- (ii) to encourage the continuation and motivation within the Group of resources possessing high professional qualities necessary for pursuing the Company's strategy and sustainable success, ensuring the balance of the remuneration pay-mix in line with market practices;
- (iii) linking the overall remuneration and especially the incentive system of the Group's management and key figures to the actual performance of the Company and the creation of new value for the Group.

The Beneficiaries and the amount of the Allocated Shares, and the Bonus Allocated to each of the Beneficiaries will be discretely and indisputably determined by the Board of Directors on the Date of Allocation, at the time of approval of the Rules, considering the strategic relevance of the respective position held and the levels of Fixed and Variable Remuneration annually received, ensuring an overall competitive level of remuneration.

The Plan will cover a time horizon of three years, corresponding to the three years 2023-2025, a period deemed consistent to measure the sustainable value growth of the Group in the medium term.

2.2 Key variables, also as performance indicators considered for the allocation of share-based plans

The Plan envisages that the Beneficiaries will be allocated a certain number of Shares and a Bonus, defined taking into account the Fixed Remuneration levels and subject to the achievement of the Performance Objectives to be determined by the Board of Directors when approving the Rules. The decision to make the recognition of the Shares and Bonus conditional on achieving Performance Objectives and creating new sustainable value seeks to ensure that the Plan can best achieve an incentive function.

The Plan provides that the right to receive the Shares and Bonus is subject to the achievement of *performance* conditions consisting of typical financial management objectives, also considering environmental, social and *governance* aspects .

The Plan Shares will comprise Shares directly or indirectly held by the Company, purchased or to be purchased under Article 2357 et seq. of the Italian Civil Code. The maximum number of Plan Shares is 771,892.

2.3 Elements underlying the determination of the amount of the instrument-based remuneration, i.e. the criteria for its determination

On the Date of Allocation, the Board of Directors will identify the Beneficiaries and the amount of the Allocated Shares and the Bonus Allocated to each of them. Each Beneficiary will receive the Allocation Form, which will show the amount of the Allocated Shares and/or the Allocated Bonus, according to the following criteria.

The amount of the Allocated Shares, and the Allocated Bonus shall correspond to a percentage of the RAL (Gross Annual Remuneration) paid to each Beneficiary on the Date of Allocation; this value may decrease or increase if the Beneficiary reaches or exceeds the Performance Target at the end of the Vesting Period.

Under the Plan, there will be:

- (i) a minimum level of achievement of Performance Targets, below which no award will be made; and
- (ii) a maximum level of achievement of Performance Targets, in excess of which no increase in the allocatable bonus will take place.

4.1 Description of the forms in which share-based remuneration plans are structured

The subject of the Plan is:

- (i) the allocation, free of charge, to the Beneficiaries, upon the expiration of the Vesting Period and the occurrence of the conditions described in Section 4.5, of Shares already outstanding and in the Company's portfolio (or subsequently acquired pursuant to Article 2357 et seq. of the Italian Civil Code), as well as
- (ii) the payment to the Beneficiaries at the expiry of the Vesting Period and upon the occurrence of the conditions described in Section 4.5, of the Bonus.

The right of the Beneficiaries to participate in the Plan shall be granted to them free of charge and personally and may not be transferred by deed between living persons nor be subject to a lien or be the subject of other acts of disposition in any capacity.

After hearing the opinion of the Nomination and Remuneration Committee, to the extent relevant, and - in the cases governed by Article 2389, paragraph three, of the Italian Civil Code - after hearing the Board of Statutory Auditors, the Board of Directors shall identify the Beneficiaries and establish the number of Allocated Shares and the amount of the Bonus Allocated to each Beneficiary. 4.2 Indication of the period of actual implementation of the Plan with reference also to any different cycles envisaged

The Plan has a time horizon of 3 years and provides for a single allocation of the Shares and Bonus to the Beneficiaries during the Vesting Period (so-called "closed" plan).

More detailed information will be provided during the Plan's implementation, in compliance with Article 84-bis, paragraph 5(a) of the Issuers' Regulation (i.e. the laws and regulations applicable from time to time).

