Press Release

2023 Annual schedule of corporate events

Brugine, 15 December 2022 – Pursuant to existing legislation, Carel Industries S.p.A. is announcing its 2023 schedule of corporate events:

- **2 March 2023** – Board of Director's Meeting for the approval of the draft financial statements and the consolidated financial statements as at 31 December 2022.
- **21 April 2023** – Shareholders' Meeting for the approval of the financial statements as at 31 December 2022.
- **12 May 2023** – Board of Director's Meeting for the approval of the additional interim financial information as at 31 March 2023.
- **3 August 2023** – Board of Director's Meeting for the approval of the half-year financial report as at 30 June 2023.
- **10 November 2023** – Board of Director's Meeting for the approval of the additional interim financial information as at 30 September 2023.

Following each Board of Directors' meeting to approve the periodic financial statements, a press release will be published and there will be a conference call (audio-conference and webcast) with the financial community; dates and timing will be duly announced as soon as they are scheduled.

Any changes to the dates given above will be announced promptly.

We wish to inform you that, pursuant to Article 2.2.3 of the Stock Exchange Regulation, in place of the additional financial information as at 31 December 2022, the company will publish the annual financial report, together with the other documents pursuant to Article 154-ter, paragraph 1, of the TUF, within 90 days of the 2021 year-end.

CAREL

The CAREL Group is a global leader in the design, production and marketing of technologically-advanced components and solutions for excellent energy efficiency in the control of heating, ventilation and air conditioning (“HVAC”) and refrigeration equipment and systems. CAREL is focused on several vertical niche markets with extremely specific needs, catered for with dedicated solutions developed comprehensively for these requirements, as opposed to mass markets.

The Group designs, produces and markets hardware, software and algorithm solutions aimed at both improving the performance of the units and systems they are intended for and for energy saving, with a globally-recognised brand in the HVAC and refrigeration markets (collectively, “HVAC/R”) in which it operates and, in the opinion of the Company’s management, with a distinctive position in the relevant niches in those markets.

HVAC is the Group’s main market, representing 65% of the Group’s revenues in the financial year to 31 December 2021, while the refrigeration market accounted for 34% of the Group’s revenues.

The Group commits significant resources to research and development, an area which plays a strategic role in helping it maintain its position of leadership in the reference HVAC/R market niches, with special attention focused on energy efficiency, the reduction of environmental impact, trends relating to the use of natural refrigerant gases, automation and remote connectivity (the Internet of Things), and the development of data-driven solutions and services.

The Group operates through 31 subsidiaries including 13 production plants located in various countries. As of 31 December 2021, approximately 80% of the Group’s revenues was generated outside of Italy and 30% outside of EMEA (Europe, Middle East, Africa).

Original Equipment Manufacturers or OEMs – suppliers of complete units for applications in HVAC/R markets – make up the Company’s main category of customers, which the Group focuses on to build long-term relationships.
