powers granted to him (as described above) are limited to the environmental area and in consideration of the above-mentioned contractual classification and

- (ii) to grant the Director Mario Peretti the title and role of "**employer**" pursuant to Legislative Decree 81/2008, granting him the broadest powers necessary for adopting the measures prescribed by the aforementioned legislation, the actions that are necessary and appropriate for the effective performance of tasks relating to health as safety at work, public safety, emergency management and fire prevention, as well as any other matter reserved to the employer by the legislation in force from time to time, including the power to delegate functions in accordance with the mentioned Legislative Decree no. 81 of 2008.

Lastly, in accordance with Board of Directors' resolution of 6 February 2020, Mr. Alessandro Paterniani, the Company's Commercial Director, was granted a power of attorney, to be exercised by separate signature, in commercial matters to:

- (a) sign the Company's ordinary correspondence of a commercial nature, including with central and/or peripheral public bodies (including chambers of commerce);
- (b) define and sign, including in the form of correspondence, agreements, framework agreements and commercial contracts for the sale or offer of products (including amendments to and/or termination of the same), fixing the terms and conditions of sale (such as prices, discounts and payment terms);
- (c) define and enter into settlement agreements in relation to commercial disputes entailing a commitment or liability for the Company, if any, of less than € 100,000;
- (d) define, sign, send, as well as modify and/or terminate, contracts and purchase orders for goods and/or services of a commercial nature, including but not limited to (i) advertising, communication and sponsorship agreements, (ii) contracts with agents, business brokers or other intermediaries or commercial consultants, fixing the relevant fees, and (iii) contracts for participation in trade fairs and promotional events in the sector, the amount of which is, individually or jointly with other related transactions, less than € 100,000;
- (e) sign the documents necessary in relation to, or required by, central and/or peripheral public bodies (including chambers of commerce) and/or Authorities for the export of products,

in any case, in line with the Company's policies in force from time to time and in compliance with the Company's annual Budget and Business Plan, as applicable from time to time, as well as with any directives issued by the Managing Director and/or the Board of Directors, and with the obligation to periodically and systematically report to the Managing Director and to the Board of Directors on the

activities carried out.

In accordance with the same Art. 7 of the Corporate Governance Code, the Managing Director of the Company, Massimo Neresini, in consideration of his appointment, subject to the Listing and effective from the Trading Start Date, as Director In Charge, proposed to entrust the company Key Advisory Srl with the Internal Audit function, subject to the favourable opinion of all the members of the

Remuneration and Appointment Committee and of the Board of Statutory Auditors, expressed on the same date.

10.3 ORGANIZATION MODEL AS PER LEGISLATIVE DECREE 231/2001

By resolution of the Board of Directors of the Company of 20 May 2019, the Issuer adopted an organization, management and control model in order to set up a system of rules aimed at preventing any unlawful conduct by top managers, managers or decision makers and by persons subject to the management and supervision of top managers, in compliance with the provisions of Legislative Decree no. 231/2001 as amended (the "**231 Decree**"). The Model was most recently updated by the Board of Directors on 20 April 2020.

At the date of this Report, the Model had been adopted also by SICIT Chemitech S.p.A., a 100%-subsidiary of the Issuer.

The single Supervisory Body of the Issuer currently in office was most recently appointed by resolution of the Board of Directors of the Company of 20 April 2020, subject to the favourable opinion of the Board of Statutory Auditors, and is made up of Mr. Enrico De Negri. In addition, in the reference period and up to the date of this Report, Mr. De Negri was and still is the trusted lawyer of Director Rino Mastrotto.

With reference to the adoption of the Model by foreign subsidiaries, it should be noted that the Company, (i) with regard to SICIT Shanghai, deemed it unnecessary to adopt the Model, given the nature of the size of this subsidiary, as well as the activities it performs, and (ii) with regard to SICIT USA, the need to adopt similar organizational models will be assessed over the next 12 months.