The maximum number of Plan Shares for the three years is 771,892.

4.5 Modalities and clauses for implementing the Plan, specifying whether the actual allocation of the instruments is subject to the fulfilment of conditions or the achievement of specific results, including performance results; description of these conditions and results

The right to receive the Allocated Shares and the Allocated Bonus is subject to the fulfilment of both of the following conditions:

- (i) that the Economic-Financial and ESG(*Environmental, Social & Governance*) Performance Objectives defined for the Vesting Period and punctually established by the Board of Directors, subject to the opinion of the Nomination and Remuneration Committee, at the time of approval of the Regulation, have been achieved;
- (ii) that, at the end of the Vesting Period, the relationship between the Beneficiary and the Company or the relevant Subsidiary is still in place and that the Beneficiary's status as a Beneficiary within the Company, the relevant Subsidiary, or the Group has not ceased, regarding the role held, except in the case of Good Leaver.

The Allocation Form of each Beneficiary shall contain details of the Allocated Shares and the Allocated Bonus, the Performance Targets and their values. If the number of Accrued Shares resulting from applying the preceding provisions is decimal, that number shall be rounded down to the nearest whole number.

The Rules will provide - without prejudice to any other right or remedy however provided for in favour of the Company and the Subsidiaries by applicable provisions of law or contract - Claw Back clauses in favour of the Company, in the terms better detailed in the Rules.

Fifty per cent of the Vested Shares under the Plan may not be transferred or subject to any lien or other acts of disposal *inter vivos* for any reason for 24 months (Lock Up) from the effective delivery date of such Vested Shares.

Such Shares, delivered to the Beneficiaries through the authorised financial intermediary, will have regular dividend entitlement but must remain on deposit with the authorised financial intermediary identified by the Company throughout the duration of the Lock-Up.

If a Beneficiary ends its relationship with the Company (or the relevant Subsidiary) during the Lock-Up, the Accrued Shares delivered to the Beneficiary, while remaining its property, shall remain unavailable for 24 months.

4.6 Indication of any restrictions on the availability of the allocated instruments or the instruments resulting from the exercise of the options, with particular reference to the terms within which the subsequent transfer to the same Company or third parties is permitted or prohibited

The right of the Beneficiaries to take part in the Plan shall be granted to them free of charge and personally and may not be transferred by deed between living persons nor be subject to a lien or be the subject of other acts of disposition in any capacity.

4.7 Description of any termination conditions concerning the allocation of the plans if the recipients carry out hedging transactions that neutralise any prohibitions on the sale of the financial instruments allocated, including as options, or of the financial instruments resulting from the exercise of such options

Not applicable, as there are no termination conditions if the Beneficiaries carry out *hedging* transactions.

4.8 Description of the effects of termination of employment

Since the right to receive the Allocated Shares and the Allocated Bonus is functionally linked to the continuation of the relationship between the Beneficiaries and the Company or the Group, in the event of the termination of such relationship, the following provisions shall apply, unless the Board of Directors determines otherwise in a more favourable sense for the Beneficiaries.

In the event of termination of the Relationship before the expiry of the Vesting Period, because of a Bad Leaver event, the Beneficiary will permanently lose the right to receive the Allocated Shares and the Allocated Bonus.

In the event of termination of the Relationship before the expiry of the Vesting Period, because of the occurrence of a Good Leaver event, the Beneficiary (or their heirs) may retain the right to a *pro rata temporis* fraction of the Accrued Shares and the Accrued Bonus, calculated based on the ratio between (i) the period between the Date of Allocation and the date of termination of the Relationship, and (ii) the Vesting Period, under the terms to be better defined in the Rules.

It is understood that the right of the Beneficiaries to receive the Accrued Shares and the Accrued Bonus shall remain suspended from the moment of the sending of a letter of disciplinary dispute (pursuant to and for Article 7 of Law No. 300 of 20 May 1970), and until the moment of the receipt, by the Beneficiary concerned, of the notice by which the relevant sanction has been imposed or of the notice by the Company or the Subsidiary that it does not intend to proceed with the imposition of any sanction. It is also understood that in the event of a transfer of the Relationship to another company of the Group and/or in the event of termination of the Relationship and simultaneous establishment of a new Relationship within the Group, the Beneficiary shall retain, *mutatis mutandis*, all the rights attributed to them by the Rules.

