Growing and Unpenetrated Customer Base

Strong opportunity due to an unpenetrated customer base, deriving from an exponential increase in the global number of UHNWIs in the past three years.

MAIN DRIVERS

- Superyachts above 30mt grew +3% from 2010 to 2021, whereas UHNWIs with net worth above \$50mn grew at 11% CAGR, leading to a decline in the penetration rate (c. 2%).
- UHNWIs are expected to increase at a CAGR of 8% from 2021 to 2026E (+118k).
- The growth is largely driven by North America (6% CAGR, +45k) and APAC (12% CAGR, +48k).

Growth Potential from Perini Navi Acquisition

Perini Navi is the iconic sailing yacht brand, known for its luxurious and innovative characteristics. The Perini Navi acquisition has allowed for an increase of production capacity and the integration of two iconic brands to TISG's product offering.

GROWTH POTENTIAL FROM BRANDS

Perini Navi and Picchiotti are internationally renowned brands which are expected to boost The Italian Sea Group's growth prospects in the medium term by entering into adjacent and attractive market segments.

Iconic luxury sailing yacht brand, characterized by high performance, innovation and elegance. The acquisition has allowed TISG to consolidate its positioning in the sailing yacht market with a best-known brand.

Perini Navi currently represents c. 14% of TISG's Order Book 2022.

PICCHIOTTI
SINCE 1575

Founded in Limite sull'Arno in 1575, Picchiotti is a heritage brand for the yachting industry.

Through the brand, TISG produces **semi-custom yachts** with a classical and timeless style, true **Gentleman's Yachts** reminiscent of the iconic American fleet in the 60s.

PRODUCTION CAPACITY & SYNERGIES

Perini's acquisition also contributed outstanding shipyards in **La Spezia** and **Viareggio** which provide much needed manufacturing and refit capacity and skills, in fact c. 50% of the **Eu 80mn** price reflects real estate assets.

The **La Spezia** shipyard is equipped with impressive infrastructures, and is ideal for refit activities, c. 50% of the Perini fleet has already undergone refit works with NCA Refit.

The shipyard will also host the production of the Tecnomar for Lamborghini 63.

Perini Navi production is located in the **Viareggio** shipyard.

The recruitment of former Perini employees will foster the creation of an internal culture in the construction and refit of sailing yacht projects.

Production Capacity and State-of-the-Art facilities

The Italian Sea Group invested Eu 68mn in its shipyards since 2018, reaching a high-quality production capacity.

MARINA DI CARRARA

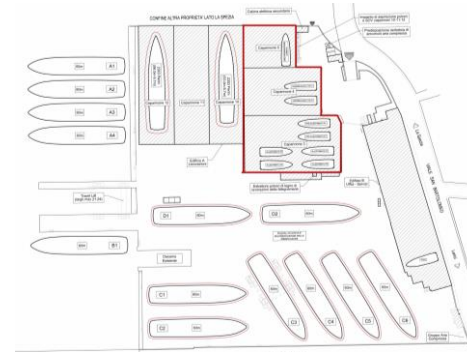

The Marina di Carrara shipyard is the home of the Admiral and Tecnomar brands, and covers a total surface of 120.000 sqm.

The shipyard can contemporarily manage up to 12 production projects: 6 between 75-80mt, 4 between 40-70mt, and 2 of approx. 90mt (or one yacht > 100mt).

Additionally, the shipyard can also manage 25 refit projects up to 140mt.

LA SPEZIA

The La Spezia shipyard covers a total surface of 30.000 sqm.

The shipyard can contemporarily manage 3 production projects up to 60mt, and approx. 12 annual deliveries of the Tecnomar for Lamborghini 63.

Additionally, the shipyard can also manage 14 refit projects up to 60mt.

VIAREGGIO

The Viareggio shipyard is the home of Perini Navi, and covers a total surface of 18.000 sqm.

The shipyard can contemporarily manage up to 3 projects for sailing yachts up to 60mt in length.

TISG TURKEY

TISG operates with a network of partners in Turkey, focused on the production of the frame and structure of yachts, which are subsequently towed to Italy for outfitting.

The **Hercelik** and **Naveks** shipyards, cover a total surface of 21.000 and 13.000 sqm, respectively, and can contemporarily manage 6 production projects. TISG operates on 5 shipyards in the Yalova and Antalya areas, which in their totality cover 70.000 sqm.

Quality & Visibility of Order Book

The Italian Sea Group boasts an Order Book in excess of one billion Euros, c. 3.5x 2022 Revenues, with a surge in orders from North America, the Middle East and Asia.

ORDER BOOK EVOLUTION

ORDER BOOK BREAKDOWN

ORDER BOOK COMPOSITION

- Growth in demand from **Americas** and **APAC region** (from a total of 37% in FY 2020 to 62% in 2022).
- Growth in the **Order Book** with visibility up to 2027.

