Dear Shareholders,

the Board of Directors of SECO S.p.A. ("**SECO**" or the "**Issuer**" or the "**Company**") has called you to the Ordinary Shareholders' Meeting, for April 27, 2023 at the time of 10:00AM, in Firenze at Via dei Della Robbia n. 38, at the studio of the notary Jacopo Sodi, in single call, to discuss and resolve, among other things, on the following point 5) of the Agenda of the Shareholders' Meeting:

- 5) **Authorization to purchase and dispose of treasury shares pursuant to and for the purposes of Articles 2357, 2357-ter of the Civil Code, Article 132 of Legislative Decree No. 58/1998 and Article 144-bis of Consob Regulation No. 11971 of May 14, 1999, after revocation, for the portion not implemented, of the resolution on the authorization approved by the ordinary Shareholders' Meeting on 27 April 2022. Related and consequent resolutions.**

With this report (the "**Report**") - prepared pursuant to Article 125-ter of Legislative Decree No. 58 of February 24, 1998, as subsequently amended ("**CFA**"), and Article 73 of the Regulation adopted by Consob Resolution No. 11971 of May 14, 1999, as amended (the "**Issuers' Regulation**"), and in compliance with Annex 3A of the Issuers' Regulation - we wish to provide an explanation of the reasons for the proposals related to point 5) on the Agenda of the Shareholders' Meeting.

We note that by a motion passed on April 27, 2022, the Company's Shareholders' Meeting authorized the purchase and disposal of ordinary shares. This authorization had a duration of 18 months and therefore will expire during the year 2023, while the authorization for disposals was granted without time limits. As of the date of this Report that authorization has not been executed, even partially.

At the Reporting Date, the Company holds 1,053,334 treasury shares, equal to 0.885% of the share capital.

In view of the approaching expiry of the eighteen-month period for the authorization to purchase resolved by the aforementioned Ordinary Shareholders' Meeting on April 27, 2022, and also taking into account the continuing validity of the reasons underlying this authorization, it is proposed to the Shareholders' Meeting to renew the authorization to purchase treasury shares, for the purposes, terms and conditions indicated below, for a further period of 18 months, and to grant a new authorization to dispose of treasury shares without time limits, subject to revocation of the motion passed on April 27, 2022.

1. Reasons for the requested authorization to purchase and dispose of treasury shares

The request for authorization to purchase and dispose of treasury shares covered by the proposed authorization is targeted at providing the Company with a useful strategic investment opportunity, also taking into account the purposes permitted by current provisions - including the purposes contemplated in Article 5 of Regulation (EU) 596/2014 (Market Abuse Regulation, hereinafter the "MAR") and in the practices permitted pursuant to Article 13 MAR where applicable including, purely by means of non-exhaustive example, to serve share option programs or other allocations of shares to employees or members of the administrative or control bodies and for the purposes of the possible use of the shares as consideration in corporate transactions, including the exchange of shareholdings with other parties, as part of transactions in the interest of the Company, all in any case within the terms and according to the procedures that may be decided by the competent bodies of the Company.

2. Maximum number, category and nominal value of the shares to which the authorization refers

At the Reporting Date, the share capital of the Company amounts to Euro 1,154,994.56, divided into a total of 118,775,361, with no nominal value, of which (i) 118,771,861 ordinary shares traded on Euronext STAR Milan, (ii) 2,500 Management' 20 Shares; and (iii) 1,000 Management Performance Shares. At the same date, SECO holds 1,053,334 treasury shares, equal to 0.885% of the share capital, whereas the Issuer's subsidiaries do not hold any SECO shares.

The authorization is requested for the purchase, including in several tranches, of SECO shares up to a maximum number that, taking into account the number of ordinary shares of the Company held in the portfolio at a given time, does not exceed the maximum limit set by the applicable *pro tempore* regulations (as at the Reporting Date, this limit is set at one fifth of the share capital pursuant to Article 2357, paragraph 3 of the Civil Code).

