With regard to the statutory provisions concerning takeover bids (pursuant to Art. 104, par. 1-ter, and 104-bis, par. 1 of the Consolidated Act), it is noted that the Company's By-laws do not include any derogation for the passivity rule dispositions set forth in Art. 104, par. 1 and 1-bis of the Consolidated Act, nor does it provide for the application of the breakthrough provisions set forth in Art. 104-bis, par. 2 and 3 of the Consolidated Act.

i) Authorisation to Increase the Share Capital and Purchase Treasury Shares (pursuant to Art. 123-bis, par. 1, letter m) of the Consolidated Act)

On 21 June 2021, the ordinary Shareholders' Meeting of the Company approved, pursuant to Art. 114-bis of the Legislative Decree no. 58 of 24 February 1998, the adoption of the Stock Option Plan called "Stock Option Plan 2021 - 2028", regarding Giglio Group S.p.A.'s ordinary shares and reserved only to executive directors and/or managers with strategic responsibilities of both the Company and/or its subsidiaries. The same Shareholders' Meeting resolved to authorise the Board of Directors, pursuant to Art. 2357 of the Italian Civil Code, to purchase own shares. On the basis of the resolution, the purchase may be made, on one or more occasions, within 18 months from the date of the Meeting's resolution and in the limits of available reserves and distributable profits resulting from the last approved financial statement. The unit price of each share could not be less nor higher than 20% of the reference price registered for the share in the stock exchange market in the session prior to every transaction, and, in any case, at a unit price not higher than the price of the last independent transaction and the price of the current higher independent purchase in the trading venue where the purchase is carried out. Lastly, the maximum number of purchased shares could not have a total nominal value, including shares eventually owned at the date of this report by the Company and its subsidiaries, exceeding the fifth part of the whole share capital, taking into account also the shares owned by the subsidiaries;

On 21 June 2021, the extraordinary Shareholders' Meeting resolved to delegate to the Board of Directors, for a period of five years from the Meeting's resolution, the authority to increase Giglio Group S.p.A. share capital against payment, pursuant to Art. 2443 of the Civil Code, in separate issues, excluding option rights, pursuant to Art. 2441, par. 8 and as far as applicable - par. 5 of the Civil Code, for a maximum amount of € 180,000 through the issue, also in more tranches, of a

maximum of no. 900,000 ordinary shares without nominal value, to be used only within the scope of the "Stock Option Plan 2021-2028"

The Extraordinary Shareholders' Meeting, on 12 November 2020, resolved to vest the Board of Directors, pursuant to Art. 2443 of the Italian Civil Code:

- with the power to increase the share capital upon payment, without option rights pursuant to Art. 2441, par. 4, second sentence of the Italian Civil Code, in separate issues, within the limits of 20% (twenty percent) of the existing share capital, also taking into account Art. 44, par. 3 of Decree Law no. 76/2020, converted by Law no. 120/2020, through the issue, also in more tranches, of ordinary shares without any nominal value, with the same characteristics of the ordinary shares already issued by the issue date, with regular dividend, to be offered in subscription to entities identified by the Board of Directors - including qualified industrial and/or financial Italian and international investors, and/or current shareholders and collaborators of the Company - also through the conversion of loan payables into risk capital by shareholders, provided that the issue price of the shares corresponds to the market value of those already issued, also taking into account the general context and the price at which the institutional investors would be willing to purchase said shares, and that this is confirmed by a specific report from a statutory auditor or an auditing company (hereinafter also referred to as the "**First Proxy**");

- with the power, for a period of five years starting from the date of the meeting's resolution, to increase the share capital upon payment in separate issues, without option rights pursuant to Art. 2441, par. 4, first sentence of the Italian Civil Code, to be settled through contributions in kind (more specifically, company's branches, businesses or plants organised for the performance of the activities included in the Company's object, as well as receivables, investments in joint ventures, listed and not listed financial instruments and/or other assets considered as instrumental by the Board of Directors for the achievement of the Company's object may be object of a contribution on behalf of third parties.), through the issue, also in more tranches of a maximum of 1,830,668.50 ordinary shares without any nominal value, with the same characteristics of the ordinary shares already issued by the issue date, with regular dividend, in accordance with the criteria used to determine the issue price set forth by Art. 2441, par. 6 of the Italian Civil Code.

Moreover, the Shareholders' Meeting also resolved to establish that the issue price of the shares resulting from the capital increase (and their division at share capital and share premium) shall be determined by the Board of Directors, provided that the issue price of the shares is based to the equity value, taking into account also the performance of the listings over the last six-months period.

As of today, the Board of Directors did not make use of the latter.

On 17 December 2020, the Board of Directors resolved to exercise the First Proxy, vested on 12 November 2020 by the Company's Shareholders' Meeting. The Share Capital Increase was offered for subscription to institutional investors for a maximum of no. 3,300,000 ordinary, newly issued shares without nominal value, equal to 18.026% of the share capital. These issued shares were offered for subscription within the context of a private placement to be executed through an accelerated bookbuilding procedure (the "ABB") to "qualified" investors in Italy and to institutional ones abroad, as well as of Giglio Group's shareholders who have become such for a period of at least six months and who hold claims against the Company (expired or expiring within six months) recognised in the accounts as "financial liabilities".

On 22 December 2020, the Company announced the positive fulfilment of the reserved share capital increase. The transaction was completed with the placement of no. 2,439,790 shares at a price of € 1.97 per share. About 86% of the share capital increase was subscribed by Meridiana Holding S.r.l. through the conversion of some payables owed by the Company to the same shareholder; moreover, Antonio Lembo, shareholder of the Company, also participated in the subscription, subscribing 81,218 shares. The remainder of the share capital increase was subscribed by qualified or institutional investors. Upon completion of the transaction, the overall share capital of the Company amounted to € 4,149,295 divided into no. 20,746,475 ordinary shares without nominal value.

On 28 June 2021, the Company announced to the market to have resolved to partially execute the powers granted by the Extraordinary Shareholders' Meeting, pursuant to Art. 2443 of the Italian Civil Code on 12 November 2020, and to increase the share capital of the company against payment, without option rights and in separate issues, pursuant to Art. 2441, par. 4 of the Italian Civil Code, as amended by Art. 44, par. 3 of the Law Decree 76/2020, converted with Law 120/2020, within the limits of 20% of the existing share capital. On the same date, the Company also announced to the market the conclusion of the private placement of no. 1,221,547 ordinary newly-issued shares without nominal value, at a price of € 1.78 per share, for an overall countervalue of € 2,174,353.66. The value of the capital increase, fully subscribed, thus amounted to € 244,309.40 in nominal value and € 1,930,044.26 at share premium. The price includes a discount of about 11.2% on the latest closing price of Giglio Group. The placement, managed by Integrae Sim S.p.A. as Global Coordinator of the transaction and carried out through the accelerated book-building procedure (ABB), was reserved exclusively to Italian and foreign qualified investors (with the express exclusion of the United States of America and of any other Country in which this would be prohibited by the applicable law), as well as to Meridiana Holding S.r.l. majority shareholder of Giglio Group, on a residual basis and for a maximum of 50% of the capital increase. Meridiana Holding S.r.l. subscribed no. 485,547 shares, equal to 39.75% of the capital increase.

