**Luxembourg – November 20<sup>th</sup>, 2023** – d'Amico International Shipping S.A. DIS' shares are listed on the STAR Segment of the Italian stock exchange market (Borsa Italiana) and were previously traded over the counter (OTC) in the USA, on the Pink Market, managed by OTC Markets Group. Paolo d'Amico, Chairman and Chief Executive Officer of d'Amico International Shipping, stated:

*“I am pleased to announce that as of November 20<sup>th</sup>, 2023, DIS' shares will be available for trading on the OTCQX Market in New York. This initiative aims to enhance the Company's visibility among U.S. investors, offering them a more transparent and efficient platform to trade our stock. U.S. investors will gain access to the same level of information and data that we currently provide in European markets. We view this development as a significant step forward for DIS, as it will help us expand our shareholder base within the world's largest investment community. This, in turn, should increase the liquidity of our stock, and thereby support our share price, generating value for our Shareholders.”*

From today this press release is available on the investor relations section of DIS' website, filed with the CSSF, disclosed through the e-market SDIR circuit, and stored at Borsa Italiana S.p.A. through the e-market STORAGE system and at Société de la Bourse de Luxembourg S.A. in its quality of OAM.
