REPORT ON OPERATIONS

INTRODUCTION

This periodic financial information as at 31 March 2022 (hereinafter “Periodic Financial Information as at 31 March 2022”) was approved by the Board of Directors of the Company on 5 May 2022 and has not been audited, as it is not required by current regulations.

Sanlorenzo S.p.A., as a company listed on Euronext STAR Milan segment of the Italian Stock Exchange, is subject to the provisions of Article 2.2.3 of the Stock Exchange Regulations. On the basis of these regulations, the Company has prepared the Periodic Financial Information as at 31 March 2022, which it makes available to the public.

This report on operations must be read together with the condensed consolidated financial statements and the related notes.

GROUP ACTIVITIES

The Group is a global leader in the luxury yachting industry, specialised in the design, production and sale of made-to-measure motor yachts, superyachts and sport utility yachts, which are fitted out and customised according to the needs and desires of exclusive customers.

The uniqueness of the product, the constant innovation of the yacht design, in keeping with the Sanlorenzo tradition, the loyalty of customers, the collaborations with world-renowned designers, the communication and strong liaison with art and culture have given to the Group a strong foothold in the luxury yachting industry, where the Sanlorenzo brand is recognised as the epitome of excellence and exclusivity.

The business model is based on the construction of a limited number of boats per year, taking care of every detail and relying on a supply chain of thousands of highly qualified artisan businesses, mostly located in the Upper Tyrrhenian Sea nautical district, with which the Group maintains long-standing relationships.

Thanks also to the operational execution delegated to highly experienced and skilled artisan businesses, the Group can dedicate itself to the higher value-added stages of production, the liaising with customers, the creation of innovative and sustainable new products, the promotion of the brand and the quality control.

Group activities are divided into three production divisions:

- Yacht Division (dedicated to the design, manufacturing and marketing of composite yachts between 24 and 38 metres long, under the Sanlorenzo brand);
- Superyacht Division (dedicated to the design, manufacturing and marketing of superyachts in aluminium and steel between 40 and 72 metres long, under the Sanlorenzo brand);
- Bluegame Division (dedicated to the design, manufacturing and marketing, under the Bluegame brand, of composite sport utility yachts between 13 and 23 metres long).

Sanlorenzo’s production is carried out in four shipyards located in La Spezia, Ameglia (SP), Viareggio (LU) and Massa. The sites operate within a 50km radius, within the nautical district sandwiched between the Apuan Alps and the Tyrrhenian Sea, between the northern Tuscan coast and the eastern Ligurian coast.

The sale of yachts is carried out both directly (through Sanlorenzo, other Group companies or intermediaries) and through brand representatives, each of which operates in one or more assigned regional zones.

In addition, through the High-End Services division, established in 2020, the Group offers an exclusive range of dedicated services to Sanlorenzo and Bluegame clients, such as tailor-made leasing and financing in collaboration with Sanlorenzo partners, a monobrand charter programme (Sanlorenzo Charter Fleet), maintenance, refit and restyling services (Sanlorenzo Timeless) and crew training at the Sanlorenzo Academy.

⁵ For a description of the methods used to calculate the indicators, please refer to the paragraph "Alternative performance indicators".

ALTERNATIVE PERFORMANCE INDICATORS (API)

In order to allow a better evaluation of its operating performance, Sanlorenzo Group uses some alternative performance indicators.

The indicators represented are not identified as accounting measures by the IFRS and, therefore, must not be considered alternative measures to those provided by the financial statements for assessing the Group's economic performance and the relevant financial position. The Group believes that the financial information reported below is an important additional parameter for evaluating its performance, allowing its economic and financial performance to be monitored in more detail. Since these financial data do not constitute measures that can be determined through the reference accounting standards for the preparation of the consolidated financial statements, the method applied for the associated calculation may not be consistent with the one adopted by other groups and, therefore these data may not be comparable with those presented by said groups.

These alternative performance indicators, calculated in compliance with the Guidelines on Alternative Performance Indicators issued by ESMA/2015/1415 and adopted by Consob in its communication no. 92543 of 3 December 2015, refer solely to the performance of the period forming the object of this financial report and the periods being compared and not to the Group's expected performance.