Throughout 2022, no further capital increase operations took place.

j) Management and Coordination Activities (pursuant to Art. 2497 et seq. of the Civil Code)

Giglio Group believes that Meridiana Holding S.r.l. ("**Meridiana Holding**"), majority shareholder at 55.66%, does not exercise management and coordination activities due to the following reasons:

- Giglio Group operates under conditions of corporate governance autonomy, having the power to negotiate independent relations with customers and suppliers and to define its own strategic and development lines without any interference by persons outside of Giglio Group;
- Meridiana Holding does not exercise, de facto, functions centralised at group level that involve Giglio Group (e.g. strategic planning, creation of industrial and financial plans, management control, creation of group annual budgets, drafting of remuneration plans, group legal and corporate affairs, management of the financial structure and centralised cash management system, as well as communication and promotion activities);
- Meridiana Holding does not determine the operational size of each company and no acquisition, divestiture, merger or division are subject to its authorization;
- Giglio Group owns an organizational structure composed of expert professionals who, according to their powers and positions, operate independently along the direction dictated by the General Management and the Board of Directors, in accordance with regulated control procedures and systems;
- The Board of Directors of Giglio Group S.p.A. and the other company bodies operate in full management independence.

Based on the above assumptions, on 13 October 2017 the Board of Directors of the Issuer confirmed the absence of exercise of management and coordination activities on behalf of Meridiana Holding.

The information required by Art. 123-bis, par. 1, letter 1) of the Consolidated Act ("*The agreements between the company and its directors... providing for indemnities in case of resignation or revocation without just cause, or termination of employment as a result of a take-over bid*") can be found in the section of the Report dedicated to the remuneration (Section 8.1).

The information required by Art. 123-bis, par. 1, letter 1) of the Consolidated Act ("*the rules applicable... for amendments to the by-laws, if different to the legislative and regulatory provisions applicable by default*"), are provided in the section dedicated to the Shareholders' Meeting (Section 13).

3. COMPLIANCE

For more information regarding the aforementioned adjustments, see the relevant paragraphs contained herein.

It is noted that neither the Issuer nor its Subsidiaries with a strategic relevance are subject to non-Italian laws that might affect the Corporate Governance structure of the Issuer.

More specifically, the Board of Directors, the body tasked with managing the Company, shall:

Throughout 2021, the Issuer adopted some general criteria for the identification of significantly relevant operations for its subsidiaries.

The Shareholders' Meeting did not authorise in general and preventively derogations to the ban on competition provided by Art. 2390 of the Civil Code.

Taking into account Giglio Group's structure, the shareholders' characteristics and the composition of the sates of candidates proposed by Shareholders according to the rules set forth in the By-laws, the

Board of Directors in charge did not issue guidelines on what professional profiles would be expedient in its members.

On 31 May 2017, the company adopted a procedure for the internal management and the external disclosure of insider dealing, as specified in paragraph 5.

4.2. APPOINTMENT AND REPLACEMENT (PURSUANT TO ART. 123-BIS, PAR. 1 LETTER L), FIRST PART OF THE CONSOLIDATED ACT)

Pursuant to Art. 15.1 of the By-laws, the Board of Directors is composed of a minimum of three and a maximum of eleven members. The ordinary shareholders' meeting establishes the number of members of the Board and its duration of office.

The directors are appointed by the shareholders' meeting on the basis of slates presented by shareholders in which the candidates are listed, by means of progressive number. Each candidate can be presented only on one slate at the risk of being declared ineligible. Each slate must contain, individually identified, a number of independent candidates pursuant to Article 148, paragraph 3, of Legislative Decree No. 58/1998 at least equal to the minimum number required by the By-Laws. The slates presenting a number of candidates of three or above should be composed of candidates belonging to both genders (male and female), so that the under-represented gender comprises at least two-fifths of the candidates (rounded up, with the exception of the corporate bodies composed of three members, for which said number shall be rounded down). Shareholders may only present slates that, alone or together with other shareholders, hold a percentage of the share capital, at the presentation date of the slate, with voting rights for the appointment of directors at shareholders' meeting, equal to at least 2.5%, or the amount necessary in accordance with law or regulations where this latter is different from the holding previously required. The Shareholders' Meeting notice called to appoint the members of the Board of Directors indicates the shareholding required for the presentation of the slate of candidates.

A shareholder cannot present, contribute to or vote for more than one slate, including through a nominee or trust company. In addition, the shareholders belonging to the same group (pursuant to Article 93 of Legislative Decree No. 58/1998 who are subject to control or common control, even if the control is by an individual) or are part of a shareholder agreement pursuant to Article 122 of Legislative Decree No. 58/1998 concerning the shares of the company, or participates in a shareholder agreement and are, in accordance with law, parent companies, or controlled by, or subject to common control of, one of the shareholder participants, may not present or vote with others presenting more than one slate or, as for all other parties with voting rights, vote on other slates. Support for the filing of a slate and votes cast in violation of this prohibition shall not be attributed to any slate. The slates, together with the curriculum vitae of the candidates containing extensive professional and personal details and the shareholders that presented them, or their mandate, with information on their respective identity and the total holding at the presentation date must be filed at the registered office at least 25 days before the date of the Shareholders' Meeting, while the relative certificate or communication confirming the above-mentioned shareholding and issued by the authorised intermediary in accordance with applicable legislative or regulatory provisions may also be made subsequently provided at least 21 days before the date of the Shareholders' Meeting in first call. Within the terms for the presentation of the slate, each candidate must file declarations of acceptance of their candidature and certify, under their own responsibility, the inexistence of any cause of ineligibility or incompatibility with law, compliance with the independence obligations as per Article 148, par. 3 of Leg. Decree No. 58/1998 as well as any requirements prescribed by the By-laws, law and regulations for the members of the Board of Directors. Slates presented in violation of the above rule are considered void.

It is understood that since the shares have been admitted to trading on the Euronext (previously called "MTA") – STAR Segment, pursuant to Article 147-ter, paragraph 4, of Legislative Decree No. 58/1998, at least one director – or two, if the board has more than seven members – must meet the independence requirements established by Article 148, paragraph 3, of the Consolidated Finance Act and, where the By-Laws so provide, the additional requirements established by codes of conduct

drafted by regulated market management companies or trade associations. The independent director who, after its appointment, shall lose its independent requirements, shall promptly notify the Board of Directors and, in any case, shall be debarred from holding the office, unless the requirements are still held by the minimum number of directors who, pursuant to the By-laws, must possess said requirement.

The candidates indicated in sequential order in the list that receives the most votes (the "**Majority Slate**") will be elected as members of the Board of Directors in a number equal to the total number of members of the governing body to be elected, less one, who will be elected from the minority slate, in accordance with the following paragraph, without prejudice to the above provisions governing gender equality, in accordance with applicable laws and regulations.

From the minority slate that obtained the largest number of votes, other than those in the previous paragraph, and that are not related in any manner, even indirectly, in accordance with law and regulations in force, with the shareholders that presented or voted on the slate above, the first subject on the slate in a progressive order shall be elected as director.

In the case in which a number of slates receive the same number of votes, a fresh round of balloting takes place between these slates.

Where the composition of the Board of Directors does not ensure compliance with gender equality laws and regulations, the candidate of the over-represented gender elected listed last on the slate which has obtained the highest number of votes will be replaced by the first listed candidate of the under-represented gender elected on the same slate. Where this procedure does not ensure gender equality, the replacement will be made by a relative majority of the Shareholders' Meeting, with prior presentation of the candidature of individuals belonging to the under-represented gender.

