PRESS RELEASE

## FRANCESCO ARCIONE APPOINTED NEW CHIEF OPERATING OFFICER OF EDIL SAN FELICE S.p.A.

**Naples - 15th December 2023 – Edil San Felice S.p.A. Società Benefit ("the Company" or "Edil San Felice")**, a leading integrated operator active in the maintenance of critical infrastructures in Italy, listed on the Euronext Growth Milan market - announces the appointment of Francesco Arcione as the new **Chief Operating Officer (COO)** of Edil San Felice, effective from 8 January 2024.

Francesco Arcione, who graduated in Electronic Engineering at the University Federico II of Naples, has more than 25 years of experience within the engineering and information technology sector with a track record that testifies to extensive expertise in managing research and development projects, digital transformation and implementation of IT solutions for companies of different sizes and industries. Since 2019, Francesco Arcione has held the position of 'Head of R&D Operations' at Mare Engineering Group Spa. Previously, he had gained solid experiences at the companies Firema Trasporti S.p.A., Alenia Aeronautica S.p.A. and IVECO S.p.A, with roles of responsibility in the field of Project Management and Business development.

As COO, Francesco Arcione joins the company's leadership team to actively support the definition of industrial strategy and optimise organisational processes. He will work closely with the management to propose effective industrial policies, ensure productive capacity for projects and tenders won, oversee budgets and investments, and ensure the implementation of specific programmes to achieve the company's objectives.

*"We are very pleased to welcome a professional like Francesco Arcione to Edil San Felice," commented CEO **Lorenzo Di Palma**, "Arcione has gained solid experience in managerial roles in very structured realities. I am confident that he will be able to provide a significant support in managing, at an organisational and strategic level, the new challenges that the growth of the last few years, both in terms of financial results and in terms of size, is bringing us".*
