Any changes to the above dates will be promptly communicated.

Datatrix

Datatrix is a group of tech companies that develop sustainable Artificial Intelligence solutions (Augmented Analytics and Machine Learning Models) for data-driven growth of companies. Datatrix solutions add measurable value because they collect data from internal and external sources, integrate it, look for correlations, uncover valuable insights and operational information, and suggest actions.

The Group is active in four business areas:

- 1. AI for Marketing & Sales: develops artificial intelligence solutions to increase the marketing and sales performance of companies;*
- 2. AI for Data Monetisation: applies artificial intelligence to data collected by companies in compliance with privacy regulations, turning it into economic value for them;*
- 3. Machine Learning Model Serving: develops transparent and scalable analysis models based on a machine learning algorithmic framework to support organisations in opening new business frontiers;*
- 4. AI for FinTech: develops solutions using unconventional alternative data to improve the performance of institutional and private investors in stock selection, identification of innovative investment themes and ESG scoring.*

Since 2019, Datatrix has also accelerated its growth path through acquisitions in Italy and abroad. The following are now part of the Datatrix SpA Group: 3rdPlace Srl, FinScience Srl, ByTek Srl, Paperlit Srl, Datatrix US Inc. and Adapex Inc. Through its subsidiaries, Datatrix is a technology partner of international consortia for important R&D projects in the financial, biomedical and cybersecurity fields, funded by the European Union and Italy and based on Artificial Intelligence algorithms.

Datatrix operates through four offices in Italy (Milan, Rome, Cagliari and Viterbo) and one in the United States. More at [datrixgroup.com](https://www.datrixgroup.com)