Where following the election of the candidates according to the procedures above do not ensure the appointment of a director, or of two directors, where the board is composed of more than seven directors, considered independent as per Article 148, paragraph 3 of the CFA, the non-independent candidate elected listed last on the slate attracting the highest number of votes shall be replaced by the first listed independent candidate not elected from the same slate, or, where not possible, by the first listed independent candidate not elected from the other slates, according to the number of votes obtained by each. This replacement procedure continues until the Board of Directors is comprised of at least one independent director, or of two, where the board is composed of more than seven members, pursuant to the requirements of Article 148, paragraph 3, of the CFA. Finally, should said procedure not ensure the last result indicated, the substitution shall take place by a resolution passed by a relative majority of the Meeting, subject to the presentation of candidatures of persons having the aforementioned requisites.

Where only one slate is presented or where no slate is presented, the Shareholders' Meeting votes by statutory majority. The above regulations are subject to any further amendments to the law and regulations.

For the appointment of directors other than the renewal of the entire Board of Directors, the Shareholders' Meeting approves by statutory majority; the mandate of the directors appointed in this manner concludes together with those in office on their appointment.

The current By-laws, as of the reporting date, does not provide for the outgoing Board of Directors to present a slate for the appointment of the administrative body.

4.3. COMPOSITION (PURSUANT TO ART. 123-BIS, PAR. 2 LETTER E) AND D-BIS) OF THE CONSOLIDATED ACT)

Article 15 of the By-laws provides that the Company shall be managed by a Board of Directors composed of three to eleven members, in accordance with the previous decision of the Shareholders' Meeting upon each appointment.

On 21 June 2021, the Shareholders' Meeting of the Company, upon setting at 5 the maximum number of the Board's members, appointed -on the basis of the slate presented- the directors for 2021-2023, to remain in charge until the approval of the Financial Statement as of 31 December 2023.

For the appointment of the directors, a slate was presented by Meridiana Holding S.r.l., the majority shareholder of the company with 56.6% of its share capital (no. 11,740,912 shares). The slate was approved unanimously by the Shareholders' Meeting of 21 June 2021.

The Meeting of 21 June 2021 appointed the following directors:

1. Alessandro Giglio (Chairman);
2. Anna Maria Lezzi (Executive Vice-chairwoman);
3. Marco Riccardo Belloni (Executive Member);
4. Francesco Gesualdi (Independent Member);
5. Sara Armella (Independent Member).

As of the closing date of 2021 fiscal year, the Board of Directors was composed of the same members mentioned above.

On 14 January 2022, as announced to the market, the Company received the resignation of Marco Riccardo Belloni from his office of executive director of the Company, effective immediately, due to personal reasons. On 26 January 2022, the Giglio Group Board of Directors, having acquired the assessments of the Appointments and Remuneration Committee and with the approval of the Board of Statutory Auditors in accordance with the provisions of art. 2386 of the Civil Code, appointed by co-optation, pursuant to art. 20 of the current By-laws, Carlo Micchi, as new non-executive and non-independent director, confirmed in office by the Shareholders' Meeting held on 30 April 2022, who will remain in office until the expiry date of the mandate of the other members of the Board of Directors conferred by the Shareholders' Meeting of 21 June 2021 for three financial years, i.e. until the approval of the financial statements for the financial year ending on 31 December 2023.

It should be noted that in view of the resignation of Francesco Barreca from the position of Executive Officer for Financial Reporting and Chief Financial Officer, with effect from 3 April 2022, the same was replaced by director Carlo Micchi, who as of 4 April 2022 therefore also holds the position of Executive Officer for Financial Reporting and Chief Financial Officer.

As of the reporting date, the Board of Directors is composed of the following members (for more information, see Table 2 and 3 in the appendix of this Report).

By taking into account the size of the Company, which does not qualify as "Large Company" pursuant to the Corporate Governance Code, the Board of Directors did not adopt the criteria regarding the maximum number of administrative and management offices that its directors can hold in other companies.

For the purpose of maintaining an adequate knowledge of the activity sector in which the Company operates, Directors shall receive, information and updates of the sector in which the Issuer operates, pursuant the principles of good economic governance and the applicable laws, also through meetings with the Company's advisors, which shall be held on the fringe of the meetings they are called to participate to.

4.4. FUNCTIONS OF THE BOARD OF DIRECTORS (PURSUANT TO ART. 123-BIS, PAR. 2, LETTER D) OF THE CONSOLIDATED ACT)

Throughout 2021, pursuant to the Recommendation 11 of the Corporate Governance Code, the Board of Directors adopted a regulation for the definition of the functioning rules of itself and its committees.

The Board of Directors shall meet at the Company's headquarters or in any other place, provided that it belongs to the European Union.

The meetings of the Board of Directors shall be chaired by the Chairman or, should he be unavailable, absent or incompatible, by the Vice-chairman. Should the latter be unavailable, absent or incompatible, too, a director appointed by the present member shall chair the meeting.

The Board of Directors shall meet, upon call from the Chairman, every time that the latter sees it fit or upon written request made by two directors. The meeting of the Board of Directors may also be called by the Board of Statutory Auditors. The Board of Directors shall meet with an adequate frequency in order to correctly carry out the body's functions in all the cases provided for by the Annual calendar of the Board, approved once a year, as well as in all the cases in which the current legislative provisions or By-laws require it.

Any document related to the items on the agenda shall be disclosed by the Chairman, if appropriate with the help of the Secretary, to the members of the Board of Directors and of the Board of Statutory Auditors, as well as, where necessary or adequate, to other subjects invited to the meeting, sufficiently in advance of the meeting. Should it be impossible to provide the necessary documents within the aforementioned terms due to specific needs, urgency or operations under development, the Chairman shall make sure that said documents will be provided as promptly as possible or, if necessary, directly during the meeting. Should the document be particularly complex and voluminous, the Chairman, if appropriate with the help of the Secretary, shall provide for the disclosure of a document summarising the most significant and relevant points for the purpose of the resolution on the agenda.

The Chairman, also upon the request of other directors, may invite to the Board meetings other directors of the Company or the Group, as well as other subjects, also external to the Company and the Group, whose presence may be deemed useful, also in order to provide relevant elaborations regarding the assessment of one or more items on the agenda. In this case, the subjects thus invited shall be made aware of the meeting's call and of any available document within the necessary limits for their effective participation in the Board's works.

In those Board meetings in which the items on the agenda include issues related to the Financial Reporting Officer's competence, the latter shall be invited to participate for the discussion of said issues.

Throughout the fiscal year, the Board of Directors held 15 meetings of the average duration of one hour and a half, which saw the regular participation of all directors. As far as the presence of each Director is concerned, see the table inserted at the end of this Report. The Chairman of the Board of Statutory has always took part in the board meetings (when not substituted by a member of the Board); for more information on the presence of each auditor, see the Table inserted at the end of this Report.

With regard to the current fiscal year, the Board of Directors has scheduled 6 meetings for the approval of the annual and interim financial reports. The schedule is made available to the public via press release containing the Annual Calendar of Corporate Events, published on the Company's website at www.giglio.org - "Investor relations - Corporate Calendar" section. At the date of this Report, one meeting has already been held among those scheduled and disclosed to the public.

Individuals external to the Board of Directors can participate in the Board's meetings too, but only upon invitation. More specifically, during the Fiscal Year, external consultants, the directors of the Issuer and the directors of Giglio Group were invited on the occasions where their presence was deemed useful to provided suitable in-depth information regarding the subjects on the agenda.

Directors and Statutory Auditors received the documents and all relevant information to be able to express themselves on an informed basis about the matters being examined. The Company strived to supply the documentation promptly and pursuant to the activity of the Company itself. The organization of the works of the Board shall be assigned to the Chairman, who takes care that the items on the agenda have enough time to be discussed over constructively.