10.4 AUDITING FIRM

Following the Listing, the Company acquired the status of "Public Interest Entity" (PIE) pursuant to

art. 16 of Legislative Decree 39/2010, with the consequent application of the pertinent regulations, according to which, inter alia, the auditing assignment's term is nine FYs. In consideration of the Listing, on 20 April 2020 the ordinary Shareholders' Meeting of the Issuer appointed KPMG S.p.A. as statutory auditing firm, pursuant to Art. 13 and 17 of Legislative Decree no. 39/2010, for the 2020-2028 FYs in relation to the separate and consolidated financial statements of the Issuer, as well as for the limited audit of the interim accounting position the six-month periods ending between 30 June 2020 and 30 June 2028.

10.5 EXECUTIVE IN CHARGE OF DRAFTING CORPORATE ACCOUNTS AND OTHER CORPORATE ROLES AND FUNCTIONS

On 26 March 2020 the Board of Directors appointed the Chief Financial Officer of the Company, Mr. Giampaolo Simionati as executive in charge of drafting corporate accounts effective from the Trading Start Date, pursuant to Art. 154-bis of the Consolidated Law on Finance. On that occasion, the Board of Directors acknowledged that Mr. Simionati was the most suitable person to hold this position, also in consideration of the requirements of professionalism and integrity set forth in Art. 21.2 of the Corporate By-Laws, which require the executive in charge of drafting the corporate accounts to have gained experience in a position with a suitable level of responsibility for an adequate period of time.

Pursuant to Article 154-bis of the Consolidated Law on Finance, the executive in charge of drafting the corporate accounts drafts the written statements accompanying the Company's transactions and communications disclosed to the market and relating to accounting information, including interim reporting; formulates suitable administrative and accounting procedures for compiling annual financial statements and consolidated financial statements where provided for, as well as all other financial communications; certifies with a special report on the financial statements, the condensed interim financial statements and the consolidated financial statements, when applicable, (i) the appropriateness and actual application of the administrative and accounting procedures to draft the financial statements; (ii) that the documents have been prepared in compliance with the applicable international accounting standards recognised in the European Union pursuant to regulation (EC) no. 1606/2002 of the European Parliament and Council, issued on 19 July 2002; (iii) that the documents tally with the accounting entries and records; (iv) that the documents are appropriate to provide a truthful and correct view of the income statement, balance sheet, and cash flow of the Company and all the companies included in the consolidation; (v) for the separate and consolidate financial statements, that the Directors' Report includes a reliable analysis of the management performance and results, as well as of the situation of the Issuer and all the companies included in the consolidation, together with a description of the main risks and uncertainties they are exposed to; and (vi) for the condensed interim financial statements, that the interim management report contains a reliable analysis of the information referred to in Article 154-ter, paragraph 4, of the Consolidated Law on Finance.

11 INTERESTS OF DIRECTORS AND RELATED PARTIES TRANSACTIONS

Up to the date of Listing, the Company has applied the procedure for related party transactions most recently approved by the Board of Directors of the Company on 20 May 2019, subject to the opinion of all the independent directors in office at that date (the "**AIM RPT Procedure**").

On 20 April 2020, in view of the Listing, the Board of Directors of the Issuer resolved to adopt a new

procedure for Related Party Dealings in order to bring it in line with the provisions applicable to companies with financial instruments listed on the MTA, subject to the favourable opinion of the Audit, Risk and Related-Party Committee appointed on the same date (the "**New RPT Procedure**"). The New RPT Procedure, which came into force on the Trading Start Date, establishes the rules governing the identification, approval and management of the Company's related party transactions in order to ensure transparency and substantive and procedural fairness of the related party transactions carried out by the Company, directly or through subsidiaries pursuant to Art. 93 of the Consolidated Law on Finance or otherwise subject to management and coordination. In addition, it should be noted that the Company, as (i) a small-size company, as well as (ii) a newly listed company pursuant to Article 3 of the "Regulation containing provisions on related party dealings", adopted by Consob by resolution no. 17221 of 12 March 2010 as amended (the "RPT Regulation"), applies to related party transactions, including significant transactions (as identified under Annex 3 of the RPT Regulation), as an exception to article 8 of the RPT Regulation, a procedure that takes into account the principles and rules set out in article 7 of the RPT Regulation

