A growing and attractive pipeline for 2022

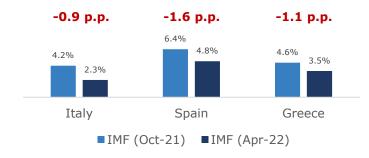

- · Very active market in Italy and Hellenic Region
- Pipeline consists of both outright portfolios and servicing platforms up for sale
- Few transaction are relatively large (€5bn+)

Considerations

- Rising inflation and higher interest rates exacerbating distressed situations
- Macro slowdown expected in Europe (but not a recession)
- Conflict in Ukraine and sanctions against Russia create additional pressure on the economic system
- Macro backdrop will exacerbate formation of NPEs
- No relevant impact on doValue collection activity for the time being