In case of the Chairman of the Board of Directors' absence, or in the event that he should abstain from participating, or also in the event of a conflict of interest, the Chairman of the meeting shall be assigned to the Vice-chairwoman of the Board of Directors or to another director identified by the Board itself.

The notice that the Company usually deems adequate for the submission of the documents is of three days. Over the course of the year, said term was not always respected and the calls were made pursuant to the urgency policies set forth in the By-laws, and the meetings were held in quorate. The lack of timeliness in some circumstances is mostly ascribable to the fact that the time frame is dictated by a very intense and fast corporate activity due to the business needs or other commercial and industrial opportunities.

It should be noted that, in compliance with and for the period in force of the provisions set out regarding the containment of the Covid-2019 pandemic, the board meetings of 2022 were held by audio and video conference.

4.5. ROLE OF THE CHAIRMAN OF THE BOARD OF DIRECTORS

The Board of Directors, should the Shareholders' Meeting not have done so itself, shall appoint amongst its members a Chairman and a Vice-chairman who shall replace the Chairman in case of his absence or temporary unavailability.

The Chairman of the Board of Directors shall promote the actual functioning of the Corporate Governance system. The Chairman shall act as interlocutor of the Intra-Board Committees and of the Board of Statutory Auditors on behalf of the Board of Directors.

Should a lead independent director not have been appointed, the Chairman of the Board of Directors, upon exercising the functions appointed to it by the Law, the By-laws and by other provisions set forth herein, and in line with the recommendations of the Code, shall carry out a connecting role between executive and non-executive directors, thus caring for the efficient functioning of the Board's works.

More specifically, notwithstanding the authorities established by current legislative and regulatory provisions, by the By-laws and the principles and recommendations of the Code, the Chairman of the Board of Directors shall make sure:

- a) That the pre-meeting information and the complementary information are provided within the adequate terms and that they are suitable to allow directors to act in an informed matter in the performance of their functions;
- b) That the Committees' activities are coordinated with the Board's activities;
- c) That the directors of the Company and its subsidiaries in charge of the pertinent management areas related to the Board agenda (including third parties or advisors external to the Company), in agreement with the CEO, attend the meetings of the Board, also upon the request of each director, in order to provide relevant elaborations on the items of the agenda;
- d) That all members of the administrative and management bodies may take part, upon their appointment and throughout their mandate, in initiatives aimed at providing an adequate knowledge of the sectors in which the Company is engaged, of the corporate dynamics and of their evolution also in view of the sustainable success of the same, as well as of the principles of correct risk management and of the reference regulatory and self-regulatory framework;
- e) That the self-assessment procedure set forth in Art. 6.3 is adequate and transparent;
- f) That the dialogue between executive and non-executive directors is favoured;
- g) That the timing of the Board of Directors is adequate, by favouring the optimisation of the debate and by regulating the length of each discussion according to the relevance of the items on the agenda.

Secretary of the Board

In order to organise the works of the Board of Directors, the latter shall make use of the support of a Secretary.

Upon proposal of the Chairman of the Board of Directors, in line with the provisions set forth in the Code and in Art. 18.1 of the By-laws, the Board shall appoint a permanent Secretary (also external to the Company) vested with the adequate requirements of professionalism and experience accrued, preferably, in legal and corporate issues.

In case of the Secretary's absence, or should the latter not have been appointed yet, the Board shall identify an individual to act in its stead from time to time, at the beginning of each meeting. The supporting documents provided to the members of the Board of Directors and of the Board of Statutory Auditors shall be kept in the Board's records.

The Secretary shall assist the Chairman and, if appointed, the Vice-chairman, in its activities related to the correct functioning of the Board of Directors. The Secretary shall depend, hierarchically and functionally, on the Board of Directors and, by extension, on its Chairman.

The Secretary shall assist, with impartiality of judgement, the Board of Directors in each relevant activity and aspect for the purpose of the correct functioning of the corporate governance system. To this end, the Secretary may make use of external experts and advisors.

The Secretary shall collaborate with the Intra-Board Committees and with the Chairman so as to coordinate the latter's activities with the activity of the Board of Directors.

The person identified by the Board of Directors for the role of Secretary shall carry out the same office, with the same tasks, also in the Intra-Board Committees set up by the Board of Directors in accordance with the criteria established by the Corporate Governance Code.

Throughout 2021, the Issuer adopted specific criteria, both qualitative and quantitative, in order to assess the significance of the trade, financial or professional relationships, as well as of the additional remunerations for the purpose of the assessment of the independence of the members of the Board of Directors and of the Board of Statutory Auditors pursuant to Recommendation 7, letter c) and d) of the Corporate Governance Code of listed companies approved by the Corporate Governance Committee.

The Board of Directors includes among its directors two individuals who possess the independence requirement set forth by the Corporate Governance Code, the CFA and laid down in the Borsa Regulation. The number of Independent Directors, having regard to the total number of members of the Board of Directors, is in line with the provisions set forth in Art. 148 of the Consolidated Act and in the Borsa Instructions (Art. I.A.2.10.6).

These independent directors are deemed to be in adequate number and endowed with the adequate competences for the correct functioning of the Board of Directors and its internal committees, as better specified in the paragraphs related to the Internal Committees.

It should be noted that, during the 2022 financial year and at the date of this Report, Francesco Gesualdi and Sara Armella held the position of independent directors of the Company. These directors, when presenting the slate for the appointment of the Board of Directors, qualified as independent directors pursuant to Art. 148 of the CFA and to Art 3 of the Corporate Governance Code, thus committing to promptly disclose to the Board of Directors any subsequent change in the information given, as well as any supervening causes of forfeiture.

The Board of Directors, in the meeting of 21 June 2021, following the renewal of the Board, verified, on the basis of the declarations made by the candidates, the existence, for the directors Francesco Gesualdi and Sara Armella, of the independence requirements established by the combined provisions of articles 147-ter, paragraph 4, and 148, paragraph 3, of the CFA, as well as the independence requirements pursuant to recommendation 7 of the Corporate Governance Code. The Board of Statutory Auditors assessed the correct application of assessment criteria and procedures adopted by the Board of Directors in order to assess the independence of its members.

The annual assessment of the existence of these requirements for each of the independent directors in compliance with the provisions of Recommendation 7 of the Corporate Governance Code was carried out by the Board on 13 April 2023. It should be noted that for this purpose, in addition to the evaluation parameters envisaged by the CFA and the Corporate Governance Code, qualitative and quantitative criteria were used to evaluate the significance of the relevant circumstances pursuant to Recommendation 7 of the Corporate Governance Code for the purposes of independence assessment of the directors, as approved by the Board of Directors during 2021.

The Board of Statutory Auditors shall assess in a special session the correct application of assessment criteria and procedures adopted by the Board of Directors in order to assess the independence of its members.

Over the course of the fiscal year, independent directors Francesco Gesualdi and Silvia Olivotto participated in the Internal Control, Risk and Related-Parties Committee's and in the Appointments and Remuneration Committee's meetings, of which they are the sole members. 7. SELF-ASSESSMENT AND SUCCESSION OF DIRECTORS - APPOINTMENTS AND REMUNERATION COMMITTEE

7.1. SELF-ASSESSMENT AND SUCCESSION OF DIRECTORS

Over the course of 2022, the Board of Directors of Giglio Group, with the help of the Appointments and Remuneration Committee, followed the instructions of the specific procedure adopted by the Company and aimed at governing the self-assessment process of the Administrative Body and of its Committee, in line with the recommendations of the Corporate Governance Code.