If a Beneficiary ends its relationship with the Company (or the relevant Subsidiary) during the Lock-Up, the Accrued Shares delivered to the Beneficiary, while remaining its property, shall remain unavailable for 24 months.

4.9 Specification of other potential causes of cancellation of plans

Except as specified in the Information Document, there are no other causes for cancellation of the Plan.

4.10 *Reasons for the possible provision of a 'redemption' by the Company of the financial instruments subject to the plans, under Article 2357 et seq. of the Italian Civil Code; the beneficiaries of the redemption, specifying whether it is intended only for particular categories of employees; the effects of the termination of employment on that redemption*

The Plan does not provide for redemption provisions by the Company.

The Plan includes Claw Back clauses in favour of the Company, as set out in Section 4.5 above, to which reference should be made.

4.11 *Any loans or other facilities to be granted for the purchase of shares under Article 2358 of the Italian Civil Code*

Not applicable, as the Plan provides for the free allocation of the Shares and Bonus when the conditions outlined in the Rules are met.

4.12 *Specification of valuations of the expected burden for the Company at the date of the relevant allocation, as determinable based on the terms and conditions already defined, by total amount and concerning each instrument of the Plan*

The burden expected to be borne by the Company for implementing the Plan derives from the assessment of its economic impact, which will have to consider the number of Accrued Shares, the Accrued Bonuses and the quotation of the Shares on the market.

As of the Date of the Information Document, since, among other things, the Beneficiaries of the Plan have not been identified nor the relative allocations, it is not possible to determine the charge described above, which will therefore be communicated upon approval of the Regulation.

4.13 *Indication of any dilutive effects on capital caused by the remuneration plans*

Not applicable as the Plan, having as its object treasury shares of the Company, does not entail any dilutive effects.

4.14 *Possible limits on the exercise of voting rights and the allocation of property rights*

The Shares have regular dividend entitlement and, therefore, the rights attaching to it shall accrue to each Beneficiary from the moment the same becomes the holder thereof, except as stated in Paragraph 4.5 above regarding the Lock-Up.

There are no limits on the exercise of voting rights nor the allocation of property rights.

4.15 *If the shares are not traded on regulated markets, any valuable information for an accurate assessment of the value attributable to them*

Not applicable, as the Shares are traded on regulated markets.

4.16 Number of financial instruments underlying each Option

Not applicable.

4.17 Expiry of Options

Not applicable.

4.18 Mode (American/European), timing (e.g. valid exercise periods) and exercise clauses (e.g. knock-in and knock-out clauses)

Not applicable.

4.19 Exercise price of the option or the manner and criteria for its determination, with particular regard to: (a) the formula for calculating the exercise price in relation to a given market price (so-called fair market value), and (b) how the market price taken as a reference for the determination of the exercise price (e.g: last price of the day before the allocation, an average of the day, an average of the previous 30 days, etc.).

Not applicable.

4.20 If the exercise price is not equal to the market price determined under 4.19 b) (fair market value), reasons for the difference

Not applicable.

4.21 Criteria based on which different operating prices are envisaged between different parties or different categories of recipients

Not applicable.

4.22 Where the financial instruments underlying the Options are not traded on regulated markets, an indication of the value attributable to the underlying instruments or the criteria for determining that value

Not applicable.

4.23 Criteria for adjustments made necessary because of extraordinary capital transactions and other transactions involving changes in the number of underlying instruments (capital increases, extraordinary dividends, regrouping and splitting of underlying shares, mergers and demergers, conversion into other classes of shares, etc.).

Please refer to Section 3.3 above.

4.24 Share issuers shall attach to the information document the attached Table No. 1

The table referred to in Section 4.24 of Schedule 7 shall be compiled and disclosed during the Plan's implementation in the manner outlined in Article *84-bis*, paragraph 5, letter a) of the Issuers' Regulation, or in any event under the laws and regulations applicable from time to time.