Commercial Approach & Contract Structure

TISG's commercial approach and contract structure aim at limiting risks with respect to inventory, achieve favourable working capital, and lock in expected margins.

ORDER-BASED APPROACH & BEST-IN-CLASS CONTROL SYSTEMS

- No speculative production
- Trade-ins are not accepted
- No penalties for delays or quality remarks
- No litigations with clients

No risk of unsold inventory nor write-offs

FAVOURABLE ADVANCE-PAYMENTS CONTRACT STRUCTURE

ORDER TYPE	ADVANCE PAYMENTS (% OF PURCHASE PRICE)									
	<i>Payment of 11/12 milestones, each worth c.10% of purchase price</i>

Favourable working capital management

CAREFUL COST MANAGEMENT

- Approx. 75-80% of direct costs (raw materials, engine, external suppliers, etc.) are contractualised at contract signature.
- The remaining 20-25% are kept as Variations to Contract, and may lead to a revision of the pricing.

Lock-in of profitability from order to completion

ESG Roadmap

TISG has a clear roadmap to drive Sustainability with the objectives of creating long-term value for all Stakeholders and establishing itself as a benchmark for the shipbuilding sector.

Comments

- +59% increase in **Revenues** is due to the regular progress of Shipbuilding projects, as well as an increase in order intake, and the increase in production capacity allowing for an expansion of Refit revenues.
- Significant increase in **marginality** over time is attributable to a better cost management and control of budgets, synergies between Shipbuilding and Refit production capacity, and improved brand awareness towards customers.
- **Net Result** has increased by **47%** since FY 2021, amounting to **Eu 24.0mn**
- **Net Debt** for **Eu -11.3mn** reflects the cash out for the Perini Navi acquisition (Eu 75mn in 2022), and the CapEx performed during the year (Eu 22mn in 2022).

BY PROJECT AND SCHEDULED DELIVERY

BY LOA, BRAND AND GEOGRAPHY

Shipbuilding Revenues

KEY HIGHLIGHTS

- Shipbuilding Revenues amount to a total of Eu 255mn at 31 December 2022, with a 55% increase since the end of 2021. This increase in revenues is due to:
 - The regular progress of projects under construction and consequent payment of instalments.
 - The increase in order intake, with particular strength in demand from the Americas and the APAC region.

BY LOA, BRAND AND GEOGRAPHY

Refit Revenues

KEY HIGHLIGHTS

- Refit revenues amount to **Eu 36mn** at 31 December 2022, a **70%** increase since the end of 2021. This has been mainly due to:
 - (i) The expansion of Refit spaces in Marina di Carrara with the completion of the "TISG 4.0" and "TISG 4.1" investment plans
 - (ii) The integration of the facilities in La Spezia, with n. 16 additional refit spaces.

EBITDA & Capex

EBITDA

- Significant increase in **marginality** over time is attributable to:
 - (i) Strong attention to operating cost management.
 - (ii) Growing efficiency of production processes.
 - (iii) Benefits coming from investments in production capacity, with advantageous synergies between Shipbuilding and Refit.
 - (iv) Increase in product prices, due to strengthening brand awareness.
 - (v) Economies of scale.

CapEx

- The decrease in Capex is due to the completion of investment plans "TISG 4.0" and "TISG 4.1" aimed at expanding production capacity in the Marina di Carrara shipyard, as well as "TISG 4.2", which is the integration of the La Spezia shipyard following the Acquisition of Perini Navi.

% Revenues	5,4%	8,8%	8,2%

KEY HIGHLIGHTS

- Growth in Revenues by **+59%** vs FY2021 is mainly driven by the growth in **Operating Revenues**, amounting up to **Eu 291.5mn**.
- **EBITDA** and profitability grew consistently since 2020, due to the amount of investments in production capacity as well as an effective cost management system and internalization of key activities.
- **Operating Costs** have reduced their impact over time, in particular when it comes to Personnel Costs: this is due to a high structural efficiency of organizational systems, despite the increase in the number of employees, partly attributable to the Perini Navi Acquisition.

KEY HIGHLIGHTS

- Improvement of Net Working Capital over the years, going from -5.7% on Revenues in FY2020 to -17.7% in FY2022.
- It is important to note that the voices **Inventories** and **Contract Work in Progress** do not include any used boats or trade in, due to the Company's strict commercial strategy, which highly reduces inventory risk.
- Trade Receivables** are related to commercial operations for the advancements of projects under construction and refit works.
- Trade payables** refer to debts towards suppliers, which have been subject to an increase due to a growth in operational activities related to projects in progress, refit activities and the two «TISG 4.0» and «TISG 4.1» investment plans.
