SANLORENZO S.P.A.: THE ORDINARY SHAREHOLDERS' MEETING APPROVED THE FINANCIAL STATEMENTS FOR FY 2020 AND THE DISTRIBUTION OF A DIVIDEND OF €0.30 PER SHARE

- The Shareholders' Meeting also approved the first section of the Report on Remuneration and resolved in a favourable sense on the second section
- The Consolidated Financial Statements and the Non-Financial Statement for FY 2020 have also been presented to the Shareholders' Meeting

Ameglia (SP), 21 April 2021 – The Ordinary Shareholders' Meeting of Sanlorenzo S.p.A. (“Sanlorenzo” or the “Company”) met today in first call, under the chairmanship of Mr. Massimo Perotti.

Due to the current COVID-19 health emergency, as provided by the “Cura Italia” Decree, participation in the Shareholders' Meeting was held exclusively through the designated representative, Spafid S.p.A.

Massimo Perotti, the Company's Chairman and Chief Executive Officer, stated:

«2020 was an unprecedented year for all of us. It was exactly in this extraordinary year that Sanlorenzo has proven – once again – its ability to meet the most difficult challenges: its resilience.

We kept our promises, with all the figures growing beyond expectations. This allowed us to distribute a dividend, thus keeping faith to the policy adopted in 2019, in view of the IPO.

Among all the positive data, it is worth mentioning the investments made to expand the product ranges, also in new segments, which fostered a very promising start of 2021, with a backlog in progressive and constant growth, whose amount at the end of March was higher compared to the 2020 figure.

My appreciation for the results we achieved goes beyond the numbers. With its first Non-Financial Statement, Sanlorenzo has confirmed its approach to sustainability, which means to us a responsible development, and hence continuously seeking to strike a balance between the need to be cost-effective and to have a sense of social and environmental responsibility when pursuing corporate goals.

I would therefore like to thank all the men and women that work in Sanlorenzo, our Directors, our Shareholders and all our Stakeholders for the support and the trust they keep showing us, trust that we will not betray, by continuing to design and create the gorgeous yachts, the finest expression of our “made by hand, made well”, that got us this far.»

The summary report on the votes and the minutes of the Shareholders' Meeting will be made available to the public in accordance with applicable law.

The manager responsible for preparing the corporate accounts, Attilio Bruzzese, pursuant to Article 154-bis, paragraph 2, of Italian Legislative Decree n. 58 of 1998 ("Consolidated Law on Finance Law - TUF") states that the information in this communication correspond to the records, ledgers and accounting entries.

² Net Revenues New Yachts are calculated as the algebraic sum of revenues from contracts with customers relating to new yachts net of relative sales commissions. According to the IFRS, the sale price of the new yachts and, therefore, also the calculation of the associated revenues includes the difference between the value attributed contractually to the pre-owned boats subject to exchange and their relative fair value.

³ Adjusted EBITDA is calculated by adding amortisation/depreciation expenses to operating profit/loss adjusted for non-recurring items. Non-recurring items for financial year 2020, equal to €1.4 million, are mainly related to the non-monetary costs of the 2020 Stock Option Plan and the expenses incurred for COVID-19. Non-recurring items for financial year 2019, equal to €6.1 million, are entirely related to the costs of the IPO transaction.

This document includes some alternative performance indicators. The represented indicators are not identified as accounting measures in the context of IFRS standards and, therefore, must not be viewed as alternative measurements to those included in the financial statements. The management team considers these indicators as important additional parameters for the assessment of the Group's economic and financial performance.
