

REPORT OF THE BOARD OF DIRECTORS ON THE THIRD ITEM OF THE AGENDA

Authorization for the acquisition and the disposal of treasury shares, subject to the revocation of the authorization granted by the ordinary Shareholders' Meeting held on May 14, 2020. Related resolutions.

Dear Shareholders,

You have been convened to discuss and resolve upon granting the Board of Directors with an authorization for the acquisition and the disposal of treasury shares of Enel S.p.A. ("Enel" or the "Company"), pursuant to Articles 2357 and 2357-*ter* of the Italian Civil Code, subject to the revocation of the previous authorization granted by the ordinary Shareholders' Meeting held on May 14, 2020.

In relation to the above, it is reminded that the last-mentioned Shareholders' Meeting authorized (i) for a period equal to eighteen months starting from the date of the same Shareholders' Meeting (*i.e.* until November 14, 2021), the acquisition of treasury shares of the Company up to a maximum amount of Euro 2 billion and to a maximum number of 500 million of Enel shares representing approximately 4.92% of the Company's share capital; and (ii) for an unlimited period of time, the disposal of treasury shares thus acquired.

On July 29, 2020 the Board of Directors, implementing such authorization, approved the acquisition of a number of treasury shares equal to 1.72 million (equivalent to approximately 0.017% of Enel's share capital), with the purpose of serving the Long-term incentive Plan 2020 reserved to the management of Enel and/or of its subsidiaries pursuant to Article 2359 of the Italian Civil Code approved by the aforesaid Shareholders' Meeting of May 14, 2020 pursuant to Article 114-*bis* of Legislative Decree no. 58 of February 24, 1998 (the "Consolidated Financial Act").

Following the purchases made in execution of such Board resolution and according to the information provided to the public on October 30, 2020, the Company has purchased overall 1,720,000 treasury shares. Therefore – considering the 1,549,152

treasury shares already held by the Company (purchased during 2019) – the latter currently holds 3,269,152 treasury shares, equal to approximately 0.032% of the share capital. The Company's subsidiaries do not hold any Enel share.

Considering the approaching of the expiration of the eighteen-months term of authorization for the acquisition granted by the ordinary Shareholders' Meeting held on May 14, 2020 and the persistence of the reasons justifying such authorization, it is hereby submitted to the Shareholders' Meeting the proposal to renew the authorization for the acquisition of treasury shares for the purposes, according to the terms and conditions, and through the modalities illustrated below for an additional period of eighteen months, and to grant a new authorization for the disposal of treasury shares with no term, subject to the revocation of the previous authorization.

1. Reasons for the renewal of the authorization request

The request for the authorization renewal is aimed at granting the Board of Directors with the right to purchase and dispose of treasury shares of the Company, in compliance with the relevant applicable laws, for the following purposes:

- (i) to offer to Shareholders an additional tool for monetising their investment;
- (ii) to operate on the market with a medium and long-term investment view;
- (iii) to fulfil the obligations arising from the Long term incentive Plan 2021 reserved to the management of Enel and/or of its subsidiaries pursuant to Article 2359 of the Italian Civil Code (subject to the approval of this Shareholders' Meeting as the fourth item on the agenda) and/or any other equity plans for Directors and/or employees of Enel and/or of its subsidiaries and/or affiliates;
- (iv) to support the market liquidity of the Enel stock, in order to facilitate the regular execution of trading and to avoid irregular price fluctuations, as well as to regularize the trend of negotiations and quotations against temporary distortions due to volatility excess or low trading liquidity; and
- (v) to set up a share portfolio to serve extraordinary financial transactions or for other purposes deemed to be in the financial, business and/or strategic interest of Enel.

2. Maximum number of shares to which the authorization refers to

In line with the resolution approved by the ordinary Shareholders' Meeting held on May 14, 2020, it is hereby submitted a request to authorize the acquisition of treasury

shares, in one or more instalments, up to a maximum amount of Euro 2 billion and to a maximum number of 500 million Enel ordinary shares, representing approximately 4.92% of the Company's share capital, which is currently divided into no. 10,166,679,946 ordinary shares with a nominal value of one Euro each.

Pursuant to Article 2357, paragraph 1, of the Italian Civil Code, the acquisitions shall be made within the limits of distributable net income and of the available reserves, as per the most recent duly approved financial statements. In this regard, please note that the available reserves resulting from Enel's financial statement as of December 31, 2020, which is submitted to the approval of this Shareholders' Meeting, are equal to an overall amount of approximately Euro 16,105 million.

The renewal of the authorization includes the right to dispose, in one or more instalments, of all or part of the treasury shares in portfolio, also before having reached the maximum amount of shares that can be purchased as well as, as the case may be, to buy-back the shares, provided that the treasury shares held by the Company and, if applicable, by its subsidiaries, do not exceed the limit established by the authorization.

