DIGITAL VALUE: MULTI-YEAR CONTRACT SIGNED WITH THE COMPARTO DIFESA FOR A VALUE OF €180,000,000 ON CISCO TECHNOLOGY.

Rome, May 6, 2024 – Digital Value S.p.A. (Ticker DGV), a leading operator in Italy in the ICT infrastructure sector, listed on Euronext Milan and Euronext Tech Leaders, announces that it has subscribed, through its subsidiaries Italware and Dimira, a contract for the acquisition of maintenance services and supply of equipment for the IP technological component of the Defense Sector networks, based on Cisco technologies. The contract, lasting 4 years, has an **overall value of €180,000,000 net of any extensions.**

This agreement will allow the Digital Value Group to develop executive projects for the modernization and maintenance of the **main data transport and security systems** of one of the key clients of the Italian Public Administration. Furthermore, thanks to the significant economic value of the contract, the Group will enhance its partnership position with Cisco, one of the most important and innovative global manufacturers of **Networking, Security, and Collaboration technologies.**

Cisco, in fact, represents a strategic partner on which Digital Value is focusing its investments in skills and market positioning.

Maurizio Nasso, Chief Revenue Officer Public Sector at Digital Value, commented: *"We are proud to have signed this prestigious contract with one of the most important entities in our Public Administration. We will be involved in the process of modernizing the networks and communication infrastructures of the Defense Sector, which represents, especially in the current geopolitical context, an absolute protagonist for national and international security."*

Digital Value SpA

Digital Value S.p.A., headquartered in Rome and operating throughout the country, heads a Group that is one of Italy's leading players in the IT solutions and services sector with consolidated revenues of €846.5 million and more than 400 employees (source: consolidated financial statements as of December 31, 2023). The Group carries out research, design, development and marketing of ICT solutions and services for the digitalization of large account customers operating in the strategic sectors of the country's economy - Telecommunications, Transportation, Utilities, Finance, Industry and Public Administration - which represents the leading segment of the ICT market). Digital Value consolidates unique and specialized skills, capable of offering comprehensive coverage of the technological innovation needs of key market segments, the result of a steady and significant growth path. The Group's success is based on the unique skills, know-how and specialization of its human resources as