The New RPT Procedure defines "significant" related party transactions as those in which at least one of the materiality ratios specified in Annex 3 of the RPT Regulation is exceeded. Pursuant to the New RPT Procedure, Dealings with Related Parties, whether natural persons or legal entities, are considered of "negligible amount" if their value does not exceed € 250,000 (if the counterparty is a legal entity) or € 100,000 (if the counterparty is a natural person). Lastly, "ordinary" related-party transactions and "concluded at arm's length" or "standard" transactions are the transactions concluded at conditions similar to those usually applied to unrelated parties for transactions that are similar in nature, extent and risk, or based on regulated rates or fixed prices or those charged to entities with which the Company is obliged by law to contract at a certain price (Art. 3, para. 1, letter e) of the RPT Regulations).

In accordance with the RPT Regulation, the procedure provides that responsibility for the approval of a related-party transaction lies with the Board of Directors, with the involvement of the Related-Party Committee, composed of independent directors who, with reference to each transaction, must also be unrelated directors. In relation to "minor" transactions, the opinion provided by the Related-Party Committee is not binding

Without prejudice to the exclusions referred to in Article 13(1) and (4) of the RPT Regulation, the rules provided for in the procedure shall not apply in the following cases of exemption:

- (i) shareholders' meeting resolutions other than those referred to in Article 13(1) of the RPT Regulation, concerning the remuneration of directors holding special offices and of other key executives, in compliance with the conditions set out in Article 13, para. 3, letter b);
- (ii) transactions of "negligible amount";
- (iii) share-based compensation plans approved by the Shareholders' meeting in accordance with Art. 114-bis of the Consolidated Law on Finance and the subsequent implementing transactions;
- (iv) ordinary transactions that are entered into under market-equivalent or standard terms;
- (v) transactions with or between Subsidiaries and transactions with associated companies, if no interest qualifies as "significant" in such companies.

The New RPT Procedure provides that resolutions on the procedure and any amendments to it are also the responsibility of the Company's Board of Directors, but for such purpose the prior favourable opinion of a Committee composed of at least three independent directors of the Company is required.

12 APPOINTMENT OF AUDITORS

Pursuant to Article 22 of the Corporate By-Laws, the Board of Statutory Auditors consists of three standing auditors and two alternate auditors who, in accordance with the applicable laws in force, shall remain in office for three years, may be re-elected and shall cease to hold office on the date of the Shareholders' Meeting called to approve the financial statements for their third year of office. The members of the Board of Statutory Auditors must meet the requirements of integrity, professionalism, independence and the limit on the total number of positions held that are established by the law and regulations in force from time to time.

Pursuant to the Corporate By-Laws, auditors are appointed on the basis of lists submitted by shareholders.

The shareholders who, alone or together with others, at the time of submitting the list, own Ordinary Shares representing at least the minimum portion of the share capital with voting rights at the Ordinary Shareholders' Meeting established by Consob, which, in any case, will be specified in the notice of call, are entitled to submit lists.

Each shareholder, the shareholders who are party to a shareholders' agreement pursuant to Art. 122 of the Consolidated Law on Finance, the parent company, the subsidiaries and entities subject to common control, as well as associated entities, including indirectly, pursuant to the applicable laws and regulations as in force from time to time, may not submit or participate in the submission, including through a third party or trust company, of more than one list, nor may they vote for different lists.

Each candidate may be appointed in one list only, under penalty of disqualification.

Each list shows the names, numbered progressively, of a number of candidates not greater than the number of members to be appointed.

The list is made up of 2 (two) sections: one for candidates for the office of Standing Auditor and another for candidates for the office of Alternate Auditor. The first candidate of each section must be registered in the register of auditors and have performed the activity of statutory audit of the accounts for a period of no less than 3 (three) years. The other candidates, if they do not meet the requirement in the immediately preceding period, must meet the other professional requirements envisaged by the applicable laws and regulations in force from time to time, in compliance with the provisions of Art. 22.2 of the Corporate By-Laws.

For the period of application of the laws and regulations from time to time in force, concerning gender balance as set out in Art. 23.1 of the Corporate By-Laws, each list that - taking into account both sections - contains a number of candidates equal to or greater than 3 (three) must include candidates of both genders, so that the composition of the Board of Statutory Auditors complies with the rules on gender balance set out in Art. 148(1-bis) of the Consolidated Law on Finance, and in the other provisions in force on the matter, with rounding off if the relevant number is a fraction, according to the criterion specified by those provisions.

The lists shall be filed with the Company's registered office, also by means of remote communication as indicated in the notice of the meeting, in the manner and in the terms provided for by applicable laws, including regulatory laws, pro tempore in force, in the following terms. Should only one list be filed upon expiry of the term required for list filing, or only lists filed by shareholders resulting jointly connected as per the applicable laws, including regulatory laws pro tempore in force, lists may be filed until the subsequent term provided for by law, including regulatory laws, pro tempore in force

Pursuant to article 23.1 of the Corporate By-Laws, in this case the minimum ownership percentage required for submission of the lists is reduced by half.

Lists shall be accompanied by: (a) information on the identity of the shareholders who filed the lists, with indication of their overall percentage shareholding, along with the certification proving ownership of such shareholding issued by an authorized intermediary, it being understood that the certification may also be produced after submission of the lists, but not later than the deadline set for publication of the lists by the Company; (b) a statement by Shareholders other than those who hold, also jointly, a majority or relative-majority interest, certifying the absence of any relationship, also indirect, with the latter, pursuant to law provisions and regulations pro tempore in force; (c) exhaustive information on the personal and professional background of the candidates with indication of the directorships and control positions held in other companies, as well as a declaration by the same candidates certifying that they meet the requirements, including those on integrity, professionalism, independence and maximum number of positions held laid down by the laws and regulations in force from time to time and by the New Corporate By-laws, and their acceptance of the candidature and, if appointed, of the office; (d) any further or different declaration, information and/or document required by the *pro tempore* laws and regulations in force.

The lists filed without complying with the foregoing provisions shall be deemed as not submitted. However, the lack of documentation relating to individual candidates on a list does not automatically lead to the exclusion of the entire list, but only of the candidates whom the irregularities refer to.

The lists duly filed, as well as the information filed with them, shall be disclosed in accordance with the applicable legislation, including regulatory legislation, in force at the time.

Each qualified party may vote for only one list.

The Board of Statutory Auditors shall be appointed as follows:

- a) 2 (two) standing auditors and 1 (one) alternate auditor will be selected from the list obtaining the greatest number of votes cast, in the order in which they are listed in the corresponding sections of the list itself.
- b) the remaining standing Auditor and the remaining alternate Auditor shall be drawn, on the basis of the progressive order in which they are listed in the corresponding sections of the list, from the list that came second by number of votes after the list referred to in (a) above, such votes being cast by shareholders who are not connected in any way, not even indirectly, pursuant to the applicable laws and regulations in force from time to time, with the shareholders who submitted or voted for the list that came first by number of votes.

In the event of tie among lists, the list submitted by the shareholders with the largest shareholding or, subordinately, by the highest number of shareholders shall prevail.

If, at the end of the vote, the elected candidates do not ensure a composition of the Board of Statutory Auditors that complies with the laws and regulations on gender balance in force from time to time, the candidate for the position of standing Auditor of the most represented gender elected last in progressive order from the list obtaining the highest number of votes shall be excluded and shall be replaced by the first candidate of the least represented gender not appointed from the same list, in progressive order. If, at the end of this replacement procedure, the composition of the Board of Statutory Auditors does not yet comply with the laws and regulations on gender balance in force from time to time, the replacement shall take place by Shareholders' Meeting resolution to be passed by a majority of the votes represented at the meeting, following the submission of candidates of the least

represented gender.

If the number of candidates elected on the basis of the lists submitted is less than the number of statutory auditors to be elected, the remaining statutory Auditors are elected by the Shareholders' Meeting, which resolves by a majority of the votes represented at the meeting and, in any event, in such a way as to ensure compliance with the applicable laws and regulations on gender balance in force from time to time. In the event of a tie among candidates, a ballot shall be held among them by means of a further ballot, with the candidate obtaining the highest number of votes prevailing.