Please note that the limit concerning the maximum number of 500 million Enel ordinary shares, and the limit concerning the maximum amount of Euro 2 billion set forth for the acquisition of ordinary shares shall apply severally and therefore, once one (and even one only) of the said limits is reached, the acquisitions must cease. In particular, the limit concerning the maximum number of 500 million of shares represents the maximum number of shares which can be held at a specific time. On the other side, the limit concerning the maximum amount of Euro 2 billion shall be interpreted as the absolute limit for the acquisitions, and therefore shall remain unchanged also in case of sell or disposal of treasury shares in portfolio; hence, it is a maximum amount, which cannot be restored nor integrated by selling the shares previously purchased.

3. Further useful information for assessing compliance with Article 2357, paragraph 3, of the Italian Civil Code

As of the date of this report, Enel's share capital is equal to Euro 10,166,679,946 and is divided into no. 10,166,679,946 ordinary shares with a nominal value of one Euro each, fully subscribed and paid-in.

As of the same date, the Company holds 3,269,152 treasury shares, equal to approximately 0.032% of the share capital. The Company's subsidiaries do not hold any Enel share.

4. Term for which the authorization is requested

The authorization to purchase treasury shares is requested for the maximum term provided for by Article 2357, paragraph 2, of the Italian Civil Code, equal to eighteen months starting from the date on which the Shareholders' Meeting grants the authorization. During such period, the Board of Directors may carry out the acquisitions freely determining the relating amount and times, in compliance with the relevant applicable laws and, where applicable, with the accepted market practices in force from time to time.

Given the absence of any legislative restriction and taking into account the need to grant the Company with as much operational flexibility as possible, the requested authorization does not provide for any term in relation to the disposal of the treasury shares purchased.

5. Minimum and maximum consideration

In line with the resolution approved by the ordinary Shareholders' Meeting held on May 14, 2020, under the new requested authorization, acquisitions shall be made at a price which shall be determined from time to time, taking into account the specific modality selected to carry out the transaction and in compliance with the relevant applicable laws and, where applicable, with the accepted market practices in force from time to time, provided that in any case such price shall not be over 10% lower or higher than the official price recorded by the Enel stock on the *Mercato Telematico Azionario* organized and managed by Borsa Italiana S.p.A. in the trading day preceding each transaction.

Under the same requested authorization, the sale or any other disposal of treasury shares in portfolio shall take place in accordance with the terms and conditions determined from time to time by the Board of Directors, in compliance with the purposes and criteria illustrated above, and in any case according to the limits (if any) provided for by the relevant applicable laws and, where applicable, by the accepted market practices in force from time to time.

6. Modalities for the acquisition and disposal of treasury shares

Given the several purposes indicated in paragraph 1 above, also under the new requested authorization, acquisitions shall be carried out in compliance with most of the modalities provided for by the relevant applicable laws and, where applicable, by the accepted market practices in force from time to time.

Such modalities are currently set forth by Article 132 of the Consolidated Financial Act, by Article 144-*bis* of Consob Resolution no. 11971 of May 14, 1999 ("Consob Issuers' Regulation"), and by Article 5 of the Regulation (EU) no. 596/2014 of the European Parliament and of the Council of April 16, 2014 ("MAR") and its relating implementing measures, as well as by the market practice on liquidity contracts accepted by Consob with Resolution no. 21318 of April 7, 2020 ⁽¹⁾.

In particular, under Article 132, paragraph 1, of the Consolidated Financial Act, the acquisitions of treasury shares shall be carried out ensuring the equal treatment among Shareholders, according to the modalities established by Consob. In this respect, among the modalities envisaged by Article 144-*bis*, paragraphs 1 and 1-*bis*, of Consob Issuers' Regulation, it is provided that the acquisitions of Enel shares may be carried out:

- a) through a public tender or exchange offer;
- b) on regulated markets or on multilateral trading facilities, in accordance with the operating modalities provided for by the regulations for the organization and management of the same markets that do not allow the direct matching of purchase offers with predetermined sale offers;
- c) through the purchase and the sale of derivative instruments traded on regulated markets or on multilateral trading facilities providing the delivery of the underlying shares, provided that the market rules lay down modalities for the purchase and sale of such instruments in compliance with the same Article 144-*bis*, paragraph 1, letter c), of Consob Issuers' Regulation. In such case, authorized financial intermediaries will be in any case appointed for the implementation of purchase and sell transactions of derivative instruments;
- d) in accordance with the modalities provided for under the accepted market practices accepted by Consob pursuant to Article 13 of MAR;

⁽¹⁾ In this regard, it is reminded that Consob Resolution no. 20876 of April 3, 2019 has provided for the termination – starting from June 30, 2019 – of the market practice, previously accepted, concerning the purchase of treasury shares for the constitution of a so-called "securities warehouse".

e) upon the conditions set forth by Article 5 of MAR.

The purchases shall not be executed (i) by granting Shareholders with put-option rights in relation to the number of shares they hold, nor (ii) by the systematic internalization activity through non-discriminatory modalities, which provide for an automatic and non-discretionary implementation of the transactions on the basis of pre-set *criteria*.

Pursuant to Article 132, paragraph 3, of the Consolidated Financial Act, the above-mentioned modalities shall not apply with reference to the purchase of treasury shares held by employees of the Company or of its subsidiaries and assigned or subscribed pursuant to Articles 2349 and 2441, paragraph 8, of the Italian Civil Code, or resulting from compensation plans based on financial instruments approved according to Article 114-*bis* of the Consolidated Financial Act.