This procedure focuses on the size, the composition and the actual functioning of the Board of Directors and of its Committee, considering the role that the Administrative Body carries out in the definition of its strategies and in the monitoring of the management performance and of the adequacy of the internal control and risk management system.

With regard to the size and the composition, the self-assessment process focuses on a series of elements such as the balance between executive, non-executive and independent directors, gender equality and the diversification of the experiences and of the professional and managerial competences of each member of the Board.

With regard to the actual functioning of the Board, the self-assessment process focuses on the modalities of the meetings, the frequency and the duration of the same, the promptness, the object and the continuity of the information flows within and from the Board of Directors, as well as the involvement of its members, the dynamics and the climate of the meetings, the role and the responsibility of the Administrative Bodies and of its Committees.

Generally, the Procedure is articulated in three stages:

Start

In this first stage, the Board of Directors starts, in the month of December of its last mandate, the Procedure, with the support of its internal functions. Should the Company deem it fit, the Administrative Body can receive the support of an independent external advisor (hereinafter, the "Advisor"), bound by specific and adequate confidentiality obligations and tasked with the definition of the object of the self-assessment process.

Survey

Subsequently, the Committee is called to determine the contents and the modality of the Board Evaluation Procedure. The latter, usually, is carried out with the dissemination of a survey to each member of the Board of Directors.

Taking into account all the above, the Committee thus defines and approves the content of the surveys, together with the Internal Auditor of the Company.

Upon the approval of the survey's text, the latter is disseminated to the members of the Board of Directors, who shall answer anonymously by the end of January. The filled-out survey shall then be sent back to the relevant legal officer who shall properly record it.

Results' Elaboration and Assessment

Once the survey is completed, the Legal and Corporate Affairs Office, with the support of the Internal Auditor of another advisor, if appointed, shall analyse the answers provided in the surveys, transposing the results thus obtained in a report in which the eventual strengths and weaknesses arising from the surveys are highlighted, along with any possible margins of improvement.

The report shall then presented to the Committee for its assessment and approval and, subsequently, it shall be submitted to the Board of Director's scrutiny. The Board shall authorise the publication in summary form of the results of the Procedure in its Corporate Governance Report.

In the Board Evaluation Procedure, the following subjects shall be involved, besides the Board of Directors:

- The Chairman of the Board of Directors, who shall cater for the adequacy and transparency of the self-assessment process;
- The Committee supporting the Board of Directors and the Chairman in every stage of the Procedure;
- The Advisor, if appointed;
- The Legal and Corporate Affairs Office supporting the Committee, who shall carry out all functional activities to the self-assessment and shall provide for the survey's recording;

The members of the Board of Directors, called to provide the information required for by the surveys. The Procedure is usually carried out during the last year of mandate of the Board of Directors, in view of its renewal.

Upon proposal of the Committee, the Administrative Body can decide to carry out the self-assessment of the Board of Directors and/or of one or more of its Committees also during the course of the other fiscal years.

Succession Plans

It is noted that, on 26 October 2017, the Board of Directors of the Company approved a succession plan to be implemented in the event of the application of interdiction orders against executive directors, in order to protect the Issuer' going concern. More specifically, it is provided that in the event that one of the aforementioned directors is prevented from the performance of his/her office, his/her powers shall be transferred to another director with similar skills and requirements or, otherwise, to the General Manager. Should there be no General Manager or any Executive Director possessing the necessary requirements, the attribution of powers shall be resolved upon in the meantime in favour of the Chairman or, should this not be possible, of the Vice-chairman. Within 10 days from this attribution, the Board of Directors, upon the favourable opinion of the Appointments and Remuneration Committee, shall proceed to co-opt the subject thus identified. Should the Board not have proceeded with the co-optation, the Company shall be able to make use of a company specialised in the recruitment sector in order to identify a new director to be co-opted to replace the previous one.

7.2. APPOINTMENTS AND REMUNERATION COMMITTEE

As pointed out in paragraph 6, taking into account the number of members of the Board of Directors and the size of the Company, the Board of Directors saw it fit to merge the functions of the remuneration committee with those of the appointments committee in a single committee for appointments and remuneration.

The Board of Directors, on 21 June 2021, constituted the Appointments and remuneration Committee.

Composition and Operating Procedures of the Appointments and Remuneration Committee (pursuant to Art. 123-bis, paragraph 2, letter d) of the CFA)

The Company has adopted an internal control and risk management system that integrates the risk management and the internal control systems, given the impossibility to consider these two systems in a separate way as far as the financial reporting process is concerned. This system aims at ensuring the reliability, accuracy, dependability and timeliness of the financial reporting.

The Internal Control and Risk Management System is the set of: rules, procedures and organisational structures aimed ad an effective and efficient identification, measurement, management and monitoring of the main risks, for the purpose of contributing to the sustainable success of the Company. It includes, amongst its structural elements, the internal control system related to the process of Financial Reporting's creation. The latter is aimed at ensuring the reliability, accuracy, dependability and timeliness of the financial reporting itself.

The internal control system is an integral part of the financial reporting process, and is included in the wider context of the internal control and risk management system. In general, the internal control system put in place by the Company is aimed at ensuring the safeguarding of corporate assets, the regulatory compliance, the efficiency and effectiveness of the corporate operations, as well as the reliability, accuracy and timeliness of the financial reporting itself.

The internal control system has the objective of identifying and assessing the events capable of compromising, should they occur, the reliability, accuracy, dependability and timeliness of the financial reporting, as well as the capacity of the process of preparation of the financial statements as a whole to produce a financial reporting pursuant to the accounting standards of reference.

The design approach in the construction of the control model for the financial reporting process was inspired by the international standards and the sector's best practices.

The accounting-administrative procedures for the preparation of the financial statements and of any other financial report are developed under the responsibility of the Financial Reporting Officer who, together with the CEO, shall assess its adequacy and effective application during the creation of the financial report, the consolidated financial statements and the half-year financial report of the Company.

Main Characteristics of the Internal Control and Risk Management System Over Financial Reporting (pursuant to Art. 123-bis, par. 2, letter b) of the CFA)

The Internal Control and Risk Management System is the set of: rules, procedures and organisational structures aimed ad an effective and efficient identification, measurement, management and monitoring of the main risks, for the purpose of contributing to the sustainable success of the Company. It includes, amongst its structural elements, the internal control system related to the process of Financial Reporting's creation. The latter is aimed at ensuring the reliability, accuracy, dependability and timeliness of the financial reporting itself.

The Financial Reporting Officer shall take care of the adequate administrative/accounting structure of the Company, while the Director responsible for the Internal Control and Risk Management System shall take care of the adequacy and functioning of the Internal Control and Risk Management System.

Periodically, the Board of Directors, supported by the Internal Control, Risks and Related-Parties Committee, the Financial Reporting Officer, the director in charge of the Internal Control and Risk Management System and the Internal Auditor, shall assess the adequacy of the administrative and accounting procedures; the assessments shall be carried out on the basis of the methodological regulations defined in accordance with international standards. Moreover, integrative control procedures were carried out for the definition of the subsidiaries' Consolidated Financial Statements as of 31 December 2022.

Pursuant to the best practices of the sector, in order for the administrative and accounting procedures to be considered an adequate tool for addressing and controlling the financial reporting process and any other financial notification, the Company used an assessment framework for the adequacy and efficacy of the internal control system in the different corporate processes.