If only one list is submitted, the Shareholders' Meeting shall vote on it and, if it obtains the majority of the votes represented at the meeting, all the members of the Board of Statutory Auditors shall be drawn from that list in compliance with the applicable laws and regulations on gender balance in force from time to time.

If no list is submitted, or if only one list is submitted and that list does not obtain the majority of votes represented at the Shareholders' Meeting, or if the entire Board of Statutory Auditors does not have to be renewed, or if it is not possible for any reason to appoint the Board of Statutory Auditors in the manner specified above, the members of the Board of Statutory Auditors shall be appointed by the Shareholders' Meeting in the ordinary manner and by a majority of the votes represented at the meeting, without application of the list voting system and, in any event, in such a way as to ensure compliance with the applicable laws and regulations on gender balance in force from time to time, and subject to the following provisions.

The Chairperson of the Board of Statutory Auditors is the Standing Auditor appointed by the minority, unless only one list is voted or no list is submitted; in such cases, the Chairperson of the Board of Statutory Auditors is appointed by the Shareholders' Meeting, which shall resolve by a majority of the votes represented at the meeting.

If, during the course of the financial year, a member of the Board of Statutory Auditors taken from the list that came first by number of votes is no longer available, he or she is replaced, until the next Shareholders' Meeting, by the first alternate auditor taken from the same list. If, during the course of the financial year, a member of the Board of Statutory Auditors taken from a list other than that which came first by number of votes is no longer available, he or she is replaced, including for the role of Chairperson of the Board of Statutory Auditor, until the next Shareholders' Meeting, by the first alternate auditor taken from the same list.

If the procedure for replacement by alternate auditors described above still prevents compliance with the applicable laws and regulations on gender balance in force from time to time, the Shareholders' Meeting must be called as soon as possible to ensure compliance with said laws and regulations.

If the Shareholders' Meeting is required by law to appoint the Statutory Auditors necessary to fill out any vacancy within the Board of Statutory Auditors resulting from termination of office, it shall proceed in accordance with the following provisions.

If one or more members of the Board of Statutory Auditors taken from the list that came first by number of votes has to be replaced, the replacement shall be made by decision of the Ordinary Shareholders' Meeting, which shall resolve by a majority of the votes represented at the meeting, with no constraints in the selection of candidates from the lists previously submitted.

If, on the other hand, it is necessary to replace a member of the Board of Statutory Auditors taken from a list other than that which came first by number of votes, the Shareholders' Meeting shall, by resolution passed by a majority of the votes represented at the meeting, select the replacement, where

possible, from among the candidates specified in the list that included the statutory Auditor to be replaced, who have confirmed their candidature in writing at least 20 (twenty) days prior to the date set for the Shareholders' Meeting, together with declarations that there are no grounds for ineligibility or disqualification, and that they meet the requirements for the position prescribed by the applicable laws and regulations in force from time to time or by the Corporate By-Laws. If this replacement procedure cannot be implemented, the member of the Board of Statutory Auditors shall be replaced by resolution to be adopted by a majority of the votes represented at the Shareholders' Meeting, ensuring, where possible, the representation of minorities. The above shall be in compliance with the applicable laws and regulations on gender balance in force from time to time.

Should the member of the Board of Statutory Auditors no longer be in possession of the requisites established by the regulations and the By-Laws, (s)he shall be removed from office.

The rules on gender requirements, as well as the rules on list voting for listed companies which are set out in Art. 23 of the Corporate By-Laws, shall be applicable to the Issuer as of the first renewal of the corporate bodies following the Trading Start Date. Moreover, it should be noted that the Company has already voluntarily complied with the rules on gender balance, since at the date of this Report, 1/3 of the standing Auditors belong to the least represented gender, compared to the legislation applicable at the date of this Report, which for the first renewal after the Trading Start Date requires that 1/5 of the Statutory Auditors belong to the least represented gender and, subsequently, 2/5. In any case, the six terms of office for which, pursuant to law, there must be a gender balance in the composition of the Board of Statutory Auditors, will be those following the first renewal of the control body after the entry into force of Law No. 160/2019 (i.e. 1 January 2020), which amended, inter alia, Article 148, para. 1-bis of the Consolidated Law on Finance.