BACKLOG	It is calculated as the sum of the value of the orders and sales contracts signed with customers or brand representatives relating to yachts for delivery or delivered in the current financial year or for delivery in subsequent financial years. For each period, the value of the orders and contracts included in the backlog refers to the relative share of the residual value from 1 January of the year in question until the delivery date. The backlog related to the revenues acquired during the year is conventionally cleared on 31 December.
NET REVENUES NEW YACHTS	They are calculated as the algebraic sum of revenues from contracts with customers relating to new yachts (recognised over time with the cost-to-cost method), net of commissions. Based on the IFRS, the calculation of new yacht sales revenues includes the difference between the value attributed contractually to the pre-owned boats subject to exchange and their relative fair value.
EBITDA	It is the Operating profit/loss (EBIT) before amortisation/depreciation.
EBITDA MARGIN	Indicates the ratio of EBITDA to Net Revenues New Yachts;
ADJUSTED EBITDA	It is the Operating profit/loss (EBIT) before amortisation/depreciation adjusted for non-recurring items.
ADJUSTED EBITDA MARGIN	It is the ratio of Adjusted EBITDA to Net Revenues New Yachts.
NET FIXED CAPITAL	It is calculated as the sum of goodwill, intangible assets with a finite useful life, property, plant and equipment and net deferred tax assets, net of the corresponding non-current provisions.
NET WORKING CAPITAL	It is calculated as the sum of trade receivables, contract assets, inventories and other current assets, net of trade payables, contract liabilities, provisions for current risks and charges and other current liabilities.
NET TRADE WORKING CAPITAL	It is calculated as the sum of trade receivables, contract assets, inventories and other current assets, net of trade payables, contract liabilities, provisions for current risks and charges and other current liabilities.
NET INVESTED CAPITAL INVESTMENTS	It is calculated as the sum of net fixed capital and net working capital. They refer to increases in property, plant and equipment and intangible assets with a finite useful life, net of the carrying amount of related disposals.

**NET FINANCIAL
POSITION**

It is calculated on the basis of guidelines issued by ESMA and reported in ESMA document 32-382-1138 of 4 March 2021 (Consob Warning Notice no. 5/21 for Consob Communication DEM/6064293, 28 July 2006), as the sum of liquidity (including cash equivalents and other current financial assets), net of current and non-current financial indebtedness, including the fair value of hedging derivatives. If positive, it indicates a net cash position.

BACKLOG PERFORMANCE

(€'000)	31 March		Change

of which subsequent years	549,919	143,512	406,407	+283.2%

Gross backlog as at 31 March 2022 was €1,178,029 thousand, an increase of €624,618 thousand or 112.9%, compared to €553,411 thousand as at 31 March 2021.

(€'000)	Backlog		Change (order intake)
	1 January ⁶	31 March	Q1
Backlog 2022	915,632	1,178,029	262,397
of which current year	544,060	628,110	84,050
of which subsequent years	371,572	549,919	178,347
Backlog 2021	408,761	553,411	144,650
of which current year	305,072	409,899	104,827
of which subsequent years	103,689	143,512	39,823

The order intake in the first three months of 2022 amounted to €262,397 thousand, compared to €144,650 thousand in the same period of the previous year.

The high order intake, which involved all divisions and was supported by new products, was positively impacted by the increase in average selling prices made possible by the high-end positioning of the brand, an increase that was more pronounced for contracts with deliveries after 2022.

The amount of the gross backlog referred to the current year, for €628,110 thousand, allows an excellent coverage of the expected revenues in 2022. Furthermore, the visibility on revenues related to subsequent years, amounting to €549,919 thousand, is also significant thanks to an increased incidence of larger yachts, and in particular of superyachts with delivery dates up to 2026.

⁶ Opening the reference year with the net backlog as at 31 December of the previous year.

Net Revenues New Yachts	164,389	118,011	46,378	+39.3%

Net Revenues New Yachts in the first three months of 2022 amounted to €164,389 thousand, up by 39.3% compared to €118,011 thousand in the same period of 2021.

In a dynamic of market growth, these important results benefit from a favourable mix due to increased volumes and higher average selling prices, particularly of superyachts, with an increased incidence of larger yachts in all divisions.

Net Revenues New Yachts by division

(€'000)	Three months ended 31 March				Change	
	2022	% of total	2021	% of total	2022 vs. 2021	2022 vs. 2021%

Net Revenues New Yachts	164,389	100.0%	118,011	100.0%	46,378	+39.3%

The Yacht Division has generated Net Revenues New Yachts of €117,239 thousand, or 71.3% of the total, an increase of 48.3% compared to the first three months of 2021. The excellent sales results covered all the product ranges, and in particular the SX Line and the asymmetrical models of the SL Line.

The Superyacht Division generated Net Revenues New Yachts of €32,832 thousand, accounting for 20.0% of the total, a 10.3% increase on the first three months of 2021, driven by the Steel Line.

The Bluegame Division generated Net Revenues New Yachts of €14,318 thousand, equal to 8.7% of the total, up by 56.1% compared to the first three months of 2021, in particular thanks to the BGX Line.

Net Revenues New Yachts	164,389	100.0%	118,011	100.0%	46,378	+39.3%

Europe recorded Net Revenues New Yachts of €79,310 thousand (of which €24,782 thousand generated in Italy), accounting for 48.3% of the total, up by 32.7% compared to the first three months of 2021.

The Americas recorded Net Revenues New Yachts equal to €54,100 thousand, accounting for 32.9% of the total, up by 121.3% compared to the first three months of 2021, with excellent results in the United States.

The APAC area recorded Net Revenues New Yachts equal to €23,890 thousand, accounting for 14.5% of the total, an 8.1% decline on the first three months of 2021, driven by sales in Hong Kong.

The MEA area recorded Net Revenues New Yachts equal to €7,089 thousand, accounting for 4.3% of the total, and down 9.2% compared to the first three months of 2021.

OPERATING RESULTS

(€'000)	Three months ended 31 March				Change	
	2022	% Net Revenues New Yachts	2021	% Net Revenues New Yachts	2022 vs. 2021	2022 vs. 2021%

Adjusted EBITDA	25,894	15.8%	17,309	14.7%	8,585	+49.6%

EBIT was equal to €19,816 thousand, up by 64.7% on the first three months of 2021, with an incidence of 12.1% on Net Revenues New Yachts.

Amortisation/depreciation, equal to €5,889 thousand, rose by 17.2% on the first three months of 2021, as a result of the coming on stream of major investments made to develop new products and to increase production capacity. EBITDA stood at €25,705 thousand, up by 50.7% on the first three months of 2021, with an incidence of 15.7% on Net Revenues New Yachts.

EBITDA adjusted for non-recurring components of €189 thousand, consisting of non-monetary costs for the 2020 Stock Option Plan and expenses incurred for COVID-19, was equal to €25,894 thousand, up by 49.6% on the first three months of 2021, with an incidence of 15.8% on Net Revenues New Yachts, increasing by 110 basis point compared to the same period of 2021.

The steady increase in operating profitability is related to the change in product mix in favour of larger yachts in all divisions and the increase in average selling prices.

Despite the inflationary scenario, the impact of the increase in raw materials is limited and more than offset by the rise in sales prices, partly due to the prevalence of labour in the production cost structure. Increasingly close partnerships with suppliers secure the procurement of materials and key components at a pre-set price through the signing of multi-year contracts.

Net financial expenses amounted to €205 thousand, down 1.9% compared to the first three months of 2021.

Profit before tax for the period was €19,639 thousand, up by €7,811 thousand from €11,828 thousand in the first three months of 2021. As a percentage of Net Revenues New Yachts, it reached 12.0%, compared to 10.0% in the first three months of 2021.

Income taxes, calculated as management's best estimate, were equal to €5,413 thousand, against €3,586 thousand in the first three months of 2021. Income taxes for the period were 27.6% of the pre-tax profit.

The Group's net profit for the period was €13,985 thousand, up by 69.3% from €8,260 thousand in the first three months of 2021. As a percentage of Net Revenues New Yacht increases from 7.0% in the first three months of 2021 to 8.5% in the same period of 2022.

The net financial position of the Group as at 31 March 2022 shows a net cash equal to €54,520 thousand, compared to a net cash equal to €39,006 thousand as at 31 December 2021 and a net debt of €(25,878) thousand as at 31 March 2021. The net financial position shows an improvement of €15,514 thousand compared to 31 December 2021 and €80,398 thousand compared to 31 March 2021, an excellent result, considering the seasonal trends of the sector that tend to penalise the first quarter, achieved thanks to the strong operating cash generated from the growth in revenues and the significant order intake.

Cash as at 31 March 2022 amounted to €151,037 thousand, an increase of €9,765 thousand compared to 31 December 2021, and of €85,372 thousand compared to 31 March 2021. As at 31 March 2022, the Group also has bank credit lines to meet liquidity needs amounting to €132,108 thousand⁷, almost entirely unused.

Among financial liabilities, lease liabilities included pursuant IFRS 16 totalled €6,530 thousand (of which €4,823 thousand non-current and €1,707 thousand current) compared to €4,819 thousand as at 31 December 2021 and €3,184 thousand as at 31 March 2021.

⁷ Not including lines of credit for reverse factoring and confirming.

MAIN RISKS AND UNCERTAINTIES TO WHICH THE GROUP IS EXPOSED

The Group's activities are exposed to a series of risks and uncertainties that could influence its financial position, results of operations and cash flows, which are summarised below.

For more details on the risks to which the Group is exposed, please refer to the Annual Financial Report as at 31 December 2021, as there have been no changes compared to what was described therein concerning the risks to which the Group is exposed and how they are handled by management.

MARKET AND OPERATING RISKS

The Group is exposed to risks linked to the general or specific macroeconomic scenario of the sector in which it conducts business, operational risks connected to relations with suppliers, contractors and brand representatives, uncertainties linked to extraordinary events that may trigger interruptions in the activities of production facilities and risks related to the evolution of the reference regulatory framework.

FINANCIAL RISKS

The Group is exposed to credit risk, deriving from commercial transactions, liquidity risk and risks related to disputes and tax assessments. Furthermore, the Group is exposed to fluctuations in interest rates on its variable rate debt instruments and fluctuations in exchange rates, primarily on sales of yachts in US dollars, and hedges such exposures with derivative instruments.

ADDITIONAL INFORMATION

The Company is not subject to management and coordination activities pursuant to Articles 2497 et seq. of the Italian Civil Code, in consideration of the fact that the presumption set forth in Article 2497-sexies of the Italian Civil Code does not apply.

On 24 September 2020, the Company initiated the share buy-back program based on the authorisation resolution issued by the Ordinary Shareholders' Meeting on 31 August 2020. As a result of share purchases since the inception of the program, as at 31 March 2022, the Company held 58,666 treasury shares, unchanged from 31 December 2021, representing 0.170% of its subscribed and paid-in share capital. In accordance with the terms of the above resolution, the purchase program ended on 28 February 2022.

SIGNIFICANT EVENTS OCCURRING DURING THE QUARTER

ACQUISITION OF A MINORITY INTEREST IN CARPENSALDA YACHT DIVISION S.R.L.

On 10 February 2022, Sanlorenzo S.p.A. entered into an agreement to purchase equity interests held by MEC Carpensalda S.a.s., a strategic supplier active in the production of metal structures, in Carpensalda Yacht Division S.r.l. ("CYD"). Specifically, on 4 February 2022, MEC Carpensalda had transferred to CYD, a newly incorporated company, the business unit relating to carpentry and welding activities for the construction and assembly of metal structures in iron and light alloys for shipyards, including, among others, two production sites, one in the Navicelli Canal area in Pisa and one in Livorno. With this transaction, Sanlorenzo has acquired a 48% stake in CYD's share capital for €3,840,000. The remaining shares of the company are held 50% by MEC Carpensalda and 2% by a third party.

Subsequently, on 25 February 2022, CYD has acquired all of the shares of Sa.La S.r.l. (formerly Sala S.n.c.) from the previous shareholders for €1,666,666. The company operates in the sector of the processing, cutting and moulding of metal sheets and has a production site in Viareggio (LU).

This strategic partnership in the metal carpentry supply chain will allow Sanlorenzo to secure the supply of key works, indirectly increasing the production capacity at the service of the Superyacht Division.

CONFLICT BETWEEN RUSSIA AND UKRAINE

In view of the conflict between Russia and Ukraine, the Company confirms that its exposure towards customers of Russian nationality is marginal and spread over three financial years.

It should be noted that these are subjects who are not affected by international sanctions at an individual level (the so-called "Specially Designated Nationals") and that as of this reporting date no orders have been cancelled by customers. The Company considers the related risk to be very limited, in view of the advances received by customers on yachts under construction and their ownership retained by the shipyard, as well as in view of the numerous market requests, particularly from potential European and American customers.

The Group implements constant monitoring of the situation and updates on the international sanctions front, in line with the rigorous Know Your Customer procedures and Sanctions Compliance Program adopted by all Group companies.

Moreover, the Group has no suppliers located in Russia and in the areas affected by the conflict.

SIGNIFICANT EVENTS AFTER THE CLOSE OF THE QUARTER

SANLORENZO ORDINARY SHAREHOLDERS' MEETING

On 28 April 2022, the Ordinary Shareholders' Meeting of Sanlorenzo was held on first call and issued the following main resolutions:

- approval of the financial statements as at 31 December 2021 and proposal for the allocation of profit which made provision, inter alia, for the distribution of a dividend of €0.60 per share, double the amount distributed in 2021, with payment as at 4 May 2022;
- approval of the first section of the Remuneration Report relating to the remuneration policy and resolved in a favourable sense on the second section;
- appointment of the new Board of Directors, made up of 12 members, 6 of whom meet the independence requirements, and the new Board of Statutory Auditors;
- approval of the request for authorisation to purchase and dispose of treasury shares up to a maximum of 3,453,550 shares.

ACQUISITION OF A MINORITY INTEREST IN DUERRE S.R.L.

On 29 April 2022, Sanlorenzo S.p.A. has acquired a 33% stake in Duerre S.r.l., a historic company active since the 1940s in the handcrafted production of very high-quality furniture intended in particular for superyachts, in the amount of €3,400,000, in addition to an earn-out clause for a total of €600,000 based on the achievement of specific results.

OUTLOOK

The strong acceleration of the yachting sector continues to be supported, in the luxury segment, by the growth of Ultra High Net Worth Individuals (UHNWIs), particularly in North America and APAC. The expansion of the potential clientele is combined with a significantly increasing interest in yachting, driven by a renewed pursuit of well-being in freedom and safety, all needs that a yacht can satisfy.

Sanlorenzo continues to benefit from the unique characteristics of its business model: high-end brand positioning, exclusive yachts, always at the forefront of sustainable innovation, rigorously made-to-measure and distributed through a small number of brand representatives, flexible cost structure, close liaison with art and design.

In order to continue to create value in a responsible manner, the Group's strategy is based on the following development guidelines.

Strengthening presence in North America and APAC

Areas with strong potential arising from the expected high growth of UHNWIs, North America and APAC are key markets for the Group's future growth. The direct presence in the United States through the subsidiary Sanlorenzo of the Americas LLC allows to offer yachts specifically designed and built according to the requirements of American customers and a more timely and effective after-sales service, an element in which the Company intends to further invest. This successful model could be replicated in APAC in the medium term, with the establishment of a local subsidiary.

Evolution of superyacht selling prices

In a fast-growing sector, the market's appreciation of the quality of the product and the consequent positioning of the brand in superyachts are opening up to progressively reduce the price gap with the best North European shipyards, particularly in the segment above 500GT, with an acceleration starting from the second half of 2021.

Constant expansion of the product portfolio, with the introduction of innovations and sustainable technologies

The robust product pipeline includes the launch of three new ranges, one for each division (SP Line for the Yacht Division, X-Space Line for the Superyacht Division and BGM for Bluegame) through which Sanlorenzo enters new high-potential market segment, with proposals offering novel functions, strongly inspired by sustainability criteria. The introduction of innovations and technologies aimed at reducing the environmental impact of yachts is at the heart of Research and Development activities, focused today on the marine use of fuel cells, an activity that is accelerating thanks to the strategic agreement with Siemens Energy.

Enhancement of High-End Services offering

Consistent with the philosophy of research of utmost excellence and with its market positioning, the Group is strengthening the offer of High-End Services, entirely focused on the proposal of a package of services intended exclusively for Sanlorenzo customers, including tailor-made leasing and financing, the world's first monobrand charter program (Sanlorenzo Charter Fleet), maintenance, restyling and refitting services (Sanlorenzo Timeless) and training programs for crew members at the Sanlorenzo Academy. The strengthening of the value proposition in the field of services aims to increase the loyalty of existing customers and attract new ones, with a 360° made-to-measure approach, in which the excellence of manufacturing, high quality, innovation and design is combined with the exclusivity of the relationship with the customer.

Strengthening key supply chains

Craftsmanship is at the core of Sanlorenzo's business model: partnerships and minority investments in key suppliers and contractors will allow to ensure the procurement of strategic materials and works, indirectly increase production capacity, increase the agility and flexibility of production processes, maintain strict quality control and extend Sanlorenzo's standards of responsibility and sustainability to the supply chain.

Minority investments in the capital of key suppliers such as Carpensalda Yacht Division, active in metal carpentry sector, and in Duerre, an artisan producer of high-quality furniture, are part of this program for strengthening the strategic supply chains.

GUIDANCE FOR 2022

In light of the results as at 31 March 2022 and in particular the soundness of the order backlog – 91% of which is sold to final clients – which covers approximately 87% of Net Revenues New Yachts envisaged for the current year⁸, while constantly monitoring the evolution of the general environment, the Company confirms its expectations of double-digit growth in the main metrics and the following guidance for 2022⁹.

NOTES TO THE CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

BASIS OF PREPARATION

INTRODUCTION

This periodic financial information as at 31 March 2022 (hereinafter “Periodic Financial Information as at 31 March 2022”) was approved by the Board of Directors of the Company on 5 May 2022 and has not been audited, as it is not required by current regulations.

Sanlorenzo S.p.A., as a company listed on Euronext STAR Milan segment of the Italian Stock Exchange, is subject to the provisions of Article 2.2.3 of the Stock Exchange Regulations. On the basis of these regulations, the Company has prepared the Periodic Financial Information as at 31 March 2022, which it makes available to the public.

BASIS OF PREPARATION

The Periodic Financial Information as at 31 March 2022 has been prepared in accordance with the International Financial Reporting Standards (IFRS) issued by the International Accounting Standards Board and endorsed by the European Union, including all interpretations of the International Financial Reporting Interpretations Committee (IFRIC), previously known as the Standing Interpretations Committee (SIC).

For the purposes of preparing Periodic Financial Information as at 31 March 2022, the provisions of IAS 34 (“Interim Financial Reporting”), relating to infra-annual financial reporting, were not adopted, given that the Group applies this standard to half-yearly financial reports and not to quarterly reports.

The accounting principles and criteria adopted for the preparation of the Periodic Financial Information as at 31 March 2022 are consistent with those used for the preparation of the consolidated financial statements as at 31 December 2021 to which reference should be made for more details.

The Periodic Financial Information as at 31 March 2022 has been prepared on the basis of the accounting positions of the Parent Company and its subsidiaries, adjusted accordingly to ensure they conform to the IFRS.

The Periodic Financial Information as at 31 March 2022 includes the consolidated statement of the financial position, consolidated statement of profit and loss and the other comprehensive income, consolidated statement of cash flows and consolidated statement of changes in equity for the period from 1 January to 31 March 2022.

For comparative purposes, the financial statements present a comparison with the statement of financial position data in the consolidated financial statements as at 31 December 2021 and with the data in the consolidated statement of profit or loss and other comprehensive income, and the consolidated statement of cash flows, as at 31 March 2021.

As regards the statement of financial position, the presentation format adopted provides for a distinction between current and non-current assets and liabilities, according to paragraphs 60 et seq. of IAS 1.

The presentation of the consolidated income statement adopts a classification of costs based on the type of expense.

The consolidated statement of cash flows was prepared based on the indirect method and is presented in compliance with IAS 7, classifying the financial flows between operating, investment and financing activities.

BASIS OF MEASUREMENT

The Periodic Financial Information as at 31 March 2022 was prepared using the historical cost method, with the exception of derivative financial instruments, which were recognised at fair value as required by IFRS 9 - “Financial Instruments”, and on a going concern basis. The Directors, in fact, have checked that there are no material uncertainties (as defined in IAS 1 paragraph 25) in relation to the going-concern assumption.

FUNCTIONAL AND PRESENTATION CURRENCY

The Periodic Financial Information as at 31 March 2022 is presented in Euro, the functional currency of the Parent Company. All amounts have been rounded to the nearest thousand, unless otherwise indicated.

USE OF ESTIMATES AND VALUATIONS

The preparation of the Periodic Financial Information as at 31 March 2022 in application of the IAS/IFRS requires the Directors to apply accounting standards that may sometimes be affected by complex and subjective valuations and estimates, based on past experience and assumptions deemed reasonable and realistic in the circumstances. The application of these estimates and assumptions affects the reporting amounts in the financial statements, such as the statement of financial position, the statement of profit and loss and other comprehensive income, the statement of cash flows and the disclosures included herein.

Reference should be made to the consolidated financial statements as at 31 December 2021 in relation to the main areas requiring the use of judgements and estimates, specifying that there are no changes in the main sources of uncertainty of estimates compared to those reported in the consolidated financial statements as at 31 December 2021.

BASIS OF CONSOLIDATION

The Periodic Financial Information as at 31 March 2022 includes the interim financial statements of the Parent Company and those of the Italian and foreign subsidiaries specifically prepared.

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control is acquired until the date on which it ends.

The consolidation criteria adopted in the preparation of this Periodic Financial Information as at 31 March 2022 are the same as those adopted and reported in the consolidated financial statements as at 31 December 2021.

SUMMARY OF ACCOUNTING STANDARDS APPLIED

In the preparation of this Periodic Financial Information as at 31 March 2022, the same accounting principles and preparation criteria were applied as those used in the preparation of the consolidated financial statements as at 31 December 2021, to which reference should be made.

IMPAIRMENT TEST

The Company decided to perform the impairment test on goodwill and on development expenditure at the end of each year.

For the preparation of the Periodic Financial Information as at 31 March 2022, the Company assessed, on the basis of information from external and internal sources, whether there were indications of impairment of assets. At Group level, the existence of impairment indicators was assessed, as required by paragraph 12 of IAS 36. In assessing the results as at 31 March 2022, the Company considered that there were no trigger events and it was not necessary to carry out impairment testing; these trends will be carefully monitored in the coming months in order to promptly identify elements that may determine the need to carry out the aforementioned tests.

INFORMATION ON RISKS AND FINANCIAL INSTRUMENTS

The Group's activities are exposed to a series of risks and uncertainties that could affect its financial position, results of operations and cash flows. In particular, the Group is exposed to credit risk, arising from commercial transactions, liquidity risk, risks arising from changes in the regulatory framework and risks connected with litigation and tax assessments. Furthermore, the Group is exposed to fluctuations in interest rates on its variable rate debt instruments and fluctuations in exchange rates, primarily on sales of yachts in US dollars, and hedges such exposures with derivative instruments.

The Periodic Financial Information as at 31 March 2022 does not include all information on risk management. There were no changes with reference to the consolidated financial statements as at 31 December 2021 regarding the risks to which the Group is exposed and their management.