The aforementioned system of administrative and accounting procedures, together with the assessment framework, have been developed by the Issuer for the purpose of assessing the "adequate and actual application of the administrative and accounting procedures for the creation" of the Consolidated Financial Statements pursuant to Art. 154-bis of the CFA. For the execution of his tasks, the Financial Reporting Officer relied on the support of the manager responsible for the internal process and of the Internal Auditor in order to ensure the actual implementation, monitoring and update of the administrative/accounting system in relation to the financial reporting process.

In the light of the above, the internal control and risk management system, in relation to the financial reporting process, has been realised in three main phases:

- Risks identification and assessment;
- Controls identification and documentation;
- Controls assessment and verification of the actual application of administrative-accounting procedures.

With regard to the identification and assessments of the risks for the financial reporting, the Issuer has carried out its own analyses and audit activities on the companies within the Group, according to an intervention plan guided by the significance of the turnover and assets levels.

The risks, identified and assessed pursuant to international risk assessment practices, concern both the operational processes that feed the accounting entries in general, with a view both to prevent the accuracy and completeness errors and to prevent frauds. The assessment of the "pertinence" of the risks is qualitative, and was carried out with regard to the materiality and nature of the entries.

With regard to the identification and documentation of controls, the reference frameworks were developed in correspondence of the processes identified in the previous phase, with a risk-based representation of the internal controls and by analysing the existing documentation and the information obtained through interviews with the individuals responsible for the controls.

With regard to the assessment of controls and the actual application of the administrative-accounting procedures, the first and second tier controls have been taken into account for those processes feeding the main entries. The adequacy and efficacy assessments of the controls for mitigating the risks are of a qualitative type and are focused on the operating processes related to the material entries; moreover, taking into account the organisational transformation scope of the Issuer and the simultaneous remodulation of the corporate information systems, ad hoc assessments and integrative control procedures were carried out in order to verify the statements of the subsidiaries' Consolidated Financial Statements as of 31 December 2022.

The Board of Directors, supported by the Internal Control, Risks and Related-Parties Committee shall assess, on a half-yearly basis, the adequacy of the Internal Control and Risk Management System. The Board of Directors, with the support of the Internal Control, Risks and Related-parties Committee, shall assess the Internal Control and Risk Management System twice a year. The Internal Control and Risk Management System, in the half-yearly Internal Control and Risk Management System's Report, suggested to the Board of Directors to incorporate the suggestions received from the various functions involved in the assessment of the System's adequacy, as well as to implement the remediation pointed out by the Internal Auditor. The Company is finalising the management reporting processes and is still working on adjusting the administrative, accounting and management reporting systems. Moreover, the Company is carrying forward the adjustment and implementation of the 262/2005 procedures on its strategic subsidiaries.

With regard to the organisational, administrative and accounting structure of the strategic subsidiaries, it is noted that the Group is still expanding its management reporting mechanism to all of its subsidiaries. The Financial Reporting Officer has planned an action plan, adapting it to the delays that have occurred, mainly attributable to the Covid-19 pandemic situation and to the change in company management in such a way as to standardize all the companies belonging to the Group.

During the financial year, the Board of Directors positively assessed the adequacy, effectiveness and effective functioning of the internal control and risk management system with respect to the characteristics of the company and the risk profile assumed.

The transaction was necessary in order to obtain a loan of € 3 million from Banca Progetto, as the lending bank had made the disbursement of the loan conditional on the approval by ECO's Board of Directors of a capital increase. Having assessed the terms and conditions of the transaction, to be carried out in a mixed way, partly by allocating available reserves to capital and partly for consideration by means of payment in cash or even by compensation, as well as the interest of the company in completing the operation, the committee identified no risks.

On this date, the Committee acknowledged and resolved favourably in relation to the update relating to the renewal of the commercial lease contract of the property located in Rome, via dei Volsci, 163, with the company Max Factory S.r.l., as well as for the update relating to the proposal for the sale of the companies Media 360 Hong Kong and Cloudfood S.r.l., part of the Giglio Group, currently not active and productive.

As for the property in Rome, the agreed rental fee is set at a total of € 144,000.00 per year, plus VAT, to be paid in 12 monthly instalments in advance by the 5th day of each month.

The duration is set at six years starting from 1 January 2023 with automatic renewal for a further six years.

On the other hand, with reference to the will and the need of the Company to proceed with the sale of the companies Media 360 Hong Kong and Cloudfood S.r.l., part of the Giglio Group, currently not active and productive, the CFO points out that the usefulness of these sales would be to free the company from useless costs relating to completely inactive and non-productive companies, both of a fiscal and administrative nature.

As for the company Cloudfood S.r.l., currently not active and not productive, however, the Company intends to proceed with the sale of its shares held and equal to 51% of the share capital to Alessandro Giglio.

The Model was drafted in accordance with the guidelines set forth by Confindustria while complying with the relevant case law and best practices.

By adopting and efficiently implementing the Model, the Company shall be free from any administrative liability arising from crimes committed by top managers and by individuals supervised and managed by the same, put in place in the interest or for the benefit of the Company.

The Model includes the mapping of the corporate procedures with potential crime risk and provides for a series of rules of conduct, procedures and control activities, as well as a system of powers and proxies aimed at preventing the criminal activities described in Legislative Decree 231/2001 in the mapped processes. Furthermore, the Company adopted a disciplinary system applicable in the event of the violation of the Model.

For the purpose of assessing the adequacy and efficacy of the Model, pursuant to the provisions set forth in Art. 6, par. 1, letter b) of the Legislative Decree 231/2001, a Supervisory Body has been established, composed of two external members, Mario Ippolito as representative of the consulting company Professional Governance Overview S.r.l. The attestation is part

of the document requested yearly by Borsa Italiana to companies listed on the STAR segment of the stock exchange aimed at maintaining said qualification.

As at the date of this Report, the Board of Directors did not consider it necessary to grant the functions of the Supervisory board to the Board of Statutory Auditors.

9.5. AUDITING COMPANY

On 9 December 2021, the Shareholders' Meeting approved the consensual termination of the audit engagement previously entrusted to EY S.p.A., entrusting it, in line with the proposal made by the Board of Statutory Auditors, to BDO S.p.A. the new auditing engagement for 2021-2029, upon establishing the relevant remuneration.

9.6. FINANCIAL REPORTING OFFICER AND OTHER CORPORATE ROLES AND FUNCTIONS

On 11 November 2021, Francesco Barreca, who subsequently communicated his resignation, with effect from 3 April 2022, was appointed Chief Financial Officer and Financial Reporting Officer. Starting from 4 April 2022, director Carlo Micchi acted once again as the Company's Chief Financial Officer and Financial Reporting Officer.

The Board of Directors vested the Financial Reporting Officer with all the power and means necessary for the exercise of the tasks attributed by the current law and By-laws, including the direct access to all functions, offices and information required for the creation and assessment of the accounting, financial and economic data, without the need of any prior authorisation.

9.7. COORDINATION OF THE INDIVIDUALS INVOLVED IN THE INTERNAL CONTROL AND RISK MANAGEMENT SYSTEM

As at the date of the Report, the Issuer has not yet assessed the adoption of specific coordination procedures between the individuals involved in the internal control and risk management system, believing that its bodies and function are sufficiently and efficiently integrated between them and no duplications of tasks exist. Moreover, it is reported that the Company has adopted, upon initiative of the Board of Statutory Auditors, the practice to carry out once a year a plenary meeting involving all the control bodies. The occasion is useful as it allows for a simultaneous confrontation between all the bodies involved and a sharing of each function's experience, for the purpose of improving: (i) the information flows; (ii) the efficacy of the Internal Control and Risk Management System.

