The performance recorded by Lancel brand was significantly affected by the situation of the domestic market - in which the Maison generates over 90% of its revenues – which was impacted by the protests that took place in France, especially in the first quarter (April – June 2023).

*“Growth dynamics deteriorated in the last quarter, particularly in December, across Europe. Furthermore, China's post-Covid recovery has not happened as hoped”, said Marco Palmieri, Chairman and CEO of the Piquadro Group. “The restructuring of Maison Lancel continued and, compared to 2019 (the first full year since the acquisition), turnover increased by 12.7% despite the restructuring of the sales network with the closure of unprofitable points of sale and delivery policies of products with different calendars from previous years. Compared to the pre-covid period - continues Palmieri - the growth of the Piquadro Group is solid (+9.1%) and the income dynamics make us estimate a very positive year with record EBITDA and net profit for the Group”.*
