Rome, September 25, 2024 – The Board of Directors of Digital Value S.p.A. (Ticker DGV), a leading company in Italy's ICT sector for both the public and private segments, listed on Euronext Milan of Borsa Italiana S.p.A., today approved the Consolidated Semi-Annual Financial Report as of June 30, 2024.

Massimo Rossi, Chairman and CEO of Digital Value, commented: "In the first half of the year, Digital Value posted positive performance across all key indicators. A favorable environment for technological innovation in the sectors in which we operate, combined with our focus on efficiency and key skills to drive the country's technological evolution, supports us in the improvement path that the Group has undertaken for the benefit of all our stakeholders. Looking to the future, Digital Value remains committed to investing in its growth with a solid industrial vision, guided by the principle of complementarity. This will allow us to respond promptly to market challenges and continue to offer innovative, sustainable solutions tailored to the needs of our clients."

Results for the first half of 2024

Consolidated net revenues as of June 30, 2024, amounted to €450.7 million, an increase of €35.2 million, marking an 8.5% rise compared to the first half of 2023.

EBITDA stood at €51.173 million (+€6.3 million, corresponding to a 13.9% increase compared to June 30, 2023).

The EBITDA margin was 11.36% of net revenues, boosted by a value-driven strategy and ongoing control over operating and structural costs.

EBIT reached €34.727 million (+€6.7 million, corresponding to a 23.7% increase compared to June 30, 2023).

Net profit for the period was €22.390 million, of which €0.08 million pertains to third parties, showing an increase of €5.3 million (+30.6%) compared to June 30, 2023.

The Net Financial Position amounted to €38.7 million, an improvement of €14.8 million compared to the end of the previous year.

Analysis of Consolidated Revenues by Business Line

• Next Generation Data Center: Digital Value's core market confirmed a positive trend, contributing significantly to commercial performance, with revenues of €246.9 million, up €24.9 million from the previous half. This business line saw numerous activities focused on the development and maintenance of networks and platforms, and next-generation data centers. Among the most notable is a project for the modernization and "as a service" management of infrastructure for a major transport operator.

• **Digital Business Transformation**: This segment recorded revenues of €124.1 million, an increase of €10.3 million compared to the previous half. Projects and services related to Cyber Security are on the rise, driven by the increasing number of hacker attacks and growing demand for preventive and corrective solutions from clients. Among the most significant contracts in this business line are large-

scale Cloud projects for a prominent Italian company in the Defense sector.

• Smart Workplace Transformation: Solutions in this area generated revenues of €79.7 million, up €0.1 million from the previous half. In this business line, which focuses on workplace management solutions, Digital Value distinguished itself through the competitive value of its offering, delivering best-of-breed solutions efficiently and extensively both nationwide and across Europe. A notable example is a project for an Oil & Gas multinational, where Digital Value manages Print Management services across

five European countries.

Key Events

The Group secured significant new contracts in the Public Administration sector, worth approximately

Cap. Soc. i.v. 1.554.957,60€

€80 million, further solidifying its position in the public market.

- The company signed a purchase agreement for the acquisition of the Infordata Group, an Italian entity specializing in highly customized and complex business application projects and services. With this acquisition, Digital Value aims to strengthen its position in service offerings with distinctive technological expertise sought after by the Enterprise segment.
- A binding offer was signed for the acquisition of Italtel, a historic multinational group in Information & Communication Technology, specializing in the design, development, and implementation of innovative technological solutions. Through this operation, Digital Value intends to consolidate its market position by integrating specialized technological skills and a team of qualified professionals capable of meeting diverse customer needs at every stage of the digital transformation journey.
