EXPLANATORY REPORT BY THE BOARD OF DIRECTORS ON THE PROPOSAL SET OUT IN THE SOLE POINT OF THE EXTRAORDINARY SECTION OF THE AGENDA OF THE SHAREHOLDERS' MEETING OF TECHNOGYM S.P.A. CALLED FOR MAY 7, 2024 IN SINGLE CALL

1. **Proposal for granting the power to the Board of Directors, pursuant to Art. 2443 of the Italian Civil Code, for a period of five years from the resolution date, for a free and divisible increase of the share capital, also in multiple tranches, pursuant to Art. 2349 of the Italian Civil Code, through the issue of a maximum number of 700,000 ordinary shares, for a maximum amount of Euro 35,000, with an issuing value equal to the accounting par value of the shares at the execution date, to be fully allocated to the capital and assigned to the employees of Technogym S.p.A. and of its subsidiaries who are the beneficiaries of the plan for a free assignment of the rights to receive ordinary shares of the Company, called “2024-2026 Performance Shares Plan”. Ensuing amendments to Art. 6 of the Articles of Association in force.**

Dear Shareholders,

This report is made pursuant to Art. 125-*ter* of Legislative Decree no. 58 of 24 February 1998, as amended and supplemented (the “Consolidated Law on Finance” or “TUF”), to Art. 72 and to Annex 3A of the Implementation Regulation of the TUF governing the activities of issuers, adopted by Consob by Resolution no. 11971 of 14 May 1999, as amended and supplemented (the “**Issuers' Regulation**”).

The Board of Directors summoned you to an extraordinary meeting so that you evaluate the proposed proxy to the Board of Directors for your approval, pursuant to Art. 2443 of the Italian Civil Code, for a period of five years from the date of the resolution, of the right to increase the share capital, free of charge and divisible also in several *tranches*, pursuant to Art. 2349 of the Italian Civil Code, for a maximum of Euro 35,000 (thirty-five thousand/00), by issuing a maximum of 700,000 (seven hundred thousand) ordinary shares, without indication of nominal value, having the same characteristics as those in circulation, at an issue value equal to the accounting parity of the Technogym shares at the date of execution to be allocated in full to capital, to employees of Technogym S.p.A. and of the companies controlled by it that are beneficiaries of the plan for the free assignment of rights to receive ordinary shares of Technogym S.p.A., also called “2024-2026 *Performance Shares Plan*” with consequent amendment of Article 6 of the current Articles of Association.

1. **Reasons for the capital increase**

The Board of Directors of 25 March 2024 resolved, among other things, to submit for the evaluation and approval of the ordinary Shareholders' Meeting an incentive and loyalty plan called “2024-2026 *Performance Shares Plan*” (the “**Plan**”) reserved for employees and/or collaborators of Technogym S.p.A. (“**Technogym**” or the “**Company**”) or Subsidiaries (the “**Beneficiaries**” and, each, the “**Beneficiary**”), who hold considerable managerial roles or otherwise capable of making a significant contribution in view to the pursuit of the strategic objectives of the Company and/or the Group, including Executives with Strategic Responsibilities of the Company, to be implemented through the free assignment of ordinary shares Technogym (the “**Shares**”), upon the achievement of certain performance objectives.

The details of the Plan are described in the specific explanatory report and in the information document prepared pursuant to Art. 84-bis of the Issuers' Regulations - to which reference should be made for more information - made available to the Shareholders for the evaluation of the relevant item on the

agenda of the ordinary portion of the Shareholders' Meeting.

Specifically, the Plan has as its object the free assignment of rights which allow, in the event of the achievement of certain performance objectives, the assignment of a number of Technogym ordinary shares (the “**Rights**”) determined under the terms and conditions of referred to in the regulation concerning the definition of the criteria, methods and terms of implementation of the Plan (the “**Regulation**”) which will be approved by the Board of Directors under the power of attorney conferred upon them by the Shareholders’ Meeting. It is understood that the number of Shares in question are assigned if the concerned subjects have met or even exceeded the aforementioned performance objectives.

Pursuant to Art. 2349 of the Italian Civil Code the shares that will be attributed under the Plan derive from a capital increase to be carried out through use of profits or reserves from profits, or from treasury shares held by the Company.

