## 1. REASONS FOR THE PROPOSED AUTHORISATION TO PURCHASE SHARES OF UNICREDIT

The request for authorisation to purchase treasury shares is part of the initiatives outlined by the Company functional to implement the shareholder remuneration policy.

Following the results achieved in financial year 2024, with a net income of € 9.314 billion, excluding the result of the sustainability test of past tax losses, and an organic capital generation of approx. € 11.291 billion, in line with the UniCredit Unlocked strategic plan, the Board of Directors approved a shareholder remuneration policy for financial year 2024, disclosed to the market on February 11, 2025, which provides for total distributions of € 9.000 billion, composed as follows:

- cash dividends of Euro 3.726 billion, equal to 40 percent of net income, of which Euro 1.440 billion will be paid through an interim dividend paid in November 2024 and Euro 2.286 billion submitted for approval to the Shareholders' Meeting in ordinary session today and payment expected in April 2025;
- purchases of UniCredit shares (so-called share buy-back program) in the amount of Euro 5.274 billion, of which Euro 1.700 billion has already been approved by the Shareholders' Meeting on April 12, 2024 and executed through the "2024 SBB Anticipation" and Euro 3.574 billion relating to the residual part of the total payout to be paid out in the financial year 2024 (the "**SBB 2024 Residual**").

Therefore, the Shareholders' Meeting is requested to authorize a purchase of UniCredit shares to supplement the shareholder remuneration policy approved by the Company for the year 2024, for a maximum payout of Euro 3.574 billion as SBB 2024 Residual.