Therefore, it is proposed to grant a mandate to the Board of Directors to identify the amount of shares to be purchased, in relation to each purchase program, within the scope of the purposes indicated in the previous paragraph, before the start of the program, in compliance with the maximum limit mentioned above.

3. Useful information for a comprehensive review of compliance with the provision under Article 2357, paragraph 3 of the Civil Code

As mentioned in the previous paragraph, at any time the maximum number of treasury shares held by the Issuer - also taking into account SECO ordinary shares held by subsidiaries - shall never exceed the maximum limit set out by the applicable *pro tempore* regulations. With a view to ensuring compliance with legal limits, appropriate procedures will be put in place to guarantee timely and exhaustive information on the shareholdings of the Issuer's subsidiaries.

In accordance with Article 2357, paragraph 3 of the Civil Code, treasury share purchases will be made within the limits of the distributable profits and available reserves as per the latest financial statements, including interim accounts, approved at the time of each transaction. Only fully paid shares may be purchased.

Purchase and sale transactions of treasury shares shall be accounted for in compliance with the

applicable legal provisions and accounting standards.

4. Duration of the requested authorization

Authorization to purchase treasury shares is requested for a period of 18 months commencing from the date of the motion of the Shareholders' Meeting. The Board of Directors may proceed with the authorized transactions on one or more occasions and at any time, to an extent which may be freely established in compliance with the applicable rules and considered to be in the interest of the Company. The authorization to dispose of treasury shares is requested without time limit.

5. Minimum and maximum payments for treasury shares purchased

The Board of Directors proposes that share purchases be made in compliance with the limits and conditions relating to trading set out in Articles 3 and 4 of Delegated Regulation (EU) 2016/1052 (the "**Regulation 1052**") implementing MAR, where applicable.

The purchases may be made for a consideration not exceeding the highest price between the price of the last independent transaction and the price of the highest independent bid in the trading venues where the purchase is made, it being understood that the unit price may not in any case be lower than a minimum of 10% (ten percent) or higher than a maximum of 10% (ten percent) with respect to the official price recorded by the Company's ordinary shares on the trading day preceding each individual purchase transaction.

6. Manner by which the purchases and disposals will be made.

The Board of Directors proposes that the purchases are carried out according to the methods set out in the applicable provisions of the Issuers' Regulation implementing Article 132 of the CFA, in compliance with the conditions related to trading as set out in Articles 3 and 4 of Regulation 1052 and the period deemed appropriate in the interest of the Company.

The Board of Directors also proposes to authorize the use pursuant to Article 2357-*ter* of the Civil Code, at any time, in whole or in part, on one or more occasions, of the treasury shares purchased on the basis of this proposal, or in any case in the Company's portfolio, by means of:

- (i) granting to the beneficiaries share incentive plans implemented from time to time in accordance with the terms and conditions set out in the plans;
- (ii) use of treasury shares as consideration in corporate transactions, including the exchange of investments with other parties, as part of transactions in the interest of the Company
- (iii) allocation of treasury shares in excess of those to be used to service the incentive plans referred to in point (i) above, to other purposes permitted by current legislation in the interest of the Company;
- (iv) disposal of the same by means of sale on the stock exchange or over the counter, including by means of transfer of real and/or personal rights, including but not limited to securities lending, in compliance with the applicable legal and regulatory provisions and for the pursuit of the purposes set out in this Report, with the terms, methods and conditions of the deed of disposal of treasury shares deemed most appropriate in the

interest of the Company.

It remains understood that:

- a) deeds carried out as part of corporate transactions, including those involving the exchange of equity investments with other parties, may be carried out at a price or value that will be fair and in line with the transaction, due to the characteristics and nature of the transaction and also taking into account market trends; and
- b) the disposal of treasury shares to service incentive plans shall be carried out according to the terms and conditions set out, from time to time, by the plans themselves.