Therefore, in order to ensure a sufficient supply of Shares to be assigned to the Beneficiaries who are employees of the Company and/or its subsidiaries in the event that the performance objectives are achieved - so that this amount is sufficient even where the Company does not use treasury shares for this category of beneficiaries - the Board of Directors intends to submit to your attention the proposal to grant upon it, pursuant to Art. 2443 of the Italian Civil Code, the power to increase the share capital free of charge for a period of five years from the date of the resolution, free of charge and divisible also in several tranches, pursuant to Art. 2349 of the Italian Civil Code, for a maximum of Euro 35,000 (thirty-five thousand/00) with the issue of a maximum of 700.00 (seven hundred thousand) ordinary shares, without indication of the nominal value, having the same characteristics as those in circulation, at an issue value equal to the accounting parity of the Technogym shares at the date of execution to be allocated in full to capital, to be assigned to Beneficiaries who are employees.

The reasons for adopting the Plan lie in the need to strengthen Technogym’s ability to retain key resources and attract people with the best skills, as well as aligning the interest in corporate performance of the Company’s key resources with that of Shareholders in creating sustainable value over time.

2. Characteristics of the capital increase reserved for the beneficiaries of the Plan

For the execution of the capital increase to service the Plan, we therefore proposed to assign to the Board of Directors, pursuant to Art. 2443 of the Italian Civil Code, the right to increase the share capital free of charge, also in several tranches, drawing from the profits or from reserves of profits to be allocated for this purpose and to be identified by the Board of Directors, pursuant to Art. 2349 of the Italian Civil Code, for a maximum of Euro 35,000 (thirty-five thousand/00) with the issue of a maximum of 700,000 (seven hundred thousand) ordinary shares, without indication of the nominal value, having the same characteristics as those in circulation, at an issue value equal to the accounting parity of the Technogym shares at the date of execution to be fully allocated to capital.

The Plan is structured over a 3-year time horizon (2024-2026) and provides for:

- the attribution of the Rights to the Beneficiaries, to be made no later than 12 (twelve) months from the date of approval of the Regulations; and
- the possible assignment of the Shares to be carried out no later than the 60th calendar day

following the approval of the IFRS Consolidated Financial Statements of the Group as at 31 December 2026, following due diligence on the performance objectives and other vesting conditions provided for in the Plan.

The maximum number of Shares that can be allotted to the Beneficiaries under the Plan is 700.000 (seven hundred thousand).

The share capital increase pursuant to Art. 2349, paragraph 1, of the Italian Civil Code must take place through the use of profits and/or reserves of profits, as resulting from the latest Financial Statements approved during the financial year which provides for the assignment of the Shares. For this reason, we believe that the most technically effective tool for this purpose is the attribution to the Board of Directors, pursuant to Art. 2443 of the Italian Civil Code, of the right to increase the share capital free of charge in order to service the Plan.

The Board of Directors will also be given the power to identify in due time and from time to time the profits and/or reserves of profits to be allocated for the purpose, with a mandate to provide for the appropriate accounting entries resulting from the issuance operations, in compliance with the provisions of law and accounting principles applicable from time to time.

3. Characteristics of the newly issued shares

The Shares to be assigned to the Beneficiaries will be ordinary, have regular enjoyment and, therefore, the rights related to them will belong to each Beneficiary starting from the moment in which the latter becomes the holder of the shares, which will bear their accrued interests on that date.

4. Changes to Article 6 of the Articles of Association

As a result of the proposed resolution that is submitted for your approval, it will be necessary to integrate Article 6 of the current Articles of Association by inserting a clause relating to the Shareholders' resolution authorising the Board of Directors, pursuant to Art. 2443 of the Italian Civil Code, to increase the share capital free of charge pursuant to Art. 2349 of the Italian Civil Code, in order to service the *2024-2026 Performance Shares Plan*.

It should be noted that the proposed statutory amendment in question does not attribute the right of withdrawal to Shareholders who do not approve, since it does not apply to any of the cases of withdrawal identified in Article 2437 of the Italian Civil Code.

Below is the current text of Article 6 of Technogym's Articles of Association compared with the text in the version that the Board of Directors proposes to adopt, by deleting the two paragraphs, consequently re-numbering the other paragraphs and inserting a new last paragraph:
