PRESS RELEASE

CREDIT SUISSE AG, LONDON BRANCH, HAS DETERMINED TO PROPOSE A WRITTEN RESOLUTION ENABLING THE INTEREST RATE OF THE FOLLOWING SERIES TO SWITCH FROM USD LIBOR TO A RATE BASED ON THE COMPOUNDED DAILY SECURED OVERNIGHT FINANCING RATE (SOFR):

Yield Securities due October 2027

(referred to for commercial purposes as “*Obbligazione Tasso Misto in Dollari USA Ottobre 2027*”)

Series SPLB2017-0TH3 with ISIN: XS1678838423

(the Securities)

London, 10 February 2023 – Credit Suisse AG, London Branch (the **Issuer** or **Credit Suisse**) informs that Credit Suisse has determined today to propose to the holders of the Securities (the **Securityholders**) to adopt a written resolution (the **Written Resolution**) to modify the terms and conditions of the Securities (the **Conditions**) of the Yield Securities due October 2027 (referred to for commercial purposes as “*Obbligazione Tasso Misto in Dollari USA Ottobre 2027*”), issued pursuant to the Trigger Redeemable and Phoenix Securities Base Prospectus, dated 27 July 2017, as supplemented up to and including 24 October 2017, as part of Credit Suisse’s Structured Products Programme for the issuance of Notes, Certificates and Warrants:

- Series SPLB2017-0TH3 Securities (ISIN: XS1678838423)

Such modifications will enable the interest rate for the Securities to be determined by reference to Secured Overnight Financing Rate (**SOFR**) instead of USD LIBOR.

Background: Status of LIBOR

Based on a regulatory announcement by the United Kingdom Financial Conduct Authority, as described in the Notice and Consent Solicitation, immediately after 30 June 2023, USD LIBOR, which is used to determine the current rate of interest for the Securities, will no longer be representative of the underlying market and economic reality it is intended to measure and its representativeness will not be restored. In addition, the same Financial Conduct Authority has stated that it will consider the case for requiring continued publication of certain tenors of USD LIBOR on a “synthetic” basis after 30 June 2023, but if it does not require these tenors to continue to be published, they will cease at that time. Therefore, the Issuer is hereby seeking consent from Securityholders for the proposed Written Resolution to give effect to a modification of the Conditions and consequential or related amendments such that, for the purpose of the floating rate of interest applicable to each Interest Period commencing after 30 June 2023, the rate of interest will be determined by reference to SOFR instead of USD LIBOR.

Proposed amendments

The amendments to the original final terms of the Securities dated 26 October 2017 (amending and restating the Final Terms dated 23 October 2017) (the **Original Final Terms**) will amend the interest provisions for the Securities to transition away from USD LIBOR to a new rate referred to as SOFR or the Secured Overnight Financing Rate.

This is administered by the Federal Reserve Bank of New York. New fallback provisions will also be added in case the SOFR rate is not available when required.

A notice and consent solicitation will be notified today to the Securityholders via the relevant Clearing System (the **Notice and Consent Solicitation**). The Securityholders will be able to vote in favour of or against the amendments by giving their consent, authorisation and direction or alternatively abstaining from voting, pursuant to the procedures indicated in the Notice and Consent Solicitation. For any further information on the consent solicitation please refer to the Notice and Consent Solicitation.

If approved by the Securityholder(s), the proposed amendments will take place on 13 March 2023 and the Securities will transition to the SOFR rate from and including the first day of the Interest Period commencing on 24 October 2023 (the **Replacement Effective Date**) and the first coupon to be paid under the new methodology will fall on 24 October 2024. For the avoidance of doubt, the new SOFR rate will not apply to payments of interest in respect of Interest Periods commencing before the Replacement Effective Date.

Furthermore the Determination Date for the coupons to be determined by reference to SOFR will fall on the Fifth U.S. Government Business Day prior to the relevant Interest Payment Date.

Regardless of the outcome of the Written Resolution, the Issuer reserves the right to take any further action with respect to the Securities, including convening a meeting of the Securityholder(s) of the Securities or exercising any other rights under the Conditions.

It is possible that any of the outcomes described above may adversely affect the value of the Securities.