10. DIRECTORS' INTERESTS AND RELATED-PARTIES TRANSACTIONS

In compliance with the provisions of the Related-Parties Regulation and subsequent interpretative communications, the Board of Directors adopted an internal procedure aimed at setting out the rules and principles to be followed for the purpose of ensuring the transparency and substantive and procedural fairness of Giglio Group's transactions with its related parties, directly or through its direct/indirect subsidiaries. This procedure was amended, on 30 June 2021, upon favourable opinion of the independent directors pursuant to Art. 2391-bis of the Italian Civil Code and to Art. 4, par. 1 and 3 of the related party transaction regulation adopted by Consob with Resolution no. 17221 of 12 March 2010, as subsequently amended with Resolution no. 21624 of 10 December 2020 (the "**Regulation**").

On 21 June 2021, the Board of Directors set up an internal control and risk management committee, also attributing to it the functions of Committee for Transactions with Related Parties, made up of two independent directors (in the persons of Francesco Gesualdi and Sara Armella).

In conformity with the suggestion set forth in Consob Communication DEM/10078683 of the 24 September 2010, the Procedure is reassessed on an annual basis. On 30 June 2021, the procedure was assessed and updated by the Board of Directors. On March 2023, the procedure was assessed once again.

Taking into account the limited number of situations in which a director has an interest on his own behalf or on behalf of third parties, and by reason of the proper functioning of the procedure for related-parties transactions, the Board of Directors did not see it fit to adopt further operational solutions for identifying and managing the situations in which a director has an interest on his own behalf or on behalf of third parties, which are analysed individually directly by the CEO.

The full text of the procedure for related-parties transactions is available on the Company's Website <http://www.giglio.org>, in the "*Investor Relations*" section.

11. BOARD OF STATUTORY AUDITORS

11.1. APPOINTMENT AND SUBSTITUTION

Pursuant to Art. 29 of the Company's By-laws, the Board of Statutory Auditors is composed of three statutory auditors and three substitutes, eligible for re-election. The composition of the Board of Statutory Auditors shall ensure gender equality in compliance with applicable legislative and regulatory provisions.

The statutory auditors, who may be re-elected, are selected from persons meeting the requirements established by applicable laws and regulations, including the professional standing requirements established by Ministry of Justice Decree No. 162 of March 30, 2000, whereby it is understood, in respect of Article 1, paragraph 2, letters b) and c), of that Decree, that the following are considered closely related to the company's activity: (i) subjects pertaining to commercial law, tax law, accounting, business economics, general and international economics, financial markets and corporate finance; and (ii) the sectors of the industry and trade and communication generally. With regard to the composition of the board of statutory auditors, the limits on simultaneous positions on governing and control bodies occupied by members of the board of statutory auditors are as set out in applicable laws and regulations.

The Board of Statutory Auditors are appointed, in accordance with the procedure illustrated in the following paragraphs, in compliance with applicable law and regulations on gender equality, based on slates presented by shareholders. Statutory Auditors are appointed by the shareholders' meeting on the

basis of slates, in accordance with the procedures illustrated below. Each slate is composed of two sections: one for the candidates for the office of Standing Auditor and the other for the candidates for the office of Alternate Auditor, in which the candidates are listed in progressive number. The slates containing three or more candidates must contain candidates belonging to both genders, so that the under-represented gender is represented by two-fifths (rounded down) among the standing auditor candidates. Shareholders may only present slates that, alone or together with other shareholders, hold a percentage of the share capital, at the presentation date of the slate, with voting rights for the appointment at the shareholders' meeting equal to that for the appointment of the Board of Directors, as determined by these By-Laws.

The Shareholders' Meeting notice called to appoint the Board of Statutory Auditors indicates the shareholding required for the presentation of the slate of candidates.

Each shareholder cannot contribute to the presentation of or present, through other persons with voting rights or trust companies, on more than one slate. In addition, the shareholders: i) belonging to the same group (pursuant to Article 93 of Legislative Decree No. 58/1998 who are subject to control or common control, even if the control is by an individual) or ii) are part of a shareholder agreement pursuant to Article 122 of Legislative Decree No. 58/1998 concerning the shares of the company, or iii) participating in a shareholder agreement and who are, in accordance with law, parent companies, or controlled by, or subject to common control of, one of the shareholder participants, may not present or vote with others presenting more than one slate or vote on other slates. Support for the filing of a slate and votes cast in violation of this prohibition shall not be attributed to any slate.

The slates, together with the curriculum vitae of the candidates containing extensive professional and personal details including the list of offices held in other companies, and signed by the shareholders that presented them, or their mandate, with information on their respective identity and the total shareholding at the presentation date must be filed at the registered office at least 25 days before the date of the Shareholders' Meeting in first or single call together with a declaration of the presenting shareholders, where they are different than those that hold, also jointly, a controlling shareholding or relative majority in the share capital (this latter as defined above in the present article), attesting to the absence of any relationship with these latter in accordance with current legislative and regulatory provisions. The relative certificate or communication confirming the above-mentioned shareholding and issued by the authorised intermediary in accordance with applicable legislative or regulatory provisions may also be made subsequently, provided at least 21 days before the date of the Shareholders' Meeting in first call.

Within the terms for the presentation of the slate, each candidate must file declarations of acceptance of their candidature and certify, under their own responsibility, the inexistence of any cause of ineligibility or incompatibility with law, compliance with the independence obligations as per Article 148, par. 3 of Leg. Decree No. 58/1998, as well as any requirements prescribed by these by-laws, law and regulations for the members of the Board of Statutory Auditors.

Where within twenty-five days prior to the date of the Shareholders' Meeting in first or single call, only one slate has been presented, or slates have been presented only by shareholders which are connected to each other in accordance with current legislative and regulatory provisions, further slates may be presented until the third day subsequent this date and the minimum shareholding for the presentation of slates indicated in the call notice will be reduced by half. Also in the case of this presentation, the relative certificate or communication confirming the necessary shareholding and issued by the authorised intermediary in accordance with applicable legislative or regulatory provisions may also be made subsequently provided within 21 days before the date of the Shareholders' Meeting in first call.

The slates and information presented must also be published in accordance with current regulatory provisions.

The statutory auditors shall be elected as follows: a) from the slate that has obtained the highest number of votes, based on the progressive order with which they are shown on the slate, two statutory auditors and an alternate auditor are elected, subject to the applicable gender equality laws and regulations; (b) from the slate that has obtained the second highest number of votes and that is not associated, even indirectly, with the shareholders who have presented or voted on the slate that obtained the highest number of votes, based on the progressive order with which they are shown on the slate, one statutory auditor, who is the Chairman of the Board of Statutory Auditors, and another alternate auditor are elected.

For the purposes of the appointment of the statutory auditors as per letter b) in the previous paragraph, in the case of parity between slates, the candidate presented by the shareholder with the largest holding will prevail or, the largest number of shareholders.

Where a party connected with a shareholder which has presented or voted the slate which obtained the highest number of votes has voted for a minority slate the existence of this connected relationship is only significant where the vote contributed to the election of the statutory auditor to be taken from this minority slate.

Where following the voting by slates or voting on the only slate presented the composition of the Board of Statutory Auditors, for the standing members, does not comply with the applicable gender equality laws and regulations, the standing auditor listed last on the slate which obtained the highest number of votes or the only slate belonging to the over-represented gender is excluded and replaced by the subsequent candidate, according to the progressive numbering by which candidates are elected, belonging to the other gender.