Under the same requested authorization, acts of disposal and/or use of treasury shares shall be made with the modalities deemed the most appropriate and compliant with the interest of the Company and, in any case, in accordance with the relevant applicable laws and, where applicable, with the accepted market practices in force from time to time.

In particular, treasury shares acquired in relation to the Long term incentive Plan 2021 reserved to the management of Enel and/or of its subsidiaries pursuant to Article 2359 of the Italian Civil Code (subject to the approval of this Shareholders' Meeting as the fourth item on the agenda) and/or any other equity incentive plans for Directors and/or employees of Enel and/or of its subsidiaries and/or affiliates will be granted in accordance with the modalities and terms provided for by the regulations of the same plans.

7. Information on the relation, if any, between the purchase of treasury shares and the purpose of reducing the share capital

This request for authorization to purchase treasury shares is not instrumental to the reduction of the share capital.

We therefore submit to your approval the following

Agenda

The Shareholders' Meeting of Enel S.p.A., having examined the explanatory report of the Board of Directors,

resolves

1. to revoke the resolution concerning the authorization for the acquisition and the disposal of treasury shares approved by the Ordinary Shareholders' meeting held on May 14, 2020;
2. to authorize the Board of Directors – pursuant to Article 2357 of the Italian Civil Code – to purchase shares of the Company, in one or more instalments and for a period of eighteen months starting from the date of this resolution, for the purposes provided for by the explanatory report of the Board of Directors relating to this item on the agenda of today's Shareholders' Meeting (the "Explanatory Report"), according to the terms and conditions specified below:
 - the maximum number of shares to be purchased is equal to 500 million ordinary shares of the Company, representing approximately 4.92% of the share capital of Enel S.p.A., which is currently divided into no. 10,166,679,946 ordinary shares with a nominal value of one Euro each, up to a maximum amount of Euro 2 billion; the acquisitions shall be made within the limits of distributable net income and of the available reserves, as per the most recent duly approved financial statements;
 - the acquisitions shall be made at a price which shall be determined from time to time, taking into account the specific modality selected to carry out the transaction and in compliance with the relevant applicable laws and, where applicable, with the accepted market practices in force from time to time, provided that in any case such price shall not be over 10% lower or higher than the official price recorded by Enel S.p.A. stock on the *Mercato Telematico Azionario* organized and managed by Borsa Italiana S.p.A. in the trading day preceding each transaction;
 - the acquisitions shall be carried out ensuring the equal treatment among Shareholders and according to the modalities provided for by the relevant applicable laws and, where applicable, by the accepted market practices in force from time to time, as recalled in the Explanatory Report relating to this item on the agenda, it being understood that in any case the purchases shall not be executed by granting Shareholders with put-option rights in relation to the number of shares they hold, nor by the systematic internalisation activity through non-discriminatory modalities which

provide for an automatic and non-discretionary implementation of the transactions on the basis of pre-set criteria;

3. to authorize the Board of Directors – pursuant to Article 2357-ter of the Italian Civil Code – to dispose, in one or more instalments, for an unlimited period of time, of all or part of the treasury shares held in portfolio, also before having reached the maximum amount of shares that can be purchased, as well as, as the case may be, to buy-back the shares, provided that the treasury shares held by the Company and, if applicable, by its subsidiaries, do not exceed the limit established by the authorization referred to in point 2 above, without prejudice to what provided by the Explanatory Report in this respect. The acts of disposal and/or use of the treasury shares in portfolio shall be carried out for the purposes provided for by the said Explanatory Report, according to the terms and conditions specified below:
 - the sale or any other disposal of treasury shares in portfolio shall be carried out with the modalities deemed the most appropriate and compliant with the interest of the Company and, in any case, in accordance with the relevant applicable laws and, where applicable, with the accepted market practices in force from time to time;
 - the sale or any other disposal of treasury shares in portfolio shall take place in accordance with the terms and conditions determined from time to time by the Board of Directors, in compliance with the purposes and criteria as per this authorization, and in any case according to the limits (if any) provided for by the relevant applicable laws and, where applicable, by the accepted market practices in force from time to time;
 - the treasury shares acquired in relation to the Long term incentive Plan 2021 reserved to the management of Enel S.p.A. and/or of its subsidiaries pursuant to Article 2359 of the Italian Civil Code (subject to the approval of this Shareholders' Meeting as the fourth item on the agenda) and/or other equity incentive plans, if any, for Directors and/or employees of Enel S.p.A. and/or of its subsidiaries and/or affiliates shall be granted in accordance with the modalities and terms provided for by the regulations of the same plans;
4. to grant the Board of Directors – and, on its behalf, the Chair and the Chief Executive Officer, on a several basis and with the right to sub-delegate – with

any power needed in order to implement the resolutions as per the points above, carrying out all the activities that may be necessary, advisable, instrumental and/or related to the successful outcome of the same resolutions, as well as to provide the market with the due disclosure in compliance with the relevant applicable laws and, where applicable, with the accepted market practices in force from time to time.
