PRESS RELEASE

services for Central Public Administrations (ed. 2) (<https://www.consip.it/bandi-di-gara/gare-e-avvisi/gara-servizi-applicativi-in-ottica-cloud-ed-2>).

Lot 2 deals with demand and PMO services for the Central Public Administrations and includes services of Project Management, Monitoring, Change Management, Demand Management and Customer Satisfaction survey; these services are strategic for the Country System and for the contracting Public Administrations to govern the innovation and evolution of their Information Systems and to meet the objectives of the National Recovery and Resilience Plan (NRP).

The framework agreement relating to Lot 2 of the public tender subject of this press release, which is part of the NRP, will enable the RTI governed by HSPI to enter into contracts with Central Public Administrations for a value of up to EUR 120 million (excluding extensions) during the period 2023–2026, of which 61% of the contract value will be in favour of the TXT Group.

The list of Central Public Administrations that will be able to make use of digital services includes Constitutional Bodies and Bodies of Constitutional Importance, Presidency of the Council of Ministers, Ministries, including Peripheral Offices, Tax Agencies, Bodies regulating economic activity. Bodies producing economic services, Independent Administrative Authorities, Bodies with associative structure, Bodies producing welfare, recreational and cultural services, Research Bodies and Institutions, National Social Security and Welfare Bodies, Extraordinary Government Commissioners, Agency for Regional Health Services (AGENAS), Bank of Italy, the Italian Companies and Exchange Commission (CONSOB), the Italian Institute for the Supervision of Insurance (IVASS), the Italian Authority for Electricity and Gas and the Water System (AEEGSI), Public bodies liaising with international organisations and others.

"Thanks to this result, we play an increasingly central role in the great digitisation project of the Italian Public Administration, a project that is accelerating also thanks to the NRP," commented Sebastiano Manno, CEO of HSPI and head of the TXT Group's Digital Advisory division. "Our specialised skills in digital innovation and the management of complex projects, demonstrated in over twenty years of experience as a technology partner of major public and private players, will be a key asset in the prestigious project to digitise the Country System in which we will be protagonists".