Where two or more slates have obtained the same highest number of votes, the Shareholders' Meeting votes by relative majority.

Where only one slate is presented, the Shareholders' Meeting votes on this slate; where the slate obtains the majority required by law, three candidates shall be elected standing auditor as indicated by progressive order in the relative section and two candidates shall be elected alternate auditor as indicated by progressive order in the relative section; the Chairman of the Board of Statutory Auditors shall be the first candidate of the section for standing auditor in the slate presented.

Where no slate is presented, the Shareholders' Meeting appoints the Board of Statutory Auditors by relative majority of the share capital represented at the Shareholder' Meeting, which must however comply with legislative and regulatory provisions on gender equality.

On the replacement of a standing auditor, where more than one slate has been presented, the alternate auditor from the same slate shall be appointed, which must however comply with legislative and regulatory provisions on gender equality. On the replacement however of a standing auditor of the minority slate, the next candidate shall be appointed, according to the original presentation order and without taking into account the original standing or alternate auditor candidates, belonging to the same slate of the auditor resigning, or where this is not possible, the first candidate of the minority slate which obtained the second highest number of votes is elected, which must comply however with legislative and regulatory provisions on gender equality. In all other cases, including the lack of candidates on the slate, the Shareholders' Meeting appoints the standing or alternative auditors in order to supplement the Board of Statutory Auditors by majority vote. Where the Shareholders' Meeting is required to appoint standing and/or alternative auditors to supplement the Board of Statutory Auditors the following procedures apply: where auditors elected from the majority slate are to be replaced, the appointment is made with the favourable votes of a relative majority without being tied to a slate, which must however comply with legislative and regulatory provisions on gender equality; where instead auditors elected from the minority slate are to be replaced, the Shareholders'

Meeting replaces them with the favourable votes of a relative majority, choosing where possible from among the candidates on the slate from which the auditor to be replaced was elected or, if not possible, from the minority slate which achieved the second highest number of votes, in both cases without taking into account the original candidate for the office of standing or alternative auditor, which must however comply with legislative and regulatory provisions on gender equality. In any case, shareholders who wish to propose a candidate must present in advance the same documentation relating to the candidate as that outlined above for the presentation of slates for the appointment of the entire Board of Statutory Auditors, if this refers to an update of that already presented in such an occasion.

Where the application of these procedures does not permit, for any reason, the replacement of the statutory auditors designated by the minority slate, the Shareholders' Meeting will vote with relative majority and as per legislative and regulatory provisions on gender equality, with prior presentation of candidates - together for each candidate with the same documentation outlined above in the case of the presentation of slates for the appointment of the entire Board of Statutory Auditors - by shareholders which hold, alone or together with other presenting shareholders, shares with voting rights equal to at least the shareholding which would be necessary for the presentation of the slates as determined by the present By-Laws, not permitting however the presentation by shareholders which hold, even jointly, a controlling shareholding or relative majority in the share capital (this latter as defined above in the present article) or connected to these latter as per legislative and regulatory provisions. The results of this latter voting will not take account of votes by shareholders which are not permitted the presentation of candidates. The Chairman of the Board of Statutory Auditors shall be the minority statutory auditor so appointed. Where no candidates are presented as illustrated above, the Shareholders' Meeting votes by relative majority, in accordance with applicable legislation and regulations on gender equality. The above regulations are subject to any further amendments to the law and regulations.

Where the Chairman of the Board of Statutory Auditors is replaced, the replacement standing auditor also assumes the office of the Chairman of the Board of Statutory Auditors.

Statutory auditors must have the requisites of good standing, professionalism and independence required by law and the applicable regulations.

The Shareholders' Meeting determines the remuneration of the statutory auditors, in addition to the reimbursement of expenses incurred for the office held.

11.2. COMPOSITION AND FUNCTIONS (PURSUANT TO ART. 123-BIS, PAR. 2 LETTER E) AND D-BIS) OF THE CONSOLIDATED ACT)

On the occasion of the Shareholders' Meeting of 21 June 2021, a single slate was presented by shareholder Meridiana Holding S.r.l. [the majority shareholder of the company with 56.6% of its share capital (no. 11,740,912 shares)].

As announced to the market on the same date, Meridiana Holding S.r.l. announced the waiver of two candidates for the office of statutory and auditor and alternate auditor. On 21 June 2021, the Shareholders' Meeting thus appointed two statutory auditors, Giorgio Mosci and Marco Andrea Centore, and one alternate auditor, Gianluca Fantini (later appointed as statutory auditor following the aforementioned waivers). The Company committed to promptly call a new Shareholders' Meeting for the purpose of integrating the Board of Statutory Auditors, in compliance with the gender equality principles set forth in Art. 148, par. 1-bis of the Legislative Decree no. 58/1998.

The meetings lasted on average 180 minutes. For the current Fiscal Year, a number of no less than 12 meetings is provided, 3 of which already took place as of 13 April 2023.

The Board of Statutory Auditors, in the performance of its activities, liaised with the Internal Control, Risk and Related-Parties Committee, the Supervisory Body, with the internal audit function, with the Financial Reporting Officer and with the Auditing Company.

The Board of Statutory Auditors monitored the independence of the Independent Auditors, verifying both compliance with the legislative provisions in this regard and the nature and extent of the various statutory auditing services provided to the Issuer and its subsidiaries by the auditing company and by the entities in its network.

For the purpose of maintaining an adequate knowledge of the activity sector in which the Company operates, Auditors shall receive periodically and whenever appropriate, information and updates of the sector in which the Issuer operates, pursuant the principles of good economic governance and the applicable laws, also through materials provided for by the Company. The Chairman of the Board of Directors, also through the internal functions of the Company, shall make sure that the auditors can participate in initiatives aimed at providing them an adequate knowledge of the sector of the Company's activity, of the dynamics of the Company and of their evolution, as well as of the reference legal and self-regulated framework.

Independence

Throughout 2022, the Issuer adopted specific criteria, both qualitative and quantitative, in order to assess the significance of the trade, financial or professional relationships, as well as of the additional remunerations for the purpose of the assessment of the independence of the members of the Board of Directors and of the Board of Statutory Auditors pursuant to Recommendation 7, letter c) and d) of the Corporate Governance Code of listed companies approved by the Corporate Governance Committee.

Upon appointment, the members of the Board of Statutory Auditors declared, on their own responsibility, to possess the independence requirements provided for by applicable laws and regulations.

The Board of Statutory Auditors verified both in the first meeting possible after the appointment of the Board and subsequently that the independence requirement was still met by both independent directors in office, in accordance with the provisions set forth in the Corporate Governance Code, notifying the Board of Directors of such verification. The Board of Statutory Auditors, in carrying out the assessment of its members, applied both the criteria provided by the Law and those pointed out in the Corporate Governance Code, considering all of the information made available by each member of the Board and assessing all of the relevant circumstances for this purpose.

Remuneration

The remuneration of Auditors is commensurate to the commitment demand of them, to the relevance of the office held and also to the sectoral and dimensional characteristics of the company.

These recommendations were reiterated in the letter of 25 January 2023 addressed by the Chairman of the Corporate Governance Committee to the Chairmen of the Boards of Directors of listed companies.

This participation is acknowledged in this Report.

- Criteria for assessing the significance of the relationship that may influence the director's independence: in line with the recommendations of the Corporate Governance Code, the Board, with resolution of 11 February 2021, defined specific criteria for assessing the independence of directors and statutory auditors of the Company. These criteria are acknowledged in this Report (see par. 4.7).
