## Interim management report

In the first quarter of 2023, consolidated revenues amount to EUR 93,243 thousand compared to EUR 101,561 thousand in the first quarter 2022, with a 8.2% decrease at current exchange rates (-8.4% at constant exchange rates).

In the first quarter of 2023, consolidated EBITDA ADJUSTED, net of the extraordinary effects associated with the organizational restructuring of the Group approved on March 29, 2023, was positive by EUR 12,304 thousand (with a margin of 13.2% on turnover), recording a decrease compared to the EBITDA of the first quarter of 2022 equal to EUR 20,443 thousand (with an incidence of 20.1% on turnover). Margins in the quarter decreased as a result of the new strategic course of the Moschino brand with the associated costs both relating to the change of distribution model in China (from 100% wholesale to retail) and the launch of the repositioning plan for the various Moschino collections, with consequent effects both in terms of turnover and royalties.

Looking at the balance sheet as of 31<sup>st</sup> March 2023, financial debt, IFRS 16 effect included, amounts to EUR 245,773 thousand compared to EUR 231,823 thousand as of 31<sup>st</sup> December 2022, with a EUR 13,950 thousand worsening mainly attributable to the seasonal effect on net working capital.

At 31<sup>st</sup> March 2023 operating net working capital amounts to EUR 110,089 thousand (32.0% of LTM sales) compared to EUR 90,964 thousand at 31<sup>st</sup> December 2022 (25.8% of LTM sales).

### **Significant events subsequent the balance sheet date**

After the 31 March 2023 no significant events regarding the Group's activities have to be reported.

### **Outlook**

The results of the first quarter of the year are the natural outcome of the strategic reorganization plan launched by Aeffe Group in 2022 and that we are convinced will bring benefits already in the medium term. The rationalization of the Moschino brand's lines and the acquisition of direct control of the brand's distribution on the Chinese market certainly had an effect on the first quarter results, but we believe that these moves will be instrumental in the growth and development for both the brand and the Group. At the same time, the growth reported by the Alberta Ferretti, Philosophy di Lorenzo Serafini brands and above all by the Pollini brand, as well as the positive performance of the Moschino retail network in Asia, make us confident about the group's future consolidation and growth opportunities starting from 2024.

## **Atypical and/or unusual transactions**

Pursuant to Consob communication n. DEM/6064293 dated 28 July 2006, it is confirmed that during the first quarter of 2023, the Group did not enter into any atypical and/or unusual transactions, as defined in that communication.

## **Significant non-recurring events and transactions**

On 29<sup>th</sup> March 2023, the Board of Directors of Aeffe S.p.A. has approved the projects for the absorption by Aeffe of Moschino S.p.A. ("Moschino") and Aeffe Retail ("Aeffe Retail"), both wholly-owned subsidiaries. Both operations are part of a corporate rationalization and reorganization process, commenced in 2022 with the absorption of Velmar S.p.A., intended to enhance the operational efficiency and coordination of Group activities and their coordination, through the reduction the number of decision-making levels and rationalizing the release of synergies within the Group and the consequent saving of the corporate, accounting, tax and administrative costs of the above mentioned controlled companies.
